Everyone's Responsibility to ask -

**FIVE** key questions...

What is getting in the way of this child's or young person's well-being?

Do I have all the information I need to help this child and young person?

What can I do now to help this child and young person?

What can my agency do to help this child or young person?

What additional help, if any, may be needed from others?

# Core Components

- A focus on improving outcomes based on a shared understanding of well-being
- A common approach to gaining consent and sharing information
