Applications cannot be validated until all the necessary documentation has been submitted and the required fee has been paid.

Thank you for completing this application form:

ONLINE REFERENCE 100175343-001

The online reference is the unique reference for your online form only. The Planning Authority will allocate an Application Number when your form is validated. Please quote this reference if you need to contact the planning Authority about this application.

## Type of Application

What is this application for? Please select one of the following: \*

- Application for planning permission (including changes of use and surface mineral working).
- Application for planning permission in principle.
- Further application, (including renewal of planning permission, modification, variation or removal of a planning condition etc)
- Application for Approval of Matters specified in conditions.

Please give the application reference no. of the previous application and date when permission was granted.

Application Reference No: \*

17/0136/IC

Date (dd/mm/yyyy): \*

12/06/2017

## Description of Proposal

Please describe the proposal including any change of use: \* (Max 500 characters)

Removal of Condition No.2

Is this a temporary permission? \*

Yes  No

If a change of use is to be included in the proposal has it already taken place?  
(Answer 'No' if there is no change of use.) \*

Yes  No

Has the work already been started and/or completed? \*

No  Yes - Started  Yes - Completed

## Applicant or Agent Details

Are you an applicant or an agent? \* (An agent is an architect, consultant or someone else acting on behalf of the applicant in connection with this application)

Applicant  Agent

## Agent Details

Please enter Agent details

Company/Organisation:	Ryden		
Ref. Number:		You must enter a Building Name or Number, or both: *	
First Name: *	Ged	Building Name:	
Last Name: *	Hainey	Building Number:	130

## Pre-Application Discussion

Have you discussed your proposal with the planning authority? \*

Yes  No

## Pre-Application Discussion Details Cont.

In what format was the feedback given? \*

Meeting  Telephone  Letter  Email

Please provide a description of the feedback you were given and the name of the officer who provided this feedback. If a processing agreement [note 1] is currently in place or if you are currently discussing a processing agreement with the planning authority, please provide details of this. (This will help the authority to deal with this application more efficiently.) \* (max 500 characters)

Discussed in general terms application process.

Title:

Mr

Other title:

Mr

First Name:

David

Last Name:

Ashman

Correspondence Reference  
Number:

Date (dd/mm/yyyy):

10/07/2019

Note 1. A Processing agreement involves setting out the key stages involved in determining a planning application, identifying what information is required and from whom and setting timescales for the delivery of various stages of the process.

## Site Area

Please state the site area:

100.00

Please state the measurement type used:

Hectares (ha)  Square Metres (sq.m)

## Existing Use

Please describe the current or most recent use: \* (Max 500 characters)

Short term residential holiday letting

## Access and Parking

Are you proposing a new altered vehicle access to or from a public road? \*

Yes  No

If Yes please describe and show on your drawings the position of any existing. Altered or new access points, highlighting the changes you propose to make. You should also show existing footpaths and note if there will be any impact on these.

Are you proposing any change to public paths, public rights of way or affecting any public right of access? \*

Yes  No

If Yes please show on your drawings the position of any affected areas highlighting the changes you propose to make, including arrangements for continuing or alternative public access.

How many vehicle parking spaces (garaging and open parking) currently exist on the application Site?

0

How many vehicle parking spaces (garaging and open parking) do you propose on the site (i.e. the Total of existing and any new spaces or a reduced number of spaces)? \*

0

Please show on your drawings the position of existing and proposed parking spaces and identify if these are for the use of particular types of vehicles (e.g. parking for disabled people, coaches, HGV vehicles, cycles spaces).

## Water Supply and Drainage Arrangements

Will your proposal require new or altered water supply or drainage arrangements? \*

Yes  No

Do your proposals make provision for sustainable drainage of surface water?? \* (e.g. SUDS arrangements) \*

Yes  No

Note:-

Please include details of SUDS arrangements on your plans

Selecting 'No' to the above question means that you could be in breach of Environmental legislation.

Are you proposing to connect to the public water supply network? \*

- Yes  
 No, using a private water supply  
 No connection required

If No, using a private water supply, please show on plans the supply and all works needed to provide it (on or off site).

## Assessment of Flood Risk

Is the site within an area of known risk of flooding? \*

Yes  No  Don't Know

If the site is within an area of known risk of flooding you may need to submit a Flood Risk Assessment before your application can be determined. You may wish to contact your Planning Authority or SEPA for advice on what information may be required.

Do you think your proposal may increase the flood risk elsewhere? \*

Yes  No  Don't Know

## Trees

Are there any trees on or adjacent to the application site? \*

Yes  No

If Yes, please mark on your drawings any trees, known protected trees and their canopy spread close to the proposal site and indicate if any are to be cut back or felled.

## All Types of Non Housing Development – Proposed New Floorspace

Does your proposal alter or create non-residential floorspace? \*

Yes  No

## Schedule 3 Development

Does the proposal involve a form of development listed in Schedule 3 of the Town and Country Planning (Development Management Procedure (Scotland) Regulations 2013) \*

Yes  No  Don't Know

If yes, your proposal will additionally have to be advertised in a newspaper circulating in the area of the development. Your planning authority will do this on your behalf but will charge you a fee. Please check the planning authority's website for advice on the additional fee and add this to your planning fee.

If you are unsure whether your proposal involves a form of development listed in Schedule 3, please check the Help Text and Guidance notes before contacting your planning authority.

## Planning Service Employee/Elected Member Interest

Is the applicant, or the applicant's spouse/partner, either a member of staff within the planning service or an elected member of the planning authority? \*

Yes  No

## Certificates and Notices

CERTIFICATE AND NOTICE UNDER REGULATION 15 – TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT PROCEDURE) (SCOTLAND) REGULATION 2013

One Certificate must be completed and submitted along with the application form. This is most usually Certificate A, Form 1, Certificate B, Certificate C or Certificate E.

Are you/the applicant the sole owner of ALL the land? \*

Yes  No

Is any of the land part of an agricultural holding? \*

Yes  No

## Certificate Required

The following Land Ownership Certificate is required to complete this section of the proposal:

Certificate A

# Land Ownership Certificate

Certificate and Notice under Regulation 15 of the Town and Country Planning (Development Management Procedure) (Scotland) Regulations 2013

Certificate A

I hereby certify that –

(1) - No person other than myself/the applicant was an owner (Any person who, in respect of any part of the land, is the owner or is the lessee under a lease thereof of which not less than 7 years remain unexpired.) of any part of the land to which the application relates at the beginning of the period of 21 days ending with the date of the accompanying application.

(2) - None of the land to which the application relates constitutes or forms part of an agricultural holding

Signed: Ged Hailey

On behalf of: Mrs Clare Arhimandritis

Date: 31/07/2019

Please tick here to certify this Certificate. \*

## Checklist – Application for Planning Permission

Town and Country Planning (Scotland) Act 1997

The Town and Country Planning (Development Management Procedure) (Scotland) Regulations 2013

Please take a few moments to complete the following checklist in order to ensure that you have provided all the necessary information in support of your application. Failure to submit sufficient information with your application may result in your application being deemed invalid. The planning authority will not start processing your application until it is valid.

a) If this is a further application where there is a variation of conditions attached to a previous consent, have you provided a statement to that effect? \*

Yes  No  Not applicable to this application

b) If this is an application for planning permission or planning permission in principle where there is a crown interest in the land, have you provided a statement to that effect? \*

Yes  No  Not applicable to this application

c) If this is an application for planning permission, planning permission in principle or a further application and the application is for development belonging to the categories of national or major development (other than one under Section 42 of the planning Act), have you provided a Pre-Application Consultation Report? \*

Yes  No  Not applicable to this application

Town and Country Planning (Scotland) Act 1997

The Town and Country Planning (Development Management Procedure) (Scotland) Regulations 2013

d) If this is an application for planning permission and the application relates to development belonging to the categories of national or major developments and you do not benefit from exemption under Regulation 13 of The Town and Country Planning (Development Management Procedure) (Scotland) Regulations 2013, have you provided a Design and Access Statement? \*

Yes  No  Not applicable to this application

e) If this is an application for planning permission and relates to development belonging to the category of local developments (subject to regulation 13. (2) and (3) of the Development Management Procedure (Scotland) Regulations 2013) have you provided a Design Statement? \*

Yes  No  Not applicable to this application

f) If your application relates to installation of an antenna to be employed in an electronic communication network, have you provided an ICNIRP Declaration? \*

Yes  No  Not applicable to this application

g) If this is an application for planning permission, planning permission in principle, an application for approval of matters specified in conditions or an application for mineral development, have you provided any other plans or drawings as necessary:

- Site Layout Plan or Block plan.
- Elevations.
- Floor plans.
- Cross sections.
- Roof plan.
- Master Plan/Framework Plan.
- Landscape plan.
- Photographs and/or photomontages.
- Other.

If Other, please specify: \* (Max 500 characters)

Planning Statement

Provide copies of the following documents if applicable:

- |  |                              |   |
|--|------------------------------|---|
| A copy of an Environmental Statement. *  | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> N/A |
| A Design Statement or Design and Access Statement. *                                   | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> N/A |
| A Flood Risk Assessment. *   | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> N/A |
| A Drainage Impact Assessment (including proposals for Sustainable Drainage Systems). * | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> N/A |
| Drainage/SUDS layout. *  | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> N/A |
| A Transport Assessment or Travel Plan  | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> N/A |
| Contaminated Land Assessment. *  | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> N/A |
| Habitat Survey. *  | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> N/A |
| A Processing Agreement. *  | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> N/A |

Other Statements (please specify). (Max 500 characters)

## Declare – For Application to Planning Authority

I, the applicant/agent certify that this is an application to the planning authority as described in this form. The accompanying Plans/drawings and additional information are provided as a part of this application.

Declaration Name: Mr Ged Hainey

Declaration Date: 31/07/2019

## Payment Details

Telephone Payment Reference:

Created: 31/07/2019 15:14

**2. APPOINTED OFFICER'S REPORT OF HANDLING  
DATED 20 SEPTEMBER 2019**

---

## REPORT OF HANDLING

**Report By:** David Ashman  
**Report No:** 19/0197/IC  
**Local Application Development**

**Contact Officer:** 01475 712416  
**Date:** 20<sup>th</sup> September 2019

**Subject:** Removal of Condition No. 2 of planning permission 17/0136/IC at  
66 Union Street, Greenock

## SITE DESCRIPTION

The application site comprises a category "B" listed detached dwelling which has been subdivided into flats on the north-east side of Union Street in Greenock. It focuses, in particular, on the attached outbuilding on the north-western side elevation of the building. The outbuilding cannot be seen from Union Street, being located to the rear of a high stone wall and gate, but the latter does provide an independent access. The outbuilding would seem to have historically been a washhouse associated with the former villa.

There are a range of flatted properties in the vicinity, both subdivided former villas and purpose-built modern flats. It sits within the wider Greenock West End Conservation Area.

## PROPOSAL

The application site has been the subject of a series of planning permissions and listed building consents in recent years. These were in respect of upgrading works to the outbuilding and subsequent amendments thereafter. The key planning permission is 17/0136/IC which was the first one to address the upgrading works. This was granted planning permission, subject to two conditions, the second of which read as follows: "That the outbuilding shall not be occupied independently of the associated flatted property at any time". The reason for the condition was: "To control the use of the building in the interests of residential amenity".

The applicant has been using the outbuilding independently of the associated flatted property as an "Airbnb" facility and now seeks the removal of the condition to address the breach of planning control which has occurred.

The application is backed by a supporting statement. In this the applicant claims that allowing the use of the outbuilding as an Airbnb will benefit the local economy and support local tourist attractions and businesses. It is claimed that all direct neighbours were consulted before the use started and that all expressed their support (letters in support of the application are referred to). The statement sets out how the property is managed and notes that there is shared garden ground with the applicant's property, that there is a minimum level of activity and that there is ample on-street parking on Union Street. It is considered the use accords with the Development Plan and that there is some doubt that the building is occupied independently given continued ownership by the applicant. Reference is also made to Policy 27 of the Inverclyde Local Development Plan in respect of tourism development.

## **DEVELOPMENT PLAN POLICIES**

### **Policy 1 - Creating Successful Places**

Inverclyde Council requires all development to have regard to the six qualities of successful places. In preparing development proposals, consideration must be given to the factors set out in Figure 3. Where relevant, applications will also be assessed against the Planning Application Advice Notes Supplementary Guidance.

### **Policy 20 - Residential Areas**

Proposals for development within residential areas will be assessed with regard to their impact on the amenity, character and appearance of the area. Where relevant, assessment will include reference to the Council's Planning Application Advice Notes Supplementary Guidance.

### **Policy 28 - Conservation Areas**

Proposals for development within or affecting the setting of a conservation area, are to preserve or enhance the character and appearance of the area. In assessing such proposals regard will be had to any relevant Conservation Area Appraisals or other information relating to the historic or architectural value of the conservation area. Where the demolition of an unlisted building is proposed, consideration will be given to the contribution the building makes to the character and appearance of the conservation area. If such a building makes a positive contribution to the area, there will be a presumption in favour of retaining it. Proposals for demolition will not be supported in the absence of a planning application for a replacement development that preserves or enhances the character and appearance of the conservation area.

### **Policy 27 - Tourism Development**

Proposals for change of use of tourism related facilities will only be supported where it can be demonstrated that they are no longer viable as a business in their current use.

