1.0 PURPOSE

- 1.1 The purpose of this report is to seek the approval of the Committee for the new Education, Communities and Organisational Development Corporate Directorate Improvement Plan (CDIP) for 2019/22.

2.0 SUMMARY

- 2.1 The Education, Communities and Organisational Development Directorate has developed a new CDIP for the period 2019/22. This is the Directorate's key improvement planning document and sets out the projects and improvement actions that will be implemented by the Directorate to help deliver the Corporate Plan organisational priorities, as well as the shared wellbeing outcomes with the Inverclyde Alliance.
- 2.2 The central focus of the CDIP is the Improvement Plan, which has been developed following a self-evaluation and improvement planning workshop, carried out by the Directorate's Senior Management Team. The improvement actions that have been developed are linked to the delivery of the Council's Corporate Plan 2018/22 organisational priorities.
- 2.3 The Best Value Assurance Report for Inverclyde Council, published in June 2017, contained a number of key recommendations for the Council and it was agreed that these actions should be incorporated into the Council's Corporate Directorate Improvement Plans.
- 2.4 The CDIP is a three year rolling plan which is reviewed on an annual basis to ensure that it continues to reflect any new challenges or areas for development. Progress reports on the delivery of the Improvement Plan will be brought to every second meeting of this Committee.
- 2.5 The Education, Communities and Organisational Development CDIP 2019/22 is attached as Appendix 1 for the consideration and approval of members.

3.0 RECOMMENDATIONS

- 3.1 It is recommended that the Education and Communities Committee:
- Approves the Education, Communities and Organisational Development Corporate Directorate Improvement Plan 2019/22.

Education, Communities and Organisational Development**

4.0 BACKGROUND

- 4.1 CDIPs are a key component of the Council's strategic planning and performance management framework. They are the principal vehicle for managing and delivering the strategic priorities in the Inverclyde Outcomes Improvement Plan and the Corporate Plan organisational priorities as well as the delivery of the shared wellbeing outcomes which are Safe, Healthy, Achieving, Nurtured, Active, Respected, Responsible and Included (SHANARRI).
- 4.2 The focus of the CDIP is on improvement activity, therefore it does not set out the day to day delivery of services, but those actions which will improve service delivery and outcomes for our children, citizens and communities.

5.0 EDUCATION, COMMUNITIES AND ORGANISATIONAL DEVELOPMENT CORPORATE DIRECTORATE IMPROVEMENT PLAN 2019/22

 - Culture and Heritage
 - Children's Services Planning
 - Review of GIRFEC model
 - 'Place' marketing in support of repopulation agenda
- 5.5 The CDIP also contains a range a number of key performance indicators, comprising statutory and key performance indicators which helps the Directorate monitor and compare performance over time and benchmark results wherever possible.

- 5.6 The Plan will be reviewed on an annual basis to ensure that it continues to reflect any new challenges or areas for development.
- 5.7 Progress reports on the delivery of the improvement actions that sit within Education, Inclusive Education, Culture and Communities Services will be presented to every second meeting of this Committee, whilst the improvement actions that sit with Organisational Development, Policy and Communications Service will be reported in the Corporate Services Performance Report that is presented to the Policy and Resources Committee.

1. Introduction by the Corporate Director, Education, Communities and Organisational Development

On behalf of the Education, Communities and Organisational Development (ECOD) Directorate, I am pleased to present our Corporate Directorate Improvement Plan (CDIP) 2019/22. This Plan sets out the strategic direction for the Directorate, including the key projects, programmes and improvement actions that we intend to deliver over the next three years. The Plan also reflects the successes of the Directorate and the challenges that lie ahead in the future delivery of our services.

The services that the Directorate delivers contribute directly to the delivery of the strategic priorities in the Inverclyde Alliance's Outcomes Improvement Plan 2017/22 and Inverclyde Council's Corporate Plan 2018/22, as well as the delivery of the shared wellbeing outcomes to ensure that all our residents are Safe, Healthy, Achieving, Nurtured, Active, Respected and Responsible and Included.

In striving for excellence in the provision of early years and education services; promoting the arts and culture; strengthening partnership working and developing approaches to reduce poverty in our communities, the Directorate is helping to deliver the Council's vision of 'Getting it right for every child, citizen and community'. The Directorate also helps to ensure that the Council is 'getting it right' for its employees by driving forward continuous improvement, supporting and developing the workforce and providing an effective communication service to the Council and the public.

We are proud of the many successes that we have achieved over the past year, including winning at the Scottish Education Awards 2018; the publication of the Inverclyde Council British Sign Language Plan 2018/24; the hosting of our third Clyde Conversations conference and being the first, and one of the largest, employers in Scotland to sign up to the Disability Confident scheme. We were also delighted that an Education Scotland inspection found that very good progress is being made in improving learning, raising attainment and narrowing the poverty-related attainment gap in Inverclyde.

Looking ahead, a key focus for the Directorate will be tackling poverty and inequalities and narrowing the attainment gap further, to ensure better outcomes for children and residents affected by deprivation. We will also seek to strengthen our work with communities so that our residents can influence the decisions that affect them. One of our greatest challenges in the coming years will be maintaining the delivery of high quality services in extremely difficult financial circumstances. A reduction in the Council's workforce has reinforced the necessity for robust workforce development and succession planning and this work will be led by the ECOD Directorate.

This CDIP has been developed following a comprehensive review of national and local priorities, where the Directorate wants to be in three years' time, and the improvement activity that is linked to this. This involved consideration of a wide range of data, stakeholder views and reviewing how the services we provide contribute to the delivery of the Council's Corporate Plan organisational priorities and improving the quality of lives of our children, citizens and communities.

As a Directorate, we have a solution-focussed approach to our work. We will continue to develop and promote robust self-evaluation both in our own Directorate and across the Council, in order to enhance current good practice and constantly develop and improve as a local authority. In delivering this Plan, we hope to support and challenge our employees to improve the quality of the services we provide. We look forward to building on the progress that has been achieved and continuing to make further achievements during the next three years and I look forward to updating you on our progress.

Ruth Binks, Corporate Director, Education, Communities and Organisational Development

2. Strategic Overview

2.1 Purpose and scope of the Directorate

The primary role of the Education, Communities and Organisational Development Directorate is to:

- Develop and widen opportunities for all children and young people to achieve their full potential through the delivery of early years, education; inclusive education and lifelong learning services;
- Support residents and groups through community based learning and action;
- Help people to feel safe at home, at work and in their community;
- To support, co-ordinate and drive forward a culture of performance management and improvement within the Council and the Community Planning Partnership, the Inverclyde Alliance;
- To provide a comprehensive HR and OD, press and media service to all parts of the Council.

The Directorate delivers this via three Services:

- Education
- Communities, Culture and Educational Resources
- Organisational Development, Policy and Communications

These services all sit within the Council's vision of a *Nurturing Inverclyde* where we are **Getting it Right for Every Child, Citizen and Community**, working towards the achievement of the wellbeing outcomes, where all our children, citizens and communities are Safe, Healthy, Achieving, Nurtured, Active, Respected, Responsible and Included.

We are committed to delivering high quality, professional and efficient services that are responsive to the needs of our children, young people and communities and deliver better outcomes. We aim to achieve the highest standard of customer care and satisfaction in the delivery of our services, whether this is in our nurseries and schools, in our community work or supporting other Council services and partners.

Examples of Directorate achievements in 2018 include:

- King's Oak Primary School won the Family and Community Learning Award at the Scottish Education Awards in 2018.
- Kilmacolm Primary and Nursery won the Raising Attainment in Literacy Award at the Scottish Education Awards in 2018.
- The continued transformation of our school estate to ensure that every child in Inverclyde is educated in a new or refurbished school, with the opening of a new Glenbrae Children's Centre, the brand new Glenpark Early Learning Centre, the refurbishment of Lady Alice and Moorfoot Primary Schools; and the new build at St Ninian's Primary School.
- Establishing the infrastructure to deliver the expansion in Early Learning and Childcare to 1140 hours per year by 2020 for all 3 and 4 year olds and eligible 2 year olds.
- The expansion of the Health Surveillance Programme to include Facilities Management and Home Carers. There are now approximately 1,000 employees being monitored annually under this programme.
- The Council won a Healthy Working Lives Gold Award, jointly with the Inverclyde HSCP.
- The successful completion of auto re-enrolment.
- The publication of our British Sign Language Plan 2018/24.
- The publication of a new Inverclyde Council Corporate Plan 2018/22.
- The development and implementation of the Dignity and Respect at Work Policy and Policy and Procedures.
- Inverclyde Council was one of the first and largest employers in Scotland to sign up to the Disability Confident scheme to support disabled people in employment.
- Gaining the Carer Positive Award (Level 1), demonstrating that the Council supports employees who have caring responsibilities. Work in ongoing towards the next level of the award.
- The completion of a review of the Council's Pay and Grading structure.

- Succession plans have been completed.
- The third annual Clyde Conversations Conference took place, planned and delivered by young people from across all secondary schools in Inverclyde.

Some Services within the Directorate have also been subject to external inspection over the past 12 months, the findings of which have been very positive.

- ***Education Scotland Inspection of Local Authorities: How well is Inverclyde Council improving learning, raising attainment and closing the poverty related attainment gap***

In October 2018, Education Scotland published a report 'How well is Inverclyde Council improving learning, raising attainment and closing the poverty-related attainment gap?'. The report findings were that the Council's approach was described as life-changing and sector leading and that the Council is making very good progress in improving learning, raising attainment and closing the poverty related attainment gap.

The Education Scotland inspectors also praised the very strong vision and values across the whole local authority.

The improvement actions within this Corporate Directorate Improvement Plan aim to build on the achievements made by the Directorate to date. In all areas of service delivery we will seek to strengthen our engagement with our children, young people and communities to ensure that their voices are reflected in our service delivery. - ***HMIE Community Learning and Development Place Based Inspection 2019***

Community learning and development (CLD) partners within Inverclyde Council and the area of Inverclyde Central were inspected by Education Scotland during January and February 2019.

The inspection found that the following key strengths:

- Strong partnership working in relation to the Attainment Challenge.
- Community planning partners' understanding of the essential role of CLD.
- Strong culture of mutual support amongst organisations and groups.
- Strong and effective leadership for CLD.
- Evolving youth voice.

- ***Inverclyde Libraries Validated Self Evaluation***

In February 2019, Inverclyde Libraries undertook a validated self-evaluation of the service using the How Good Is Our Public Library Service (HGIOPLS) framework and received a Level 5 rating (very good) for Q1 5 – Vision, Strategy and Continuous Improvement.

The review found major strengths in library provision including: strategic goals clearly linked to corporate plans, cultural partnership plans and the national strategy for public libraries; meaningful evidence of impact is consistently considered at the earliest stages of planning; strategic commitment to ongoing staff training and excellent staff communication contributes to a staff group highly engaged and supported to develop and implement innovative practises; and a good track record of attracting external funding to drive service improvement and innovation.

More detail on the management structure and Services within the Education, Communities and Organisational Development Directorate is provided in the structure chart below:

Key areas of focus for the Directorate this year will be:

- Embedding locality planning to provide a platform for people in Inverclyde to have a voice to inform decisions
- Workforce planning to ensure our workforce is highly skilled and able to deliver on outcomes
- Expansion of early learning and childcare
- The Scottish Attainment Challenge and reducing the poverty related attainment gap
- Raising attainment
- Culture and Heritage
- Children's Services Planning ensuring a joined up approach to meet the needs of families and children
- Further development of multi-agency partnership working through the Inverclyde GIRFEC model
- Promoting repopulation through the effective marketing of Inverclyde

2.2 National and local context

The Education, Communities and Organisational Development Directorate operates within a diverse legislative and policy framework. This includes any new legislation that emerges from the Scottish and UK Governments, which will have a direct impact on the nature of the services that the Directorate provides during the next three years.

