1. Introduction by the Corporate Director, Education, Communities and Organisational Development

On behalf of the Education, Communities and Organisational Development (ECOD) Directorate, I am pleased to present the latest refresh of our Corporate Directorate Improvement Plan (CDIP) 2016/19. We carried out a comprehensive review of the Plan in spring 2018 to ensure that our improvement actions and performance information are still relevant to delivering the Council's wellbeing outcomes which are Safe, Healthy, Achieving, Nurtured, Active, Respected, Responsible and Included (SHANARRI).

The CDIP is an integral part of the Council's Strategic Planning and Performance Management Framework. It assists in shaping the strategic direction for the Directorate and outlines key programmes, actions and improvements which we will deliver during the final year of this plan.

As a Directorate, our activities are clearly focussed around the concept of a *Nurturing Inverclyde*. We aim to make Inverclyde a place which nurtures all its citizens, ensuring that everyone has the opportunity to enjoy a good quality of life with good mental and physical wellbeing. Our approach puts the child, citizen and community at the centre of service delivery. Our improvement actions are intended to deliver the SHANARRI wellbeing outcomes and the three strategic priorities in the Inverclyde Outcomes Improvement Plan (IOIP). These priorities are:

- Population Inverclyde's population will be stable and sustainable with an appropriate balance of socio-economic groups that is conducive to local economic prosperity and longer term population growth;
- *Inequalities* There will be low levels of poverty and deprivation and the gap in income and health between the richest and poorest members of our communities will be reduced;
- Environment Inverclyde's environment, culture and heritage will be protected and enhanced to
 create a better place for all Inverclyde residents and an attractive place in which to live, work and
 visit.

The Council's Corporate Plan 2018/22 supports the delivery of the Inverciyde Outcomes Improvement Plan and also establishes a number of organisational priorities for the Council. The CDIPs are the principal vehicle for the delivery of these organisational priorities which are:

- To promote Inverclyde, to both residents and visitors alike, as a great place to live, work and visit
- To work collaboratively to enable strong, connected and empowered communities, particularly in areas of deprivation, so that residents have influence and control over the things that matter to them
- To grow the local economy in a way that creates opportunities for all our residents, including access to good quality jobs
- To reduce the prevalence of poverty and in particular, child poverty, in our communities
- To safeguard, support and meet the needs of our most vulnerable families and residents
- To improve the health and wellbeing of our residents so that people live well and for longer
- To protect and enhance our natural and built environment
- To preserve, nurture and promote Inverclyde's unique culture and heritage
- To deliver services that are responsive to community needs and underpinned by a culture of innovation, continuous improvement and effective management of resources
- To develop motivated, trained and qualified employees who deliver quality services that meet current and anticipated service needs.

This CDIP has been developed using robust self-evaluation. The three Services that form the Directorate have taken into consideration a wide range of data, stakeholder views and reviewed how the services we deliver seek to achieve the eight wellbeing outcomes. Each aspect of our Plan reflects national and local priorities and is focussed on improving the quality of our services and the lives of local children, citizens and communities.

We are proud of what we have achieved during the lifespan of this plan including:

• the development of a new Inverclyde Outcomes Improvement Plan (LOIP) 2017/22;

- the development of a robust approach to meet the requirements of the Best Value Assurance Audit;
- the development of a new People and Organisational Strategy to address the specific challenges and opportunities facing the Council;
- the achievement of the Disability Confident Scheme Level 3 accreditation;
- further development of the Council's commitment to equalities to ensure better outcomes for people with protected characteristics;
- embedding the principles and techniques of good self-evaluation across Council Services;
- the improvement of library and museum facilities in Inverclyde;
- the implementation and delivery of the Children and Young People Improvement Collaborative;
- increased facilities for young people via the I Youth Zones in Port Glasgow and Gourock;
- the achievement of a Carer Positive Employer In Scotland Award (Engaged)
- a very positive children's services inspection report and very positive attainment challenge interim evaluation report.

One of the greatest challenges in the coming year is to continue to deliver high quality services to our customers in an extremely challenging financial climate. We are committed to a solution-focussed and *can do* attitude to our work. We will continue to develop and promote robust self-evaluation both in our own Directorate and across the Council, in order to enhance current good practice and constantly develop and improve as a local authority. Other challenges facing the Directorate during the next year include:

- a reduction in employees and pressure on service delivery levels
- labour market issues, particularly supply teacher shortages
- an ageing workforce
- the ongoing implementation of major pieces of legislation
- · welcoming and supporting refugees in our community
- tackling poverty and reducing the poverty related attainment gap
- tackling high levels of inequality and deprivation
- limited economic opportunities
- responding to the changes in the age profile of our population
- · reviewing community facilities in Inverclyde

Through this Plan however, we hope to support and challenge our employees to improve the quality of the services we provide. We look forward to building on the progress that has been achieved and continuing to make further achievements during the next year.

Ruth Binks Corporate Director, Education, Communities and Organisational Development

2. Strategic Overview

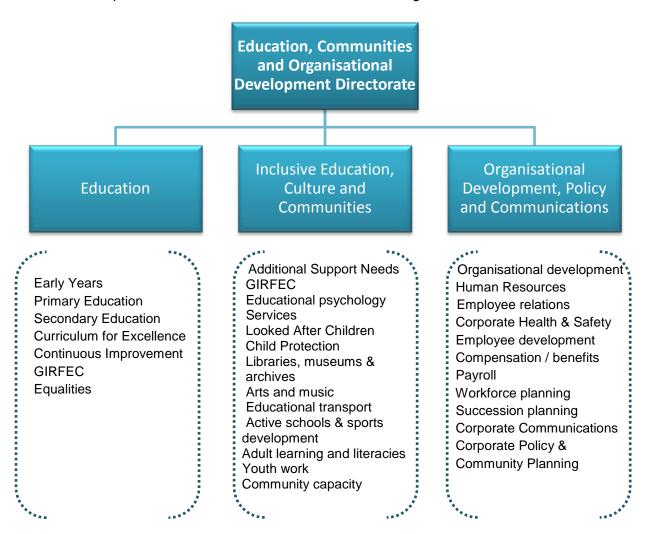

2.1 Purpose and scope of the Directorate

The primary role of the Directorate is to:

- · provide education, culture and lifelong learning opportunities;
- · support safer communities and community learning and development; and
- deliver the corporate back office functions of human resources, organisational development, communications, corporate policy and partnership working.

These services all sit within the Council's vision of a *Nurturing Inverclyde* where we are *Getting it Right for Every Child, Citizen and Community*, working towards the achievement of the wellbeing outcomes, where all our children, citizens and communities are Safe, Healthy, Achieving, Nurtured, Active, Respected, Responsible and Included.

The Directorate comprises three services. The Directorate's management structure is:

2.2 National and local context

New legislation emerging from the Scottish and UK Governments will directly impact on the nature of the services that the Directorate provides during the next three years. Legislation that has come into effect that will impact on the delivery of this plan includes:

- The Children and Young People (Scotland) Act 2014
- The Community Empowerment (Scotland) Act 2015
- Legislative changes in employment law, health and safety and pensions
- Changes in the National Terms and Conditions for Local Government Employees
- The Education (Scotland) Act 2016
- The Community Justice (Scotland) Act 2016
- Child Poverty (Scotland) Act 2017
- The British Sign Language (Scotland) Act 2015
- UK withdrawal from the EU.

Public Sector Reform

There has been significant transformation in public services in Scotland with major reforms having been undertaken by the Scottish Government in local government, health, social care and the uniformed services. Public services face serious challenges with the demand for services set to increase dramatically over the medium term, while public spending becomes even further constrained. This means that the Council will, in effect, have to achieve more with less.

To manage this, we continue to identify where we can focus on early intervention, reducing costs and improving performance. This is a challenging agenda for the Council and the Directorate has a key role to play in helping the Council get it right by providing support for parents and young children at the early stages of a child's life; helping children and young people to achieve in education and move onto employment; providing further learning and training opportunities; tackling anti-social behaviour at an early stage and improving our other prevention work.

In addition to the above, the Directorate operates and delivers services within a diverse policy and legislative framework which is detailed below:

All Services in the Directorate

- The Local Government in Scotland Act 2003
- The Schools (Health Promotion and Nutrition) (Scotland) Act 2007
- The Equality Act 2010
- Curriculum for Excellence
- The Children and Young People (Scotland) Act 2014
- Developing Scotland's Young Workforce 2014-2021
- The Community Empowerment (Scotland) Act 2015
- Mental Health Strategy 2017 / 2027
- The Requirements for Community Learning and Development (Scotland) Regulations 2013
- 2018 National Improvement Framework and Improvement Plan
- The Welfare Reform Act 2012
- More Choices More Chances
- The Children and Young People Improvement Collaborative
- Fairer Scotland Duty
- Child Poverty (Scotland) Act 2017
- A Blueprint for 2020: The Expansion of Early Learning and Childcare in Scotland
- Raising Scotland's Tobacco-free generation: Tobacco Control Action Plan 2018

There is also legislation which is specific to the Directorate's individual Services some of which is attached as Appendix 1. Much of the legislation is listed in the Council's scheme of delegation http://www.inverclyde.gov.uk/law-and-licensing/standing-orders-and-scheme-of-administration.

Glasgow City Region Education Improvement Collaborative (GCREIC) (West Partnership)

The Glasgow City Region represents a significant proportion of the Scottish population, encompassing 773 schools from across the region, in addition to hundreds of Early Years settings, both local authority and partner providers. The Glasgow City Region Education Improvement Collaborative (GCREIC), also known as the West Partnership, brings together authorities from across the Glasgow City Region. The aim of the West Partnership is to bring about excellence and equity in education across the entire region and in doing so, raising attainment and achievement. The West Partnership brings together eight local authorities who collectively make up the Glasgow City Region; East Dunbartonshire Council (EDC), East Renfrewshire Council, Glasgow City Council, Inverclyde Council, North Lanarkshire Council, Renfrewshire Council, South Lanarkshire Council and West Dunbartonshire Council.

The Partnership has developed a three year improvement plan 2017- 2020, which aligns with the Scottish Government's National Improvement Framework drivers, seeking to deliver a cohesive system of improvement support and to complement the existing improvement actions of individual member authorities.

2.3 Customer focus

The Directorate's customer base is wide and varied. It includes all Inverclyde's children and their parents, those living in communities served by the Community Wardens, as well as communities supported by the Community Learning and Development (CLD) service. It also extends to the media, people with an interest in libraries, culture and the arts, as well as those that are seeking employment with the Council. In addition, the Directorate provides support to colleagues across the Council through the functions of Organisational Development, Human Resources, Corporate Policy and Corporate Communications.

Corporate customer engagement takes place through our Citizens' Panel which the Organisational Development, Policy and Communications Service has responsibility for. Two Citizens' Panel surveys are carried out each year, the results of which are reported to the Council's Policy and Resources Committee and posted on the Council's website. Newsletters are also sent to Citizens' Panel members to let them know how their comments have been taken on board.

Council Services use customer engagement as an essential tool to measure satisfaction and the feedback that is received is used to improve service delivery. Over the two year period that this CDIP has been in place, a variety of customer engagement activity has been carried out by the services within the Directorate, examples include:

- an end of programme evaluation for all CLD participants (ongoing)
- a survey of employee new starts and leavers (on-going)
- corporate training evaluation (on-going)
- online survey of applicants and the wider public using the national recruitment portal $^{\circ}$ My Job Scotland (on-going)
- our Budget Consultation processes (online and public engagement events)
- learner-led action research in adult literacies
- Public consultation on the School Transport Policy and School Placing Request Policy
- development of a Youth Participation Strategy
- developing a 'penny for youth thoughts' Youth Council
- a third #ClydeConversations conference for our young people
- 'Our Place Our Future' community engagement to inform the development of the Inverclyde Outcomes Improvement Plan (using the Place Standard tool)
- Healthy Working Lives Questionnaire with employees

Further community engagement is planned between now and March 2019, including:

- a geographical needs and strengths assessment
- development of locality plans
- an Employee Survey
- on-going evaluation on the Libraries service delivery
- · Participatory Budgeting in each Council Ward.

We also carry out formal and informal engagement with customers through pupil councils, the Youth Council, parent councils and community groups, the Adult Learners Forum in Inverclyde, as well as ongoing engagement with individuals through the Community Wardens' service.

Additionally, community engagement is co-ordinated through the Community Engagement and Capacity Building Network for the purposes of community planning. Recently, the Network engaged with a wide variety of audiences around the Inverclyde Outcomes Improvement Plan and other topic areas. In particular, the 'Our Place Our Future' Survey, carried out during May – June 2017, was a far reaching community engagement event, with a response rate of 1.7% of Inverclyde's population. The 'Our Place Our Future' Survey questions were based on the Place Standard, which is a framework that has been developed to structure conversations around place. The Survey informed the identification of key issues for inclusion in the Inverclyde Outcomes Improvement Plan and the Locality Plans that are currently being developed.

2.4 Equality

The ECOD Directorate is committed to ensuring equality of opportunity in everything that it does. The Head of Education chairs the Council's Corporate Equality Group, which takes the lead in ensuring the Council meets its duties under The Equality Act 2010. Services carry out equality impact analysis (EIA) on new or significantly changing policies, strategies and procedures, as well as on budget saving proposals. EIAs completed in the past year or planned by the Directorate include:

Completed

- Inverclyde Outcomes Improvement Plan 2017/22
- Budget saving proposals
- Supporting Employee Attendance Policy
- Voluntary Severance Policy (update)
- Alcohol and Drugs Policy
- Recruitment and Selection Policy

<u>Planned</u>

- Locality Plans
- The Inverclyde British Sign Language Plan 2018/23
- Pay and Grading Model
- Dignity and Respect at Work
- · Agile Working.

The Council also has a series of Equality Outcomes and every Service in the Directorate will continue to work towards the achievement of these during the next year. Details of these Outcomes can be viewed here $^{\circ}$ Equality and Diversity. The Council's overarching Equality Outcomes are:

- 1. Inverclyde Council's employees and elected members are able to respond confidently and appropriately to the needs of service users and colleagues.
- 2. Inverclyde's children, citizens and communities are able to access our services and buildings with ease and confidence
- 3. Measures to prevent and eradicate violence against women and girls are making Inverclyde a place where all individuals are equally safe and respected and all women and girls can expect to

- live free from such abuse and the attitudes that perpetrate it
- 4. There are no barriers in recruitment, training and promotion opportunities for the Inverclyde Council workforce.
- 5. All Inverclyde residents have an opportunity to share in the area's economic growth.

Education Equality outcomes

- Ed1. All children and young people have the support that they need in relevant areas
- Ed2. Outcomes for all pupils are improved regardless of gender, ethnicity or any barriers to learning
- Ed3. All school communities recognise and respect people of diverse age, race, faith, gender, sexual orientation, disability and ethnic culture.

The performance management of this document will help the Council to monitor how it is performing towards the achievement of its Equality Outcomes.

2.5 Sustainability of the environment

The Directorate supports implementation of the Council's flagship *Green Charter* environmental policy which aims to reduce energy and waste and promote the sustainable use of resources in the Council and across our community, for example, employees are encouraged to use the recycling facilities provided in Council premises or participate in our Cycle to Work scheme. This is to support improved performance in one of our sustainable development performance indicators i.e. *to reduce CO*₂ *emissions within the scope of influence of the local authority*, also known as our *area-wide emissions*.

The Directorate's Services are encouraged to help the Council reduce its carbon emissions which in turn supports delivery of the Council's Carbon Management Plan 2012/17.

It is vital that young people gain an early understanding of key environmental issues and become aware of ways they can make a difference through their personal actions. Our educational establishments also have a critical role to play in the implementation of our corporate *Green Charter* environmental policy by promoting sustainable development and environmental sustainability.

Our School Estate Management Plan aims to ensure that all Inverclyde schools are replaced or fully modernised by 2020. Mindful of research into the positive impact of good environmental conditions on pupil attainment, the designs for our new schools place a strong emphasis on natural ventilation, high levels of natural day light and appropriate temperature control, together with energy and carbon reduction measures. This is further enhanced with other environmental sustainability initiatives such as a small wind turbine at Inverclyde Academy, a biomass boiler at the joint campus in Port Glasgow and photovoltaic cells at various sites.

2.6 Risk management

The key risks that the Directorate faces include:

- **financial** financial pressures are affecting all public sector agencies and the Directorate needs to closely monitor budgets to ensure service delivery remains efficient, effective and value for money;
- **reputation** potential for lack of buy-in and support for local government benchmarking projects and equality and diversity outcomes could lead to non-compliance with legislation or adverse external criticism resulting in a negative impact on the Council's reputation;
- **legal and regulatory** potential for lack of support and buy-in could lead to non-compliance with legislation particularly regarding The Equality Act 2010, The Community Empowerment (Scotland) Act 2015 and the Statutory Performance Indicators Direction 2015; and
- operational and business continuity potential for possible inconsistencies in the roll-out of
 corporate systems and the potential for failure to implement policies and procedures could all have
 detrimental impacts on operational and business continuity.

The detailed risk management plan is attached at as Appendix 2 on page 60.

Opportunities exist to act in a more corporate manner across Directorates in order to reduce risks and these will be explored over the life of this plan.

2.7 Competitiveness

As part of the requirement to demonstrate best value, the ECOD Directorate sets out its approach to the competitiveness agenda as part of this CDIP.

Competitiveness is a complex area and not simply an issue of delivering services for the least cost. In the public sector, competitiveness can perhaps be better described as *challenge* and *improvement* as this is what the Directorate requires to do to drive continuous improvement and best value.

The Audit Scotland Best Value Toolkit 2010: Challenge and improvement sets out the following definitions:

Challenge

- The organisation has a proven record of adjusting its services as a result of internal or external challenge, achieved with an improvement of services.
- The organisation can justify that its delivery methods, whether in-house or otherwise, offer best value, within the context of its wider objectives.
- As part of its strategic approach to procurement and commissioning it undertakes objective options appraisal to explore and optimise a wide range of contract or partnership options. The organisation understands the impact of its activities on the local economy, and makes decisions based on clear policy objectives.

Improvement

- The organisation continually challenges and improves its performance. It has reviewed, or has plans to review, its services to ensure best value an improvement programme is in place which takes account of customer and staff feedback and is readily available to citizens. It assigns responsibility, accountability and resources appropriately following improvement reviews.
- It uses the 'four Cs' (Consult, Compare, Challenge, Compete) effectively in reviewing services. Reviews are timely and the council can demonstrate improved outcomes and value for money as a result. Improvements are targeted in line with priorities, and performance indicators and satisfaction measures in reviewed areas are satisfactory or improving.
- It can demonstrate impact through improved service, or governance outcomes, and monitors and regularly reviews the quality and progress of its improvement activity.

Our self-evaluation guidance *Are we Getting it Right for Every Child, Citizen and Community?* supports the Directorate to carry out robust self-evaluation, using data from a variety of sources which informs the development of improvement actions, including those set out in section 5 of this Plan. A variety of processes are used to gather the data which informs on-going self-evaluation across the Council and is used to develop and adapt services to better meet the needs of customers.

The benchmarking information derived from the Improvement Service's Local Government Benchmarking Framework (LGBF) will also inform areas where the Directorate will focus attention and carry out further detailed internal analysis, in addition to learning from better performing councils.

Services within the Directorate have also participated in LGBF benchmarking family groups. Family groups are used to assess performance, learn from good practice, highlight the Council's own good practice to other authorities and deliver improvement across the local authorities who make up the groups.

In addition to the LGBF family groups, a number of the Directorate's service areas already participate in well-established benchmarking activity such as:

- Health and Safety
- HR policy
- Education Services' benchmarking across local and national networks
- Educational Psychology Service benchmarking with neighbouring services
- Scottish Attainment Challenge
- the Duke of Edinburgh Awards Scheme is compared on a yearly basis, for example, participation rates, success and completion

Over the years we have worked with other local authorities to help them learn from our good practice and vice versa. Education Scotland inspections show that Inverclyde schools perform very well in comparison to our comparator authorities.

The Participation Measure, which has replaced the School Leavers Destination Results, tracks the wider 16-19 year old cohort, not just those that have left school. This allows us to benchmark the proportion of our young people that are participating in education, training or employment.

In addition, the developing Scottish Improvement Framework will compare literacy and numeracy via Standardised Testing and indicators for health and wellbeing, which will allow services to benchmark to identify how well we are supporting all our children and young people.

4. Self-Evaluation and Improvement Planning

The Audit Scotland Best Value Assurance Report on Inverclyde Council, which was published in June 2017, acknowledged that the Council has a positive culture of improvement and is an organisation that supports innovation. The report findings also include that Inverclyde Council uses self-evaluation consistently with clear links to improvement plans.

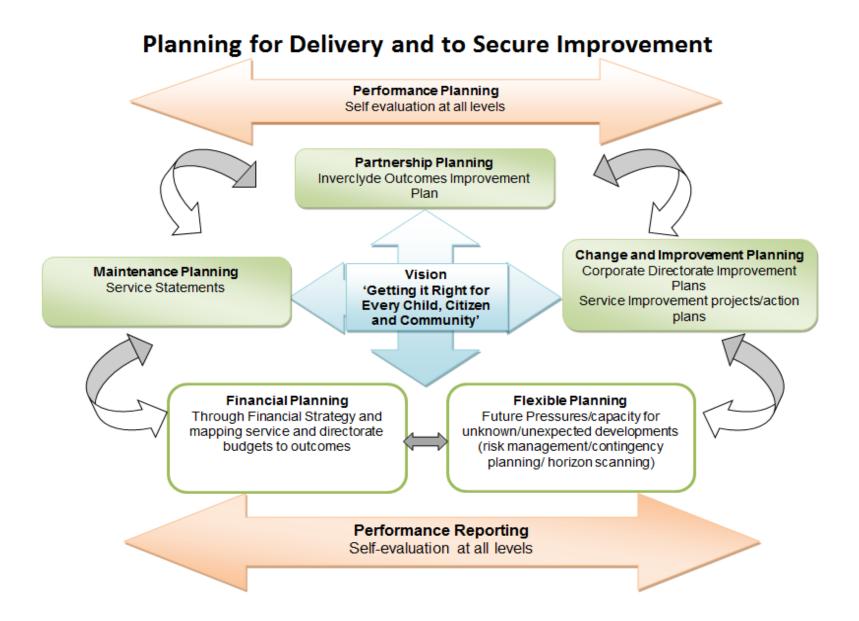

The Improvement Plan for the Directorate for 2018/19 is set out in section 5. It has been developed based on robust self-evaluation using both formal, such as external audit, inspection reports, validated self-evaluation and informal self-evaluation techniques, such as service self-assessment. It has also been informed by external inspection work such as the Joint Inspection of Services for Children and Young People in Inverclyde.

There are also a number of improvement actions contained within the Best Value Assurance Report that are relevant to the Directorate and these have been incorporated into the improvement plan in Appendix 1.

Examples of the type of self-evaluation carried out by the services in the Education, Communities and Organisational Development Directorate includes:

- Organisational Development, Policy & Communications a review of performance indicators;

Corporate Directorate Improvement Plans sit within change and improvement planning but are underpinned by all other aspects of planning, particularly financial planning.

5. Education, Communities and Organisational Development Year 3 Improvement Plan

In addition to Directorate's improvement priorities, there are also aspects of our work which are on-going: work that is significant but nonetheless can be classified as *business as usual*. These areas of work are captured in the Service Statement and Standards for each service area. The improvement priorities and associated actions are very much focused on the improvements we plan to make during the final year of this plan. Monitoring of the maintenance or 'business as usual' activity is undertaken by individual Directorate and Service Management teams, as well as through the performance reporting under the Council's Statutory Performance reporting, including the Local Government Benchmarking Framework indicators. Additionally, for specific pieces of work, there are other reporting mechanisms to the Council's committees. The Year 3 Action Plan for the Directorate is set out as shown below:
