Subject:	Year of Young People Report and Legacy		

1.0 PURPOSE

- 1.1 The purpose of this report is to present the Committee with the final report on Inverclyde's Year of Young People 2018 and to inform the members of the proposed legacy plan going forward.

2.0 SUMMARY

- 2.1 The Scottish Government established its first Themed Year in 2009, 'Year of Homecoming'. This proved a success for Scotland, creating a string of benefits for the country whilst boosting tourism. In recognition of the success, a series of Themed Years was announced and have continued to be a success for the country. The Scottish Government took a bold step to move away from the traditional Themed Year concept which has been focused around tourism and identified 2018 as the Year of Young People.
- 2.2 Community Learning and Development's (CLD) Youth Work Services were tasked with working alongside young people to create a plan of events for Young People across Inverclyde. CLD staff worked in partnership with young people from Inverclyde Youth Council, Elected Members of the Scottish Youth Parliament, young people in schools and young people who accessed youth services provision as well as working with partners in the Youth Work Sub to draft the plan for Inverclyde. The Education & Communities Committee endorsed the plan for Inverclyde in September 2017 with the Policy and Resources Committee adding additional funding of £20,000 in January 2018 to enhance the range of events, activities and opportunities on offer for young people in Inverclyde.
- 2.3 In addition, following a significant recruitment exercise carried out by National partners from the Youth Work Sector, Inverclyde was also allocated 3 Year of Young People Ambassadors who have been supported by Young Scot at a National level. These ambassadors have been representing Inverclyde at various events across Scotland as well as attending some of the local events in the authority.
- 2.4 A range of events, activities, workshops and sessions were delivered throughout 2018 under the umbrella of the Year of Young People. Over 1,000 young people engaged in a range of opportunities which were made available to them. The year was launched at the Battery Park in Greenock in February 2018 and closed with an awards evening and party for young people in December 2018. The year was a huge success in celebrating the contribution young people make to society.
- 2.5 Discussion has taken place about possible legacy arrangements to be taken forward after the dedicated year of Young People in 2018. If the Council were in a position to allocate funding to the legacy, the types of activities that would be considered would be continuing with feedback to the young people from Clyde Conversation events through local areas, continuing with the awards ceremony and 2 further youth events, and access to national events.

3.0 RECOMMENDATIONS

3.1 It is recommended that the Committee:

- Notes the final report and acknowledges the success of YoYP for Inverclyde;
- Approves the legacy activities from the YoYP, subject to approval of funding.

Ruth Binks

Corporate Director

Education, Communities and Organisational Development

4.0 BACKGROUND

- 4.1 As instructed by the Scottish Government, each Local Authority was asked to devise a plan to take forward the YoYP agenda locally and was also asked to identify a named officer to take forward the plan. Mark Conway, Team Leader, Community Learning and Development was identified to progress the plan and had the lead role in delivering the plan throughout 2018.
- 4.2 Over the past year, Officers, Partners and young people have delivered the key elements of the Inverclyde Plan. We delivered an ambitious, engaging and celebratory plan that has and will continue to showcase the skills, talents and contributions that Inverclyde's young people make to their communities. We delivered a plan that has encompassed the 6 sub themes set by the Scottish Government and offered a range of engaging events, opportunities and activities for young people to take part in.

5.0 INVERCLYDE POSITION

- 5.1 Inverclyde's plan proposed significant 'Highlight' events or activities for each theme. Some of elements that were completed are detailed below:

Participation – Hosted Clyde Conversations 3 event in February and a follow up event in November 2018. The initial event brought over 80 young people together to discuss key issues which affected them and from that event, an action plan was developed. The follow up event in November provided a platform for service providers to update the young people on progress made – real meaningful change in action. A “We Asked, You Said, We Did” approach to youth engagement and participation.

Education – We launched Inverclyde's Police Scotland Young Volunteers initiative in January 2018 with 24 young people and a range of Adult Volunteers to support this project. The young people are now representing Inverclyde at events both locally and nationally.

Health & Wellbeing – We delivered a range of health and wellbeing events including healthy cooking sessions to young people in schools and in our youth work provision, hosted inter I Youth Zone football events, delivered over 150 inputs to schools on drug and alcohol awareness and cyber safety and we trained all our staff in the Scottish Mental Health First Aid Certificate.

Equality and Discrimination – We achieved LGBT Scotland's Bronze Chartermark award in partnership with our LGBT Youth Group, Clyde Pride. Furthermore, we represented Inverclyde at the Pride weekend in Glasgow in July 2018 and promoted the White Ribbon Campaign to young people in our schools and I Youth Zones.

Enterprise and Regeneration – We hosted a Christmas music event in December 2018, all led and delivered by young people with all proceeds going to local charities. We had several groups of young people completing their Young Muir Award which recognises young people's contribution to outdoor space and learning.

Culture – We hosted a National Youth Work Event in Port Glasgow over 2 days on Saturday 10 and Sunday 11 November 2018 attended by 10 Local Authorities and worked with 150+ young people over the weekend. We are also hosted our first ever Inverclyde Youth Work Awards event which took place on Wednesday 05 December 2018 in Greenock Town Hall and celebrated the achievements, diversity and civic contribution Inverclyde's young people make to their communities.

- 5.2 The year was a huge success in celebrating the contribution young people make to society. Some headline stats include:
 - Over 200 young people, parents, families, staff and partners attended the inaugural Inverclyde Youth Awards night in December 2018
 - Over 175 awards achieved by young people in 2017/18 with another 550 on track to achieve during the school session 2018/19

- Over 100 young people from 10 different local authorities travelled to Inverclyde in November 2018 to take part in the National Year of Young People event which was hosted by Inverclyde Council.
- Around 180 young people attend the 2 Clyde Conversations Events in February and November 2018
- Over 4,500 young people received the mobile phone pop up socket to promote the Year of Young People locally
- 150+ workshops delivered to over 2,500 young people on cyber safety, drug awareness and tobacco awareness.

A full report from the Year of Young People can be found in the attached report. (Appendix 1).

5.3 Discussion has taken place about possible legacy arrangements to be taken forward after the dedicated year of Young People in 2018. If the Council were in a position to allocate funding to the legacy and to build on the success and evaluation of 2018, the types of activities that would be considered would be:

- continuing with feedback to the young people from Clyde Conversation events through local areas. Although the feedback session was well received, and certainly gave the young people a chance to hear how actions had progressed, it was felt that in future the forum may work better in localities.
- continuing with the awards ceremony
- 2 further youth events.

6.0 IMPLICATIONS

6.1 Financial Implications:

One off Costs

Cost Centre	Budget Heading	Budget Years	Proposed Spend this Report £000	Virement From	Other Comments
Earmarked Reserves		2018-19	£20,000	N/A	Approved P&R Committee Jan 2018

Annually Recurring Costs/ (Savings)

Cost Centre	Budget Heading	With Effect from	Annual Net Impact £000	Virement From (if Applicable)	Other Comments

6.2 Legal

None.

6.3 Human Resources

None.

6.4 Equalities

Has an Equality Impact Assessment been carried out?

YES (See attached Appendix)

NO - This report does not introduce a new policy, function or strategy or recommend a change to an existing policy, function or strategy. Therefore, no Equality Impact Assessment is required.

6.5 Repopulation

The plan will encourage young people to feel they belong and are important contributors to the future of Inverclyde.

7.0 CONSULTATIONS

7.1 There were various consultations carried out with young people to ensure their views were reflected in both the plan and the activities on offer during 2018.

8.0 CONCLUSIONS

8.1 The Year of Young People has had a positive impact on the young people in Inverclyde and has allowed the CLD Service and partners reach a wider target audience. It is essential that a lasting legacy is endorsed to ensure the work of the past 12 months continues.

9.0 BACKGROUND PAPERS

9.1 Year of Young People Inverclyde – Final Report

SUPPORTING

year of young people
bliadhna na h-òigridh
2018

Final Report – February 2019

Inverclyde's Year of Young People 2018 Plan

Supporting Communities...Creating Change

The Scottish Government established its first Themed year in 2009, 'Year of Homecoming'. This proved a success for Scotland, creating a string of benefits for the country whilst boosting tourism. In recognition of the success, a series of Themed Years were announced and has continued to be a success for the country. The Scottish Government took a bold step to move away from the traditional Themed Year concept which has been focused around tourism and created a themed year that celebrated a sub group of the Scottish population, young people. 2018 has seen Scotland celebrate the **Year of Young People**.

Over the past year, Scotland has seen an exciting programme of educational and cultural events centred on young people and driven by collaboration across a range of sectors and interests. A high impact, celebratory events programme, with young people at the heart of development and delivery, has created new and valuable experiences for young Scots and their families and visitors.

This themed year differs significantly more than previous years. The Scottish Government wanted to use this year to showcase the skills and talents of young people, in particular by requiring that the local and national plans that were developed were done so through a co-designed and co-produced model with young people.

Three national youth work organisations were allocated to work with young people to assist, design and coordinate the **Year of Young People**, those being; Children In Scotland, Young Scot and the Scottish Youth Parliament. As a result, the **Year of Young People 2018 (YoYP 2018)** has been co-designed with young people right from the very beginning and co-design is central to all aspects of the year. Preparation work started over two years ago, and young people have been co-designing their year with partners since then. Everything from the year's six themes to the logo and website were co-designed with young people, and we wanted to ensure that co-design continued throughout our planning and our preparation for the year's activities.

A significant exercise of consulting young people across Scotland and the recruitment of young people to become Ambassadors for the themed year resulted in a planned approach to the themed year with the following sub themes being identified:

- **Participation** – looking at how young people can influence public services and decisions which affect their lives
- **Education** – creating a stronger role for young people in shaping their learning
- **Health and Wellbeing** – supporting young people to lead healthier, active lives and have opportunities to learn about and improve their mental health and resilience
- **Equality and Discrimination** – broadcasting the value of young Scots, challenging negative perceptions of young people, and supporting young people to take leading roles in challenging discrimination in all its forms
- **Enterprise and Regeneration** – celebrating young people's role in innovation, entrepreneurship and the Scottish economy as well as making Scotland a greener and more pleasant place to live
- **Culture** – celebrating young people's talent and contribution to Scottish culture and arts.

Inverclyde Council's Community Learning and Development service recognised that there were significant opportunities for local young people to gain positive press and recognition from its communities whilst promoting a positive story of our young people. The work delivered in this plan not only encouraged our young people to engage in civic life, but also shows the commitment of the authority to the United Nations Convention on the Rights of the Child (UNCRC), especially underpinning articles 3, 4, 12, 13, 14, 17, 28, 29 and 31. Above all, the work promoted a positive story of young people across our communities and beyond.

Woven throughout the work of our plan was an emphasis on recognising the many hours that young people give back to their local communities. We have seen an increase in the number of young people becoming more involved in their community through their participating in steering groups, undertaking awards and undertaking voluntary work.

Inverclyde CLD, in partnership with the Youth Work Sub Group and Inverclyde Youth Council developed a plan of activities throughout 2018 to engage young people in services, encourage participation and to recognise the invaluable contribution young people make to Inverclyde. The picture above was taken on our launch night in February 2018 where over 150 young people attended and used torches to spell out “IYOYP – Inverclyde’s Year of Young People”.

Following the launch event at the Battery Park, the young people enjoyed food and Trampolining at the local Elev8 Trampoline Park in Greenock. The above picture shows some of the Elected Members, Staff, Partners and young people enjoying the event.

Key achievements from Inverclyde's Year of Young People:

- ✓ We launched Inverclyde's Year of Young People plan with a huge torchlight display and a follow up event for young people in Elev8 in January 2018.
- ✓ A second Elev8 trip for young people took place in June 2018 and various cinema trips took place in October and November 2018.
- ✓ We developed and developed Inverclyde's first ever awards event, specifically recognising the achievements of young people from across Inverclyde. Over 200 young people, parents, families and staff attended the event in Greenock Town Hall in December 2018. Young people were recognised for their contribution in a range of categories including Community Hero, Young Carer, Active Citizenship and Outstanding Achievement to name a few. An overall Group of the Year and Young Person of the Year were also presented on the night.
- ✓ 10 legacy pieces (jigsaws made from launch event photo) were purchased and assembled by young people; these will be displayed in schools and key buildings as a permanent legacy of the Year of Young People.
- ✓ We have increased the number of young people completing a range of accredited opportunities including Youth Achievement Awards, John Muir Award and SQA units and awards. In 2017/18, we delivered 175 awards to young people and have increased this significantly in 2018/19 to over 570 awards.
- ✓ We hosted the #Clydeconversations 3 event in Port Glasgow Town Hall in February 2018 with over 80 young people attending alongside partners, elected members and colleagues from across the Youth Work Sector.
- ✓ We also hosted the #Clydeconversations3(b) event in Greenock Town Hall in November 2018 as a follow up to the February event. At this event, partners and young people were able to hear about the progress being made against some key actions and outcomes and demonstrated the meaningful contribution young people make to influence service delivery in Inverclyde.
- ✓ We hosted the YoYP National Event in Port Glasgow in November 2018 with 10 other Local Authorities spending the weekend in Inverclyde. The weekend provided the opportunity for young people from across Scotland to share with their peers how youth work is delivered in their areas and also gave them the opportunity to discuss issues affecting young people. We worked with a group of young people from Inverclyde to represent us as the host authority at the event.
- ✓ In addition, young people from Inverclyde attended a range of YoYP Events which were held across Scotland including Youth Beatz in Dumfries, Sports Leaders Academy in Largs and a YoYP Question Time event in Glasgow.
- ✓ We have developed the 3 I Youth Zones across the authority with increased numbers of young people attending across the board. More young people are involved in our steering groups which has enhanced our focus on participation. The Inverclyde Youth Council and our LGBT Clyde Pride groups have developed further and are delivering on our Youth Participation Strategy.
- ✓ Our LGBT group, Clyde Pride, achieved the LGBT Youth Scotland Bronze Chartermark for the work they do in partnership with the Youth Work team to address the needs of LGBT young people in Inverclyde. This nationally recognised award demonstrates the commitment from Inverclyde CLD to LGBT young people and recognises the significant work that the Youth Work team and Clyde Pride have achieved over recent years.
- ✓ We completed a consultation with young people on the Council's savings proposals in February 2018 giving young people a meaningful voice in the services they wanted to see maintained.
- ✓ We launched Police Scotland Young Volunteers initiative in early 2018 with 24 young people signed up as participants along with 4 adult volunteers to support the delivery. The PSYV recruits now support local events in Inverclyde and across Scotland.
- ✓ We have delivered over 150 workshop inputs to young people in schools on Drug and Alcohol awareness and Cyber Safety as well as a series of inputs on key safety messages to young people attending the I Youth Zone provision.

- ✓ In addition, we have delivered a range of tobacco awareness sessions to young people and community groups to raise awareness of the impact smoking can have. Young people reported increased awareness of some of the health complications smoking can cause and continue to work with staff to address this.
- ✓ We successfully worked with over 120 young people through the Scottish Attainment Challenge delivering engaging educational programmes to improve attainment, encourage participation and engagement, improve attendance, promote self-confidence and encourage inclusion through accreditation opportunities. Over 120 young people achieved at least one form of accreditation with many achieving more than one.
- ✓ We have held various successful inter-I Youth Zone events including outdoor fun at Lunderston Bay, a football tournament at the Joint Campus in Port Glasgow and a range of competitions between the 3 centres.
- ✓ We have significantly increased our profile on Social Media with a 134% increase in engagement on our Twitter and Facebook pages. This method of communication is better suited to engaging with young people and was used as a tool for promoting our events and activities.
- ✓ Active Schools and Sports Development delivered a range of provision to young people from across the authority throughout the year. They are also supported a group of Young Leaders to attend a training event and conference in September 2018, funded through the YoYP Inverclyde budget.
- ✓ Inverclyde's LGBT group, Clyde Pride, represented the authority at the Pride weekend in Glasgow raising the profile of their group and the importance of equality.
- ✓ A range of cultural workshops was delivered to young people in schools and in our I Youth Zones which raised awareness of local culture in Inverclyde to our young people.
- ✓ 'Evolve 18' summer arts event took place in June 2018 in Greenock. 'Evolve Fest' was an arts, music and dance festival for young people in Inverclyde.
- ✓ We developed a Peer Education / Young Leaders programme for young people who are now exploring a range of health and wellbeing issues including Mental Health, Physical Wellbeing and alcohol awareness. We hope to develop this further in 2019 with the young leaders developing workshops that they can deliver to their peers in schools and in our I Youth Zones.
- ✓ Every young person from primary 7 to S6 received a mobile phone pop socket to promote the Year of Young People 2018. Furthermore, a range on online competitions on our social media pages resulted in young people winning various prizes throughout the year whilst raising awareness of the YoYP and our social media pages to young people.
- ✓ We trained our staff on the White Ribbon campaign and followed this up by delivering sessions in our school and attainment groups to raise awareness of this issue to young people.
- ✓ We held an end of year celebration event for Young People in "Word-Up" in December 2018 to bring the year to a close. This non-alcohol event celebrated the achievements of the YoYP and brought the curtain down on an amazing year celebrating Inverclyde's young people. All proceeds raised from the event were donated to a local good cause.