Like all public sector organisations, our greatest challenge is managing a reduction in funding whilst maintaining the delivery of high quality services to local communities. The Directorate has, over a number of years, looked at ways to reduce costs to make savings, however the scope for further savings is becoming increasingly limited and we are developing new ways of working to ensure that we are well placed to meet the challenges that lie ahead. The OD and HR Service leads on the development of workforce planning for the Council and this will be vital to ensuring that the Directorate continues to work efficiently and effectively in a climate of reduced resources.

We will continue to work closely with our partners to reduce socio-economic inequalities through locality planning. To achieve this, we need to build on the work that has already taken place to develop community capacity and strengthen the voices of those living in our communities, so that residents feel empowered to be involved in decision making about the services that they receive and the things that affect their lives.

A key challenge for Education Services will be sustaining the improvements achieved through the Scottish Attainment Challenge Fund once the funding is no longer available. The development of exit and continuation strategies for Attainment Challenge initiatives will therefore be a focus of the work of Education Services in the next few years, particularly where initiatives are currently delivered in partnership.

There has been also been a change in how Councils across Scotland work together to deliver improvement in education nationally. Six regional improvement collaboratives have been established across Scotland. Inverclyde's Education Services is a partner in the Glasgow City Region Improvement Collaborative, also known as the 'West Partnership', which brings together authorities from across the Glasgow City Region. The Glasgow City Region represents a significant proportion of the Scottish population, encompassing 773 schools from across the region, in addition to hundreds of Early Years settings, both local authority and partner providers.

The aim of the West Partnership is to bring about excellence and equity in education across the entire region and in doing so, raising attainment and achievement. The West Partnership brings together eight local authorities who collectively make up the Glasgow City Region; East Dunbartonshire Council (EDC), East Renfrewshire Council, Glasgow City Council, Inverclyde Council, North Lanarkshire Council, Renfrewshire Council, South Lanarkshire Council and West Dunbartonshire Council.

The Partnership has developed a three year improvement plan 2017/2020, which aligns with the Scottish Government's National Improvement Framework drivers, seeking to deliver a cohesive system of improvement support and to complement the existing improvement actions of individual member authorities. In recognition of this, the performance reporting of Education Services within this CDIP has moved away from local performance indicators to reporting on the critical indicators that form part of the Partnership's evaluation of performance.

Other pieces of new legislation and national policy that will impact on this Plan in the coming years include:

- UK withdrawal from the European Union
- The Local Governance Review
- The Children and Young People (Information Sharing) Bill
- Domestic Abuse (Scotland) Act 2018
- Community Empowerment (Scotland) Act 2015 (Part 9: Food Growing Strategy)
- Consultation on Scottish Hate Crime legislation and Hate Crime Bill
- The British Sign Language Act 2015
- 1,140 hours expansion of Early Learning and Childcare in Scotland
- Changes to the Local Government Pension Scheme
- Changes to employment law legislation

2.3 Customer focus

The Directorate's customer base is varied and wide. It includes all of Inverclyde's children, young people and their parents, those living in communities served by the Community Wardens, as well as communities supported by Community Learning and Development (CLD) employees. It also extends to the media,

people with an interest in libraries, culture, the arts and the music service, as well as those that are seeking employment with the Council. In addition, the Directorate provides support to colleagues in the Council through the functions of Corporate Policy and Organisational Development, Human Resources and Corporate Communications.

Corporate customer engagement takes place through our [Citizens' Panel](#) which the Organisational Development, Policy and Communications Service has responsibility for. Two Citizens' Panel surveys are carried out each year, the results of which are reported to the Council's Policy and Resources Committee and posted on the Council's website. Newsletters are also sent to Citizens' Panel members to let them know how their comments have been taken on board.

Council services use customer engagement as an essential tool to measure satisfaction and the feedback that is received is used to improve service delivery. Examples of the customer engagement activity that has been carried out by the services within the Directorate over the past year include:

- An Employee Survey was carried out in 2018 and all employees were encouraged to participate
- Our Budget Consultation processes (online and public engagement events)
- The launch of the Parental Engagement Strategy
- Two *#ClydeConversations* conferences took place with our young people (a main event and a follow-up event)
- An end of programme evaluation for all CLD participants (ongoing)
- Consultation with the community and providers on the expansion of early learning and childcare to 1140 hours by 2020.
- A survey of employee new starts and leavers (on-going)
- Corporate training evaluation (on-going)
- Online survey of applicants and the wider public using the national recruitment portal (ongoing)
- learner-led action research in adult literacies
- Public consultation on the School Transport Policy
- Healthy Working Lives Questionnaire with employees

We also carry out formal and informal engagement with customers through for example; Pupil Councils, the Youth Council, Parent Councils and Community Groups, Adult Learners as well as on-going engagement with individuals through the Community Wardens' service.

