## **1.0 PURPOSE**

- 1.1 The purpose of this report is to present to the Education and Communities Committee a refreshed version of the Education, Communities and Organisational Development Corporate Directorate Improvement Plan, featuring new or revised actions for 2017/18, for agreement.

## **2.0 SUMMARY**

- 2.1 The Education, Communities and Organisational Development (ECOD) Corporate Directorate Improvement Plan (CDIP) 2016/19 was approved by the Education and Communities Committee in May 2016. The CDIP contained an overview of year one actions for the services within the Directorate. These have been reviewed and a year two action plan is now included in the plan.
- 2.2 Attached at appendix one is the refreshed ECOD CDIP for the consideration of the Committee. The plan has been based on self-evaluation carried out by services and develops service areas following on from the actions in last year's plan.
- 2.3 The CDIP actions have also been considered in light of the Best Value Assurance Report recommendations, with appropriate actions developed to deliver on these.

## **3.0 RECOMMENDATIONS**

It is recommended that the Education and Communities Committee:

- a. approves the refreshed Education, Communities and Organisational Development CDIP 2016/19;
- b. agrees that a copy of the Education, Communities and Organisational Development CDIP 2016/19 also be submitted to the Policy and Resources Committee on 20 June, along with the Environment, Regeneration and Resources CDIP, in regard to the corporate services.

**Wilma Bain**  
**Corporate Director, Education, Communities and Organisational Development**

## 4.0 BACKGROUND

- 4.1 CDIPs are a key component of the Council's Strategic Planning and Performance Management Framework. They are the principal vehicle for managing and delivering the strategic outcomes in the Single Outcome Agreement 2013/17 and the Council's Corporate Statement 2013/17, as well as the wellbeing outcomes which are Safe, Healthy, Achieving, Nurtured, Active, Respected, Responsible and Included (SHANARRI).
- 4.2 The CDIP 2016/19 is based on a robust self-evaluation process. The Plan comprises a three year rolling plan which includes an overview for 2016/19, together with a one year detailed plan. It was agreed to deliver the initial improvement actions during 2016/17, followed by a yearly review and refreshment process.
- 4.3 This report fulfils the yearly review and refreshment process.
- 4.4 The ECOD CDIP 2016/19 contains improvement actions to be delivered by the following Council Services: Education; Inclusive Education, Culture and Corporate Policy; Safer and Inclusive Communities; and Organisational Development, HR and Communications.
- 4.5 The Plan also contains key performance indicators, comprising statutory performance indicators and local performance indicators which provide an important measure of how the Directorate's Services contribute to the Council's strategic aims.
- 4.6 Performance reports on the actions set out in this plan will be submitted to every second meeting of this committee.
- 4.7 The main changes to the plan are within section 5:

- **Section 5: Education, Communities and Organisational Development 3 Year Overview and Improvement Plan**

This section provides an introduction to the Improvement Plan, together with details of our improvement actions, grouped by Service and under the following headings:

- Corporate Improvement Actions
- Cross-Directorate Improvement Actions
- Service Improvement Actions
- Capital Projects Improvement Actions
- Corporate Governance Improvement Actions.

- 4.8 A progress report on the delivery of the previous action plan is on the agenda of this committee and sets out how services have performed in the delivery of their actions from the Year One action plan.

## 1. Introduction by the Corporate Director, Education, Communities and Organisational Development

On behalf of the Education, Communities and Organisational Development (ECOD) Directorate, I am pleased to present our Corporate Directorate Improvement Plan (CDIP) 2016/19. We carried out a comprehensive review of the original Plan early in 2016 to ensure that our improvement actions and performance information are still relevant to delivering the Council's wellbeing outcomes which are Safe, Healthy, Achieving, Nurtured, Active, Respected, Responsible and Included (SHANARRI).

The CDIP is an integral part of the Council's Strategic Planning and Performance Management Framework. It assists in shaping the strategic direction for the Directorate and outlines key programmes, actions and improvements which we will deliver during the next three years.

As a Directorate, our activities are clearly focussed around the concept of a *Nurturing Inverclyde*. This approach is based on the development of early intervention and preventative spend projects through partnership working. We aim to make Inverclyde a place which nurtures all its citizens, ensuring that everyone has the opportunity to enjoy a good quality of life with good mental and physical wellbeing. Our approach puts the child, citizen and community at the centre of service delivery. The improvement actions in this Plan are linked to the SHANARRI wellbeing outcomes which will help to deliver all the Single Outcome Agreement 2013/17 Outcomes and, in particular:

- Outcome 2 - Communities are stronger, responsible and more able to identify, articulate and take action on their needs and aspirations to bring about an improvement in the quality of community life;
- Outcome 6 - A nurturing Inverclyde gives all our children and young people the best possible start in life; and
- Outcome 8 - Our public services are high quality, continually improving, efficient and responsive to local people's needs.

Our CDIP has been developed using robust self-evaluation. The Directorate's four Services have taken into consideration a wide range of data, stakeholder views and reviewed how the services we deliver work to achieve the eight wellbeing outcomes. Each aspect of our Plan reflects national and local priorities and is focussed on improving the quality of our services and the lives of local children, citizens and communities.

Some of the key improvements which had already been agreed to be implemented during the course of the original CDIP include:

- the development of a new Local Outcome Improvement Plan (LOIP) from 2017 onwards to include the duties placed on the Council and Community Planning Partnership by The Community Empowerment (Scotland) Act 2015;
- further development of the Council's commitment to equalities consistently in Council Services to ensure better outcomes for people with protected characteristics;
- embedding the principles and techniques of good self-evaluation across Council Services;
- progressing the work of the *Nurturing Collaborative* to help deliver tangible improvements in outcomes and reduce inequalities for vulnerable children;
- the improvement of library and museum facilities in Inverclyde; and
- the delivery of the Scottish Attainment Challenge and Raising Attainment for All initiatives.

One of our greatest challenges in the coming year is to continue to deliver high quality services to our customers in extremely challenging financial circumstances. We are committed to adopting a solution-focussed and *can do* attitude to our work. We will continue to develop and promote robust self-evaluation both in our own Directorate and across the Council, in order to enhance current good practice and constantly develop and improve as a local authority.

Appendix One – Education, Communities and Organisational Development CDIP Refresh 2017  
Other challenges facing the Directorate during the next year include:

- a reduction in employees and pressure on service delivery levels
- the continuing implementation of major pieces of legislation such as The Children and Young People (Scotland) Act 2014, the Education (Scotland) Act 2016 and The Community Empowerment (Scotland) Act 2015
- welcoming and supporting refugees in our community
- tackling poverty
- implementing welfare reform
- closing the attainment gap
- helping our young people to stay safe
- a reducing population
- areas with significant levels of deprivation
- limited economic opportunities
- a growing elderly population
- legislative changes in employment law, health and safety and pensions
- changes in the National Terms and Conditions for Local Government Employees
- reviewing the ageing public space CCTV in Inverclyde
- reviewing community facilities in Inverclyde
- labour market issues, particularly supply teacher shortages
- school re-provisioning and education service changes.

Examples of key achievements delivered by the Directorate during 2013/17 are:

- winning a CoSLA Gold Award in 2013 for the *Nurturing Inverclyde* approach
- winning a CoSLA Silver Award in 2013 for the Mentors in Violence Prevention initiative
- rolling out the Mentors in Violence Prevention initiative to a wide range of schools
- implementation of the No Knives, Better Lives Peer Education Group which helps deliver the No Knives Better Lives campaign – the initiative was the overall winner of the British Red Cross Humanitarian Awards 2015
- the Community Learning and Development (CLD) Service Adult Learning and Literacies winning a Scottish Qualifications Authority (SQA) Star Award as the Lifelong Learning Centre of the Year 2015
- Inverclyde has one of the highest Duke of Edinburgh participation rates
- opening of IYOUTHzones in Port Glasgow and Gourock; examples of the facilities offered at the venues are internet and computer access, arts and crafts, a pool table, café and meeting rooms
- the number of CLD staff and volunteers who were supported to develop their skills through increased opportunities for accreditation and training
- increased accreditation for Modern Apprentices in Youth Work
- the range of accreditation has increased to better meet learners' individual needs
- an Outreach and Engagement Customised Award was developed in partnership with the SQA
- we achieved Volunteer Friendly Award status, driving up the quality of volunteering programmes and recognising the contribution volunteers made to delivering CLD services
- we carried out an Adult Achievement Award pilot project
- we developed a Physical Education Strategy and implemented two hours of PE in every school in Inverclyde
- we implemented the Food Standards Agency's Cross-Contamination Guidance in all food businesses in the area
- we rolled out the Housing Energy Efficiency Programme in Inverclyde; over 1,300 social rented and privately owned homes benefited from this area-based programme
- a number of projects were completed under the Strategic Housing Investment Plan; 169 new affordable homes were built in Inverclyde
- we were recognised as a Living Wage accredited employer which means that everyone working at the Council receives a minimum hourly wage which is significantly higher than the national minimum wage

Appendix One – Education, Communities and Organisational Development CDIP Refresh 2017

- the Council was recognised as the Best Government Services Employer in the UK 2016 at the Bloomberg Business Best Employer Awards 2016
- a partnership working pledge was established with the trades unions
- A Local Housing Strategy 2017/21 was published.

Through this Plan, we hope to support and challenge our employees to improve the quality of the services we provide. We look forward to building on the progress that has been achieved from 2013 to 2017 and continuing to make further achievements during the next three years.

