Subject:	Inverclyde Partnership Plan Biannual Progress Report April 2024 to September 2024		

1.0 PURPOSE

- 1.1 The purpose of this report is to provide the Alliance Board with a progress report on the implementation of the Partnership Plan 2023-2033.

2.0 SUMMARY

- 2.1 Inverclyde's Partnership Plan was formally agreed by the Alliance Board on the 13 March 2023. This progress report provides details of the progress that has been made towards the Partnership Plan outcomes during the period April 2024 to September 2024.
- 2.2 Oversight and delivery of the Partnership Plan outcomes sits with the following thematic groups Children's Services Partnership; Thriving Communities; Safe and Supported Communities; Tackling Inequalities and Improving People's Lives; Economic Board; and Place Partnership.
- 2.3 This report presents a progress update for the past six months for the Thriving Communities, Safe and Supported Communities, and Children's Services thematic groups. Updates on the work of the other three thematic groups were brought to the October 2024 Alliance meeting.

3.0 RECOMMENDATIONS

- 3.1 It is recommended that the Alliance Board notes the progress updates and considers any additional action required.

**Ruth Binks
Corporate Director Education, Communities & Organisational Development**

4.0 BACKGROUND

- 4.1** Inverclyde's Partnership Plan 2023-33 was formally agreed by the Alliance Board on the 13 March 2023, with a focus on the themes of Empowered People, Working People, Healthy People and Places, A Supportive Place, and a Thriving Place. These themes are all associated with further high-level outcomes.
- 4.2** The Alliance Board Terms of Reference and proposed delivery structure grouping under the new Partnership Plan were agreed by the Alliance Board on 18 March 2024. Updates on the work of each group and progress against the outcomes are brought to the Alliance Board on a six monthly basis. At the October 2024 meeting information was provided in relation to Tackling Inequalities and Improving People's Lives; Economic Board and Place Partnership. This report provides a progress update for the past six months for the Thriving Communities, Safe and Supported Communities, and Children's Services thematic groups.
- 4.3** The appendices to this report provide detail of work against the Partnership Plan outcomes. The differing formats relate to the preexisting delivery group arrangements, and this will be made more consistent as the plans and reports develop. To support discussion at the Alliance meeting the three lead officers will each provide a short presentation covering:
- Key areas of progress over the past six months/impact/case studies,
 - Areas of challenge and opportunities, and
 - Future plans.

5.0 COMMUNITY PLANNING PARTNERSHIP DELIVERY GROUP UPDATES

5.1 Children's Services Partnership

The Children's Services Partnership has oversight of the Children's Services Plan, which also includes the partnership work of the Attainment Challenge and The Promise. The Partnership last met in August 2024 where an update of progress against the Children's Services Plan was discussed and agreed. The full progress report is included at Appendix 1.

5.2 Thriving Communities Update

The Thriving Communities group delivers on the CLD Partnership Plan along with other plans and strategies which strongly link into the overall CLD Partnership Plan, including Active Inverclyde Strategy, Community Food Growing Strategy, and Locality Plans. Progress against actions is presented within Appendix 2.

5.3 Safe and Supported Communities Update

The Safe and Supported Communities group has oversight of four distinct and established multi-agency partnerships who each have separate strategies and action plans. These are the:

- Community Justice Partnership – Community Justice Outcome Improvement Plan 'Community Matters' approved at June 2024 Alliance Board.
- Community Safety Partnership – Community Safety Strategy 2023-26 'Keeping Inverclyde Safe Together' was approved by the Alliance Board in June 2023. The strategic priorities are to reduce violence and antisocial behaviour, reduce serious accidents, safeguard the public, and develop joint working arrangement across the Community Planning Partnership to promote a holistic approach to community safety.

- Violence Against Women and Girls Partnership (VAWG) – VAWG Strategy 2023-26 was approved by the Alliance Board in June 2023. The strategic priorities align to the national Equally Safe strategy for VAWG.
- Alcohol and Drugs Partnership – The recent work of the partnership has centred around four main themes, strategy development, commissioned support services, MAT standards implementation, and residential rehabilitation.

Progress against actions is presented within Appendix 3.

1.1	<p>Our children, young people and families will help to shape their plans and their views will influence how we deliver services with them.</p> <p>Our care experienced children and young people will be fully involved in decisions and there will be nothing decided about them without them.</p>	<p>With children, young people and families, we will develop an engagement plan to ensure their views are (a) reflected in individual plans and (b) help shape our future delivery model.</p> <p>We will deliver training and engagement with multi-agency staff and managers to improve their effective communication with children, young people and families</p>	<p>Susan Chambers (with support from Lesley Ellis/ Caroline McCahill)</p>	<p>The engagement document is still in progress as it was requiring work and further updates from health and 3rd sector. Again, this is to provide a fuller picture. In addition the information will now include the extended network of our care experienced young people from the extensive work completed through the Columba 1400 leadership programme and preparation for the Connected2Care Young person led conference. The ambition from the leadership programme was to extend the network of young people and this has been achieved and going forward the creation of care aware schools. This will also be included within the Engagement Document.</p> <p>With regards to communication and feedback from our families there has been further opportunities to connect engage with families including kinship and fostering throughout the summer months in a more informal setting to which our families and further young people have agreed to engage monthly again both formal and informal basis.</p>	GREEN

				<p>During the summer our Children Rights Officer facilitated a celebration event within our community in relation to the UNCRC being enshrined in Scots law. This event was well attended and increased the awareness of children's rights and linking to The Promise and Stop and Go Pledges particularly in relation to nothing about me without me.</p> <p>Parents have continued to be involved in the codesign process of the Early Adopter Community for Affordable Childcare with a codesign event taking place in May and a celebration event with parents and children in the Soft Play area of Bogelstone Community Centre. Both sessions were particularly well attended with parents advising what they require from Childcare. The partners services including DWP, Advice and Information and Community Development were also in attendance to support the parents.</p> <p>The Child Poverty Accelerator Funding is provided financial support to Home Start Inverclyde to provide a whole systems service to families who have children under the age of 5, where the parents are living in poverty and have a low mood, anxiety or mental health challenges. The service is currently engaging 45 families. Pathways are being created with Advice Services to ensure families received the social security benefits they are entitled to and to discuss any challenges around debt and/or credit and also to discuss the impact of employment or additional hours on their benefits or household income.</p> <p>The Child Poverty Accelerator Fund has also enable the commissioning of Urban Foresight to conduct an evaluation of the whole systems approach to child poverty by</p>

1.2	We will ensure planning for children, young people and families is strengths-based and outcome-focussed and reflects the national refresh of GIRFEC	<p>We will develop and deliver a training programme for all children's services staff on GIRFEC</p> <p>In partnership, we will develop quality assurance actions that evaluate our progress and share learning from individual plans.</p> <p>We will audit plans for care experienced children and young people to ensure our services have positive impact to support positive, ambitious outcomes</p>	Molly Coyle	<p>Monitoring the impact of Home Start, Thrive Under Five, Early Adopter Community, and IRISE.</p> <p>3 Meetings have taken place offering oversight of 7 families. A number of themes have been identified which will be taken forward by our Improving Outcomes Sub Group (which replaced the Quality Improvement and Learning SG)</p> <p>Multiagency audit of IRDs is a quarterly meeting. Since April we have seen further improvement in the speed at which completed IRDs are shared with partners. A best practice session with SSW took place and has led to agreement to redraft aspects of the IRD report template which are not as clear as they might be. A test of change is underway re improving the time between NOC and IRD.</p>	
1.3	We will work in truly trauma-informed ways with children, young people and families	We will deliver multi-agency Trauma Informed Practice training and awareness across Inverclyde and embed measurable trauma informed approaches that reflect our diverse communities	Laurence Reilly	<p>Parental Mental Health training and a session of Assessing Parental Mental Health in relation to parenting capacity was delivered in May. Further sessions are planned for early Spring 2025.</p> <p>The Trauma Lead post has been continued for one more year as a result of Scottish Government funding. The Trauma Strategic group continues to meet to ensure that the NTTP agenda maintains momentum across agencies.</p>	