Additionally, through the work of community planning, community engagement is co-ordinated through the Community Engagement and Capacity Building Network (CECBN).

2.4 Equality

The ECOD Directorate is committed to ensuring equality of opportunity in everything that it does. The Corporate Director chairs the Council's Corporate Equality Group, which takes the lead in ensuring the Council meets its duties under The Equality Act 2010.

Services carry out equality impact analysis (EIA) on new or significantly changing policies, strategies and procedures, as well as on budget saving proposals. Examples of the Equality Impact Assessments carried out in the past year include:

- Pay and Grading Review
- Dignity and Respect at Work Policy and Procedures
- British Sign Language Action Plan

The Council also has a series of Equality Outcomes and every Service in the Directorate will continue to work towards the achievement of these during the next year. Details of these Outcomes can be viewed here [Equality and Diversity](#).

The Council's overarching Equality Outcomes are:

1. through an increase in third party reporting facilities, people with protected characteristics feel safer within their communities and levels of hate crime are reduced
2. Council employees and Elected Members are able to respond confidently and appropriately to the needs of service users and colleagues who have protected characteristics
3. increased targeted engagement with Inverclyde's children, citizens and communities who have protected characteristics
4. All Services consistently gather and analyse information on their service users by protected characteristics, where appropriate, which is used to inform improvement planning.

Education Equality outcomes

- Ed1. All children and young people have the support that they need in relevant areas
- Ed2. Outcomes for all pupils are improved regardless of gender, ethnicity or any barriers to learning
- Ed3. All school communities recognise and respect people of diverse age, race, faith, gender, sexual orientation, disability and ethnic culture.

2.5 Sustainability of the environment

The Directorate supports the delivery of the Council's *Green Charter* environmental policy which aims to reduce energy and waste and promote the sustainable use of resources in the Council and across our community. This helps to support improved performance in one of our sustainable development performance indicators i.e. *to reduce CO₂ emissions within the scope of influence of the local authority*, also known as our *area-wide emissions*.

The Directorate's Services are encouraged to help the Council reduce its carbon emissions which in turn supports delivery of the Council's Carbon Management Plan.

It is vital that young people gain an early understanding of key environmental issues and become aware of ways they can make a difference through their personal actions. Our educational establishments have a critical role to play in promoting sustainable development and environmental sustainability for future generations.

Our School Estate Management Plan aims to ensure that all Inverclyde schools are replaced or fully modernised by 2020. Mindful of research into the positive impact of good environmental conditions on pupil attainment, the designs for our new schools place a strong emphasis on natural ventilation, high levels of natural day light and appropriate temperature control, together with energy and carbon reduction measures. This is further enhanced with other environmental sustainability initiatives such as a small wind turbine at Inverclyde Academy, a biomass boiler at the joint campus in Port Glasgow and photovoltaic cells at various sites.

2.6 Risk management

The key risks that the Directorate faces include:

- financial - financial pressures are affecting all public sector agencies and the Directorate needs to closely monitor budgets to ensure service delivery remains efficient, effective and value for money;
- reputation - potential for lack of buy-in and support for local government benchmarking projects and equality and diversity outcomes could lead to non-compliance with legislation or adverse external criticism resulting in a negative impact on the Council's reputation;
- legal and regulatory - potential for lack of support and buy-in could lead to non-compliance with legislation; and

- operational and business continuity - potential for possible inconsistencies in the roll-out of corporate systems and the potential for failure to implement policies and procedures could all have detrimental impacts on operational and business continuity.

The detailed risk management plan is attached at as Appendix 2 on page 56.

Opportunities exist to act in a more corporate manner across Directorates in order to reduce risks and these will be explored over the life of this plan.