Development of tourism related facilities will be supported in appropriate locations where:

- a it avoids adverse impact on the amenity and operation of existing and adjacent uses;
- b major trip-generating proposals can be accessed by sustainable means; and
- c it is appropriately designed for its location and avoids significant adverse impact on the green network and historic buildings and places.

## **2014 INVERCLYDE LOCAL DEVELOPMENT PLAN**

At the time of application submission, the 2014 Inverclyde Local Development Plan formed part of the Development Plan against which planning applications required to be assessed.

### **Policy RES1 - Safeguarding the Character and Amenity of Residential Areas**

The character and amenity of residential areas, identified on the Proposals Map, will be safeguarded and where practicable, enhanced. Proposals for new residential development will be assessed against and have to satisfy the following criteria:

- (a) compatibility with the character and amenity of the area;
- (b) details of proposals for landscaping;
- (c) proposals for the retention of existing landscape or townscape features of value on the site;
- (d) accordance with the Council's adopted roads guidance and Designing Streets, the Scottish Government's policy statement;
- (e) provision of adequate services; and
- (f) having regard to Supplementary Guidance on Planning Application Advice Notes.

### **Policy HER1 - Development which Affects the Character of Conservation Areas**

Development proposals which affect conservation areas will be acceptable where they are sympathetic to the character, pattern of development and appearance of the area. Such proposals will be assessed having regard to Historic Scotland's SHEP and "Managing Change in the Historic Environment" guidance note series.

### **Policy ECN6 - Tourist Facilities and Accommodation**

The provision of new or extended tourist facilities and accommodation, including caravan parks, will be assessed against the following criteria:

- (a) impact on amenity and landscape (adjoining properties, natural and built heritage and environmental resources);
- (b) standard of design;
- (c) impact of traffic generation, access, parking and road safety ;
- (d) accessibility by public transport; and
- (e) social and economic benefit.

### **CONSULTATIONS**

**Head of Service – Roads and Transportation** – No objections.

### **PUBLICITY**

The application was advertised in the Greenock Telegraph on 23<sup>rd</sup> August 2019.

### **SITE NOTICES**

The nature of the proposal did not require a site notice.

### **PUBLIC PARTICIPATION**

Eleven representations were received from nine individuals, ten in support and one which makes several observations. The points in support of the application are that:

- The operation of the let is not causing parking or noise issues.
- Considerable investment was made by the applicants in the property.
- The operation supports local businesses and brings tourists to the town

The representation makes the following points:

- The person concerned was not approached about the proposal.
- Could a personal consent be granted to the applicant or could it operate for a 3 year period? If not, the following concerns apply:
  - The short term let operation could be purchased as a going concern and run by others. without an interest in control of who resides in the building.
  - Potential use of associated garden area for anti-social activity.
  - On-street parking spaces are at a premium at night.
  - The operation of a business activity detracts from the character of the Conservation Area.
  - Potential precedent for the use of former washhouses.
  - The letters of support have been prompted to support the present Airbnb operation and do not address the potential implications.

## ASSESSMENT

The material considerations in determination of this application are the Inverclyde Local Development Plan (LDP), the consultation reply, the planning history of the site, the representations and the impact on residential amenity. Whilst noting the contents of the supporting statement and submissions in support of the proposal, it is important to remember that the application is specifically in respect of removing the condition tying the use of the outbuilding to the associated flatted dwelling. The Airbnb use of the outbuilding is unauthorised and potentially subject to enforcement action.

The application site is located within a mainly residential area under Policy 20 of the LDP. This policy requires that proposals for development within residential areas be assessed with regard to their impact on the amenity, character and appearance of the area. It is also located within a conservation area under Policy 28. This policy requires that proposals are to preserve or enhance the character and appearance of the area. In assessing such proposals regard will be had to any relevant Conservation Area Appraisals or other information relating to the historic or architectural value of the conservation area. The Greenock West End Conservation Area was subject to a Conservation Area Appraisal in March 2016. It recommended that new development should be in accord with the prevailing form of historic development, including the scale, massing and historic layout of buildings. Policy 1 requires proposals to have regard to the six qualities of successful places. In preparing development proposals, consideration must be given to the factors set out in Figure 3. Finally, Policy 27, which the applicant has referred to, addresses tourism proposals, setting criteria for their acceptability comprising of a. it avoids adverse impact on the amenity and operation of existing and adjacent uses; b. major trip-generating proposals can be accessed by sustainable means; and c. it is appropriately designed for its location and avoids significant adverse impact on the green network and historic buildings and places.

The determining factor is whether or not the condition should be removed, thus allowing the outbuilding to be occupied independently of the associated flat, and whether or not this would impact on the amenity, character and appearance of this part of the Conservation Area, and whether or not it would preserve or enhance its conservation area characteristics.

This part of the Conservation Area is defined by substantial buildings set within very generous garden grounds. A considerable number of the buildings which were substantial mansions, have been subdivided into flatted properties, with each having its own dedicated garden ground. These grounds, however, are still of substantial size relative to the more contemporary flatted developments.

This proposal seeks to divorce the outbuilding from the associated flatted dwelling, allowing it to be occupied as an independent unit. Approval of such a proposal would create a new planning unit of a wholly disproportionately smaller size to the established pattern of development within this part of the Conservation Area. Furthermore independent occupation of the outbuilding, for whatever use and by whatever party, would lead to an intensification of the use of the property and comings and goings beyond what is reasonably expected of the currently sub-divided former villa. This would be to the detriment of the amenity of existing neighbouring properties with respect to noise and activity. The current unauthorized Airbnb use is illustrative of what could occur. Although currently being run by the present occupier of the associated flatted property, a future owner could easily sell the business on as a going concern to others not resident in the flat who may have a less sympathetic approach to neighbouring proprietors.

I therefore consider that the proposal would be to the detriment of the amenity and character of the area were it to proceed, and that the proposal is thus contrary to the aims of Policies 20 and 28 of the LDP. It follows that it would not result in a successful place under Policy 1 as it could create conflict between adjacent uses, particularly in respect of noise.

It remains to be considered, however, if there are any other material considerations which suggest that planning permission should be granted, notwithstanding my conclusion in the assessment of the LDP. In this connection I firstly turn to the applicant's supporting statement.

Policy 27 of the LDP is mentioned by the applicant in support of the proposal. I regard this, however, as irrelevant to assessment of the merits of the proposal. Notwithstanding the present unauthorized operation, the application is not in respect of an Airbnb operation but rather the deletion of a condition tying the occupation of the outbuilding to the associated flatted dwelling. Other matters raised such as the perceived benefits to the local economy, the level of activity, the support of neighbours for the proposed use of the outbuilding, the outbuilding remaining with the title deeds of the associated flat, the management of the proposed operation and the Council's attitude to short term lets are also irrelevant. It is also claimed that there is ample on-street parking. Although this is not the view of one of the individuals who has written in connection with the application, I note that the Head of Service – Roads and Transportation has no objection to the proposal.

Turning to the representations and those points not already addressed, neither a personal nor a time limiting consent for the removal of the condition would be appropriate. If it is considered that separation of the outbuilding from the associated flatted dwelling is acceptable on these grounds then it would be perverse to even try to reinstate an association at some future point. I acknowledge the concerns over potential future use of the shared garden area. I also note concerns about a precedent being set for similar former washhouses and whilst I have some sympathy for this point of view each application has to be considered on merit.

Overall I find that there are no material considerations which suggest that there are grounds which support removal of the restrictive condition preventing the operation of the outhouse independent of the associated flatted dwelling. To lift the restriction could result in a level of activity not typically associated with the flatted dwelling and accordingly would have the potential to cause undue disturbance to neighbouring amenity, contrary to the aims of Policy 20 of the LDP. The creation of a new, wholly disproportionately smaller size planning unit in the context of the established pattern of development would neither preserve nor enhance the character and appearance of the Conservation Area and would therefore be contrary to the aims of Policy 28 of the LDP. It follows that it would not result in a successful place under Policy 1 due to the potential for conflict between adjacent uses, particularly in respect of noise and activity.

The above policy assessment continues the approach of the 2014 Local Development Plan in seeking to safeguard residential amenity under Policy RES1 and to achieve development sympathetic to the character, pattern of development and appearance of the area under Policy HER1.

## **RECOMMENDATION**

That the application be refused for the following reasons:

1. That withdrawal of condition 2 of planning permission 17/0136/IC would result in a planning unit of disproportionately smaller size in the context of this part of the Greenock West End Conservation Area, to the detriment of the character of the area under Policy 28 of the Inverclyde Local Development Plan.
2. That the potential usage of this smaller planning unit, independent of the associated flatted dwelling, could result in the creation of additional activity, noise and on-street parking to the detriment of the residential amenity of the area, contrary to the aims of Policy 20 of the Inverclyde Local Development Plan.
3. That the proposal accordingly would not result in a successful place, contrary to the aims of Policy 1 of the Inverclyde Local Development Plan.

**Subject:** Re 66 Union st planning application 19/0197/IC

I support this application as my neighbour's are responsible people who have spent a lot of money restoring a dilapidated outbuilding a lot of money was spent on this project. It makes no impact to me as a neighbour at 70 Union st it does not effect parking or noise in the street.

Regards  
Claire and Danny McLaughlin

# Ryden

**Mr & Mrs P Arhimandritis 66 Union Street**

1 message

9 July 2019 at 19:29

Hi,

I am writing to confirm that my husband and I support Mr & Mrs Arhimandritis's application to advertise their outbuilding on Airbnb. It has had no impact on anything what so ever, to the point that until recently, we didn't even realise that they had the outbuilding on Airbnb. There has been no noise or parking issues. I would recommend that their application be approved.

*Kind regards,*

*Moira & Bryn Hopper  
68b Union Street  
Greenock  
PA16 8BL*

Dear Sir,

We, Mr and Mrs Raphaël Albarracin residing at 66a Union Street , would like to express our support for the use of the former outbuilding at No 66 Union Street as a rented property targeting visitors/tourists.

We know the property has been let out for around six months. During that time, there has been absolutely no impact on us. As a courtesy, Mr and Mrs Arhimandritis asked us if we would mind the property being let out. Even as the only neighbours who could be directly affected by this, we had absolutey no problem with them letting the property out. On the contrary, we were both 100% supportive. It has had no negative impact on us whatsoever and we have in fact very much enjoyed talking with many of their guests.

I fail to understand how any one could be against this type of venture as we all should embrace this type of activity to help stimulate the local economy, bring tourists and visitors to the town to support local businesses.

We very much hope that the Council will look favourably on their application and support this business venture.

Yours faithfully

Mr and Mrs Albarracin

# **Comments for Planning Application 19/0197/IC**

## **Application Summary**

Application Number: 19/0197/IC

Address: 66 Union Street Greenock PA16 8BL

Proposal: Removal of Condition No. 2 of planning permission 17/0136/IC

Case Officer: David Ashman

## **Customer Details**

Name: Mrs lisa albarracin

Address: 66A UNION STREET GREENOCK

## **Comment Details**

Commenter Type: Neighbour

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: My husband and I would like to express our full support for this planning application. As the only neighbours who could be directly affected by this, we have absolutely no problem with this planning application. On the contrary, we are both 100% supportive. It has had no negative impact on us whatsoever and we have in fact very much enjoyed talking with many of their guests.

We all should embrace this type of activity to help stimulate the local economy, bring tourists and visitors to the town to support local businesses.

**FAO: Mr David Ashman**  
**Private and Confidential**

Dear Sir

**Application Number 19/0197/IC – 66 Union Street**

I am the owner/occupier of 64 Union Street, which forms the top flat above number 66 and the properties have parallel gardens separated by a fence. The dwelling is a category "B" listed former villa in the Greenock West End Conservation Area. With reference to the Neighbour Notification regarding the above application for planning permission, I wish to submit the following comments:-

1. For the record the Planning Statement in Support of the Planning Application, submitted by Ryden, states in the Background paragraph that "prior to letting out the property, my clients sought permission from their direct neighbours in advance of listing the outhouse and without exception, all expressed their support". In my case this is not true, I had no prior discussions with my neighbours regarding the short term letting of their outhouse. Mr and Mrs Arhimandritis have now apologised to me and explained that each thought the other had spoken to me, following their request that I provide some supportive comments to their application.
2. I have now discussed the management of the property and how it is currently let on Airbnb with my neighbours and they have advised me that they intend to let the outbuilding for maximum period of 3 years, to recoup some of the money spent on the refurbishment, after which it will revert to a family room. While I acknowledge that there have been no issues to date arising from the short term letting of the outbuilding, I have expressed some concerns regarding the implications for the longer term, if the application is granted. Namely, that if my neighbours sell their home and business then subsequent owners may not operate it to the same high standards, which could lead to problems of an anti-social behaviour nature. My neighbours have consulted Ryden and they have advised that planning permission could be either granted for a fixed period of 3 years or exclusively in the name of Mr and Mrs Arhimandritis to operate short term lets. If Condition Number 2 could be amended to be exclusively in the name of Mr and Mrs Arhimandritis, to operate short term lets for a maximum period of 3 years and the outbuilding remains within the title deeds of the main door flat at 66 Union Street, then I would support my neighbour's proposal. If it is not possible to thus amend Condition Number 2, then the following paragraphs outline my concerns if it is removed.
3. It is my understanding from the Decision Notice that Condition Number 2 of Planning Permission was imposed to control the use of the building in the interests of residential amenity. The removal of this condition could allow the title to the outbuilding to be separated from the associated property and subsequently sold as a short term letting business. If this happened then it could be purchased as a business opportunity by an absentee landlord, operated with a key safe and maintained using local housekeeping services. This scenario would certainly not be in the interests of the local residents. In the event of nuisance and anti-social behaviour it would be difficult, if not impossible for the neighbours or Community Wardens to make contact with the landlord. Anti-social behaviour could include noise and disturbance, destructive acts and littering by guests. There could also be an associated loss of privacy for the residents.

