Partnership      **Contact No:** 01475 715283

**Subject:** CARERS (SCOTLAND) ACT 2016 – APRIL 2019 UPDATE

---

## **1.0 PURPOSE**

- 1.1 This report provides the Board with an overview of the progress to date in implementing the Carers (Scotland) Act 2016, with specific focus on the decision taken by Inverclyde Council Health and Community Care Committee regarding implementation of the waiving of charges for residential respite and short breaks.

## **2.0 SUMMARY**

- 2.1 The Carers (Scotland) Act 2016 gives a clear duty to Local Authorities to waive charges for short breaks and respite where this is of benefit to the carer and allows for a continuation of that caring role.
- 2.2 Inverclyde Health and Social Care Committee took the decision on Thursday 26 April 2019 to waive the charges for residential respite and short breaks for carers and young carers.
- 2.3 The Scottish Government has allocated recurring funding to cover the roll out of the Act and this money can be used to cover the costs of waiving charges.

## **3.0 RECOMMENDATIONS**

- 3.1 Inverclyde Integration Joint Board is asked to note the decision of the Health and Social Care Committee to approve the waving of charges for all eligible carers for respite and short breaks from 1 April 1 2019.

**Louise Long**  
Corporate Director (Chief Officer)

## 4.0 BACKGROUND

- 4.1 Implementation of the Carers (Scotland) Act 2016 continues to progress with roll out of the Adult Carer Support Plan and Young Carer Statement with final development of associated processes and backroom systems near completion.
- 4.2 This will support the good collaborative work between the HSCP, Inverclyde Carers Centre and other partners and provide evidence that we are meeting our statutory duties and ensure carers are receiving the right level of support from the most appropriate agency.
- 4.3 The Short Breaks Services Statement has been drafted in consultation with carers. It is designed to advise carers of the different range and types of short breaks and residential respite available to them.

### 4.4 Legislative Framework

The Children (Scotland) Act 1995, the Self-Directed Support (Scotland) Act 2013 and the Carers (Waiving of Charges for Support) (Scotland) Regulations 2014 give local authorities the power to provide all carers with support to help them continue in their caring role and to waive any charges associated with provision of such support.

The Carers (Scotland) Act 2016 requires Local Authorities to consider a break from caring as an option if carers are willing and able to continue in their caring role.

### 4.5 Breaks From Caring

A break from caring can be any form of support that helps a carer to have time away from their caring responsibilities. This can be within or away from their home, for a few hours, days or longer and can be taken on their own or with the person they care for, with or without additional help. Where a break from care is agreed as meeting eligible carer needs then charges must be waived.

The current HSCP position is that Alternative Short Breaks are attributed to meet the needs of the carer so no means testing or client contribution is made.

With regard to accessing Residential Respite this is currently attributed to meet the needs of the service user therefore the Charging Policy currently applies.

It can be clearly evidenced that service users access residential respite as a result of critical or substantial Carer needs within the existing service user support plan.

This report covers the reasons for recommending that charges should be waived in line with the statutory guidance which was presented to the Health and Social Care Committee in April 2019.

### 4.6 Client Contributions

The client contribution is detailed below:

<b>Client Group</b>	<b>Weekly Contribution</b>	<b>Cost per Night</b>
Children in receipt of Middle Rate DLA	£57.30	£ 8.19
Children in receipt of Higher Rate DLA	£85.60	£12.23
Adults 18 - 24	£ 64.45	£ 9.21
Adults 25 - 59	£ 79.65	£11.37
Adults 60 +	£136.00	£19.43

Around 200 older people and 45 people with a learning disability have accessed residential respite in 2017/18. It is clear that waiving of charges will be of direct benefit to carers and service users in terms of their disposable income.

#### 4.7 **Total Client Contributions received from 2017/2018:**

Older People-Hillend-Respite	£ 33,028.58
Older People-Nursing-Respite	£ 39,068.31
Older People-Residential-Respite	£ 2,260.15
Adult-Learning Disability-Respite	£ 23,163.64
Older People-Nursing-Respite	£ 246.91
<b>Total Client Contributions for Year</b>	<b>£ 97,767.59</b>

#### 4.8 **Total Client Contributions anticipated for 2018/2019:**

Older People-Hillend-Respite	£ 34,058.28
Older People-Nursing-Respite	£ 63,920.00
Older People-Residential-Respite	£ 3,380.57
Adult-Learning Disability-Respite	£ 14,462.17
Adult Physical Disability Respite	£ 963.61
<b>Total Client Contributions</b>	<b>£ 116,784.63</b>

Total client contributions for Children's Services is approximately £4,000

The Waiving of Charges for Residential Respite approved by the Health & Social Care Committee will result in a financial commitment to the HSCP in the financial year 2019-2020 of an anticipated £120,000.