2.7 Competitiveness

Competitiveness is a complex area and not simply an issue of delivering services for the least cost. In the public sector, competitiveness can perhaps be better described as *challenge* and *improvement* as this is what the Directorate requires to do to drive continuous improvement and best value.

Our self-evaluation guidance *Are we Getting it Right for Every Child, Citizen and Community?* supports the Directorate to carry out robust self-evaluation, using data from a variety of sources which informs the development of improvement actions, including those set out in section 5 of this Plan. A variety of processes are used to gather the data which informs on-going self-evaluation across the Council and is used to develop and adapt services to better meet the needs of customers.

The benchmarking information derived from the Improvement Service's Local Government Benchmarking Framework (LGBF) will also inform areas where the Directorate will focus attention and carry out further detailed internal analysis, in addition to learning from better performing councils. Services within the Directorate have also participated in LGBF benchmarking family groups, which are used to assess performance, learn from good practice, highlight the Council's own good practice to other authorities and deliver improvement across the local authorities who make up the groups.

In addition to the LGBF family groups, a number of the Directorate's service areas already participate in well-established benchmarking activity such as:

- Health and Safety
- HR policy
- Education Services' benchmarking across local and national networks
- Educational Psychology Service benchmarking with neighbouring services
- Scottish Attainment Challenge
- the Duke of Edinburgh Awards Scheme is compared on a yearly basis, for example, participation rates, success and completion

Over the years we have worked with other local authorities to help them learn from our good practice and vice versa. Education Scotland inspections show that Inverclyde schools perform very well in comparison to our comparator authorities.

The Participation Measure, which replaced the School Leavers Destination Results, tracks the wider 16-19 year old cohort, not just those that have left school. This allows us to benchmark the proportion of our young people that are participating in education, training or employment.

In addition, the developing Scottish Improvement Framework will compare literacy and numeracy via Standardised Testing and indicators for health and wellbeing, which will allow services to benchmark to identify how well we are supporting all our children and young people.

3. Summary of Resources

4. Self-Evaluation and Improvement Plan

The Audit Scotland Best Value Assurance Report on Inverclyde Council, which was published in June 2017, acknowledged that the Council has a positive culture of improvement and is an organisation that supports innovation. The report findings also include that Inverclyde Council uses self-evaluation consistently with clear links to improvement plans.

The Improvement Plan for the Directorate for 2019/22 is set out in section 5. It has been developed based on robust self-evaluation using both formal, such as external audit, inspection reports, validated self-evaluation and informal self-evaluation techniques, such as service self-assessment. It has also been informed by external inspection work such as the Joint Inspection of Services for Children and Young People in Inverclyde, the Education Scotland Inspection 'How Well is Inverclyde Council improving learning, raising attainment and closing the poverty related attainment gap?' and the HMIE Community Learning and Development Place Based Inspection 2019.

There are also a number of improvement actions contained within the Best Value Assurance Report that are relevant to the Directorate and these have been incorporated into the improvement plan in Appendix 1.

Examples of the type of self-evaluation carried out by the services in the Education, Communities and Organisational Development Directorate includes:

- **Organisational Development, Policy & Communications**

A review of statutory and key performance indicators; Public Services Improvement Framework self-evaluation undertaken in 2017; general benchmarking of HR policies and practices across Scotland; gathering best practice; self-assessment against the Annual Governance Statement; national communications advisory group, employee opinion survey; using the Scottish Performance Management Forum to benchmark and peer review; the Local Government Benchmarking Framework; customer satisfaction survey; self-assessment against Audit Scotland reports and Citizens' Panel surveys.

- **Education Services**

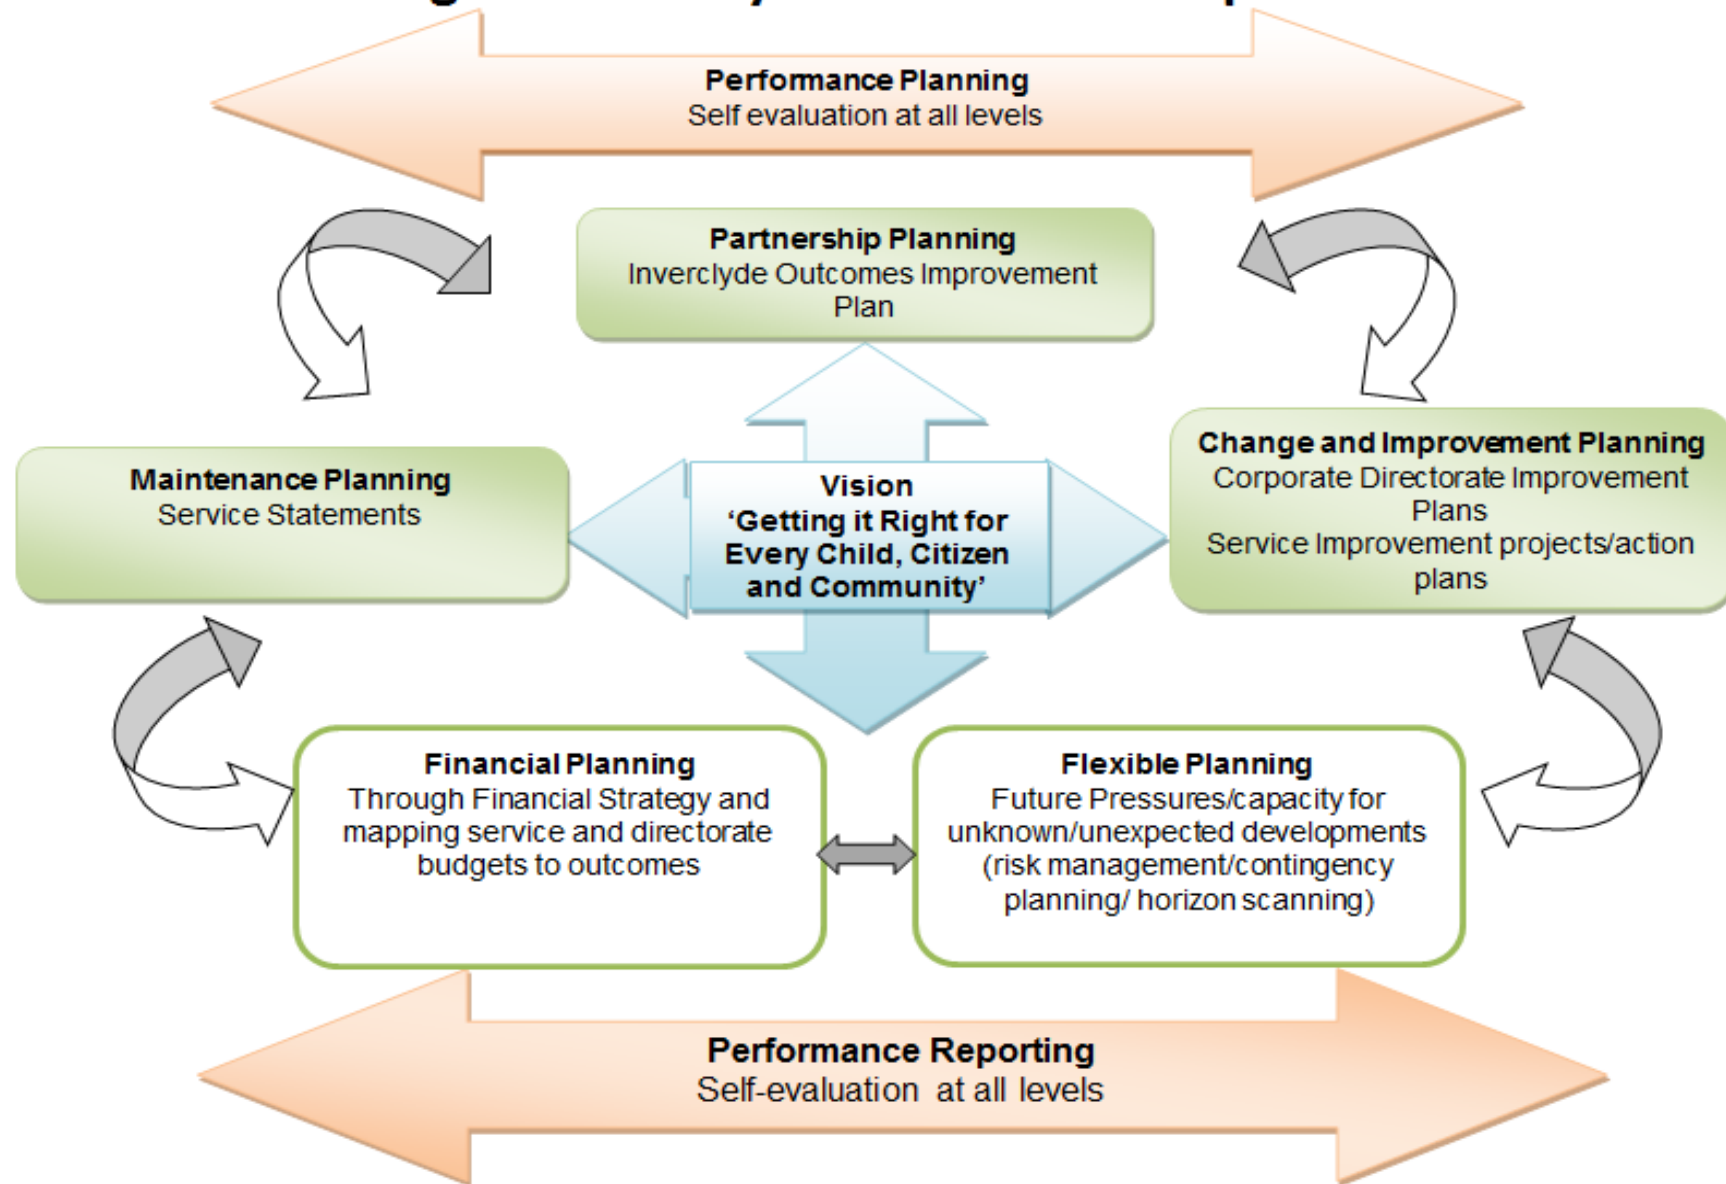

Education Scotland inspection and review; the Standards and Quality report, developed at both the centre and at a service level, Improvement Plans at both centre and at a service level; joint capacity building with the Regional Improvement Collaborative; How Good is Our School? 3 and 4, How Good is our Early Learning and Childcare?, The National Improvement Framework, School and Care Commission inspection reports, self-assessment against the requirements of the Education (Scotland Bill); Insight Benchmarking toolkit and establishment reviews.

- **Inclusive Education, Culture and Communities**

Validated self-evaluation; annual review with the senior management team members; evaluation of professional development initiatives; Education Scotland inspection and review; audit of reciprocal teaching; cross-authority working; Education Scotland good practice visits; internal service self-evaluation using the Public Libraries Quality Improvement Framework Toolkit; customer engagement exercises.

The diagram on the following page sets out the planning cycle for the Council, including the various levels of planning that take place. All of this requires to be underpinned by self-evaluation. Corporate Directorate Improvement Plans sit within change and improvement planning but are underpinned by all other aspects of planning, particularly financial planning.

Planning for Delivery and to Secure Improvement

5. Education, Communities and Organisational Development 3 Year Overview

In addition to Directorate's improvement priorities, there are also aspects of our work which are on-going; work that is significant but nonetheless can be classified as 'business as usual'. These areas of work are captured in the Service Statement and Standards for each Service. Monitoring of the maintenance or 'business as usual' activity is undertaken by individual Directorate and Service Management teams, as well as through the performance reporting via the Council's Statutory Performance reporting, including the Local Government Benchmarking Framework indicators. Additionally, for specific pieces of work, there are other reporting mechanisms to the Council's committees. A specific focus will be given to performance indicators which fall into the third or fourth quartile, or have declined in performance over time with a view to improvement or understanding the reason behind the performance.

The 3 year Action Plan for the Directorate is set out on page 16 and is broken down into Corporate Improvement Actions, Cross Directorate Improvement Action and Service Improvement Actions:
