Subject: PROPOSED TRAFFIC CALMING MEASURES AND ROAD HUMPS, LYLE ROAD, GREENOCK

1.0 PURPOSE

- 1.1 Local Authorities are empowered to construct traffic calming measures and road humps under the Roads (Scotland) Act 1984, The Roads (Traffic Calming) (Scotland) Regulations 1994, The Road Humps (Scotland) Regulations 1998, The Road Humps and Traffic Calming (Scotland) Amendment Regulations 1999 and The Roads Humps and Traffic Calming (Scotland) Amendment Regulations 2002 and, in terms of the Council's Scheme of Delegation, the Head of Service – Roads and Transportation is authorised to carry out the Council's functions under the relevant legislation.
- 1.2 The purpose of this report is to inform the Committee of the outcome of the consultation procedure undertaken for proposed traffic calming measures and road humps at Lyle Road, Greenock. It is proposed to install horizontal traffic calming measures in the form of chicanes and road humps in the form of speed cushions to be located between 158 Lyle Road to 139 Newton Street or thereby.
- 1.3 The process associated with hearing objections to the proposal is not set out in legislation. However, the Council's procedures for hearing objections to Traffic Regulation Orders are considered to be suitable procedures for hearing objections to proposed traffic calming measures and road humps.

2.0 SUMMARY

- 2.1 Proposed traffic calming measures and road humps on Lyle Road, Greenock were advertised for public consultation on 30 November 2018 with a closing date for objections of 11 January 2019. During this time 3 objections were received.
- 2.2 As 2 objections were maintained after Officers corresponded with the objectors, these must now be considered by the Council. Officers suggest that the most appropriate way for the Council to consider these objections is at a public hearing before a special meeting of the Environment and Regeneration Committee. There is no requirement for objections to proposed traffic calming measures and road humps to be heard by an independent Reporter.

3.0 RECOMMENDATION

3.1 It is recommended that the Committee:

- a) notes the requirement to hold a public hearing to consider the maintained objections, and decides to hear these before a special meeting of the Environment and Regeneration Committee, remitting it to the Head of Service – Roads and Transportation and the Head of Legal and Property Services to make the necessary arrangements for the public hearing.