#### 4.9 **Anticipated Future Costs**

This will be a recurring cost dependent on future demand from identified eligible carer needs following completion of an Adult Carer Support Plan.

The Scottish Government funded £323,000 in 2018/19 and a further £181k in 2019/20 to meet the obligations of implementing of the Carers Act. It is anticipated all costs will be met from this funding.

#### 4.10 **Decision Panel**

A national short life working group was formed to provide additional information to Local Authorities to support decision making on whether charges are waived in particular circumstances. A number of case studies have been released by the working group to further verify application of the guidance.

The Scottish Government has provided case examples to support decision-making. Some cases may pose potential challenges for assessors to determine whether charges should be waived or where the local charging policy applies. This includes instances where Carers are also Service Users; Replacement Care; and Equal Benefit to both Carer and Service User. It is proposed that a Decision Panel is set up to review and provide governance over such cases.

This panel will comprise:

- Alan Brown, Service Manager, Assessment and Care Management
- Jane Cantley, Service Manager, Children's Services
- Gail Kilbane, Learning Disability Review, Implementation & Carers Act Lead
- Lorna MacDonald, Manager, Inverclyde Carers Centre

#### 4.11 The role of the panel is to ensure that all relevant facts have been obtained to allow a decision to be made; ensure the relevant legislation, policy and process have been appropriately applied and to ensure transparent methodology to evidence the decision

made in each case.

#### 4.12 **Summary**

Carers Leads across the country report that no Local Authority has waived charges for all residential respite for the current financial year. Other authorities are considering this but Inverclyde is the first Local Authority in Scotland to deliver this commitment.

Inverclyde HSCP already spends a minimum of £1.2 million which can be directly attributed to supporting carers. Current provision of residential respite can be evidenced as clearly meeting the needs of carers by enabling them to have a break from their caring role.

As a result, waiving charges from April 2019 evidences our commitment to carers by ensuring they are not financially disadvantaged as a result of their caring role. However, we need to also make sure that the additional cost is manageable within the Carers financial envelope.

It is the intention to provide the Health and Social Care Committee and Integration Joint Board with an update on implementation of Waiving of Charges in Early 2020.

### 5.0 **IMPLICATIONS**

#### 5.1 **FINANCE**

One off costs

<b>Cost Centre</b>	<b>Budget Heading</b>	<b>Budget Years</b>	<b>Proposed Spend this Report £000</b>	<b>Virement From</b>	<b>Other Comments</b>

#### **LEGAL**

5.2 There are no legal issues within this report.

#### **HUMAN RESOURCES**

5.3 There are no specific human resources implications arising from this report.

#### **EQUALITIES**

5.4 Has an Equality Impact Assessment been carried out?

YES

NO – This report does not introduce a new policy, function or strategy or recommend a change to an existing policy, function or strategy. Therefore, no Equality Impact Assessment is required.

5.4.2 How does this report address our Equality Outcomes?

<b>Equalities Outcome</b>	<b>Implications</b>
People, including individuals from the above protected characteristic groups, can access HSCP services.	None
Discrimination faced by people covered by the protected characteristics across HSCP services is reduced if not eliminated.	None
People with protected characteristics feel safe within their communities.	None
People with protected characteristics feel included in the planning and developing of services.	None
HSCP staff understand the needs of people with different protected characteristic and promote diversity in the work that they do.	None
Opportunities to support Learning Disability service users experiencing gender based violence are maximised.	None
Positive attitudes towards the resettled refugee community in Inverclyde are promoted.	None

**CLINICAL OR CARE GOVERNANCE IMPLICATIONS**

5.5 There are no clinical or care governance implications arising from this report.

**5.6 NATIONAL WELLBEING OUTCOMES**

How does this report support delivery of the National Wellbeing Outcomes?

<b>National Wellbeing Outcome</b>	<b>Implications</b>
People are able to look after and improve their own health and wellbeing and live in good health for longer.	None
People, including those with disabilities or long term conditions or who are frail are able to live, as far as reasonably practicable, independently and at home or in a homely setting in their community	None
People who use health and social care services have positive experiences of those services, and have their dignity respected.	None
Health and social care services are centred on helping to maintain or improve the quality of life of people who use those services.	None
Health and social care services contribute to reducing health inequalities.	None
People who provide unpaid care are supported to look after their own health and wellbeing, including reducing any negative impact of their caring role on their own health and wellbeing.	None
People using health and social care services are safe from harm.	None

People who work in health and social care services feel engaged with the work they do and are supported to continuously improve the information, support, care and treatment they provide.	None
Resources are used effectively in the provision of health and social care services.	None