## 2. Strategic Overview

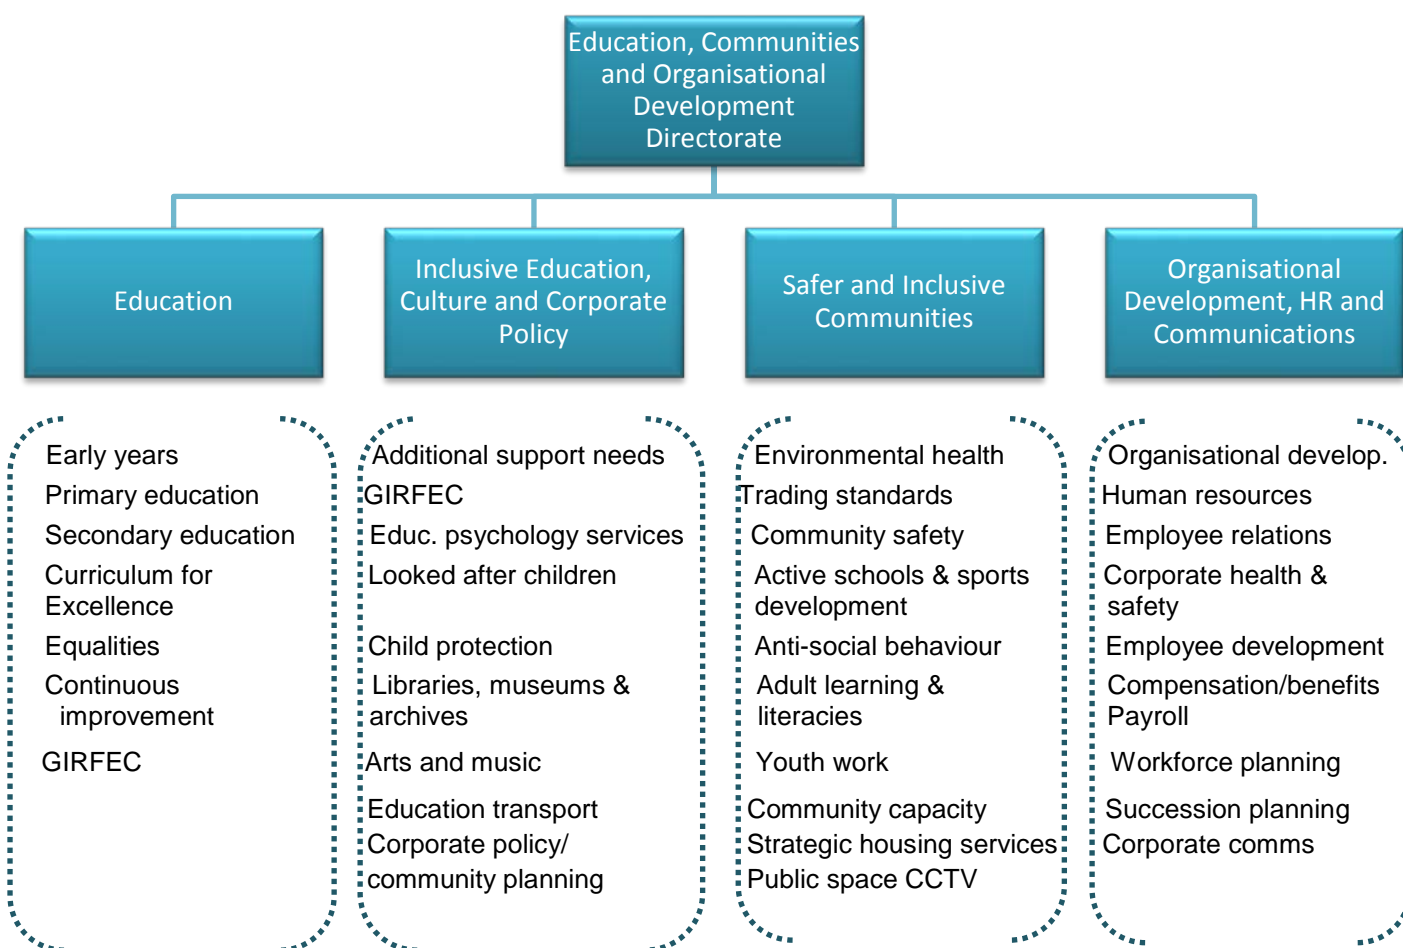

### 2.1 Purpose and scope of the Directorate

The primary roles of the Directorate are to:

- provide education, culture and lifelong learning;
- support safer and inclusive communities; and
- provide the corporate back office functions of human resources, organisational development, communications, corporate policy and partnership working.

These services all sit within the Council’s vision of a *Nurturing Inverclyde* where we are **Getting it Right for Every Child, Citizen and Community**, working towards the achievement of the wellbeing outcomes, where all our children, citizens and communities are Safe, Healthy, Achieving, Nurtured, Active, Respected, Responsible and Included.

The Directorate comprises four services. The Directorate’s management structure is:

## 2.2 National and local context

New legislation emerging from the Scottish and UK Governments will directly impact on the nature of the services that the Directorate provides during the next three years. Legislation that will come into effect during the life of the Plan includes:

- The Children and Young People (Scotland) Act 2014
- The Community Empowerment (Scotland) Act 2015
- legislative changes in employment law, health and safety and pensions
- changes in the National Terms and Conditions for Local Government Employees
- The Education (Scotland) Act 2016
- The Community Justice (Scotland) Act 2016.

There are a number of consultations around proposed issues such as Public Sector Exit Payments and the Trade Union Bill which we will keep abreast of, to be aware of any potential impacts on service delivery.

Additionally, between 2016/17 and 2017/18, the Scottish Parliament Elections and a Local Government Election will take place which may have an impact on legislation as well as national and local priorities. The 'rolling' nature of this Plan will allow services to adapt to any changes. The UK Government Election called for June 2017 may also impact on the delivery of this plan.

### Public Sector Reform

Significant transformation for public services continues in Scotland with major reforms being undertaken by the Scottish Government in local government, health, social care and the uniformed services. Public services still face serious challenges with the demand for services set to increase dramatically over the medium term, while public spending becomes even further constrained. This means that the Council will, in effect, have to achieve more with less.

To manage this, we continue to identify where we can focus on early intervention, reducing costs and improving performance. This is a challenging agenda for the Council and the Directorate has a key role to play in helping the Council get it right by providing support for parents and young children at the early stages of a child's life; helping children and young people to achieve in education and move onto employment; providing further learning and training opportunities; tackling anti-social behaviour at an early stage and improving our other prevention work.

In addition to the above, the Directorate operates and delivers services within a diverse policy and legislative framework which is detailed below:

### All Services in the Directorate

- The Equality Act 2010
- Curriculum for Excellence
- The Community Empowerment (Scotland) Act 2015
- The Schools (Health Promotion and Nutrition) (Scotland) Act 2007
- The Children and Young People (Scotland) Act 2014
- The Mental Health Strategy for Scotland 2012/15
- Working for Growth: A Refreshed Employability Framework for Scotland 2012
- Strategic Guidance for Community Planning Partnerships: Community Learning and Development 2012
- The Requirements for Community Learning and Development (Scotland) Regulations 2013
- National Improvement Framework
- The Welfare Reform Act 2012
- The Local Government in Scotland Act 2003
- The Early Years Collaborative
- The Raising Attainment for All Programme 2015

- Scottish Attainment Challenge

There is also legislation which is specific to the Directorate's individual Services some of which is attached as Appendix 1. Much of the legislation is listed in the Council's scheme of delegation <http://www.inverclyde.gov.uk/law-and-licensing/standing-orders-and-scheme-of-administration>.

## 2.3 Customer focus

The Directorate's customer base is varied and wide. It includes all Inverclyde's children and their parents, those living in communities served by the Community Wardens, as well as communities supported by Community Learning and Development (CLD) employees. It also extends to the media, people with an interest in libraries, culture and the arts, as well as those that are seeking employment with the Council. In addition, the Directorate provides support to colleagues in the Council through the functions of Corporate Policy and Organisational Development, Human Resources and Corporate Communications.

Corporate customer engagement takes place through our  [Citizens' Panel](#) which the Inclusive Education, Culture and Corporate Policy Service has responsibility for. Two Citizens' Panel surveys are carried out each year, the results of which are reported to the Council's Policy and Resources Committee and posted on the Council's website. Newsletters are also sent to Citizens' Panel members to let them know how their comments have been taken on board.

Council Services use customer engagement as an essential tool to measure satisfaction and feedback received is used to improve service delivery. Other forms of customer engagement carried out by the Directorate during the past three years include:

- food hygiene inspections of business premises under a new cross-contamination inspection regime
- an end of programme evaluation for all CLD participants (on-going)
- a survey of young people to ascertain the need for a town centre youth facility
- a survey of employee new starts and leavers (on-going)
- feedback forms were issued to all delegates attending corporate training courses (on-going)
- online survey of applicants and the wider public using the national recruitment portal  [My Job Scotland](#) (on-going)
- in partnership with the Health and Social Care Partnership, a Health and Wellbeing Survey was conducted in all secondary schools in Inverclyde in 2013; the Survey was followed up in 2015 by a Health and Wellbeing Conference for young people entitled *#Clyde Conversations*
- an Employee Survey was carried out in Winter 2015
- our Budget Consultation processes
- learner-led action research in adult literacies
- Libraries engagement on the relocation of the Central Library
- a public consultation on the School Transport Policy
- development of a Youth Participation Strategy
- developing a 'penny for youth thoughts' Youth Council
- a second *#Clyde Conversations* conference for young people
- development of a Local Housing Strategy 2017/21

Between now and March 2019, we plan to engage with our stakeholders in the following ways:

- further budget consultation processes
- engagement on and the development of a new Local Outcome Improvement Plan to replace the SOA and building community capacity to engage
- carrying out a geographical needs and strengths assessment
- development of locality plans
- learner-led action research
- Café Conversations - needs analysis events for English for Speakers of Other Languages learners

## Appendix One – Education, Communities and Organisational Development CDIP Refresh 2017

- an Employee Survey
- on-going evaluation on the Libraries service delivery.

We also carry out formal and informal engagement with customers through pupil councils, the Youth Council, parent councils and community groups, Adult Learners Forum in Inverclyde and the WOOPi Advisory Group, as well as on-going engagement with individuals through the Community Wardens' service.

The Council's educational psychology service (EPS) engaged in a Validated Self-Evaluation Activity in partnership with the Education Authority, key local authority partners/stakeholders and HM Inspectors, Education Scotland. The themes reflect the Scottish Government's national priorities and relate to the contributions made by the EPS to raising attainment, addressing disadvantage and supporting and implementing *Getting it Right for Every Child*. The evaluative activity enabled the EPS to evidence the impact and outcomes of early intervention and prevention across the full range of service delivery.

Additional stakeholder services that we engage with include other public sector organisations and the voluntary sector through community planning and the development of the Single Outcome Agreement/Local Outcome Improvement Plan (LOIP). The Community Planning Partnership includes the Third Sector Interface which is the medium through which the Partnership engages with the voluntary sector.

Additionally, through community planning, community engagement is co-ordinated through the Community Engagement and Capacity Building Network. The Network engages with a wide variety of audiences around the local Single Outcome Agreement Outcomes/LOIP and other topic areas. The Our Place Our Future engagement in particular is a far reaching community wide engagement, using the Place Standard, to identify the key issues to be included in the LOIP and Locality Plans.

## 2.4 Equality

The ECOD Directorate is committed to ensuring equality of opportunity in everything that it does. The Head of Education chairs the Council's Corporate Equality Group, which takes the lead in ensuring the Council meets its duties under The Equality Act 2010.

Services carry out equality impact analysis (EIA) on new or significantly changing policies, strategies and procedures, as well as on budget saving proposals. EIAs completed or planned by the Directorate include:

### Completed

- Pay and Grading Model
- Stress Policy
- Conditions of Service
- Single Outcome Agreement 2013/17
- Inverclyde Libraries Service Plan 2014/15
- Inverclyde's Sexual Health Action Plan
- Inverclyde Sports Framework
- The Watt Library Complex Heritage Lottery Fund bid
- Budget saving proposals
- 3 Year Plan for Community Learning and Development

### Planned

- McLean Museum Service Plan
- Schools Transport Review
- Equality and Diversity at Work
- Supporting Attendance Policy
- Infection Control Policy
- Conditions of Service

## Appendix One – Education, Communities and Organisational Development CDIP Refresh 2017

- Respect and Dignity at Work
- LOIP 2017/22
- Locality Plans
- Proposed budget savings
- Revised Pay and Grading Model
- LGBTQI Charter for Young People (LGBTQI Scotland)

The Council also has a series of Equality Outcomes and every Service in the Directorate will continue to work towards the achievement of these during the next year. Details of these Outcomes can be viewed here  [Equality and Diversity](#).

The Council's overarching Equality Outcomes are:

1. Inverclyde Council's employees and elected members are able to respond confidently and appropriately to the needs of service users and colleagues.
2. Inverclyde's children, citizens and communities are able to access our services and buildings with ease and confidence
3. Measures to prevent and eradicate violence against women and girls are making Inverclyde a place where all individuals are equally safe and respected and all women and girls can expect to live free from such abuse and the attitudes that perpetrate it
4. There are no barriers in recruitment, training and promotion opportunities for the Inverclyde Council workforce.
5. All Inverclyde residents have an opportunity to share in the area's economic growth.

### Education Equality outcomes

- Ed1. All children and young people have the support that they need in relevant areas
- Ed2. Outcomes for all pupils are improved regardless of gender, ethnicity or any barriers to learning
- Ed3. All school communities recognise and respect people of diverse age, race, faith, gender, sexual orientation, disability and ethnic culture.

In section 6 of this Plan, there are a number of improvement actions of particular relevance to delivery of the Council's duties under The Equality Act 2010.

The performance management of this document will help the Council to monitor how it is performing towards the achievement of its Equality Outcomes.

## 2.5 Sustainability of the environment

The Directorate supports implementation of the Council's flagship *Green Charter* environmental policy which aims to reduce energy and waste and promote the sustainable use of resources in the Council and across our community. For example, employees are encouraged to use the recycling facilities provided in Council premises or participate in our *Cycle to Work* scheme. The scheme is a Government-approved salary sacrifice initiative which allows staff to hire a bike and accessories to a value of £1,000 for the purpose of cycling to work (or for part of the journey). The project assists employees to reduce journey costs, traffic congestion and pollution; it also helps to support performance of one of our sustainable development performance indicators i.e. *to reduce CO<sub>2</sub> emissions within the scope of influence of the local authority*, also known as our *area-wide emissions*.

## Appendix One – Education, Communities and Organisational Development CDIP Refresh 2017

The Directorate's Services are encouraged to help the Council reduce its carbon emissions which in turn supports delivery of the Council's Carbon Management Plan 2011/16. Employees are provided with information to help them reduce their energy consumption in the office, for example, by switching off monitors when not using PCs; turning lights off; buying recycled paper; restricting the use of colour printing; considering the environment before printing any documents and turning taps off after use.

Our educational establishments also have a critical role to play in the implementation of our corporate *Green Charter* environmental policy by promoting sustainable development and environmental sustainability. It is vital that young people gain an early understanding of key environmental issues and become aware of ways they can make a difference through their personal actions. Our *Schools Green Charter* initiative therefore seeks to reduce the environmental impact of Inverclyde's educational establishments and help promote a culture of environmental sustainability by educating young people on the subject of sustainability. Every school in Inverclyde has signed up to the *Green Charter* with a view to taking actions to reduce their environmental impact and achieve the *Eco Schools Green Flag* award.

The delivery of our School Estate Management Plan aims to ensure that all Inverclyde schools are replaced or fully modernised by 2020. Mindful of research into the positive impact of good environmental conditions on pupil attainment, the designs for our new schools place a strong emphasis on natural ventilation, high levels of natural day light and appropriate temperature control, together with energy and carbon reduction measures. This is further enhanced with other environmental sustainability initiatives such as a small wind turbine at Inverclyde Academy, a biomass boiler at the joint campus in Port Glasgow and photovoltaic cells at various sites.

To promote energy efficiency in our communities, the Directorate works in partnership with Home Energy Scotland (HES), the Inverclyde Home Energy Advice Team (iHEAT), the Home Energy Efficiency Programme (HEEPS) and the Scottish Energy Efficiency Programme.

HES provides information about heating and insulating homes, saving energy and cutting costs. iHEAT offers a free and impartial home visit service, as well as advice on all aspects of home energy use, including how to reduce energy bills. The Council also promotes grant availability and improved energy efficiency to owners through the HEEPS programme. To find out more about these services, visit [Home Energy Efficiency Services](#).

## 2.6 Risk management

The key risks that the Directorate faces include:

- financial - financial pressures are affecting all public sector agencies and the Directorate needs to closely monitor budgets to ensure service delivery remains efficient, effective and value for money;
- reputation - potential for lack of buy-in and support for local government benchmarking projects and equality and diversity outcomes could lead to non-compliance with legislation or adverse external criticism resulting in a negative impact on the Council's reputation;
- legal and regulatory - potential for lack of support and buy-in could lead to non-compliance with legislation particularly regarding The Equality Act 2010, The Community Empowerment (Scotland) Act 2015 and the Statutory Performance Indicators Direction 2015; and
- operational and business continuity - potential for possible inconsistencies in the roll-out of corporate systems and the potential for failure to implement policies and procedures could all have detrimental impacts on operational and business continuity.

The detailed risk management plan is attached at as Appendix 2 on page 69.

Opportunities exist to act in a more corporate manner across Directorates in order to reduce risks and these will be explored over the life of this plan.

## 2.7 Competitiveness

As part of the requirement to demonstrate best value, the ECOD Directorate sets out its approach to the competitiveness agenda as part of this CDIP.

Competitiveness is a complex area and not simply an issue of delivering services for the least cost. In the public sector, competitiveness can perhaps be better described as *challenge* and *improvement* as this is what the Directorate requires to do to drive continuous improvement and best value.

The Audit Scotland *Best Value Toolkit 2010: Challenge and improvement* sets out the following definitions:

### **Challenge**

- The organisation has a proven record of adjusting its services as a result of internal or external challenge, achieved with an improvement of services.
- The organisation can justify that its delivery methods, whether in-house or otherwise, offer best value, within the context of its wider objectives.
- As part of its strategic approach to procurement and commissioning it undertakes objective options appraisal to explore and optimise a wide range of contract or partnership options. The organisation understands the impact of its activities on the local economy, and makes decisions based on clear policy objectives.

### **Improvement**

- The organisation continually challenges and improves its performance. It has reviewed, or has plans to review, its services to ensure best value - an improvement programme is in place which takes account of customer and staff feedback and is readily available to citizens. It assigns responsibility, accountability and resources appropriately following improvement reviews.
- It uses the 'four Cs' (Consult, Compare, Challenge, Compete) effectively in reviewing services. Reviews are timely and the council can demonstrate improved outcomes and value for money as a result. Improvements are targeted in line with priorities, and performance indicators and satisfaction measures in reviewed areas are satisfactory or improving.
- It can demonstrate impact through improved service, or governance outcomes, and monitors and regularly reviews the quality and progress of its improvement activity.