Outcome 2 Children and young people's health and wellbeing is promoted and improved				
No.	WHAT IS IT WE WANT TO DO	HIGH LEVEL ACTIONS	LEAD OFFICER	PROGRESS (July 24)
2.1	We will ensure children and young people have access to appropriate mental health supports	Continue to commission and deliver the Wellbeing Service for Children and YP The National Trauma Training Programme will be rolled out across Inverclyde.	Laurence Reilly	As before we are implementing the 24-25 plan. The annual report has been submitted to SG in July 2024.
		Continue to deliver the Inverclyde Emotional Wellbeing Triage meetings (IEWTM) Continue to ensure delivery of 18-week referral to treatment timescales for CAMHS	Lynn Smith	IEWTM continues to meet on a two weekly basis
				Inverclyde CAMHS continues to meet the 18-week RTT. Currently Inverclyde RTT is at 8 weeks. Inverclyde CAMHS is also committed to reducing the wait to allocation of treatment
2.2	We will ensure children, young people and families have opportunities to improve physical health and development	Continue to support breastfeeding. Continue to support high of immunisations across Inverclyde.	Lynn Smith	Joint art project with Rig Arts in June for national breastfeeding awareness week went well, good publicity throughout Inverclyde. Posters and leaflets using image from mermaid mural being developed with permission from the artist by the Graphic team at Inverclyde Council to go to all antenatal women, community groups, GP surgeries. Project with Dr Dooley looking at the health of breast versus formula fed children in Port Glasgow underway. Test of change giving additional antenatal and postnatal support to women with additional health needs including diabetes and high blood pressure. Stats are encouraging with 73% of the women breastfeeding at birth and 53% at 10 days. Most babies in Inverclyde are weaned at 6 months so weaning fayres and information given by all the health visiting team proving a success. Formula however continues

		to be given past 13 months by 26 % of families in the most deprived areas. Fiona Miller taking this to the poverty group and will take forward as an action for health visiting teams.		<p>Thrive Under 5 (TU5) is an innovative whole systems approach to support healthy weight in the early years. The project recognises that a range of barriers can prevent families and carers from ensuring that their children achieve a healthy weight, including family income, accessibility of affordable fresh foods, knowledge/information to cook using fresh ingredients, and access to wider community support. The project aims to overcome these by working with local organisations and affected families. Crucially, this has involved establishing a TU5 network in the three chosen neighbourhoods to support the delivery of a project plan and to address any gaps in the provision of support for local families. Mitigating poverty has always been at the heart of the project, but the recent impacts of the COVID-19 pandemic and now the cost-of-living crisis have further highlighted the necessity to support people's basic needs. The project has taken a population based approach which aims to promote healthy lifestyles in Port Glasgow through working in partnership with all 4 nurseries in Port Glasgow and local parent and toddler groups with, social media campaigning, and a range of events/ activities for families with children under 5. This pathway, as well as maximising income, offers practical support through free meal packs with recipes, local pantry vouchers and monthly Aldi vouchers to the value of £20 for 3 months. TU5 also offer free physical activity programmes for parents and children under five. Including Zumbini and Dinky Diggers. TU5 has a steering group made up of local partners including, Health visitor lead, Pantry, local G.P, Homestart,</p>

		Barnardos, Family Nurse Practice, Link worker and staff representatives from local nurseries. So far we have had 150 referrals (58 are one parent families, 39 are larger families with 3+ children, 14 Ethnic Minorities, 37 families with a child under 1, 5 mothers under 25.		<p>Delivered 1700 flat pack meals to families given out 380 x £10 Aldi vouchers free pantry - 18 referrals (there is still a stigma for this service even although we promote as reducing waste and tried open days at the Pantry but are still working to improve numbers.</p> <p>Dinky Diggers have been delivered monthly to all 4 nursery schools, family centres and parent and toddlers with very good attendance and waiting lists in some venues. It has become so popular we are now training staff to deliver in house with training being delivered by Belville.</p> <p>Morton in the Community have delivered each week in community venue although we have had low numbers. The community holiday Play and Stay sessions that we provided this summer have had better attendance.</p> <p>Zumbini sessions have just started in June with taster sessions that have all been popular and plans are in place to deliver monthly again in the 5 childcare venues in Port Glasgow.</p>

	Implement the thrive under 5 programmes across Inverclyde	<ul style="list-style-type: none"> require the support from committee to enhance and underpin the process amongst partners. The % of total school roll participating in extra-curricular activities in 23/24 has increased to 51% from 50% in 22/23. Local participation is well above the national average of 40%. The % of females participating in extra-curricular activities in 23/24 has remained at 49%, which is sitting above the national average of 46%. 		To continue to develop this aspect of work it is essential there is support given to the safe club accreditation process.	
	Improve uptake in the Young Peoples H&W survey	Hugh Scott	Officers have been made aware through SG channels that the original H and WB survey will not proceed in its previous form. Ourselves and other authorities in the West Partnership are working together to devise a survey for H and WB. This will be slightly different in focus in that it will track the HWB of our young people, rather than give high level data on risk taking behaviour. This type of tracking was recently identified by HMLE as excellent practice.	PAL_S programme is ongoing within the HV teams and SLT with further development to take place once information gathered from Community planning event has been considered.	
2.3	We want to reduce rate of 27- 30-month developmental concerns being identified.	Lynn Smith	Roll out of PALS- Play Assisted Language skills across health and education.	Not yet implemented in Inverclyde due to challenge in staffing levels within Children and Families Health Services (School Nursing / Health Visiting). We are unable to take on any new development programmes at this stage.

2.4	Provide evidence-based intensive home visiting programme to all young women.	We will continue to resource and sustain the concurrent model of Family Nurse Partnership programme delivery alongside delivery of the Revised Universal Pathway. We will explore the potential to deliver programme to all eligible young women under 21 years old as per Best Start Bright Futures vision.	Lynn Smith	The concurrent model FNP programme continues to be delivered to all eligible young women up to the age of 19 years at last menstrual period. Development of the care experienced pathway within Inverclyde	
2.5	We want young people to have access to appropriate sexual health services and advice	Deliver the Inverclyde Sexual Health Local Implementation Group (SHLIG) Action Plan	Lynn Smith	Action Plan signed off at the group in June 2024 with supporting terms of reference also agreed. All staff in Children's House have undergone training in RSHP Programme with very positive feedback. Group will devise comms strategy rather than a plan. Various nations campaigns have been shared. New 2-year service plan for Sandyford is imminent. Group will work to respond to and deliver on this. Films addressing what's important for sexual health for people who live in prison were launched in July 2024. Work is underway to increase free condom provision, both in terms of provision of outlets and in type of access. Encouraging open access across most outlets. Inverclyde Youth Council received funding to increase awareness of YP Sandyford clinics, the services on offer and how to access them.	
2.6	Support Young people's knowledge and awareness of alcohol and drugs	We will develop substance use programmes in schools that develop personal & social skills and increase knowledge of substances and related issues.	Hugh Scott	From June 2024 - The Team continued to engage with both schools and with Youth Team groups to deliver bespoke targeted work to at-risk young people until the end of the school term in June 2024.

		<p>We will provide initiatives that tackle normative beliefs around prevalence of substance use.</p> <p>We will develop initiatives that involve families and communities to encourage development of healthy attitudes towards substances.</p> <p>We will provide targeted/indicated prevention work with Young People at risk of harm from substance misuse.</p>		<p>The Team was reduced two officers, who will have updated and developed bespoke lessons for each year group focusing on four topics: alcohol, drugs, risky behaviours and vaping building on the feedback and participation of the young people who received the input in the class. Each year group will receive unique lessons so there is progression each year. Learning from year 1 has changed input to deliver to Senior phase pupils from September to the Christmas holidays 2024.</p> <p>A full evaluation report has been written detailing the progress ad success of the first year of the framework and is due to be presented to the ADP in September 2024.</p> <p>Over the summer, the Team engaged with the young people in the community working in partnership with the detached youth work and within the iZones and community events.</p>

Your Voice is actively empowering residents to influence decisions related to the HSCP strategic plans and outcomes, in alignment with the Empowerment actions outlined in the CLD Partnership Plan. Their initiatives support locality priorities through peer support groups, Lived Experience Networks, person-centred services, the Living Well initiative, and volunteer opportunities.	Out of the 11 community councils, 9 have been established, with active TARA groups in the two areas without community councils.	Locality plans for all six localities have been updated and refreshed.	A pilot "community conversation week" initiative is planned from October 24 to February 25. This approach is designed to foster community engagement, minimize duplication, and make the best use of resources. It will also highlight the role of existing community groups while supporting broader engagement.
This pilot aims to create a framework for a wider CLD sector engagement plan.	4.2 Delivery of the Digital Services high level actions CLD Partnership Plan 21-24	• All Community Learning and Development Partners	Aug 2024

A range of health and wellbeing (H&WB) initiatives are in place for both young people and adults in Inverclyde, with existing groups addressing substance use issues under the Alcohol and Drug Partnership (ADP). An adult H&WB survey, presented in June 2024, will inform future CLD Partnership planning. Although a national youth survey was not conducted, Clyde Conversations workshops focused on youth health and wellbeing. Public consultations have led to the development of an information portal to promote physical activity and sport opportunities for Inverclyde residents.

Inverclyde Libraries are actively involved in the Collective Force for Health and Wellbeing Initiative, providing health literature and supporting the Realistic Medicine initiative. They are also piloting an NHS app, with trained staff helping promote access to Realistic Medicine resources.

Further, national-level CLD research and conversations with SPIRU are guiding work related to poverty and inequalities. Inverclyde Council has been involved in research on asset transfer and the Community Empowerment Act with Glasgow Caledonian University, and the youth work service participated in a study on repeat violence with Glasgow University.

Lastly, "Your Voice" received funding to deliver a new lifestyle management initiative called "Living Well," which offers 10 weekly sessions focused on discussion, movement, and relaxation.

Auchmountain has successfully established a new growing space, planting orchards in collaboration with the local playscheme. Meanwhile, Broomhill Gardens and Community Hub have constructed eight new sleeper beds, significantly enhancing their growing capacity. Additionally, Community Learning and Development (CLD) has implemented a new growing space by placing two raised beds outside their office.

Caddlehill Community Green Space is actively seeking a raised bed to assist Ardgowan Primary School in cultivating their own produce. At St Stephen's High School, Invergrow funding is being used to rejuvenate two large growing beds for the shared campus. Furthermore, the Invergrow project has facilitated the installation of six new raised growing beds in River Clyde Homes' sheltered accommodations, with three beds at John Gault House, two at Elliott Court, and one at Stewart House.

Blooming Inverkip, in partnership with the Inverclyde Shed, has utilised Invergrow funding to establish a new growing space at Lomond View, featuring barrel planters, a 'no dig' site, and new orchards. Progress update: Ongoing. Inverclyde is implementing various initiatives aimed at enhancing community safety and addressing antisocial behaviour. A fire skills course, involving collaboration with NDHS and Inverclyde Academy, is scheduled for the week beginning November 11, 2024.

To combat off-road vehicle-related antisocial behaviour, a partnership campaign is being developed to raise awareness about the issue and improve reporting methods. Promotional messages have been created and shared on social media by Police Scotland, aligning with their weekend of action that took place on September 13, 2024. This effort has already resulted in several vehicle seizures, and the Community Safety Development & Engagement Officer is actively promoting reporting procedures at community drop-ins and meetings.

Antisocial Behaviour Week is also being promoted through local events focusing on the 2024 theme of #MakingCommunitiesSafer, with planning underway to determine potential partnership events and publicity strategies. Additionally, a meeting between the Scotrail Travel Safe Team and Inverclyde Youth Work services was held in September 2024 to strengthen partnership links.

Inverclyde Council has participated in a national consultation on antisocial behaviour, and they are currently reviewing the findings of the national review to inform a local strategy refresh. A short-life working partnership group will be established for an interim review of the antisocial behaviour strategy.

Furthermore, a comprehensive analysis of violence in Inverclyde is planned, utilising local data from Police Scotland and community engagement efforts during community conversation week or a place standard tool project. The Council is also awaiting the outcomes of the Violence Prevention Framework's next steps from national bodies. Lastly, a campaign focused on hate crime awareness and reporting methods is in development, with campaign graphics created and pending approval from corporate communications.

In an effort to enhance community safety, initiatives are underway to engage with marginalised groups to understand their perceptions and provide relevant safety information. The Community Safety Development & Engagement Officer has conducted initial meetings with the Refugee Integration Team and plans to follow up with a meeting to discuss effective engagement strategies. The approach will also consider additional marginalised groups as part of a broader partnership engagement strategy.

Inverclyde is also participating in a Public Health Scotland project aimed at developing a Place Standard Tool with a focus on community safety. The application for this pilot project has been successful, and a meeting is scheduled for September 30, 2024, with Public Health Scotland and the Scottish Community Safety Network (SCSN) to discuss the next steps.

Additionally, the theme of community safety is being integrated into the Inverclyde Community Conversations, both digital and in-person. An engagement plan is being developed in collaboration with Community Learning and Development (CLD), allowing partners to contribute to the discussions.

Furthermore, a self-evaluation of the Community Safety Partnership (CSP) is being undertaken in light of changes to the Alliance Board reporting structure. Research has been conducted in collaboration with SCSN and other local authorities to explore various CSP structures, and the findings have been presented at a CSP meeting, where it was agreed to hold a self-evaluation session.

An Equality Impact Assessment has also been completed to evaluate the impact of these policies and the ESAW program. The Disclosure Scheme for Domestic Abuse in Scotland (DSDAS) is actively promoted at Multi-Agency Risk Assessment Conferences (MARAC), where potential high-risk victims are identified. This scheme is further supported through training and information sessions to raise awareness among relevant stakeholders.

Additionally, the Inverclyde Child Protection Committee (CPC) and the Violence Against Women and Girls (VAWG) guidance on domestic abuse have been updated to incorporate Safe & Together principles. These principles are promoted through the SafeLives Risk Indicator Checklist (RIC) to enhance the response to domestic abuse cases.

Efforts are also underway to strengthen the connections between VAWG, Child Protection, and Adult Protection services, fostering a more integrated approach to addressing these critical issues within the community.