Headline Stats

Over 200 young people, parents, families, staff and partners attended the inaugural Inverclyde Youth Awards night in December 2018!

Over 175 awards achieved by young people in 2017/18 with another 550 on track to achieve during the school session 2018/19.

Around 180 young people attend the 2 Clyde Conversations Events in February and November 2018!

Over 100 young people from 10 different local authorities travelled to Inverclyde in November 2018 to take part in the National Year of Young People event which was hosted by Inverclyde Council.

Inverclyde CLD Youth Work Services engaged with over 1,000 young people throughout the Year of Young People at a range of events, activities and sessions!

24 Young People undertake an intense training programme to become Police Scotland Young Volunteers and are now volunteering and giving back to their local communities.

Over 4,500 young people received the mobile phone pop up socket to promote the Year of Young People locally.

£1400 allocated to Active Schools to allow 15 young people to attend a Sports Scotland Leaders Residential Event in August 2018 at the National Sports Training Centre in Largs

150+ workshops delivered to over 2,500 young people on cyber safety, drug awareness and tobacco awareness.

Some activities and events that were originally planned but did not taken place:

- We weren't able to deliver Youth in the Park 2018 due to the significant costs associated with hosting such an event. We replaced this event with a Christmas Music Event which took place in December 2018 in Word Up which also delivered key safety messages to young people relevant to that time of year.
- We were unable to complete the LGBTI march from Greenock iYouthZone to the Battery Park due to the Youth in the Park not taking place. The Young People attended Pride in Glasgow instead and represented Inverclyde very well.
- YoYP flower display was unable to be completed due to the timescale required for planting the bulbs as our YoYP plan wasn't launched until February 2018.

Outstanding items which will be concluded in 2019:

- We weren't able to carry out a consultation with young people to evaluate the impact of the Scottish Attainment Challenge and Pupil Equity Funding on young people. However, young people played a key role in 3 inspections which took place prior to and during 2018 including the Children's Services Inspection, Local Authority Attainment Inspection and the CLD Inspection of Ward 3. The views of young people were taken on board during these inspections with a range of focus groups taking place. The feedback from all of these reviews highlighted the positive contribution CLD is making to young people in relation to closing the poverty related attainment gap. It is our intention to undertake a review in the Spring of 2019 to ensure we are still meeting the needs of these young people and that we are maintaining services to a high standard.

Legacy of Year of Young People

It is essential that a legacy to the Year of Young People is identified and delivered in 2019 and in future years. The Year of Young People showcased the skills and talents of young people and highlighted the contribution they make to society. However, young people have always and will always make a similar contribution and therefore we must continue to work with them to develop these skills and talents further and improve the contribution they make to society. It is for these reasons, that we have identified some key areas that should be considered as a legacy for the year. At the recent Clyde Conversations event in November 2018, it was proposed that a legacy plan be considered to continue the work carried out during the Year of Young People 2018. Examples of how this may look like include:

- The commitment from Inverclyde Council to host 2 Clyde Conversations Events annually using a similar format to the 2018 model – a “We asked, you said” event early in the year followed by a “We did” feedback event later in the year. Young people felt they were involved in real and meaningful participation to affect change by attending the events this year.
- A commitment to host an annual Awards event to recognise the significant contribution young people make to their communities in Inverclyde. The inaugural event took place on Wednesday 5th December 2018 as part of the Year of Young People celebrations and it would be a fitting legacy to maintain this event annually.
- Inverclyde Council hosted the inaugural National Event for Year of Young People in November 2018 with young people attending from various local authorities. It is anticipated that this event will continue annually over the next few years and as part of the legacy, we would like to give the opportunity for local young people to attend, starting with Dumfries and Galloway in 2019.

The original plan is detailed below. For further information, please contact:

Mark Conway