Our self-evaluation guidance *Are we Getting it Right for Every Child, Citizen and Community?* supports the Directorate to carry out robust self-evaluation, using data from a variety of sources which informs the development of improvement actions, including those set out in section 6 of this Plan. A variety of processes are used to gather the data which informs on-going self-evaluation across the Council and is used to develop and adapt services to better meet the needs of customers.

The benchmarking information derived from the Improvement Service's Local Government Benchmarking Framework (LGBF) will also inform areas where the Directorate will focus attention and carry out further detailed internal analysis, in addition to learning from better performing councils.

The Council is currently involved in a number of LGBF benchmarking family groups around the topics of libraries, equalities, museums, human resources and looked after children. The family group process is used to assess performance, learn from good practice, highlight the Council's own good practice to other authorities and deliver improvement across the local authorities who make up the groups.

In addition to the LGBF family groups, a number of the Directorate's service areas already participate in well-established benchmarking activity such as:

- environmental health via the Association for Public Service Excellence, with future development of Trading Standards
- health and safety
- HR policy

## Appendix One – Education, Communities and Organisational Development CDIP Refresh 2017

- Education Services' benchmarking across local and national networks, as well as WITH our 'virtual comparators'
- educational psychology benchmark with neighbouring services (Argyll and Bute, West Dunbartonshire, Renfrewshire, North Ayrshire)
- through the Scottish Attainment Challenge initiative, we will benchmark with the other six authorities involved
- for school attainment, virtual comparison is now possible through the INSIGHT system (an online tool for secondary schools and local authorities to benchmark and improve the performance of pupils in the senior phase); comparisons can be made at authority level, school level and wider achievement
- employee survey benchmarking via Public Service Improvement Framework network
- the Duke of Edinburgh Awards Scheme is compared on a yearly basis, for example, participation rates, success and completion
- submitting core facts on our school estate to Scottish Government which is published annually for all authorities
- submission of Active Schools Monitoring reports to **sportScotland**.

Over the years we have worked with other local authorities to help them learn from our good practice and vice versa. Education Scotland inspections show that we perform really well in our schools in comparison to our comparator authorities and the Council has been working with the Scottish Government regarding the implementation of The Children's and Young People (Scotland) Act 2014 to develop examples of good practice from Inverclyde.

The development of the Participation measure (which will follow on from the School Leavers Destination Results) will allow CLD services across the board to compare like for like as well as identify how well Inverclyde is doing in relation to its virtual comparators and/or comparator authorities.

The developing Scottish Improvement Framework will compare literacy and numeracy via Standardised Testing and indicators for health and wellbeing, which will allow services to benchmark to identify how well we are supporting all our children and young people.

## 4. Self-Evaluation and Improvement Plan

The Improvement Plan for the Directorate is attached at section 6. It has been developed based on robust self-evaluation using both formal (such as external audit, inspection reports, validated self-evaluation) and informal self-evaluation techniques (such as service self-assessment).

Self-evaluation carried out by the services in the Education, Communities and Organisational Development Directorate includes:

- **Human Resources and Organisational Development** – review of performance indicators; Public Services Improvement Framework review undertaken in 2015; general benchmarking of HR policies and practices across Scotland; gathering best practice; self-assessment against the Annual Governance Statement; Internal Audit reports; customer satisfaction survey (HR Operations); CDIP performance reporting; employee opinion survey
- **Corporate Communications** - national communications advisory group (cross-boundary working and campaigns, links into other organisations, for example, the Scottish Government marketing team), employee opinion survey
- **Educational Psychology** – validated self-evaluation; annual review with the senior management team members; evaluation of professional development initiatives; Education Scotland; audit of reciprocal teaching; cross-authority work with West Dunbartonshire; Education Scotland good practice visits
- **Libraries and Museums** – internal service self-evaluation using the Public Libraries Quality Improvement Framework Toolkit; involvement in the Clydeview Learning Community inspection; customer engagement exercises
- **Corporate Policy** – using the Scottish Performance Management Forum to benchmark and peer review; the Local Government Benchmarking Framework; customer satisfaction survey; Audit Scotland Assessment of Public Performance Reporting; self-assessment against Audit Scotland reports; leadership evaluation for community planning; Citizens' Panel surveys.
- **Education** – Standards and Quality reports at both centre and service level, Improvement Plans at both centre and service level, How Good is Our School? 3 and 4, How Good is our Early Learning and Childcare? The National Improvement Framework, School and Care Commission inspection reports, self-assessment against the requirements of the Education (Scotland Bill), Insight Benchmarking toolkit, School reviews.
- **Safer and Inclusive Communities** – development of the Association for Public Sector Excellence Performance Network for Environmental Health; internal audits of Trading Standards and Environmental Health; external audit of Food Safety by Food Standards Scotland; ASSD benchmarking of Active Schools monitoring data; Education Scotland inspection of the Clydeview Learning Community included an assessment on *How Good is our Culture and Sport?*; regulatory benchmarking via the Scottish Food Liaison Committee, West of Scotland Food Liaison Group, West of Scotland Health and Safety Liaison Group, Health and Safety Co-ordinating Group, Public Health and Housing Liaison Group, Scottish Pollution Control Co-ordinating Committee, Scottish Health Protection Network, Society of Chief Officers of Environmental Health, Society of Chief Officers of Trading Standards Scotland (and sub groups), Association of Local Authority Chief Housing Officers.

The main findings from our self-evaluation were:

- **Human Resources and Organisational Development** – Performance indicators are improving, some internal communication and training issues require to be addressed, some service improvements have been highlighted, Inverclyde Council tends to be similar to other authorities regarding HR policy and practices. The Annual Governance Statement highlighted areas requiring action; internal audit improvement actions in our action plan; customer satisfaction surveys highlighted good practice with high satisfaction in some areas together with other areas for improvement; many indicators in our own employee opinion survey have improved on 2013 responses.

## Appendix One – Education, Communities and Organisational Development CDIP Refresh 2017

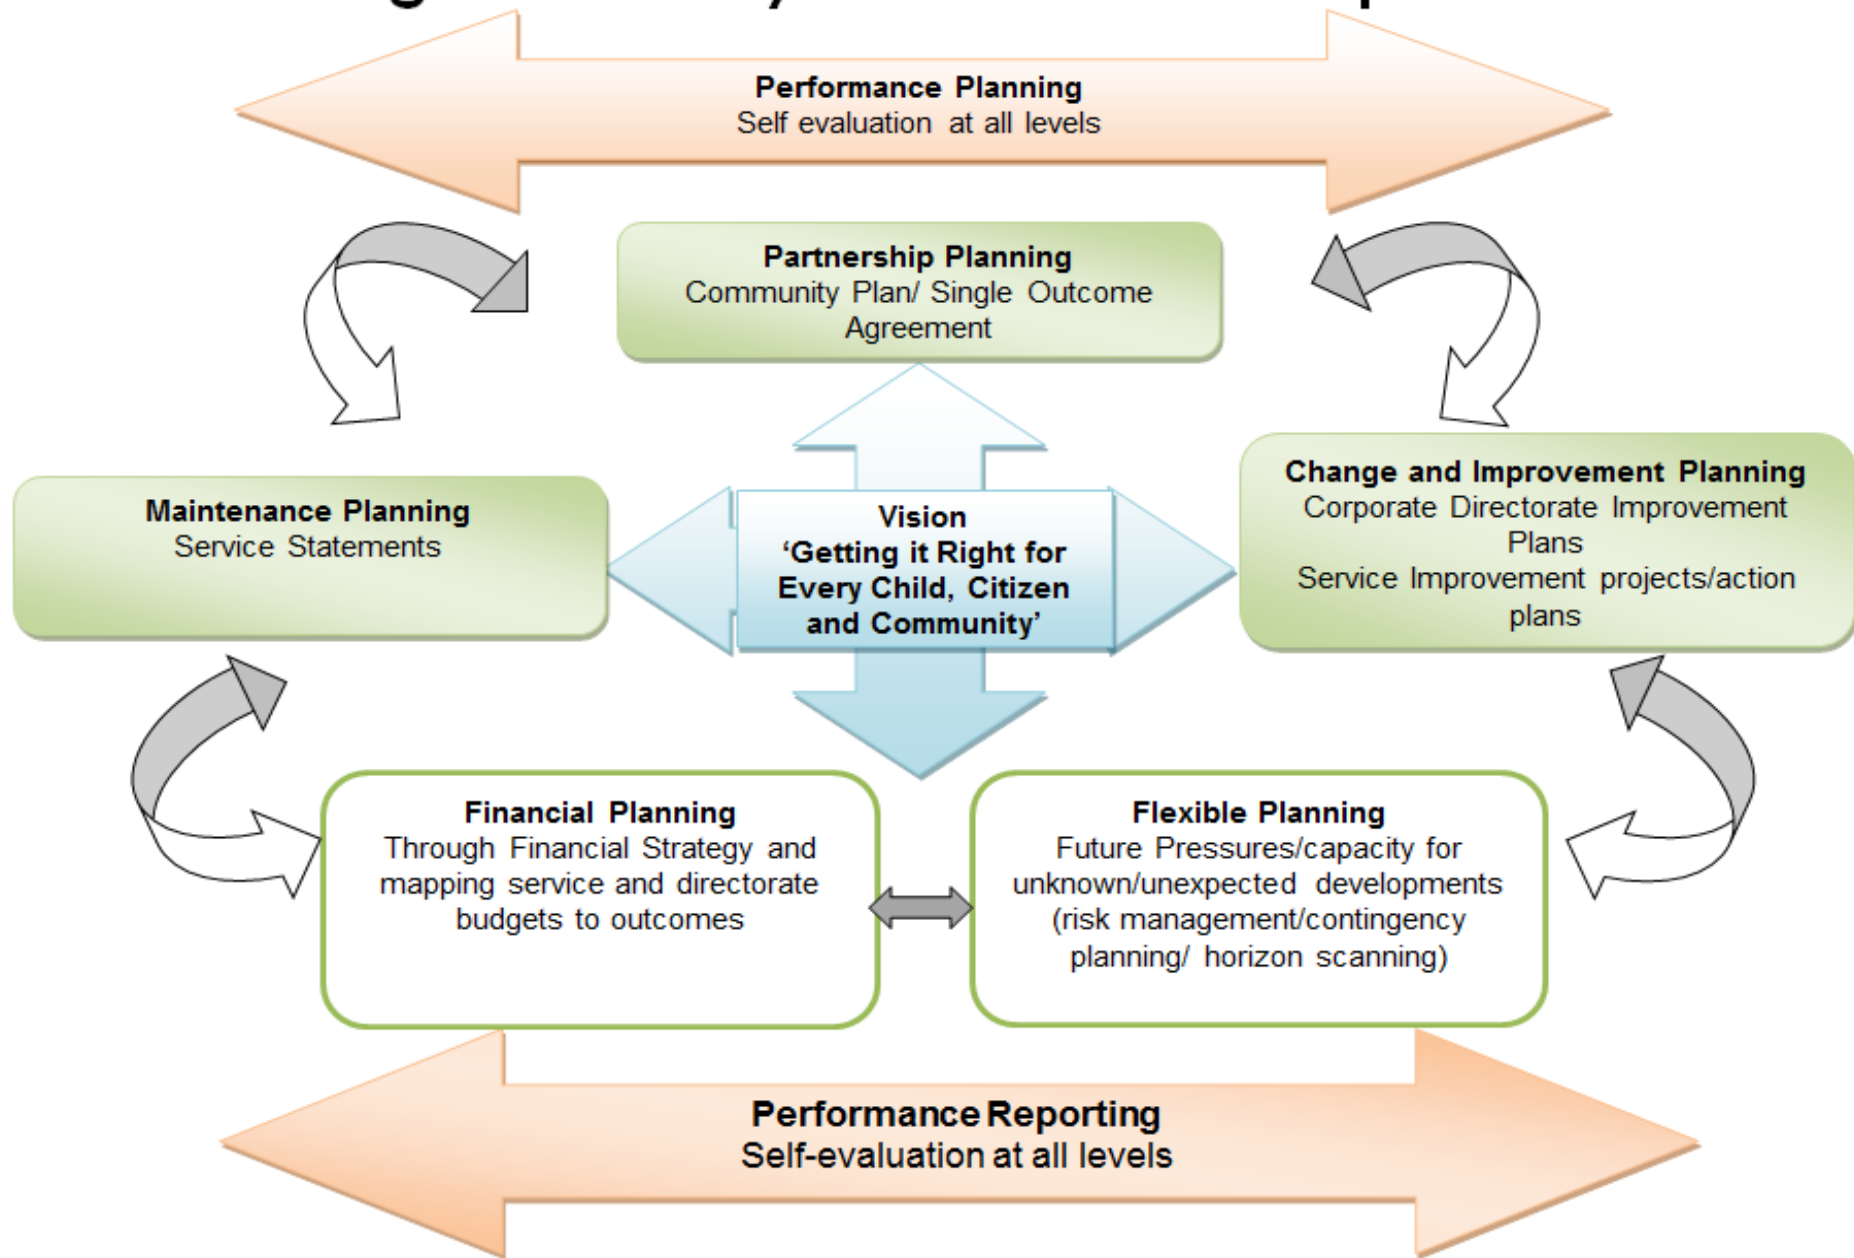

- **Educational Psychology** – the validated self-assessment affirmed that Educational Psychology has robust self-evaluation processes in place, contributing positively to a reduction in exclusions and an increasing number of pupils educated in their local communities. Annual reviews evidence significant contributions to supporting school staff in meeting the needs of children and young people in educational establishments. The implementation of Positive Relations, Positive Behaviour Policy has had a positive impact. A review of reciprocal teaching identified further needs for support in roll-out while the good practice visit captured work on meeting the mental health needs of children and young people.
- **Libraries and Museums** – Small service delivery improvements were identified which feed into service planning, vision and strategy development. Customer feedback mechanisms have been developed.
- **Corporate Policy** – developments regarding Public Performance Reporting to include the creation of infographics; customers are generally happy with the service provided. Further improvement actions identified for the Community Planning Partnership include leadership, vision and relationships, which will be supported by the service.
- **Education** – new priorities have been identified regarding to The Education (Scotland) Bill, benchmarking has highlighted Inverclyde attainment levels compare well with our virtual comparators, but continued work is required to support our pupils, there remains an attainment gap between our most and least affluent communities.
- **Safer and Inclusive Communities** – both external and internal audits indicated that the service delivered was *good* or *very good*. Through benchmarking via Association for Public Sector Excellence, some room for improvement has been identified, although this process is still at an early stage. Trading Standards was identified as being too small to be resilient but internal reorganisation and recruitment should ensure that the service is stronger going forward. ASSD is progressing well, although additional effort will be required to maintain progress on two hours of PE per week in schools. The *How Good is our Culture and Sport?* and Community Learning and Development parts of the inspection of Clydeview Learning Community identified an *excellent* and three *very goods*.

Strategy development and service reviews which will be taking place over the life of this plan include:

- revision and development of volunteering in Inverclyde
- preparation, approval and delivery of the Council's People and Organisational Development Strategy
- Community Safety Strategy
- Waivers' Policy
- School Transport Review
- Anti-Social Behaviour Strategy Review
- Review of summer playschemes.

The diagram on the following page sets out the planning cycle for the Council, including the various levels of planning that take place. All of this requires to be underpinned by self-evaluation. Corporate Directorate Improvement Plans sit within change and improvement planning but are underpinned by all other aspects of planning, particularly financial planning.

# Planning for Delivery and to Secure Improvement

## 5. Education, Communities and Organisational Development 3 Year Overview

The *Nurturing Inverclyde* wellbeing outcomes are detailed on page 20. A summary of the overarching three year improvement priorities for our Directorate are outlined on the pages 21/22; they have been expressed in the context of the wellbeing outcomes. The overarching improvement priorities extend from year one to year three.

In addition to Directorate's improvement priorities, there are also aspects of our work which are on-going: work that is significant but nonetheless can be classified as *business as usual*. These areas of work are captured in the Service Statement and Standards for each service area. The improvement priorities and associated actions are very much focused on the improvements we plan to make during the next 1-3 years. Monitoring of the maintenance or 'business as usual' activity is undertaken by individual Directorate and Service Management teams, as well as through the performance reporting under the Council's Statutory Performance reporting, including the Local Government Benchmarking Framework indicators. Additionally, for specific pieces of work, there are other reporting mechanisms to the Council's committees.

The Directorate Year 1 Action Plan follows the three year overview, broken down into:

<b>CA6</b>	<b>Measuring Impact on Outcomes</b>	In the Audit Scotland recent Best Value Assurance Report for Inverclyde a recommendation was to better identify the extent of impact services/partners expect to make to the overall strategic outcomes and the timeframe, with milestones at key intervals.	Inverclyde Alliance and Inverclyde Council are better able to demonstrate impact on outcomes, at various levels across services and programmes.	Working with experts and other performance management specialists, processes will be developed to better measure impact on outcomes.	In the next Best Value Assurance Report Audit Scotland are assured that Inverclyde is able to demonstrate impact on outcomes for all its children, citizens and communities.