4. If the outbuilding was sold as a short term letting business, then it is possible that part of the large garden belonging to my neighbours could be included in the sale. Indeed, on Airbnb the garden is currently advertised as a perfect place to "relax at the end of the day with a glass of vino". Some guests could be visiting family or friends in the area and may see this as a perfect place to host a garden party, with the potential of damage to the fence separating the gardens or residents property.
5. The Planning Statement in Support of the Planning Application states that "there is ample on-street parking on Union Street". Due to the number of properties in the area, with a large number of flatted properties, parking places are at a premium especially at night after office hours.
6. Conservation Areas are "areas of special or historic interest the character or appearance of which it is desirable to preserve or enhance". The operation of business activities from private dwelling houses distracts from the distinct character of the Conservation Area. Due to the nature of the properties in the Greenock West End Conservation Area many will have similar outbuildings. Indeed, my neighbour's outbuilding is the former washhouse of the villa, when it was occupied as one house. If the removal of Condition Number 2 of Planning Permission is granted for this outbuilding, then it may encourage other property owners to apply for permission to convert their outbuildings and subsequently sell them as a short term letting business. This could lead to the operation of numerous short term letting businesses being run by absentee landlords, with associated nuisance and anti-social behaviour problems, which would destroy the character of this unique conservation area.
7. As I advised in Point Number 1 above, my neighbours requested that I provide some supportive comments to their application and indeed the Planning Statement in Support of the Planning Application indicates that there are a number of letters of support from neighbours attached as part of the application. Indeed, it also contains a letter of support from a local businessman, Antony Bonatti, Director of Tonino's Pizzeria Ltd. This concentrates on the tourism aspects and the current well run operation of the Airbnb. It is my view that neighbours and businesses have simply been asked to support the operation of the Airbnb and they do not appreciate or have not investigated what the potential implications are, as I have listed above, of the removal of Condition Number 2 of Planning Permission.

I am happy to be contacted if you require any further information or wish to clarify any of the comments made.

Yours faithfully

**5. DECISION NOTICE DATED 20 SEPTEMBER 2019  
ISSUED BY HEAD OF REGENERATION &  
PLANNING**

# DECISION NOTICE

Inverclyde  
council

## *Refusal of Planning Permission*

Issued under Delegated Powers

Regeneration and Planning  
Municipal Buildings  
Clyde Square  
Greenock PA15 1LY

Planning Ref: 19/0197/IC

Online Ref:100175343-001

*TOWN AND COUNTRY PLANNING (SCOTLAND) ACT 1997  
TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT PROCEDURE)  
(SCOTLAND)REGULATIONS 2013*

Mrs Clare Arhimandritis  
66 Union Street  
GREENOCK  
PA16 8BL

Ryden  
Ged Hainey  
130 St Vincent Street  
GLASGOW  
G2 5HF

With reference to your application dated 1st August 2019 for planning permission under the above mentioned Act and Regulation for the following development:-

**Removal of Condition No. 2 of planning permission 17/0136/IC at**

**66 Union Street, Greenock**

**Category of Application: Local Application Development**

The INVERCLYDE COUNCIL in exercise of their powers under the abovementioned Act and Regulation hereby refuse planning permission for the said development.

The reasons for the Council's decision are:-

1. That withdrawal of condition 2 of planning permission 17/0136/IC would result in a planning unit of disproportionately smaller size in the context of this part of the Greenock West End Conservation Area, to the detriment of the character of the area under Policy 28 of the Inverclyde Local Development Plan.
2. That the potential usage of this smaller planning unit, independent of the associated flatted dwelling, could result in the creation of additional activity, noise and on-street parking to the detriment of the residential amenity of the area, contrary to the aims of Policy 20 of the Inverclyde Local Development Plan.
3. That the proposal accordingly would not result in a successful place, contrary to the aims of Policy 1 of the Inverclyde Local Development Plan.

The reason why the Council made this decision is explained in the attached Report of Handling.

Dated this 20th day of September 2019

**Head of Regeneration and Planning**

- 1 If the applicant is aggrieved by the decision of the Planning Authority to refuse permission for or approval required by condition in respect of the proposed development, or to grant permission or approval subject to conditions, he may seek a review of the decision within three months beginning with the date of this notice. The request for review shall be addressed to The Head of Legal and Administration, Inverclyde Council, Municipal Buildings, Greenock, PA15 1LY.
  
- 2 If permission to develop land is refused or granted subject to conditions, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the planning authority a purchase notice requiring the purchase of his interest in the land in accordance with Part 5 of the Town and Country Planning (Scotland) Act 1997.

## Description of Proposal

Please provide a description of your proposal to which your review relates. The description should be the same as given in the application form, or as amended with the agreement of the planning authority: \*  
(Max 500 characters)

Removal of Condition No 2 from Planning Consent 17/0136/IC (See supporting statement)

## Type of Application

What type of application did you submit to the planning authority? \*

- Application for planning permission (including householder application but excluding application to work minerals).
- Application for planning permission in principle.
- Further application.
- Application for approval of matters specified in conditions.

What does your review relate to? \*

- Refusal Notice.
- Grant of permission with Conditions imposed.
- No decision reached within the prescribed period (two months after validation date or any agreed extension) – deemed refusal.

## Statement of reasons for seeking review

You must state in full, why you are seeking a review of the planning authority's decision (or failure to make a decision). Your statement must set out all matters you consider require to be taken into account in determining your review. If necessary this can be provided as a separate document in the 'Supporting Documents' section: \* (Max 500 characters)

Note: you are unlikely to have a further opportunity to add to your statement of appeal at a later date, so it is essential that you produce all of the information you want the decision-maker to take into account.

You should not however raise any new matter which was not before the planning authority at the time it decided your application (or at the time expiry of the period of determination), unless you can demonstrate that the new matter could not have been raised before that time or that it not being raised before that time is a consequence of exceptional circumstances.

See Supporting Statement submitted as part of Notice

Have you raised any matters which were not before the appointed officer at the time the Determination on your application was made? \*

Yes  No

If yes, you should explain in the box below, why you are raising the new matter, why it was not raised with the appointed officer before your application was determined and why you consider it should be considered in your review: \* (Max 500 characters)

Please provide a list of all supporting documents, materials and evidence which you wish to submit with your notice of review and intend to rely on in support of your review. You can attach these documents electronically later in the process: \* (Max 500 characters)

NOTICE OF REVIEW APPLICANT'S LIST OF DOCUMENTS & EVIDENCE (PAPER APART) Principal Documents ARH 1 Planning Application Form (Ref 9/0197/IC) ARH 2 Planning Consent (Ref 17/0136/IC) ARH 3 Location Plan and Existing & Proposed Plans and Elevations ARH 4 Planning Statement ARH 5 Planning Authority Decision Notice dated 20 September 2019 Related Supporting Documents ARH 6 Report of Handling by Case Officer (Dated 20th September 2019)

## Application Details

Please provide details of the application and decision.

What is the application reference number? \*

Ref 19/0197/IC

What date was the application submitted to the planning authority? \*

01/08/2019

What date was the decision issued by the planning authority? \*

20/09/2019

## Review Procedure

The Local Review Body will decide on the procedure to be used to determine your review and may at any time during the review process require that further information or representations be made to enable them to determine the review. Further information may be required by one or a combination of procedures, such as: written submissions; the holding of one or more hearing sessions and/or inspecting the land which is the subject of the review case.

Can this review continue to a conclusion, in your opinion, based on a review of the relevant information provided by yourself and other parties only, without any further procedures? For example, written submission, hearing session, site inspection. \*

Yes  No

In the event that the Local Review Body appointed to consider your application decides to inspect the site, in your opinion:

Can the site be clearly seen from a road or public land? \*

Yes  No

Is it possible for the site to be accessed safely and without barriers to entry? \*

Yes  No

If there are reasons why you think the local Review Body would be unable to undertake an unaccompanied site inspection, please explain here. (Max 500 characters)

Gate locked

## Checklist – Application for Notice of Review

Please complete the following checklist to make sure you have provided all the necessary information in support of your appeal. Failure to submit all this information may result in your appeal being deemed invalid.

Have you provided the name and address of the applicant?. \*

Yes  No

Have you provided the date and reference number of the application which is the subject of this review? \*

Yes  No

If you are the agent, acting on behalf of the applicant, have you provided details of your name and address and indicated whether any notice or correspondence required in connection with the review should be sent to you or the applicant? \*

Yes  No  N/A

Have you provided a statement setting out your reasons for requiring a review and by what procedure (or combination of procedures) you wish the review to be conducted? \*

Yes  No

Note: You must state, in full, why you are seeking a review on your application. Your statement must set out all matters you consider require to be taken into account in determining your review. You may not have a further opportunity to add to your statement of review at a later date. It is therefore essential that you submit with your notice of review, all necessary information and evidence that you rely on and wish the Local Review Body to consider as part of your review.

Please attach a copy of all documents, material and evidence which you intend to rely on (e.g. plans and Drawings) which are now the subject of this review \*

Yes  No

Note: Where the review relates to a further application e.g. renewal of planning permission or modification, variation or removal of a planning condition or where it relates to an application for approval of matters specified in conditions, it is advisable to provide the application reference number, approved plans and decision notice (if any) from the earlier consent.

## Declare – Notice of Review

I/We the applicant/agent certify that this is an application for review on the grounds stated.

Declaration Name: Mr GED HAINEY

Declaration Date: 16/12/2019

**Notice of Review Site: Site at 66 Union Street, Greenock**

**Notice of Review Proposal: Removal of Condition 2 No. 2 of  
Planning Permission 17/0136/IC**

**Applicant for Notice of Review: Panos and Clare Arhimandritis**

**Agent: McEwan Hainey, Planning & Development Consultants**

**LPA Ref: 19/0197/IC**

**NOTICE OF REVIEW APPLICANT'S STATEMENT (PAPER APART)**

(This document extends to 7 pages)

## **1. Introduction**

McEwan Hainey, Planning & Development Consultants act on behalf of Mr & Mrs Arhimandritis, owners of the subject property, 66 Union Street, Greenock. In this capacity, we are submitting a Notice of Review to Inverclyde's Local Review Board. This is against the decision of the Council's Planning Service under delegated power's to refuse a planning application(Planning Ref 19/0197/IC) under Section 42 of the act to remove a restrictive condition from a planning consent (Planning Ref 17/0136/IC).

## **2. The Application Site**

There are a range of flatted properties in the vicinity, both subdivided former villas and more modern purpose-built flats. The property sits within the wider Greenock West End Conservation Area.

The subject site comprises of a category "B" listed detached dwelling which has been subdivided into flats. The appellants' own and live in the main door flat and also own a small outbuilding, attached to the north-western side elevation of the main house. This cannot be seen from Union Street, as it is located to the rear of a high stone wall and gate.

The outbuilding sits low relative to street level and comprises a stone built structure with two roof lights on the north-west facing roof slope. The building benefits from having a designated access gate from Union Street leading to the property's front door. There is also a door to the rear garden.

Internally, the accommodation consists of only one bedroom and shower room.

## **3. Planning History**

The property has been the subject of various planning and listed building applications. Those pertinent to this case are:

Removal of Condition No. 2 of planning permission 17/0136/IC | 66 Union Street Greenock PA16 8BL (see Document ARH 1 Planning Application (Ref 19/0197/IC)

Proposed upgrading works to outbuilding at 66 Union Street, Greenock (see Document ARH 2 – Planning Consent (Ref 17/0136/IC)).

#### **4. Background**

The applicants' have lived and owned the subject property since 2006.

In 2017/2018 the applicants' secured consent for and implemented a £25k project to refurbish the outbuilding which is the subject of this review. Their restoration of this part of the listed building (which is located within a conservation area) protects the building for future generations. In exercising a duty of care to their home (through this work) the applicants' have clearly demonstrated that they are responsible home owners. The outbuilding will remain within the title deeds of the main door flat at 66 Union St.

Prior to letting out the property, the applicant's sought permission from their direct neighbours in advance of listing the outhouse, and without exception, all expressed their support. This is confirmed by the number of letters of support attached as part of the application. To recap, there were 11 representations, 10 of which were wholly positive, and only one representation made providing a number of 'observations'.

These observations included the comments on parking, potential for noise and antisocial behaviour etc. All of these points have been considered by the applicants' and through appropriate and robust management no detriment will result as a consequence of the removal of condition No 2 and use of the property for short term lets. Concern was raised about the option of selling the outbuilding as a separate business and this is discussed below.

The appellants' listed the outbuilding on Airbnb on 1 Feb 2019, and have hosted a number of visitors without any issues.

The applicants' now wish to regularise the planning matters relating to this property to allow them to continue with their Airbnb listing because they have enjoyed sharing their home and garden with guests from as far afield as Australia and India.

#### **5. Applicant's Reasons for submitting a Notice of Review**

The reasons for refusal set out within the Decision Notice, (Document ARH 5 Decision Notice) and the terms of the case officer's Report of Handling, (Document ARH 6 Report of Handling) show that there are no technical objections or obstacles to the approval of the proposal.

The reasons for refusal are founded on the following matters (summarised here), all of which involve the exercise of judgement:

- That the proposed development is contrary to the planning policies relating to the Greenock West End Conservation Area,
- Impact on residential amenity, and
- The proposal would not result in a successful place.

The applicants' submits that the Local Review Body is entitled to apply different judgement and therefore to reach a decision different to that of the case officer.

The applicants believe that there is sufficient supporting evidence for that view. That evidence is set out in the next section.

## **6. Supporting evidence**

### **6.1 Reason for Refusal 1**

That withdrawal of condition 2 of planning permission 17/0136/IC would result in a planning unit of disproportionately smaller size in the context of this part of the Greenock West End Conservation Area, to the detriment of the character of the area under Policy 28 of the Inverclyde Local Development Plan

#### **Applicant's Response**

Reason 1 for refusal notes the proposal would "*result in a planning unit of disproportionately smaller size in the context of this part of the Greenock West end Conservation Area...*" We would suggest that the planning unit is a somewhat academic notion when applied to the case in hand. The facts here are that there is a former outbuilding attached to a larger Victorian residential property. The outbuilding comprises one bedroom and shower room, and can be used for living in. The size of the planning unit really has no bearing here

In any case, what material impact does the size of a planning unit have? For example, a single detached domestic garage within the Greenock West End Conservation Area may be relatively small when compared to the large existing Victorian villas, but is not unacceptable simply because of its modest scale.

### **6.2 Reason for Refusal 2**

That the potential usage of this smaller planning unit , independent of the associated flatted dwelling could result in the creation of additional activity, noise and on-street parking to the detriment of the residential amenity of the area, contrary to the aims of Policy of Policy 1 of the Inverclyde Local Development plan.

#### **Applicant's Response:**

Reason no 2 is based on a false premise, the proposal has never been to have the existing outbuilding independently operating for the associated flat located in the adjacent main house.

Reason No 2 notes that the proposal "could result in the creation of additional activity, noise and on-street parking to the detriment of the residential amenity of the area, contrary to the aims of Policy of Policy 1 of the Inverclyde Local Development plan." However, the actual occupation of the property, whether by a visitor travelling on business; a tourist visiting the town; or a member of the appellants'/owners' families who occupy the property is irrelevant. The impact of any of those occupiers, occupying on a temporary or indeed permanent basis, would be minimal.

It is worth highlighting that to date there has been no record of any detriment whatsoever to the residential amenity currently enjoyed by adjacent occupiers.

Indeed, a number of the applicants' neighbours have written in support of the proposal. This suggests that there is no issue here.

There is ample on-street parking on Union Street and it is worth mentioning that the Council's own Transportation Service has no objection to the proposal.

Visiting members of the applicants' family/friends could visit Greenock by car, park on Union Street and use the available living accommodation located within the annex to the main building without any consents required. In our view, this suggested visiting by members of the applicant's family/friends and the proposed operation as detailed in the planning application and subsequent review, are to all intents and purposes the same thing.

The notion of the property being independent from the main house does not bear scrutiny. The short term letting of the property will be managed and monitored by the applicants' who live in the adjacent flat. The property will remain in the same ownership. There is no proposal for the annex building, which is the subject of this application, to be wholly independent or to form completely separate living accommodation detached from the adjacent flat.

## **6.2 Reason for Refusal 3**

That the proposal accordingly would not result in a successful place, contrary to the aims of Policy 1 of the Inverclyde Local Development Plan.

### **Applicant's Response**

The proposal will result in no significant detrimental impact to the residential amenity currently enjoyed by residents in the vicinity of the subject property. The applicants' believe the proposal is in accordance with Policy I of the Inverclyde Local Development Plan.

## **7. Observations on Report of Handling**

It is important to note that the proposed use of the building will in no way alter or change the physical character of the annex building, the adjacent Victorian mansion house nor the wider conservation area. The applicants' have already invested heavily in the property, bringing back into active use a disused, semi derelict annex building. The size of gardens will remain as is and there will be no change to the buildings fabric. Against this background, the applicants' do not consider that there is a downside to this proposal, rather, it will only have positive consequences.

Within the Report of handling, it is suggested that the proposal would result in an intensification of use. However, as shown above, the annex building can already be used by members of the applicants' extended families without limit or consent being required. The minimal impact of that category of occupier would be similar to that if the annex was being let on a short term basis to tourists or business visitors.

Furthermore, it is important to highlight the very strict management of the property and in particular the imposed house rules including:-

- 2 people max,
- No children/infants/pets,
- No parties,
- No smoking, and
- Quiet hours after 9pm.

With the applicants'/owners' also being on hand 24/7 it is highly unlikely to have any form of detrimental impact.

The current Local Development Plan was adopted 26 August 2019 and provides an updated policy context within which developments are assessed. With this in mind, the report of handling notes Policy 27 Tourism Development is irrelevant. However, the facts of the matter are that, as a consequence of the removal of condition No. 2, the applicant would aim to secure consent for use of the property as a short term let. The latter proposal cannot proceed without the removal of condition No 2. On the removal of condition No. 2, and subsequent approval to let on a short term basis to business visitors and tourists, there would be a positive impact on tourism in Greenock. The applicant's' believe this approach is consistent with the key aims of policy 27 – Tourism Development and indeed its corresponding policy in the current adopted local development plan.

The report of handling, on the one hand makes reference to the disproportionately smaller planning unit in comparison to the established Victorian houses. On the other hand the notion that separation from the main house, in planning use terms, would have a significant detrimental impact would appear to be inconsistent and unreasonable.

## **8. Request for Removal of Condition.**

Given the full and robust case provided above, the appellants believe that there is no justification for condition No 2 and it is therefore requested that condition No 2 be removed.

## **9. Potential Alternative Conditions**

The Planning officer's justification for Condition No 2 is to prevent the separation of or attempt to sell the outbuilding as a business. As a potential alternative, the appellant suggests a revised condition may be appropriate. For example –

***“The outbuilding shall remain, in planning use terms, as part of the larger planning unit comprising No 66 (Main Door Flat) Union Street and***

***associated outbuilding and within the title deeds of the main flat and cannot be separated or sold as an independent unit."***

The appellant would be willing to enter into legal agreement to support such a condition.

Also, given that there is already in place strict house rules regarding the number of people who can use the room, the applicant's suggest, to give further safeguards, a condition could be attached to any consent along the following lines: -

***"The subject property will not be used by more than two people at any given time."***

## **10. Conclusion**

Removal of Condition No. 2 will provide much needed short term accommodation (and investment) within an area well suited to this type of use.

The scale of the proposed use within its built environment sits well within its varied urban context; adding further short term accommodation to the area; boosting the areas appeal to visitors and tourists; and boosting the local economy. Quality short term accommodation in this area is at present somewhat lacking in this regard.

The proposals will have no significant detrimental impact on adjacent neighbours, as amply demonstrated by the level of local support for the proposals. An acceptable level of residential amenity will be enjoyed by future visitors.

For those reasons, the applicants' respectfully request that the Local Review Body, having reviewed all relevant matters, conclude that the applicant's proposal is reasonable and accordingly grant planning permission for Application 19/0197/IC

## Type of Application

What is this application for? Please select one of the following: \*

- Application for planning permission (including changes of use and surface mineral working).
- Application for planning permission in principle.
- Further application, (including renewal of planning permission, modification, variation or removal of a planning condition etc)
- Application for Approval of Matters specified in conditions.

Please give the application reference no. of the previous application and date when permission was granted.

Application Reference No: \*

17/0136/IC

Date (dd/mm/yyyy): \*

12/06/2017

## Description of Proposal

Please describe the proposal including any change of use: \* (Max 500 characters)

Removal of Condition No.2

Is this a temporary permission? \*

Yes  No

If a change of use is to be included in the proposal has it already taken place?

Yes  No

(Answer 'No' if there is no change of use.) \*

Has the work already been started and/or completed? \*

No  Yes – Started  Yes - Completed

## Applicant or Agent Details

Are you an applicant or an agent? \* (An agent is an architect, consultant or someone else acting on behalf of the applicant in connection with this application)

Applicant  Agent

## Pre-Application Discussion

Have you discussed your proposal with the planning authority? \*

Yes  No

## Pre-Application Discussion Details Cont.

In what format was the feedback given? \*

Meeting  Telephone  Letter  Email

Please provide a description of the feedback you were given and the name of the officer who provided this feedback. If a processing agreement [note 1] is currently in place or if you are currently discussing a processing agreement with the planning authority, please provide details of this. (This will help the authority to deal with this application more efficiently.) \* (max 500 characters)

Discussed in general terms application process.

Title:

Mr

Other title:

Mr

First Name:

David

Last Name:

Ashman

Correspondence Reference  
Number:

Date (dd/mm/yyyy):

10/07/2019

Note 1. A Processing agreement involves setting out the key stages involved in determining a planning application, identifying what information is required and from whom and setting timescales for the delivery of various stages of the process.

## Site Area

Please state the site area:

100.00

Please state the measurement type used:

Hectares (ha)  Square Metres (sq.m)

## Existing Use

Please describe the current or most recent use: \* (Max 500 characters)

Short term residential holiday letting

## Access and Parking

Are you proposing a new altered vehicle access to or from a public road? \*

Yes  No

If Yes please describe and show on your drawings the position of any existing. Altered or new access points, highlighting the changes you propose to make. You should also show existing footpaths and note if there will be any impact on these.

Are you proposing any change to public paths, public rights of way or affecting any public right of access? \*

Yes  No

If Yes please show on your drawings the position of any affected areas highlighting the changes you propose to make, including arrangements for continuing or alternative public access.

How many vehicle parking spaces (garaging and open parking) currently exist on the application Site?

0

How many vehicle parking spaces (garaging and open parking) do you propose on the site (i.e. the Total of existing and any new spaces or a reduced number of spaces)? \*

0

Please show on your drawings the position of existing and proposed parking spaces and identify if these are for the use of particular types of vehicles (e.g. parking for disabled people, coaches, HGV vehicles, cycles spaces).

## Water Supply and Drainage Arrangements

Will your proposal require new or altered water supply or drainage arrangements? \*

Yes  No

Do your proposals make provision for sustainable drainage of surface water?? \* (e.g. SUDS arrangements) \*

Yes  No

Note:-

Please include details of SUDS arrangements on your plans

Selecting 'No' to the above question means that you could be in breach of Environmental legislation.

Are you proposing to connect to the public water supply network? \*

- Yes  
 No, using a private water supply  
 No connection required

If No, using a private water supply, please show on plans the supply and all works needed to provide it (on or off site).

## Assessment of Flood Risk

Is the site within an area of known risk of flooding? \*

Yes  No  Don't Know

If the site is within an area of known risk of flooding you may need to submit a Flood Risk Assessment before your application can be determined. You may wish to contact your Planning Authority or SEPA for advice on what information may be required.

Do you think your proposal may increase the flood risk elsewhere? \*

Yes  No  Don't Know

## Trees

Are there any trees on or adjacent to the application site? \*

Yes  No

If Yes, please mark on your drawings any trees, known protected trees and their canopy spread close to the proposal site and indicate if any are to be cut back or felled.

## All Types of Non Housing Development – Proposed New Floorspace

Does your proposal alter or create non-residential floorspace? \*

Yes  No

## Schedule 3 Development

Does the proposal involve a form of development listed in Schedule 3 of the Town and Country Planning (Development Management Procedure (Scotland) Regulations 2013) \*

Yes  No  Don't Know

If yes, your proposal will additionally have to be advertised in a newspaper circulating in the area of the development. Your planning authority will do this on your behalf but will charge you a fee. Please check the planning authority's website for advice on the additional fee and add this to your planning fee.

If you are unsure whether your proposal involves a form of development listed in Schedule 3, please check the Help Text and Guidance notes before contacting your planning authority.

## Planning Service Employee/Elected Member Interest

Is the applicant, or the applicant's spouse/partner, either a member of staff within the planning service or an elected member of the planning authority? \*

Yes  No

## Certificates and Notices

CERTIFICATE AND NOTICE UNDER REGULATION 15 – TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT PROCEDURE) (SCOTLAND) REGULATION 2013

One Certificate must be completed and submitted along with the application form. This is most usually Certificate A, Form 1, Certificate B, Certificate C or Certificate E.

Are you/the applicant the sole owner of ALL the land? \*

Yes  No

Is any of the land part of an agricultural holding? \*

Yes  No

## Certificate Required

The following Land Ownership Certificate is required to complete this section of the proposal:

Certificate A

# Land Ownership Certificate

Certificate and Notice under Regulation 15 of the Town and Country Planning (Development Management Procedure) (Scotland) Regulations 2013

Certificate A

I hereby certify that –

(1) - No person other than myself/the applicant was an owner (Any person who, in respect of any part of the land, is the owner or is the lessee under a lease thereof of which not less than 7 years remain unexpired.) of any part of the land to which the application relates at the beginning of the period of 21 days ending with the date of the accompanying application.

(2) - None of the land to which the application relates constitutes or forms part of an agricultural holding

Signed: Ged Hailey

On behalf of: Mrs Clare Arhimandritis

Date: 31/07/2019

Please tick here to certify this Certificate. \*

## Checklist – Application for Planning Permission

Town and Country Planning (Scotland) Act 1997

The Town and Country Planning (Development Management Procedure) (Scotland) Regulations 2013

Please take a few moments to complete the following checklist in order to ensure that you have provided all the necessary information in support of your application. Failure to submit sufficient information with your application may result in your application being deemed invalid. The planning authority will not start processing your application until it is valid.

a) If this is a further application where there is a variation of conditions attached to a previous consent, have you provided a statement to that effect? \*

Yes  No  Not applicable to this application

b) If this is an application for planning permission or planning permission in principle where there is a crown interest in the land, have you provided a statement to that effect? \*

Yes  No  Not applicable to this application

c) If this is an application for planning permission, planning permission in principle or a further application and the application is for development belonging to the categories of national or major development (other than one under Section 42 of the planning Act), have you provided a Pre-Application Consultation Report? \*

Yes  No  Not applicable to this application

Town and Country Planning (Scotland) Act 1997

The Town and Country Planning (Development Management Procedure) (Scotland) Regulations 2013

d) If this is an application for planning permission and the application relates to development belonging to the categories of national or major developments and you do not benefit from exemption under Regulation 13 of The Town and Country Planning (Development Management Procedure) (Scotland) Regulations 2013, have you provided a Design and Access Statement? \*

Yes  No  Not applicable to this application

e) If this is an application for planning permission and relates to development belonging to the category of local developments (subject to regulation 13. (2) and (3) of the Development Management Procedure (Scotland) Regulations 2013) have you provided a Design Statement? \*

Yes  No  Not applicable to this application

f) If your application relates to installation of an antenna to be employed in an electronic communication network, have you provided an ICNIRP Declaration? \*

Yes  No  Not applicable to this application

g) If this is an application for planning permission, planning permission in principle, an application for approval of matters specified in conditions or an application for mineral development, have you provided any other plans or drawings as necessary:

- Site Layout Plan or Block plan.
- Elevations.
- Floor plans.
- Cross sections.
- Roof plan.
- Master Plan/Framework Plan.
- Landscape plan.
- Photographs and/or photomontages.
- Other.

If Other, please specify: \* (Max 500 characters)

Planning Statement

Provide copies of the following documents if applicable:

- |  |  |
|--|--|
| A copy of an Environmental Statement. *  | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> N/A |
| A Design Statement or Design and Access Statement. *                                   | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> N/A |
| A Flood Risk Assessment. *   | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> N/A |
| A Drainage Impact Assessment (including proposals for Sustainable Drainage Systems). * | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> N/A |
| Drainage/SUDS layout. *  | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> N/A |
| A Transport Assessment or Travel Plan  | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> N/A |
| Contaminated Land Assessment. *  | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> N/A |
| Habitat Survey. *  | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> N/A |
| A Processing Agreement. *  | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> N/A |

Other Statements (please specify). (Max 500 characters)

## Declare – For Application to Planning Authority

I, the applicant/agent certify that this is an application to the planning authority as described in this form. The accompanying Plans/drawings and additional information are provided as a part of this application.

With reference to your application dated 02.05.2017 for planning permission under the abovementioned Act and Regulation for the following development:-

### **Proposed upgrading works to outbuilding at**

**66 Union Street, Greenock**

### **Category of Application: Local Application Development**

The INVERCLYDE COUNCIL in exercise of their powers under the abovementioned Act and Regulation hereby grant planning permission for the said development in accordance with the plan(s) docquetted as relative hereto and the particulars given in the application.

In compliance with Section 58 of the Town and Country Planning (Scotland) Act, 1997 this permission is granted subject to the condition that the development to which it relates must be begun not later than the expiration of 3 years beginning with the date of this permission.

Permission is issued subject to the following conditions:

1. That prior to the commencement of development, confirmation shall be submitted to and approved in writing by the Planning Authority of the colour of the fibreglass section of the roof, the doors and the window frames.
2. That the outbuilding shall not be occupied independently of the associated flatted property at any time.

The foregoing conditions are imposed by the Council for the following reasons:-

1. In the interests of the character of the listed building.
2. To control the use of the building in the interests of residential amenity.

**The reason why the Council made this decision is as follows:**

The development is considered to comply with Development Plan policies.

**Dated this 12th day of June 2017**

**Head of Regeneration and Planning**

- 1 If the applicant is aggrieved by the decision of the Planning Authority to refuse permission for or approval required by condition in respect of the proposed development, or to grant permission or approval subject to conditions, he may seek a review of the decision within three months beginning with the date of this notice. The request for review shall be addressed to The Head of Legal and Administration, Inverclyde Council, Municipal Buildings, Greenock, PA15 1LY.
  
- 2 If permission to develop land is refused or granted subject to conditions, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the planning authority a purchase notice requiring the purchase of his interest in the land in accordance with Part 5 of the Town and Country Planning (Scotland) Act 1997.

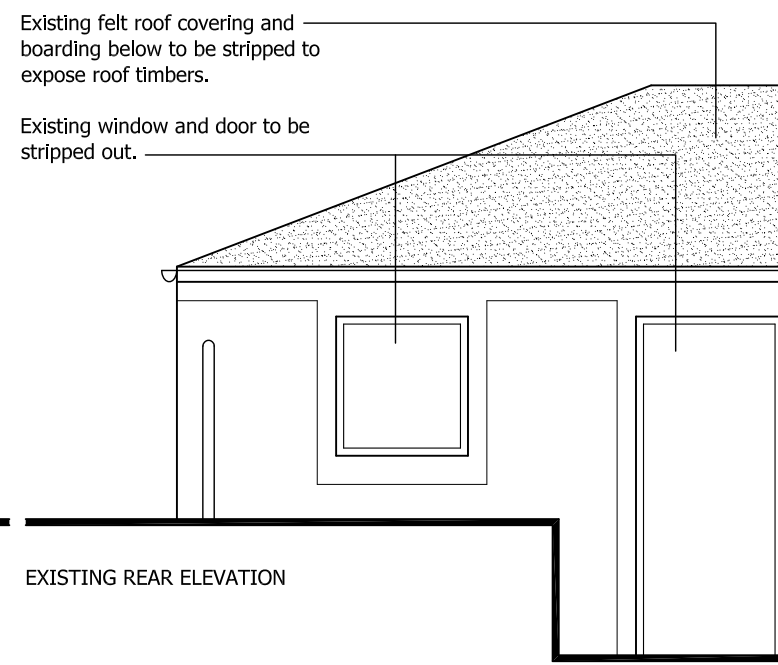

**Approved Plans: Can be viewed Online at <http://planning.inverclyde.gov.uk/Online/>**

<b>Drawing No:</b>	<b>Version:</b>	<b>Dated:</b>
17-036-PL-002		01.05.2017
17-036-PL-001		01.05.2017

Appended to this decision notice are two forms: a "commencement of development form" and a "completion of development form". You are required to submit the former notice before starting work. Failure to do so is a breach of planning control under Section 123(1) of the Town and Country Planning (Scotland) Act 1997. You are required to submit the latter notice as soon as practicable after completion of the development. If a third form has been appended, a "form of notice to be displayed while development is in progress" you are required to display this in a prominent place at or in the vicinity of the site of the development; it must be readily visible to the public, and it must be printed on durable material. It is a breach of planning control not to display such a notice if required.

# **Planning Statement in Support of Planning Application (Under Section 42 of the Act) to Use Out Building as Short Term Rented Accommodation (Retrospective)**

**Site: 66 Union Street, Greenock**

**Client: Panos and Clare Arhimandritis**

## **Introduction**

Ryden acts on behalf of Mr & Mrs Arhimandritis, owners of the subject property, 66 Union Street, Greenock. In this capacity, we are submitting a planning application under Section 42 of the act to remove a restrictive condition from a planning consent (Planning Ref 17/0136/IC).

## **Site Description**

There are a range of flatted properties in the vicinity, both subdivided former villas and purpose-built more modern flats. The property sits within the wider Greenock West End Conservation Area.

The application site comprises a category “B” listed detached dwelling which has been subdivided into flats. The applicants own and live in the main door flat and also own a small outbuilding, attached to the north-western side elevation of the main house. This cannot be seen from Union Street, as it is located to the rear of a high stone wall and gate.

The outbuilding sits low relative to street level and comprises a stone built structure with two rooflights on the north-west facing roof slope. The building benefits from having a designated access gate from Union Street leading to the property’s front door. There is also a door to the rear garden.

Internally, the accommodation consists of only a bedroom and shower room.

## **Planning History**

The property has been the subject of various planning and listed building applications. Those pertinent to this case are:

- Proposed upgrading works to outbuilding at 66 Union Street, Greenock (Planning Ref 17/0136/IC) (see Appendix 1 – Planning Consent).

## Background

My clients have lived and owned the subject property since 2006.

In 2017/2018 my clients spent £25k on the refurbishment of the outbuilding which is the subject of this application. My clients' restoration of this part of their listed building (which is located within a conservation area) protects the building for future generations. Importantly, this work demonstrates my clients are very responsible home owners and have exercised a duty of care to their home. The outbuilding will remain within the title deeds of the main door flat at 66 Union St.

Prior to letting out the property, my clients sought permission from their direct neighbours in advance of listing the outhouse, and without exception, all expressed their support. This is confirmed by the number of letters of support attached as part of this application. My clients listed the outbuilding on Airbnb on 1 Feb 2019, and in the last 6 months have hosted a number of visitors and have experienced no negative issues.

My clients wish to continue with their Airbnb listing because they have enjoyed sharing their home and garden with guests from as far afield as Australia and India.

## Proposal – Use of Property as Short Term Let.

This application, under Section 42 of the act, seeks to remove the restriction placed on the use of the outbuilding by Condition 2 of the consent, which states:

### Condition 2

*“That the outbuilding shall not be occupied independently of the associated flatted property at any time”.*

The reason for the imposition of the condition 2 was:

*“To control the use of the building in the interests of residential amenity”.*

My clients have inadvertently let the property, unaware of the implications of the restrictive condition. This application, if approved, will regularise the use of the outbuilding for short term tourist lets.

## Tourist Visitors to Property

As background, since the property has been let, a range of visitors from various places, including **Glasgow, Edinburgh, England, France, Germany, India and Australia have visited Greenock**. Table 1 below details the date, number of bookings and number of visitor days.

**Table 1 - Visitors**

Month	No of Bookings	No of Days
Feb	6 bookings	11 days
Mar	5 bookings	9 days
Apr	4 bookings	14 days
May	10 bookings	26 days
Jun	11 bookings	23 days

As can be seen from the table above, the continued use of the property as a short term tourist let will bring additional tourists to Greenock, which in turn will benefit the local economy and support local tourist attractions and businesses.

## Quality of Service

From a total of thirty six bookings between Feb-Jun 2019, there has been thirty five 5 star reviews. Sample reviews are noted below –

### Review 1

“This is a hidden gem! Spotlessly clean and presented to such a high standard. Hands down one of the best Airbnb’s we’ve stayed at. The hosts are lovely people, both Panos and Clare made us feel incredibly welcome offering suggestions of places to eat and things to see. Would love to come back and visit again x”

### Review 2

“Clare and Panos' place is lovely. The Garden Room is a beautiful studio - spotlessly clean, really nicely decorated and so cosy. It has everything you need really - cooking facilities (there's no hob, but with an oven and a microwave we managed perfectly fine), storage space, comfy furniture (especially the bed) - it's perfect for a 2-person getaway. Also the shower is AMAZING - honestly one of the best showers I've ever had, no exaggeration. I'd definitely recommend the Garden Room as a place to stay - cosy, comfy, clean, well-equipped and only an hour or so from beautiful Loch Lomond and the Trossachs. Clare and Panos are both lovely, really cool people to hang out with. They were so welcoming and helpful and gave us some great tips for places to eat and things to do. Thank you so much, we had a brilliant time :)”

### Review 3

“Perfect little place to stay. Clare and Panos were just Fab hosts, the place was clean, beautifully decorated, simple yet had everything we needed and the garden was just breathtaking. Home away from home, lovely neighbourhood with the sea just 3 mins walk way, shops and local restaurants near by. We absolutely loved this place and will be back for sure :)”

### Review 4

“Panos and Clare’s garden room is a real treasure! Can you see that the hosts (Clare and Panos) take true pride in turning a house into a home. From the moment we walked in we were welcomed into their home and their lives! An absolutely unforgettable stay here! Thank you! P.s Give Ollie a big head scratch for us!”

### Review 5

“We had the most amazing stay at Panos & Clare’s home. It was so relaxing and calming, it was perfect before we got married a few days later! Amazing hospitality! Thank so much for letting us stay in your home! Cheers!!!”

## Review 6

“You will find this place hard to beat. The stay at Panos & Clare’s lovey Home was just amazing. Every attention to detail was done to a very high standard. The home comforts Left nothing to be desired. Comfy bed/Loads of extra cushions & pillows. Everything you need in the kitchen area. An absolutely stunning Garden with superb privacy & Panos & Clare are on hand to help or advise on any aspect of your stay. They fully deserve a rating of super Hosts. Thank you so much for making us feel so welcome Panos & Clare. See you again soon..”

## Review 7

“Thanks ever so much guys for looking after us, The place is amazing, we both agreed that yours is the best Airbnb we have stayed at. And Panos that breakfast was amazing thanks very much for doing that as a special. It was almost like we had our own little flat but with an amazing garden. The decor is so homely and all the touches are amazing!!! I don’t want to spoil it too much as it really does have that wow factor!! Anyone who stays there will be more than happy!!!! Thanks again”

## Management of Property

The owners of the property (who live within the main door flat at No 66 Union Street adjacent to the property) have extensive experience in the hospitality industry. A robust management regime is implemented when letting the property. As part of this management regime, a number of key points, all aimed to ensure the smooth operation of the letting and minimise impact, are worth highlighting –

- The owners of the property are always on hand (24/7) when letting out the property.
- The owners have adopted a **“hands on” management approach,**
- **The accommodation is designed to cater for higher end, short stay tourist visitors.**
- The owners engage with their guests **(to the extent that visitors can eat with the occupier as guests).**
- The property is **only let to a maximum of two people at any given time;**
- All guests are **met on arrival and briefed on “house rules”,** which are noted in Table 2 below.

**Table 2 – House Rules - Restrictions**

House Rule	Restriction
1	2 adults max
2	No pets
3	No children
4	No parties/events
5	Quiet hours after 9pm
6	Respect the neighbours and property

My clients have experienced 100% compliance with these rules and have achieved 100% 5 star reviews from all their guests.

## Characteristics of Property

The scale and character of the property lends itself to short term letting. A number of factors pertinent to this case are worth highlighting -

- The building has its own **dedicated access** from the street;
- The building benefits from having both **private and shared garden ground/amenity space**;
- The use generates a minimum level of activity, and
- Increase in parking space demand will be minimal. There is ample on-street parking on Union Street.

## Planning Policy Context

Section 25 of the Act requires that proposals are assessed against the relevant planning policies detailed in the adopted Local Development Plan. Mindful that the Inverclyde Council Local Development Plan, June 2019 (As intended to adopt, as modified following receipt of Examination Report), will be adopted imminently, we have focussed on policies within this document. For ease of reference, the relevant council policies are noted followed by our considered response.

### Policy 1 – Creating Successful Places

Inverclyde Council requires all development to have regard to the six qualities of successful places. In preparing development proposals, consideration must be given to the factors set out in Figure 3. These are 1) Distinctive, 2) Adaptable, 3) Resource efficient, 4) Easy to move around, 5) Safe and pleasant, and 6) Welcoming. Where relevant, applications will also be assessed against the Planning Application Advice Notes Supplementary Guidance. These six factors are considered in detail below.

#### Distinctive

The policy requires that proposals contribute positively to historic buildings.

#### Response

The proposed use of part of the listed building will contribute positively to the historic building and conservation area by bringing it into active use part of a large detached listed property. The income generated will help maintain the listed building.

#### Adaptable

The policy aims to “ensure buildings and spaces can be adapted for a range of uses” and to “avoid creating buildings or spaces that will become neglected or obsolete.”

#### Response

Whilst the proposal does not involve the physical alteration of a building, the use does demonstrate that the building can be adapted for a range of uses. By introducing a new compatible use of the outbuilding, this will in turn bring into active use part of the building which otherwise will be void. It is reasonable to assert the proposal to use the property as a

short term holiday is entirely consistent with the key aims of Policy 1 – Creating Successful Places.

### Resource Efficient

The policy supports the use of existing buildings, built at higher density in towns and to provide space for the separation and collection of waste.

#### Response

The proposal brings back into active use part of a building, located within an urban setting and is therefore wholly consistent with the aims of being resource efficient.

### Easy to Move Around

The relevant part of this section notes that proposals should be well connected.

#### Response

The proposal will utilise existing footpath networks and is therefore consistent with the key aim of being well connected.

### Safe and Pleasant

The policy seeks to avoid conflict between adjacent uses.

#### Response

The use, which has operated successfully for the last 6 months, has and will continue to have no significant detrimental impact and is wholly compatible with adjacent uses.

This is demonstrated by the letters of support (see Appendix 1 – letters of support).

### Welcoming

The proposal seeks to integrate new development into existing communities.

#### Response

The use of the property for short term lets has been integrated into the community. Visitors do/will use existing local services and engage with the local community, on both a business basis (visiting restaurants etc) but also on a personal level. This engagement enhances the local community.

## Policy 20 – Residential Areas

Proposals for development within residential areas will be assessed with regard to their impact on the amenity, character and appearance of the area. Where relevant, assessment will include reference to the Council's Planning Application Advice Notes Supplementary Guidance.

### Response

The proposals have had and will continue to have no significant detrimental impact on the amenity of the area. Again, this assertion is supported by the level of supporting letters supplied by nearby/adjacent residents.

## Policy 27 – Tourism Development

Proposals for change of use of tourism related facilities will only be supported where it can be demonstrated that they are no longer viable as a business in their current use.

Development of tourism related facilities will be supported in appropriate locations where:

- a) It avoids adverse impact on the amenity and operation of existing and adjacent uses;
- b) Major trip-generating proposals can be accessed by sustainable means; and
- c) It is appropriately designed for its location and avoids significant adverse impact on the green network and historic buildings and places.

### Response

Policy 27 – Tourism and Development supports tourism related proposals provided it avoids adverse impact on the amenity and operation of existing and adjacent uses. Again, as demonstrated by the level of local support, we would suggest that the continued use of the property as a short terms tourist let is consistent with the key aim of Policy 27 Tourism Development.

## Letter of Support from Local Business

Antony Bonatti, Director of Tonino's Pizzeria Ltd stated –

*“Tourism is a great boost to my business and I consider it very much dependent on the tourism industry, with business from other hotels and airbnbs locally as well as holidaymakers visiting from cruise ships docked locally all through the summer season.*

*I met Clare and her husband Panos shortly after opening my pizzeria and am now lucky enough to consider them good friends, continually supporting my business and bringing friends to dine. I discovered they had started 'Airbnb' from their home when a number of guests to my restaurant told me they were sent by Panos and Clare as they were staying there and it was not a long distance to travel, also encouraged by rave reviews of my food!*

*I have visited the house and garden that Panos and Clare share with their guests and feel it is the epitome of a dream Airbnb getaway, furnished and decorated to a fantastically high standard.*

*I am sure that they would not wish to host any guests that may seem unattractive to the area, but can honestly say it's unlikely to be the target of groups of teens or party seeking*

*tenants who would more likely head to Glasgow for clubbing etc. Frankly, it's not why people come to this area.*

*I would love them to continue to host there home and look forward to sharing my restaurant with them and their guests for the future.”*

## **Other Material Considerations**

### *Support of Adjacent Occupiers*

Adjacent occupiers have submitted letters of support. These letters are clear and to the point, the use of the property as a short term let for tourists has no negative impact on the residential amenity currently enjoyed by residents. These letters support the assertion that the use of the property for short term holiday lets has no significant, material impact on the residential amenity currently enjoyed by the existing residents who occupy adjacent and nearby properties.

### *Short Term Tourist Lets and Property in Greenock*

The restrictive condition relates to only the outbuilding being used “*independently*”. However, it is worth noting that the use of the whole property as a holiday let would be permitted. Therefore, the principle of letting properties in this location is acceptable to Inverclyde Council, from a planning policy perspective.

### *Occupied Independently?*

Condition No 2 states “*the outbuilding shall not be occupied independently of the associated flatted property at any time.*” With this in mind, it is important to note the outbuilding will remain in the applicant’s ownership. It is also worth reiterating the owner’s reside in the main door flat of No 66 Union Street.

Furthermore, as noted above, a hands on management regime has been in place and will continue to be implemented when letting out the property. Against this background, it is questionable whether the proposal actually results in the property being occupied wholly independently. It could be argued that the property, if occupied by the owner’s family, could potentially be subject to less management and more independent in nature.

Regarding the proposed short term lets and the restrictive planning Condition No 2, it does seem perverse that my clients could let out part of their main door flat or indeed their whole property on a short term let basis, yet they cannot let out a very small part of their property on a short term.

### *Greenock’s Airbnb Listings*

There are a multitude of other properties listed on Airbnb located within Greenock and indeed within the vicinity of the subject property. It would appear from the listings that many of these short terms lets are located within subdivided properties.

The proposal, which forms the basis of this application, is very similar in character and scale to those other short term lets. My clients’ are therefore not asking to do anything which is different to what many other home owners in Greenock are doing.

## **Conclusion**

The use of the existing building as a short term tourist let has been in operation for around 6 months. During this time, there has been no significant detrimental impact on adjacent or nearby residents. On the contrary, a number of neighbours are fully supportive of the continued use of the building for short term lets to tourists.

The proposal is fully compliant with all relevant planning policies and its use as a short term holiday let will help support local businesses in Greenock and the wider Inverclyde area and will help promote Inverclyde as a tourist destination.

Given all of the above, it is safe to conclude the proposal is fully policy compliant and will make a positive contribution to the local economy and tourist industry within Greenock and the wider Inverclyde area.

We therefore respectfully request that this application to remove condition No 2 of the planning consent (Planning Ref 17/0136/IC) be approved.

Ged Hainey

31 July 2019

# DECISION NOTICE

## *Refusal of Planning Permission*

Issued under Delegated Powers

Regeneration and Planning  
Municipal Buildings  
Clyde Square  
Greenock PA15 1LY

Planning Ref: 19/0197/IC

Online Ref:100175343-001

***TOWN AND COUNTRY PLANNING (SCOTLAND) ACT 1997  
TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT PROCEDURE)  
(SCOTLAND)REGULATIONS 2013***

Mrs Clare Arhimandritis  
66 Union Street  
GREENOCK  
PA16 8BL

Ryden  
Ged Hainey  
130 St Vincent Street  
GLASGOW  
G2 5HF

With reference to your application dated 1st August 2019 for planning permission under the above mentioned Act and Regulation for the following development:-

**Removal of Condition No. 2 of planning permission 17/0136/IC at**

**66 Union Street, Greenock**

**Category of Application: Local Application Development**

The INVERCLYDE COUNCIL in exercise of their powers under the abovementioned Act and Regulation hereby refuse planning permission for the said development.

The reasons for the Council's decision are:-

1. That withdrawal of condition 2 of planning permission 17/0136/IC would result in a planning unit of disproportionately smaller size in the context of this part of the Greenock West End Conservation Area, to the detriment of the character of the area under Policy 28 of the Inverclyde Local Development Plan.
2. That the potential usage of this smaller planning unit, independent of the associated flatted dwelling, could result in the creation of additional activity, noise and on-street parking to the detriment of the residential amenity of the area, contrary to the aims of Policy 20 of the Inverclyde Local Development Plan.
3. That the proposal accordingly would not result in a successful place, contrary to the aims of Policy 1 of the Inverclyde Local Development Plan.

The reason why the Council made this decision is explained in the attached Report of Handling.

**Head of Regeneration and Planning**

- 1 If the applicant is aggrieved by the decision of the Planning Authority to refuse permission for or approval required by condition in respect of the proposed development, or to grant permission or approval subject to conditions, he may seek a review of the decision within three months beginning with the date of this notice. The request for review shall be addressed to The Head of Legal and Administration, Inverclyde Council, Municipal Buildings, Greenock, PA15 1LY.
  
- 2 If permission to develop land is refused or granted subject to conditions, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the planning authority a purchase notice requiring the purchase of his interest in the land in accordance with Part 5 of the Town and Country Planning (Scotland) Act 1997.

**REPORT OF HANDLING**

**Report By:** David Ashman

**Report No:** 19/0197/IC

**Local Application  
Development**

**Contact  
Officer:** 01475 712416

**Date:** 20<sup>th</sup> September 2019

**Subject:** Removal of Condition No. 2 of planning permission 17/0136/IC at  
66 Union Street, Greenock

**SITE DESCRIPTION**

The application site comprises a category "B" listed detached dwelling which has been subdivided into flats on the north-east side of Union Street in Greenock. It focuses, in particular, on the attached outbuilding on the north-western side elevation of the building. The outbuilding cannot be seen from Union Street, being located to the rear of a high stone wall and gate, but the latter does provide an independent access. The outbuilding would seem to have historically been a washhouse associated with the former villa.

There are a range of flatted properties in the vicinity, both subdivided former villas and purpose-built modern flats. It sits within the wider Greenock West End Conservation Area.

**PROPOSAL**

The application site has been the subject of a series of planning permissions and listed building consents in recent years. These were in respect of upgrading works to the outbuilding and subsequent amendments thereafter. The key planning permission is 17/0136/IC which was the first one to address the upgrading works. This was granted planning permission, subject to two conditions, the second of which read as follows: "That the outbuilding shall not be occupied independently of the associated flatted property at any time". The reason for the condition was: "To control the use of the building in the interests of residential amenity".

The applicant has been using the outbuilding independently of the associated flatted property as an "Airbnb" facility and now seeks the removal of the condition to address the breach of planning control which has occurred.

The application is backed by a supporting statement. In this the applicant claims that allowing the use of the outbuilding as an Airbnb will benefit the local economy and support local tourist attractions and businesses. It is claimed that all direct neighbours were consulted before the use started and that all expressed their support (letters in support of the application are referred to). The statement sets out how the property is managed and notes that there is shared garden ground with the applicant's property, that there is a minimum level of activity and that there is ample on-street parking on Union Street. It is considered the use accords with the Development Plan and that there is some doubt that the building is occupied independently given continued ownership by the applicant. Reference is also made to Policy 27 of the Inverclyde Local Development Plan in respect of tourism development.

## **DEVELOPMENT PLAN POLICIES**

### **Policy 1 - Creating Successful Places**

Inverclyde Council requires all development to have regard to the six qualities of successful places. In preparing development proposals, consideration must be given to the factors set out in Figure 3. Where relevant, applications will also be assessed against the Planning Application Advice Notes Supplementary Guidance.

### **Policy 20 - Residential Areas**

Proposals for development within residential areas will be assessed with regard to their impact on the amenity, character and appearance of the area. Where relevant, assessment will include reference to the Council's Planning Application Advice Notes Supplementary Guidance.

### **Policy 28 - Conservation Areas**

Proposals for development within or affecting the setting of a conservation area, are to preserve or enhance the character and appearance of the area. In assessing such proposals regard will be had to any relevant Conservation Area Appraisals or other information relating to the historic or architectural value of the conservation area. Where the demolition of an unlisted building is proposed, consideration will be given to the contribution the building makes to the character and appearance of the conservation area. If such a building makes a positive contribution to the area, there will be a presumption in favour of retaining it. Proposals for demolition will not be supported in the absence of a planning application for a replacement development that preserves or enhances the character and appearance of the conservation area.

### **Policy 27 - Tourism Development**

Proposals for change of use of tourism related facilities will only be supported where it can be demonstrated that they are no longer viable as a business in their current use.

Development of tourism related facilities will be supported in appropriate locations where:

- a it avoids adverse impact on the amenity and operation of existing and adjacent uses;
- b major trip-generating proposals can be accessed by sustainable means; and
- c it is appropriately designed for its location and avoids significant adverse impact on the green network and historic buildings and places.

## **2014 INVERCLYDE LOCAL DEVELOPMENT PLAN**

At the time of application submission, the 2014 Inverclyde Local Development Plan formed part of the Development Plan against which planning applications required to be assessed.

### **Policy RES1 - Safeguarding the Character and Amenity of Residential Areas**

The character and amenity of residential areas, identified on the Proposals Map, will be safeguarded and where practicable, enhanced. Proposals for new residential development will be assessed against and have to satisfy the following criteria:

- (a) compatibility with the character and amenity of the area;
- (b) details of proposals for landscaping;
- (c) proposals for the retention of existing landscape or townscape features of value on the site;
- (d) accordance with the Council's adopted roads guidance and Designing Streets, the Scottish Government's policy statement;
- (e) provision of adequate services; and
- (f) having regard to Supplementary Guidance on Planning Application Advice Notes.

## **Policy HER1 - Development which Affects the Character of Conservation Areas**

Development proposals which affect conservation areas will be acceptable where they are sympathetic to the character, pattern of development and appearance of the area. Such proposals will be assessed having regard to Historic Scotland's SHEP and "Managing Change in the Historic Environment" guidance note series.

## **Policy ECN6 - Tourist Facilities and Accommodation**

The provision of new or extended tourist facilities and accommodation, including caravan parks, will be assessed against the following criteria:

- (a) impact on amenity and landscape (adjoining properties, natural and built heritage and environmental resources);
- (b) standard of design;
- (c) impact of traffic generation, access, parking and road safety ;
- (d) accessibility by public transport; and
- (e) social and economic benefit.

## **CONSULTATIONS**

**Head of Service – Roads and Transportation – No objections.**

## **PUBLICITY**

The application was advertised in the Greenock Telegraph on 23<sup>rd</sup> August 2019.

## **SITE NOTICES**

The nature of the proposal did not require a site notice.

## **PUBLIC PARTICIPATION**

Eleven representations were received from nine individuals, ten in support and one which makes several observations. The points in support of the application are that:

- The operation of the let is not causing parking or noise issues.
- Considerable investment was made by the applicants in the property.
- The operation supports local businesses and brings tourists to the town

The representation makes the following points:

- The person concerned was not approached about the proposal.
- Could a personal consent be granted to the applicant or could it operate for a 3 year period? If not, the following concerns apply:
  - The short term let operation could be purchased as a going concern and run by others. without an interest in control of who resides in the building.
  - Potential use of associated garden area for anti-social activity.
  - On-street parking spaces are at a premium at night.
  - The operation of a business activity detracts from the character of the Conservation Area.
  - Potential precedent for the use of former washhouses.
  - The letters of support have been prompted to support the present Airbnb operation and do not address the potential implications.

## ASSESSMENT

The material considerations in determination of this application are the Inverclyde Local Development Plan (LDP), the consultation reply, the planning history of the site, the representations and the impact on residential amenity. Whilst noting the contents of the supporting statement and submissions in support of the proposal, it is important to remember that the application is specifically in respect of removing the condition tying the use of the outbuilding to the associated flatted dwelling. The Airbnb use of the outbuilding is unauthorised and potentially subject to enforcement action.

The application site is located within a mainly residential area under Policy 20 of the LDP. This policy requires that proposals for development within residential areas be assessed with regard to their impact on the amenity, character and appearance of the area. It is also located within a conservation area under Policy 28. This policy requires that proposals are to preserve or enhance the character and appearance of the area. In assessing such proposals regard will be had to any relevant Conservation Area Appraisals or other information relating to the historic or architectural value of the conservation area. The Greenock West End Conservation Area was subject to a Conservation Area Appraisal in March 2016. It recommended that new development should be in accord with the prevailing form of historic development, including the scale, massing and historic layout of buildings. Policy 1 requires proposals to have regard to the six qualities of successful places. In preparing development proposals, consideration must be given to the factors set out in Figure 3. Finally, Policy 27, which the applicant has referred to, addresses tourism proposals, setting criteria for their acceptability comprising of a. it avoids adverse impact on the amenity and operation of existing and adjacent uses; b. major trip-generating proposals can be accessed by sustainable means; and c. it is appropriately designed for its location and avoids significant adverse impact on the green network and historic buildings and places.

The determining factor is whether or not the condition should be removed, thus allowing the outbuilding to be occupied independently of the associated flat, and whether or not this would impact on the amenity, character and appearance of this part of the Conservation Area, and whether or not it would preserve or enhance its conservation area characteristics.

This part of the Conservation Area is defined by substantial buildings set within very generous garden grounds. A considerable number of the buildings which were substantial mansions, have been subdivided into flatted properties, with each having its own dedicated garden ground. These grounds, however, are still of substantial size relative to the more contemporary flatted developments.

This proposal seeks to divorce the outbuilding from the associated flatted dwelling, allowing it to be occupied as an independent unit. Approval of such a proposal would create a new planning unit of a wholly disproportionately smaller size to the established pattern of development within this part of the Conservation Area. Furthermore independent occupation of the outbuilding, for whatever use and by whatever party, would lead to an intensification of the use of the property and comings and goings beyond what is reasonably expected of the currently sub-divided former villa. This would be to the detriment of the amenity of existing neighbouring properties with respect to noise and activity. The current unauthorised Airbnb use is illustrative of what could occur. Although currently being run by the present occupier of the associated flatted property, a future owner could easily sell the business on as a going concern to others not resident in the flat who may have a less sympathetic approach to neighbouring proprietors.

I therefore consider that the proposal would be to the detriment of the amenity and character of the area were it to proceed, and that the proposal is thus contrary to the aims of Policies 20 and 28 of the LDP. It follows that it would not result in a successful place under Policy 1 as it could create conflict between adjacent uses, particularly in respect of noise.

It remains to be considered, however, if there are any other material considerations which suggest that planning permission should be granted, notwithstanding my conclusion in the assessment of the LDP. In this connection I firstly turn to the applicant's supporting statement.

Policy 27 of the LDP is mentioned by the applicant in support of the proposal. I regard this, however, as irrelevant to assessment of the merits of the proposal. Notwithstanding the present unauthorized operation, the application is not in respect of an Airbnb operation but rather the deletion of a condition tying the occupation of the outbuilding to the associated flatted dwelling. Other matters raised such as the perceived benefits to the local economy, the level of activity, the support of neighbours for the proposed use of the outbuilding, the outbuilding remaining with the title deeds of the associated flat, the management of the proposed operation and the Council's attitude to short term lets are also irrelevant. It is also claimed that there is ample on-street parking. Although this is not the view of one of the individuals who has written in connection with the application, I note that the Head of Service – Roads and Transportation has no objection to the proposal.

Turning to the representations and those points not already addressed, neither a personal nor a time limiting consent for the removal of the condition would be appropriate. If it is considered that separation of the outbuilding from the associated flatted dwelling is acceptable on these grounds then it would be perverse to even try to reinstate an association at some future point. I acknowledge the concerns over potential future use of the shared garden area. I also note concerns about a precedent being set for similar former washhouses and whilst I have some sympathy for this point of view each application has to be considered on merit.

Overall I find that there are no material considerations which suggest that there are grounds which support removal of the restrictive condition preventing the operation of the outhouse independent of the associated flatted dwelling. To lift the restriction could result in a level of activity not typically associated with the flatted dwelling and accordingly would have the potential to cause undue disturbance to neighbouring amenity, contrary to the aims of Policy 20 of the LDP. The creation of a new, wholly disproportionately smaller size planning unit in the context of the established pattern of development would neither preserve nor enhance the character and appearance of the Conservation Area and would therefore be contrary to the aims of Policy 28 of the LDP. It follows that it would not result in a successful place under Policy 1 due to the potential for conflict between adjacent uses, particularly in respect of noise and activity.

The above policy assessment continues the approach of the 2014 Local Development Plan in seeking to safeguard residential amenity under Policy RES1 and to achieve development sympathetic to the character, pattern of development and appearance of the area under Policy HER1.

## **RECOMMENDATION**

That the application be refused for the following reasons:

1. That withdrawal of condition 2 of planning permission 17/0136/IC would result in a planning unit of disproportionately smaller size in the context of this part of the Greenock West End Conservation Area, to the detriment of the character of the area under Policy 28 of the Inverclyde Local Development Plan.
2. That the potential usage of this smaller planning unit, independent of the associated flatted dwelling, could result in the creation of additional activity, noise and on-street parking to the detriment of the residential amenity of the area, contrary to the aims of Policy 20 of the Inverclyde Local Development Plan.
3. That the proposal accordingly would not result in a successful place, contrary to the aims of Policy 1 of the Inverclyde Local Development Plan.

Signed:

Case Officer: David Ashman

Stuart Jamieson  
Head of Regeneration and Planning

Hi

I am Lisa Albarracin who resides at 66a Union Street. I know I have already given my full support for Claire and Panos to run their Air BnB but would just like to reiterate this.

We are their direct neighbours and have no objection whatsoever to their proposals. In fact we are fully supportive and cannot believe that Inverclyde council rejected the initial proposal. Bringing tourism to the area can only be a positive thing both economical but also to encourage more visitors from all over the world to Greenock.

I can see no reason why this proposal should not be granted and both my husband and I back this 100%. Please do not hesitate to contact me for any additional comments.

Kind regards

Mrs. L.G. Albarracin

Inverclyde Council is in receipt of a notice requesting review of the decision to refuse the above planning application and I note that you submitted representations that were considered as part of the assessment process.

The decision is to be reviewed by Inverclyde Council's Local Review Body. I write to advise you that your representations will be considered by the Local Review Body in the review of the decision. Should you wish to make further comment you may do so to me **by Friday 10 January 2020**. Should you make further representations, these will be copied to the applicant who will be given the chance to respond.

Your representations and any further representations you submit will form part of the agenda papers for the Local Review Body meeting at which the review of the decision to refuse planning permission is considered. The agenda will be published on the Council's website and hard copies will be available at the Local Review Body meeting. Should you consider that any of the comments contained in your representations, or any further representations you may submit, should be removed prior to publication please notify me **by Friday 10 January 2020** otherwise I will assume that you have no objection to any of your comments being made publicly available. For your information, I would confirm that signatures will be removed prior to publication.

All information relating to the Review will be available for inspection at the office of the Council's Regeneration and Planning Service, Municipal Buildings, Clyde Square, Greenock during advertised opening hours.

The Local Review Body meets in public and I shall write to you in due course with arrangements should you wish to attend.

Regards,  
Rona

Regarding this matter i have no objections what so ever there is no difference to parking or noise in the Street.

I support application for Panos and Clare cannot understand who would object as you would never know when property is being used as never has there been any disruption or noise from 66 Union st.

Regards Claire

The agenda will be published on the Council's website and hard copies will be available at the Local Review Body meeting. Should you consider that any of the comments contained in your representations, or any further representations you may submit, should be removed prior to publication please notify me **by Friday 10 January 2020** otherwise I will assume that you have no objection to any of your comments being made publicly available. For your information, I would confirm that signatures will be removed prior to publication.

All information relating to the Review will be available for inspection at the office of the Council's Regeneration and Planning Service, Municipal Buildings, Clyde Square, Greenock during advertised opening hours.

The Local Review Body meets in public and I shall write to you in due course with arrangements should you wish to attend.

Regards,

Rona

Hi Rona

Many thanks for your recent email advising of the date being extended to 17th January 2020 for further comments to be submitted in relation to (Official) Review of Decision to Refuse Planning Permission - Removal of Condition No. 2 of Planning Permission 17/0136/IC, 66 Union Street, Greenock (19/0197/IC)

We would like to reiterate that our home is directly beside the property and that as close neighbours we have no concerns, or issue, with the permission being granted and for the building to be used as an Airbnb property. During the previous 12 months we have experienced no difficulties with noise, anti-social behaviour or parking and are confident that Mr and Mrs Arhimandritis would not allow such matters to become a problem.

We trust our support will be noted and hope this is considered when making your decision.

Kind regards  
Lynsey and Michael Young  
68A Union Street, Greenock

I refer to my email of 20 December 2019, below, and write to advise that, as the review papers were not available on the Council's website at that time but have now been made available, the deadline for submission of further representations will now be **Friday 17 January**. Accordingly, should you wish to make further comment, please do so by this date. Should you make further representations, these will be copied to the applicant who will be given the chance to respond.

I will be in touch with you again in due course.

Regards,

Rona

Inverclyde Council is in receipt of a notice requesting review of the decision to refuse the above planning application and I note that you submitted representations that were considered as part of the assessment process.

The decision is to be reviewed by Inverclyde Council's Local Review Body. I write to advise you that your representations will be considered by the Local Review Body in the review of the decision. Should you wish to make further comment you may do so to me **by Friday 10 January 2020**. Should you make further representations, these will be copied to the applicant who will be given the chance to respond.

Your representations and any further representations you submit will form part of the agenda papers for the Local Review Body meeting at which the review of the decision to refuse planning permission is considered. The agenda will be published on the Council's website and hard copies will be available at the Local Review Body meeting. Should you consider that any of the comments contained in your representations, or any further representations you may submit, should be removed prior to publication please notify me **by Friday 10 January 2020** otherwise I will assume that you have no objection to any of your comments being made publicly available. 16 January 2020

**FAO: Mrs Rona McGhee**

Dear Madam

**Application Number 19/0197/IC – 66 Union Street**

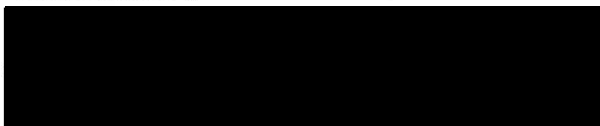

Further to my letter of 29 August 2019 regarding the planning application relating to the above property, I wish to submit the following further comments in relation to the Notice of Review request:-

1. Paragraph Number 1 of my letter of 29 August 2019 states *“For the record the Planning Statement in Support of the Planning Application, submitted by Ryden, states in the Background paragraph that “prior to letting out the property, my clients sought permission from their direct neighbours in advance of listing the outhouse and without exception, all expressed their support”. In my case this is not true, I had no prior discussions with my neighbours regarding the short term letting of their outhouse. Mr and Mrs Arhimandritis have now apologised to me and explained that each thought the other had spoken to me, following their request that I provide some supportive comments to their application”*. I am therefore somewhat surprised and very disappointed that McEwan Hainey have repeated this inaccurate paragraph. Both my neighbours and their Agent must be aware that I raised this matter in my previous letter as the Report of Handling, completed by the Head of Regeneration and Planning on 20 September 2019, clearly states under the public participation section that there was one letter of representation which made several observations and *“the person concerned was not approached about the proposal”*. In my view the importance of consistent accuracy is imperative in order to allow the Members' of the Local Review Body to have the correct facts before reaching a conclusion. Otherwise, it could be considered that my previous letter contains inaccurate statements, which in turn may cast doubt over the validity of my other comments and observations. I understand that this letter will be copied to the applicants who will be given the opportunity to respond. I would therefore request that Mr and Mrs Arhimandritis confirm what actually took place prior to the letting of the outhouse.
2. Paragraph Number 2 of my letter of 29 August 2019 details the discussions I had with my neighbours regarding the management of the property and how it is currently let on Airbnb. I was given to understand from my neighbours that they intended to let the outbuilding for maximum period of 3 years, to recoup some of the money spent on the refurbishment, after which it will revert to a family room. I note from the Notice of Review request that there is no mention of a maximum period for operating short term lets and in Section 7 it states that *“as a consequence of the removal of Condition No. 2, the applicant would aim to secure consent for the use of property as a short term let”*. This suggests to me that the intention is to use the outbuilding permanently for short term letting and that there is no plan to revert it to a family room, which was the original purpose of refurbishing the outbuilding. Therefore, the concerns I raised in paragraph Numbers 3 to 7 in my original letter are still valid.

3. The Notice of Review request is very dismissive of the observations I submitted regarding the planning application. It states in the Section 4 that "*there were 11 representations, 10 of which were wholly positive and only one representation made providing a number of 'observations'*". Again, in Section 10 it states that "*the proposals will have no significant detrimental impact on adjacent neighbours, as amply demonstrated by the level of local support for the proposals*". I have not seen the 10 representations which supported the application, so I have no knowledge of where their properties reside in relation to 66 Union Street, so I am unable to determine how "*adjacent*" they are. For the avoidance of doubt, the former villa is divided into 3 properties and I reside above number 66, therefore I am an immediate neighbour, with valid concerns and not just an "*adjacent neighbour*". Paragraph Number 7 of my original letter details my view that these supportive comments were provided following representations from my neighbours for their Airbnb and that those who made them do not appreciate the potential implications of this planning application.
4. Section 9 of the Notice of Review suggests some potential alternative conditions. While such conditions may stop the title to the outbuilding being separated from the associated property and subsequently sold as a short term letting business, it would mean that in the future when 66 Union Street is sold it would be as the main door flat and associated business. There would be nothing to stop a future owner from continuing the use of the outhouse for short term letting and also using the main door flat for short term letting. There is no guarantee that any future owner of this property, whether residing in the property or an absentee landlord, would operate the same very strict management rules, which are detailed in the Notice of Review. I appreciate that any house owner could let out their property, however this is usually done on a longer term lease basis which provides some stability for all occupiers. With short term letting there is always the potential for nuisance and anti-social behavioural problems.

In conclusion, I am still of the view that the operation of business activities from private dwelling houses distracts from the distinct character of the Greenock West End Conservation Area and the granting of planning permission could lead to a proliferation of short term letting business within this unique area.

Yours faithfully

A solid black rectangular box redacting the signature of Miss Eleanor Di Murro.

Miss Eleanor Di Murro

**Notice of Review Proposal: Removal of Condition No. 2 of Planning  
Permission 17/0136/IC**

**Applicant for Notice of Review: Panos and Clare Arhimandritis**

**Agent: McEwan Hainey, Planning & Development Consultants**

**LPA Ref: 19/0197/IC**

(This document extends to 6 pages)

## 1. Introduction

I refer to the Council's request for clarification regarding Mr Bonatti's submission and four submissions submitted by Lisa Albarracin; Claire McLaughlin; Lynsey and Michael Young; and Eleanor Di Murro.

In response, it is worthwhile providing further context to the proposal and then responding to the request for clarification and additional submissions in turn.

## 2. Further Context to Proposal

The applicant does not wish to divorce the outbuilding from the main flatted property nor create a separate, distinct planning unit. That was never their intention. The original application was based on advice received from the Council's Planning Service and in hindsight, this has proved to be unhelpful.

It is worth reiterating that the applicant had received planning consent to renovate a dilapidated, damp ridden outbuilding, attached to the main flatted property, creating an additional living space. As a family, this space has and will continue to be used as a spare room, as a study or to provide sleeping accommodation for visiting family and friends. The property will be used for the same purposes as if it were used for paying, visiting guests. The Airbnb listing does not create any significant 'additional activity, noise, on-street parking' over and above what visiting friends and family create. The same level of, and indeed potentially more activity could be caused by listing a larger room located within the main flat

It is worth noting that the Planning Service has very recently confirmed to the applicant planning consent is not required to list a spare room on Airbnb. This does raise interesting questions from a procedural process adopted in this case.

The outhouse conversion will remain part of and connected to the main flatted property. This means that the outbuilding should be viewed as a spare room by planning as that is why the applicant renovated it, and that is how it is used.

## 3. Submission by Mr Bonatti

Mr Bonatti has confirmed that he agrees to his presentations being made public. To confirm, Mr Bonatti states -;

**"More than happy to support the argument for continued Airbnb hosting at The Arhimandritis house.**

**Inverclyde lacks decent accommodation for the number of tourists it receives, and Airbnb offers a solution.**

**Tourism is a great boost to my business and I consider it very much dependent on the tourism industry, with business from other hotels and**

**airbnbs locally as well as holidaymakers visiting from cruise ships docked locally all through the summer season.**

**I met Clare and her husband Panos shortly after opening my pizzeria and am now lucky enough to consider them good friends, continually supporting my business and bringing friends to dine. I discovered they had started 'Airbnb' from their home when a number of guests to my restaurant told me they were sent by Panos and Clare as they were staying there and it was not a long distance to travel, also encouraged by rave reviews of my food!**

**I have visited the house and garden that Panos and Clare share with their guests and feel it is the epitome of a dream Airbnb getaway, furnished and decorated to a fantastically high standard.**

**I am sure that they would not wish to host any guests that may seem unattractive to the area, but can honestly say it's unlikely to be the target of groups of teens or party seeking tenants who would more likely head to Glasgow for clubbing etc. Frankly, it's not why people come to this area.**

**I would love them to continue to host there home and look forward to sharing my restaurant with them and their guests for the future.**

**Thanks,**

**Antony Bonatti**

**Director"**

#### **4. Submissions by Lisa Albarracin, Claire McLaughlin and Lynsey & Michael Young**

These submissions fully support the proposal and are welcomed.

It is worthwhile highlighting the key points made in these submissions. The proposal has not had and will continue to have no significant detrimental impact on the residential amenity currently by nearby residents.

## **5. Submission by Eleanor Di Murro.**

Ms Di Murro makes several observations regarding procedural matters and the proposal itself. Dealing with the procedural matters,

### **Procedural Matters**

Ms Di Murro is correct in that the applicants did not initially ask her permission, and when the applicants became aware of the oversight, they apologised. To clarify, the applicants sought permission or acceptance from all neighbours who would be in any way affected by the proposal, prioritising the downstairs neighbours who live through the wall from the outbuilding, and the neighbouring property, who's garden sits directly beside the outbuilding. These initial conversations did not include the upstairs neighbour, Ms Di Murro, which was an over-sight at the time. When the applicants became aware of the oversight (one believing the other had spoken with her), they met with her and offered an unreserved apology.

It is worth quoting the Council's own report of handing states; -

"Eleven representations were received from nine individuals, ten in support and one which makes several observations". This would indicate that there were no objections to the proposal."

Now, to focus on the merits of the proposal I make the additional observations.

### **Time Period of use of Room**

It was the applicant's intention to list the outbuilding on Airbnb for approx. 3 years, or until they had recouped the £25,000 (Twenty-Five Thousand Pounds) spent on the refurbishment of the dilapidated building. It was expected to achieve this in the next 3 years. The applicants had not detailed this point because they had not expected this detail to be of interest to the review board. However, since this point is of particular interest to Ms Di Murro, the applicants are happy to confirm, as we did on the original application, that this could be a temporary arrangement and an appropriately worded condition attached to any consent would be acceptable.

### **Letters of Support**

It is reasonable to state that all the neighbours who have submitted comments/support are indeed direct neighbours.

### **Further Legal Potential Safeguard.**

The applicants have suggested placing a burden on the title deeds to ensure that the property is not split.

## Future Owners

In terms of the point Ms Di Murro makes with regards to future owners of 66 Union St, no homeowner can provide guarantees regards who will and will not rent out their property. Indeed, the same could be said for the applicant's neighbours, including Ms Di Murro, who could potentially rent out their own properties or sell to future owners who would do the same. We see this point as being irrelevant to the application as each application must be considered on its own merits.

What can be said is the applicants and current owners manage their accommodation very professionally. The vast majority of neighbours agree, the property is well managed with strict rules in place to safeguard residential amenity. A full list of house rules was included in the original proposal, but we would like to reiterate a few of these to the review board;

- Only 2 guests are permitted to stay at any one time
- The owners/applicants are on hand 24/7
- No children or pets are permitted
- No events/parties are permitted
- Quiet hours after 9pm, in respect of our neighbours

## Impact on Conservation Area

The statement that 'the operation of a business detracts from the character of the conservation area' does not stand up to scrutiny. There are various businesses in operation in close proximity to the subject property, including a solicitor and a B&B, which will likely generate significantly more traffic and activity than the proposed use of the room as an Arbnb. Also, the applicants have injected in excess of £25k into the renovation of their outbuilding, which has enhanced the area and protected the building for decades to come.

## Option for Condition

Rather than **delete** the clause, it could be changed to' **the refurbished outbuilding cannot be sold as a separate unit from the main flatted property'**. In other words, the applicants continue to use as a spare room, but the current and future owner would be prohibited from selling the outbuilding as a separate entity.

## 6. Conclusion

The proposal, which is very modest in scale, will have no significant detrimental impact on either residential amenity or the conservation area.

The applicants are one of many homeowners who choose to use their property as a short term let. We are not asking to do anything different to what many other residents are doing.

A review of all the Airbnb listings for Greenock West End, **the applicants listing is the only Superhost listing with 100% 5-star ratings.**

**We invite the review board to inspect the property** and to take a look at the relevant listing to see for themselves the quality of the accommodation and the plethora of 5 star reviews from guests from all over the world, who have chosen to visit Greenock.

Against this background, we respectfully request that the Review Board grant consent.

Ged Hainey
