

---

<b>Report To:</b>	<b>Policy &amp; Resources Executive Sub-Committee</b>	<b>Date:</b>	<b>30 June 2020</b>
<b>Report By:</b>	<b>Chief Financial Officer</b>	<b>Report No:</b>	<b>FIN/52/20/AP/LA</b>
<b>Contact Officer:</b>	<b>Alan Puckrin</b>	<b>Contact No:</b>	<b>01475 712223</b>
<b>Subject:</b>	<b>Financial Update, Financial Strategy 2020/30 and Unaudited Annual Accounts 2019/20</b>		

---

## 1.0 PURPOSE

1.1 The purpose of this report is to provide the Sub-Committee with the following:

- a) An update on financial matters arising from the Covid-19 pandemic.
- b) To allow the Sub-Committee to consider the 6 monthly update to the Council's Financial Strategy.
- c) To allow the Sub-Committee to review the Unaudited 2019/20 Annual Accounts prior to submission to Audit Scotland.

## 2.0 SUMMARY

- 2.1 The financial implications arising from the Covid-19 pandemic continue to evolve with both new costs emerging and new funding streams from the UK and Scottish Governments being announced. The latest position as covered in the recent All Member Briefing is that the Council could face a funding shortfall of approximately £5 million in 2020/21 on the assumption that the IJB will meet all the HSCP increased net costs. The ultimate figure largely now depends on the delivery model ultimately agreed for the return of schools.
- 2.2 It has already been agreed that a report will be presented to the August Policy & Resources Committee on how the estimated Covid related costs in 2020/21 should be funded and a Members' Budget Working Group to discuss this matter has been arranged.
- 2.3 Appendix 1 provides the latest position in respect of Governmental support for Councils relating to Covid. Some details are awaited regarding the latest announcements but approval for officers to incur spend is sought in order to maximise progress over the summer months.
- 2.4 Appendix 3 contains the updated Financial Strategy covering the period 2020/30. Understandably Covid-19 and its short and medium term impacts appears throughout the document. The Sub-Committee needs to recognise that the assumptions as regards ongoing costs arising from Covid and future grant settlements are best estimates and far more clarity should be received throughout the remainder of 2020 from both the UK and Scottish Governments.
- 2.5 Based on the assumptions made then it can be seen that the 2021/23 Funding Gap prior to any increase in Council Tax is estimated to be around £11million. However this assumes the retention of a £3million Revenue Budget Smoothing Reserve as was agreed as part of the 2020/21 Revenue Budget.
- 2.6 It is a statutory requirement that the unaudited Annual Accounts are submitted to Audit Scotland by the Council by the 30<sup>th</sup> June. Whilst this requirement has been relaxed subject to certain conditions due to Covid-19, the accountancy team (working remotely) has been able to produce the unaudited Accounts by the statutory deadline and subject to comments from the Sub-Committee it is planned to submit these accounts electronically after the meeting.

- 2.7 A full copy of the Accounts has been submitted to all Members electronically and is available in the Committee papers held on the web-site. A summary of the key matters from the accounts is included as Appendix 4. Based on the Unaudited Accounts then the reserves are approximately £1.5million higher than was projected at period 11 and the reasons for this increase in reserves and how this increase in reserves could play in to addressing some of the funding pressures from Covid-19 will form part of reports to the August Policy & Resources Committee.
- 2.8 It should be noted that Audit Scotland have advised that there is a strong possibility that they will be unable to complete their audit of the accounts by their statutory deadline of the 30<sup>th</sup> September. However, a statutory relaxation has been made for this set of Accounts to allow for the Annual Accounts and report from the Auditors to be presented to the Council prior to the end of November. .

### **3.0 RECOMMENDATIONS**

- 3.1 It is recommended that the Sub-Committee notes the latest position in respect of the financial supports provided to the Council as part of the UK and Scottish Government response to the Covid-19 pandemic.
- 3.2 It is recommended that the Sub-Committee approves the proposed allocation of the Phase 2 of the Food Fund monies set out in Appendix 2 and approve the procurement of devices to support the delivery of Digital Inclusion in Schools outlined in Section 5 of the report.
- 3.3 It is recommended that the Sub-Committee considers and thereafter approves the updated Financial Strategy for the period 2020/30.
- 3.4 It is recommended that the Sub-Committee reviews the Unaudited Accounts for the financial year 2019/20 and thereafter approves their onward transition to Audit Scotland.

Alan Puckrin  
Chief Financial Officer

## **4.0 BACKGROUND**

- 4.1 The Sub-Committee has been receiving monthly financial updates through-out the Covid pandemic including updates on funding received, cost pressures and payments to key external providers.
- 4.2 The Council considers updates to the Financial Strategy 6 monthly whilst the Audit Committee usually reviews the Unaudited Annual Accounts by the end of June and prior to submission to Audit Scotland.

## **5.0 COVID RELATED FINANCIAL MATTERS**

- 5.1 The financial implications arising from the Covid-19 pandemic continue to evolve with both new costs emerging and new funding streams from the UK and Scottish Governments being announced. The latest position as covered in the recent All Member Briefing is that the Council could face a funding shortfall of approximately £5 million in 2020/21 on the assumption that the IJB will meet all the HSCP increased net costs.
- 5.2 Recent announcements have been made by both the UK and Scottish Governments of increased funding for Councils relating to Food Insecurity and support for the return of Schools. The impact of these are likely to reduce the net costs referred to above.
- 5.3 £27.6million has been announced to tackle Food Insecurity. £12.6million was allocated for the provision of Free School Meals / Cash Support over the summer holidays. The Sub-Committee has already approved the continuation of the £25/fortnight payment to qualifying children until 28<sup>th</sup> August and this funding will go much of the way to funding that pressure.
- 5.4 £15million has been allocated for Community Food initiatives and Appendix 2 contains the proposals to utilise this funding by the deadline of 30 September set out in the Government Guidance. Members have already requested that officers report back on proposals to continue to support families/relieve poverty to the August Policy & Resources Committee and proposals to utilise the balance will be included in that paper.
- 5.5 £30million has also been announced for Digital Inclusion amongst young people. £25million has been earmarked for School pupils whilst £5million for college students. The Council is awaiting confirmation of its share of the funding but based on the documents produced to date it is expected that the Council will be funded to procure around 1200 devices along with associated connectivity for 12 months.
- 5.6 It is proposed that devices be procured for all secondary school pupils in receipt of Free School Meals who request one with the balance allocated by Education Services on a needs basis. A further report on progress with this initiative will be presented to the Education and Communities Committee along with an update on the Sub-Committee's request for clarification of funding for ancillary costs associated with this initiative.
- 5.7 Whilst this funding will replace the need for the Council to separately procure 250 laptops as approved at the last meeting of the Sub-Committee, it is expected that the level of Government funding per device will not be sufficient to allow the purchase of a laptop. As such it is proposed that £40,000 of the previously approved £100,000 be allocated to ensure that pupils are bought laptops rather than tablets.
- 5.8 It should be noted that Scottish Government officials have advised that at present this is one off funding and therefore there is no on-going supply of equipment should devices be broken/lost or reach end of life. In addition there will be the need to procure support for the devices and approval from the Sub-Committee for this to be progressed for an initial 12 month period is sought. Officers will report back to Members on progress at the September Education & Communities Committee.

## 6.0 FINANCIAL STRATEGY 2020/30

- 6.1 The 6 monthly review of the Financial Strategy would have normally been presented to the Council in June. Understandably Covid-10 and its short and medium term impacts appears throughout the document. The Sub Committee need to recognise that the assumptions as regards ongoing costs arising from Covid and future grant settlements are best estimates and far more clarity should be received throughout the remainder of 2020 from both the UK and Scottish Governments.
- 6.2 Based on the assumptions made then it can be seen that the 2021/23 Funding Gap prior to any increase in Council Tax is estimated to be around £11million. However this assumes the retention of a £3million Revenue Budget Smoothing Reserve as was agreed as part of the 2020/21 Revenue Budget, a matter which the August Policy & Resources Committee will require to take a view on.
- 6.3 All funding models and Statutory Reserves are projected to remain in surplus in the medium term and a new appendix 8 which shows the future projections in respect of the Insurance Fund has been incorporated for the first time.

## 7.0 UNAUDITED ANNUAL ACCOUNTS- 2019/20

- 7.1 It is a statutory requirement that the unaudited Annual Accounts are submitted to Audit Scotland by the Council by the 30<sup>th</sup> June. Whilst this requirement has been relaxed subject to certain conditions due to Covid-19, the accountancy team (working remotely) has been able to produce the unaudited Accounts by the statutory deadline and subject to comments from the Sub-Committee it is planned to submit these accounts electronically after the meeting.
- 7.2 Based on the Unaudited Accounts then the reserves are approximately £1.5million higher than was projected at period 11 and the reasons for this increase and reserves and how this increase in reserves could play in to addressing some of the funding pressures from Covid-19 will form part of reports to the August Policy & Resources Committee.
- 7.3 A full copy of the Accounts has been submitted to all Members electronically and is available as a PDF in the Committee papers held on the web-site. A summary of the key matters from the accounts is included as Appendix 4.

## 8.0 IMPLICATIONS

### 8.1 Finance

#### Financial Implications:

#### One off Costs

Cost Centre	Budget Heading	Budget Years	Proposed Spend this Report	Virement From	Other Comments
COVID	Food Insecurity	20/21	£372k est		Proposals in Appendix 2. Fully funded by Government Grant.
Schools	ICT	20/21	£390k		Estimated that £350k is funded by Government Grant and £40k from previously agreed £100k laptop purchase allowance

Schools	ICT Support	20/21	TBC		Estimate that Government Funding will be £80-90k to fund connectivity but ICT will require increased technical support. Subject to a report to the September E&C Committee

## 8.2 Legal

All legal issues are as highlighted in the report.

## 8.3 Human Resources

There are no HR issues to highlight

## 8.4 Equalities

### Equalities

(a) Has an Equality Impact Assessment been carried out?

	YES (see attached appendix)
X	NO – This report does not introduce a new policy, function or strategy or recommend a substantive change to an existing policy, function or strategy. Therefore, no Equality Impact Assessment is required

(b) Fairer Scotland Duty

If this report affects or proposes any major strategic decision:-

Has there been active consideration of how this report's recommendations reduce inequalities of outcome?

	YES – A written statement showing how this report's recommendations reduce inequalities of outcome caused by socio-economic disadvantage has been completed.
X	NO

(c) Data Protection

Has a Data Protection Impact Assessment been carried out?

	YES – This report involves data processing which may result in a high risk to the rights and freedoms of individuals.
--	---

X	NO
---	----

## 8.5 **Repopulation**

There are no repopulation implications arising from this report.

## 9.0 **CONSULTATIONS**

9.1 This report is supported by the CMT.

## 10.0 **BACKGROUND PAPERS**

10.1 2019/20 Unaudited Annual Accounts

**COVID 19 – SCOTTISH GOVERNMENT FINANCIAL SUPPORT TO COUNCILS**

	<u>Measure</u>	<u>Current Position- 23.6.20</u>	<u>Council position/impact</u>
1/	Non Domestic Rates (Cost £0.972 Billion)		
a)	1 Year rates holiday for all retail, hospitality and leisure properties from 1.4.20.	Government have approved a funding change reducing the Council NDR target by £6.8million and replacing this with Revenue Grant.	Cash flow impact due to delayed billing but GRG re-profiled so minimal net effect at present.
b)	1.6% relief on all properties from 1.4.20.	Relief to be applied to 2020/21 NDR Bills. 2020/21 Annual Bills issued week commencing 22 June.	The Council as a Ratepayer will have a one off saving of around £70,000 from the 1.6% relief
2/	Grants to Businesses –Ph1 (Cost £1.188 Billion)		
a)	£10,000 grant for all SBBS qualifying businesses including those which qualify for rural & Early Years relief.	Guidance finalised 30.3.20. Councils has a dedicated team removed from other duties of 8 individuals working on processing claims.	The Revenues team are processing claims in line with the guidance which continues to be refined weekly.
b)	£25,000 grant for all businesses in retail, leisure and hospitality sector for RVs between £18,000 and £51,000.	Scheme expanded several times but costs to be contained in original sum.	Internal Audit providing support and networks flagging up any potential fraud attempts.
c)	Further expansions bringing in Charities, businesses that do not pay rates directly etc	As at 23.6.20, over 1000 applications received and 879 grants totalling £9.7 million paid against the initial allocation of £10.6million.  Government announced the early closure of the scheme with effect from 10.7.20.	Dedicated team to return to core duties during July.

<p>3/  a)          b)</p>	<p>Business Support- Ph2 (£220million)</p> <p>£120million to extend the current Business Grant Scheme for multiple property owners/rate payers</p> <p>£100million to protect newly self –employed and viable micro/SME Businesses</p>	<p>Scheme provides 75% funding to all subsequent eligible applications but costs to be contained in the sums detailed above.</p> <p>Government advised that they are not intending to allocate any of the £120million to Councils due to the underspend on Ph1. Discussions on going regarding potential use.</p> <p>Councils to administer the self-employed element at an estimated cost of £34million on the basis of a simple application form. Implemented from end of April.</p> <p>As at 23.6.20, 68 applications received and 51 grants paid totalling £102k.</p> <p>SE to administer SME funding (£66million)</p>	<p>Web Site and Forms updated.</p> <p>Being managed by the Business Development Team. Form on the website and applications being processed.</p>
<p>4/</p>	<p>Hardship Fund (£50 million)</p> <p>Flexible funding for Councils to meet extra costs not covered in other UK or SG supports.</p>	<p>Letter confirming Council funding received 20/3/20.</p>	<p>Council receiving £749,000 to meet general Covid costs.</p>

5/	<p>Scottish Welfare Fund (£45 million)</p> <p>Funding on top of the annual £35 million SWF funding.</p>	<p>Government have distributed £22million at this time and £23million to be allocated where need is demonstrated.</p> <p>Council currently increasing awards by 20% and have increased the SWF team to meet demand.</p>	<p>Council share is £447k giving a total SWF grant budget of £1.278million for 20/21.</p> <p>Crisis Grant claims up by around 100% in the first 7 weeks but demand now reduced to 2019 levels.</p>
6/	<p>SSSA Benefits &amp; Council Tax Reduction (£50 million)</p> <p>Split to be confirmed.</p>	<p>Have moved to phone based application process.</p> <p>Government have advised that the first £10million of increased CTR costs should be met by Councils as CTR is currently “over funded” in the settlement.</p> <p>No details on SSSA Benefits as this will not be administered by the Council.</p>	<p>Increased workload for Benefits &amp; Customer Services. Backlog in CTR processing greatly reduced.</p> <p>Estimated share of the £10million cost is £200k and included in Covid cost collection exercise.</p>
7/	<p>Food Fund Ph1- (£70 million)</p> <p>For organisations to address food insecurity, especially older people and families who may not be able to rely on free school meals. To be partly administered by Councils.</p>	<p>Government have advised that £30million is to go to Councils at this time for FSM/Holiday Hunger plus support for the vulnerable. £30million for food to Shielded Group being administered by Government and £10million for national organisations eg Fareshare.</p>	<p>Council share of the £30million in £565k.</p> <p>FSM payment numbers have increased for Early Years/ASN.</p>

			Approx 3400 direct payments to bank accounts each fortnight, operating smoothly.
8/	<p><b>Food Fund Ph2 – (£27.6million)</b></p> <p>To extend the Ph1 projects until schools return for Free School Meals and the end of September for other projects.</p>	<p>Members have agreed to continue FSM payments over the summer period at a net cost of £270,000. Proposals for the non-FSM use being developed.</p>	<p>Awaiting confirmation of share of the allocation but should be around £500,000</p>
9/	<p><b><u>Scottish Crown Estates (£7.2million)</u></b></p>	<p>Government announced that 2019/20 funding could be used flexibly to support communities impacted by COVID.</p> <p>Cosla pushing for early clarification of 2020/21 funding.</p>	<p>Negligible impact in Inverclyde as the Council received under £3.5k in 2019/20.</p>
10/	<p><b><u>Consequentials - (£155million)</u></b></p>	<p>Funding derived from £1.6billion support for English Councils announced on the 20 April.</p> <p>Letter received 26.5.20 allocating funding to Councils but indicating little scope for further funding.</p>	<p>The Council received £2.321million.</p>
11/	<p><b><u>Digital Exclusion Fund (£30million)</u></b></p> <p>£25million for Councils to purchase devices and connectivity for those pupils disadvantaged by remote/home working.</p> <p>£5million for college students.</p>	<p>Members agreed the purchase 250laptops on 16 June. This funding will fund that purchase plus further devices to ensure that all secondary phase pupils in receipt of FSM who require a device can access one.</p>	<p>Awaiting confirmation of Capital and Revenue allocation.</p> <p>Orders will be placed as a matter of urgency.</p>

12/	<p><u>School Return Support (£100million)</u></p> <p>Announced on the 23 June the funding is to assist Councils with the increased costs associated with pupils returning to school and supporting those who have been disadvantaged by the school closures.</p>	<p>Details awaited but funding to be over 2 years.</p>	<p>Distribution to be agreed.</p>
-----	--	--	-----------------------------------

<b>Covid 19 Food Provision Proposals</b>					
Income				£	500,000.00
Organisation	Provision	Funding request	Criteria	Cost	
Free school meal provision funding shortfall and extension to 28/8/20.	Provide families entitled to Free School Meals with £25 per fortnight.	Original allocation to end of June was overspent by £60,000 with the net cost of the approved extension to 28 August being £270,000	Children who would be entitled to free school meals and clothing grant including those attending early years establishments.	£	330,000.00
Fareshare	Inverclyde has established a relationship with FareShare Glasgow to provide food to communities. FareShare has received funding direct from SG however, this is expected to end in September 2020, whereby FareShare will be looking for organisations to restart membership agreements	Annual Membership would cost £16,320	This membership would provide 51 weekly deliveries of approximately 36.7 tonnes of food each week. This would continue to be distributed locally to the 8 community organisations.	£	16,320.00
HSCP Hot Food Provision for the Elderly	Education Catering will provide cooked meals for HSCP homecare services and delivered where possible when people are self isolating.	£2.00 per day	Older and vulnerable adults who are supported by HSCP Homecare services to 9 August 2020. £600 per day x 40 days =	£	24,000.00
<b>TOTAL</b>				<b>£</b>	<b>372,320.00</b>

This leaves £127,680 to be allocated for the period to 30 September. Proposals to form part of the Anti Poverty Fund report to Policy & Resources in August.

## 1.1 Foreword

This latest revision of the Council's Financial Strategy has been prepared at time the country and the Council are 13 week into the Covid-19 lockdown. The financial pressures and fiscal response is without precedent in recent decades and the impact will be felt for many years.

Given the challenging economic situation, and the significant financial issues we will face over future years, it is essential that the Council updates its Financial Strategy regularly to ensure it provides a practical framework within which policy choices can be identified, debated and approved.

The approval of this revised Financial Strategy demonstrates that we are clear both about the outcomes we want to achieve for our communities and the financial challenges that need to be addressed if we are to successfully deliver on these outcomes.

To provide a clear, consistent strategic direction for the Council the following outcomes were agreed for the Financial Strategy – it will ensure that:

- **the Council has a comprehensive, sustainable, balanced budget;**
- **the Council reviews the level of Council Tax annually in the context of the Financial Strategy, to determine an appropriate level in the best interests of the people of Inverclyde;**
- **resources are allocated and deployed to facilitate delivery of the outcomes in the Corporate Plan/Local Outcome Improvement Plan and Corporate Directorate Improvement Plans;**
- **all key strategic decisions on the allocation and deployment of resources are made within the appropriate financial context;**
- **Members can take full account of the impact of decisions on the overall financial resources of the Council in the short, medium and long term;**
- **there is a high level of confidence in the financial management of the Council;**
- **the Council has flexibility to address new policy requirements, or significant changes to existing policies, within overall available financial resources;**
- **resources are invested effectively, efficiently and on a sustainable basis;**
- **there is continued improvement in the delivery of major projects;**
- **there remains a focus on securing efficiencies across the organisation;**
- **the Council continues to invest in improving service quality, delivering new infrastructure, enhancing service levels and upgrading existing assets;**
- **there is an increased level of understanding on behalf of the wider community with regard to the finances of the Council.**

The primary financial challenge facing the Council over the coming period, given the continued pressure on public sector budgets, will be to stay within the approved revenue budget and deliver a capital programme that continues to maintain a high level of investment in key infrastructure.

There is no doubt that even before the current Covid emergency the Council faced a very challenging 2021/23 Budget process with a 2 year funding gap estimated prior to Covid of almost £11 million before any Council Tax increase.. One of the main challenges faced by the Council is therefore forward planning, preparatory investment and a sufficient lead in period prior to implementation of both savings and investment for the period beyond the current budget.

Given the difficult position the Council faces on capital expenditure, it is essential that future capital expenditure proposals are largely self-financing through the release of other capital assets, as well as delivering efficiencies which will secure ongoing revenue savings.

The Council has also approved corporate policies to charging and income generation – including maximising external funding to supplement existing resources and support service delivery. The Council increased the level of income generated by charging as part of the Budget but this may come under pressure as Council delivery is reshaped post Covid.

We also need to ensure that the Financial Strategy continues to support the Corporate Plan directly, the Local Outcome Improvement Plan and effectively link this Strategy to our Corporate Directorate Improvement Plans.

The Financial Strategy is a dynamic document and will be monitored on an ongoing basis by the Corporate Management Team and the Policy & Resources Committee. It will continue to be formally reviewed by the Council twice yearly, in June and in December.

This Financial Strategy is key to the future success of the Council – it is about making sure we have sufficient resources in place when required to deliver the outcomes we realistically can achieve for the communities of Inverclyde.

**Councillor Stephen McCabe**  
**Leader of the Council**

**Aubrey Fawcett**  
**Chief Executive**

## 2.0 Why have a Financial Strategy?

- 2.1 The purpose of our Financial Strategy is to provide clear direction, supported by a practical framework and explicitly defined parameters, on how the Council will structure and manage financial resources in the medium to long term to ensure they are deployed effectively to achieve corporate objectives.
- 2.2 This is not just another financial process – the Financial Strategy is integral to our Strategic Planning and Performance Management Framework which underpins the achievement of the outcomes identified in the Corporate Plan, and is an integral part of the Corporate Directorate Improvement Plans.
- 2.3 The requirement to develop a medium to long term financial strategy covering the next three to ten years (and in some areas longer) is a vital component of decision making.
- 2.4 The Council has taken into account guidance from CIPFA when developing the Financial Strategy as well as best practice from other local authorities.
- 2.5 Our ambition is to maintain a single, coherent Financial Strategy that brings together the corporate objectives of the Council along with all the relevant financial information in a clear, accessible document.
- 2.6 The value of such a Strategy is that it enables the Council to develop a better understanding of the wider policy and financial environment within which it operates, identify and respond flexibly to opportunities and threats, manage and mitigate risks and ensure that financial resources are contributing to achieving corporate objectives.
- 2.7 The Strategy will also provide information to a range of stakeholders:

**Table 1 – Stakeholder Information**

For the Council and Elected Members	to decide how available financial resources will be used
For Chief Officers, managers and employees	To help optimise the available resources and reinforce their roles in financial management arrangements
For residents	to show how the Council's Financial Strategy impacts upon service provision
For Council Tax payers	to demonstrate how the Council looks after public resources
For partners	to share the Council's vision and help identify opportunities for joint working and resource deployment.

- 2.8 Inevitably some of the information of the Financial Strategy will be based on forecasts and these will change over time - the Strategy is reviewed regularly so that the Council can respond proactively to any such changes.
- 2.9 The inclusion of information in the Financial Strategy does not infer approval and all financial projections and issues will have to be subject to approval through the budget process.
- 2.10 The Strategic Planning and Performance Management Framework continues to develop links between the strategic planning and budgeting processes. This allows services to plan ahead, taking into account the resources available and proactively identify opportunities to achieve efficiencies or secure alternative funding sources. This process also encourages the development of joint resourcing opportunities within the Inverclyde Alliance.

### 3.0 Financial Summary

- 3.1 On 12 March 2020 the Council agreed the 2020/21 Revenue Budget. The Council continues to work within a medium term Budget Strategy covering 2021/23, the life of the current Council.
- 3.2 The same meeting also agreed the 2020/23 Capital Programme which took into account the latest Government Grant settlement information.

**Table 2 – Short Term Summary – Approved Revenue and Capital Budgets (March 2020)**

	2020/21 £million
<u>General Fund Revenue Budget</u>	198.698
<u>Financed by</u>	
Government Grant (Including NDR)	(166.076)
Council Tax	(32.622)
Approved Contribution from General Reserve	-
	0
<u>Capital Programme (2020/21)</u>	
Approved Spend	19.46
<u>Financed by</u>	
Government Grants	6.47
Capital Receipts	0.54
Other Grants/CFCR	7.38
Prudential Borrowing	2.31
Resources Carried Forward from prior year	16.06
Surplus in Resources in 2020/21	13.30

## 4.0 Overall Economic Position

### *UK Context*

- 4.1 The Covid pandemic has elicited a fiscal response from the Government which is without precedent in peace times. At the time of writing this updated Finance Strategy the UK Government continues to release large sums of funding to support the economy, households and frontline services battling against the virus and to help fund new ways of working as part of the recovery. Despite this unprecedented intervention there remain calls for continued significant intervention in the short to medium term.
- 4.2 The Bank of England issued a forecast for the UK economy in early May which is now viewed as being highly optimistic and this is shown in the table below. This document portrayed a V shaped recovery whereas more recent analysis is projecting a “U”, “L” or a “swoosh” shaped recovery.

	<u>2010-18 av</u>	<u>2019</u>	<u>2020</u>	<u>2021</u>	<u>2022</u>
GDP (real) annual % change	2	1	-14	15	3
Inflation (CPI) annual % change	2.3	1.8	0.6	0.5	2
Unemployment Rate	6	4	8	7	4
Bank Interest Rate	0.5	0.8	0.2	0.1	0.2

- 4.3 As a result of the economic downturn and its associated costs there is a significant increase in the UK’s budget deficit. For 2020/21 alone the deficit is estimated to rise by over £300 billion compared to the £55 billion projected by the OBR in March with continuing costs likely and a rising debt profile. A financial statement is expected later in the summer and whilst this is stressed as not being a Budget, it will likely indicate further investment/borrowing.
- 4.4 Borrowing of this scale will have a long term impact on the future UK fiscal strategy and it is likely that the Chancellor will have to increase taxes (or cut spending). Areas which could contribute to increases in taxes or cost reductions would include increasing VAT and National Insurance contributions, a Public Sector pay freeze, a new tax to pay for the NHS and Social Care and potentially ending the pension triple lock. There is a very real danger however that increasing tax to early will inhibit the economic recovery.
- 4.5 The Treasury have published their latest summary of new (i.e. May based), independent forecasts for the UK. Table 2 shows the average of these forecasts for key variables up to 2024.

<u>Variable</u>	<u>2020</u>	<u>2021</u>	<u>2022</u>	<u>2023</u>	<u>2024</u>
GDP (real %)	-8.3	5.8	2.7	2.1	1.8
CPI (%)	1.0	1.4	1.7	1.8	1.8
Unemployment (rate)	7.0	6.8	6.1	5.5	5.0

It should be noted that the figures shown in table 2 are averages and the range of forecasts around this average can vary considerably. For example, GDP growth in 2020 varies between -12.5% (Bank of America – Merrill Lynch) and -4.7% (Heteronomics). **As can be seen, most forecasters have moved well beyond the more optimistic i.e. full bounce back) ‘scenarios’ outlined by the Office for Budget Responsibility and the Bank of England, which were constructed during an earlier phase of the pandemic.**

- 4.6 It should be noted that the figures shown in table 2 are averages and the range of forecasts around this average can vary considerably. For example, GDP growth in 2020 varies between -12.5% (Bank of America – Merrill Lynch) and -4.7% (Heteronomics). As can be seen, most forecasters have moved well beyond the more optimistic i.e. full bounce back “scenarios” outlined by the Office for Budget Responsibility and the Bank of England, which were constructed during an earlier phase of the pandemic

*Scottish Context*

- 4.7 In addition to Scotland accessing the UK wide Furlough Schemes and Welfare Benefits enhancements the Scottish Government has allocated approximately £4 billion from UK Consequentials to supporting businesses, addressing issues such as food insecurity, increased demand for Crisis Grants and other benefits plus allocating extra resources to the Health Service and Local Government.
- 4.8 It is clear from recent correspondence from the Cabinet Secretary for Finance that there remains little scope for manoeuvre and the allocation of further funds without the UK Government allocating further resources and the resultant consequentials being passed on.
- 4.9 What happens beyond 2020/21 will largely be dependent on the UK Government fiscal response and whether the approach is to continue to borrow at a high level to stimulate economic recovery or whether to have a more modest increase in investment and look at options for taxation and cost reduction. Issues which will need to be addressed include, how much of the current increased spending pressures will be permanently accommodated e.g. increased investment in the NHS, Care Homes, Social Care and wage levels for essential workers. In addition a view will need to be taken on the level of benefits paid and the sustainability of the current arrangements for pensioners.
- 4.10 There is however, nothing to indicate that Local Government will receive a real terms funding boost in the medium term out with the implementation of Scottish Government policies and national initiatives. In this context it is likely that Local Government in Scotland faces a continued squeeze on resources which will continue to require clear prioritisation inevitably a review of some of the Universal service provision policies at both a national and local level.
- 4.11 Throughout all this Brexit continues to be an area of considerable uncertainty with the UK leaving date still set for the end of 2020 despite calls from the Scottish Government and others to extend the date in view of the current Covid crisis.

## 5.0 Local Context

- 5.1 The local environment within which the Council operates has changed significantly in recent years and will alter further in future years due to the impact of national legislation and policy, further economic turbulence, societal changes and developing customer expectations.
- 5.2 The overall strategic framework within which the Council operates is outlined in the Strategic Planning and Performance Management Framework. The Framework includes the Local Outcome Improvement Plan, the Corporate Plan, Corporate Directorate Improvement Plans and the Financial Strategy.
- 5.3 The Strategic Planning and Performance Management Framework is shown in the Diagram below.

- **National Outcomes** are set by the Scottish Government and sit within a National Performance Framework. These 11 outcomes are an overarching guide for the local community planning partnership document, the Inverclyde Outcomes Improvement Plan.
- The **Inverclyde Alliance Outcomes Improvement Plan** (OIP) is a high level strategic partnership document setting out the vision and direction for the Inverclyde area, as agreed by all the Inverclyde Alliance partner organisations and communities. The outcomes are based on evidence of the key issues and challenges for the Inverclyde area and through community engagement. They set out what we want to achieve for all the communities of Inverclyde.
- The **Partnership Action Plans** set out the Partnership actions and projects which will contribute to the achievement of the OIP priorities and are expressed through the wellbeing indicators (see below in 5.4) to help better understand their impact on a crosscutting basis.
- The Council approved a new **Corporate Plan 2018/22** on 7 June 2018. The Corporate Plan is a public facing document and sets out the ways in which Inverclyde Council hopes to deliver better outcomes for the people of Inverclyde through the delivery of 10 organisational priorities. The Plan reflects the wellbeing outcomes from the Outcomes

Improvement Plan and sets out, at a high level, what the Council will do to help deliver the partnership priorities. The Plan also contains high level budget information for key services.

- **Corporate Directorate Improvement Plans (CDIPs)** set out the vision for each Directorate. The current CDIPs cover the period 2019/22 and are reviewed on an annual basis to ensure that the improvement actions remain up-to-date and reflect the local and national environment in which the council operates. The Plan covers two broad areas, the first being corporate cross cutting improvement actions and the second Directorate Improvement actions. These improvement actions are based on robust self-evaluation and are mapped to the Corporate Plan organisational priorities. In addition the HSCP has developed a Strategic Plan 2019/24 which supports the Inverclyde Joint Board.
- **Service Statement and Standards** set out what services do on a day to day basis and will not change significantly year on year, but will be refreshed to reflect any structural or legislative changes. It is a public facing document which also sets out a summary of the financial and employee resources allocated to run the service. Service standards are also reflected in the Service Statements, setting out what quality standards the service follows and what customers can expect.

#### *Outcomes for Inverclyde*

The focus of the Strategic Planning and Performance Management Framework is on addressing the main challenges facing the area. The Inverclyde Outcomes Improvement Plan builds on the achievements of the SOA and contains three strategic priorities to be delivered in partnership:

- **Population:** Inverclyde's population will be stable and sustainable with an appropriate balance of socio-economic groups that is conducive to local economic prosperity and longer term population growth
- **Inequalities:** There will be low levels of poverty and deprivation and the gap between the richest and poorest members of our communities will be reduced
- **Environment Culture and Heritage:** Inverclyde's environment, culture and heritage will be protected and enhanced to create a better place for all Inverclyde residents and an attractive place in which to live, work and visit

5.4 The OIP continues to focus on the delivery of the **wellbeing outcomes**, which the Inverclyde Alliance, including the Council, has adopted. These wellbeing outcomes have been adapted and expanded from 'Getting it Right for Every Child', to help us work towards a Nurturing Inverclyde, 'Getting it Right for Every Child, Citizen and Community'. The wellbeing outcomes cover the core areas of Safe, Healthy, Achieving, Nurtured, Active, Respected, Responsible and Included.

5.5 A key challenge for the Inverclyde Alliance, and the public agencies, operating in Inverclyde, over the next five years will be to ensure better alignment between available resources, across all agencies, and the outcomes and priorities identified in the Inverclyde Outcomes Improvement Plan.

#### 5.6 Demographics and Population

The most significant challenge facing Inverclyde is depopulation and associated demographic change – this has been recognised by the Council and our Partners as a priority in the Inverclyde Outcomes Improvement Plan and the Council's Corporate Plan 2018/22.

5.7 The fundamental issue for the Council is that at some point if the decline in population continues at the current pace then the area could become no longer sustainable as a unit of administration which would have an associated impact on other services such as health, police and fire. In recent years, the population decline in Inverclyde has been largely attributable to more deaths than births in the area. Encouragingly, it is estimated by the National Records of Scotland that in two out of the past three years more people moved into Inverclyde than moved out, however the potential increase in population has been offset by negative natural change. Work around repopulation is led by the Inverclyde Alliance Population Partnership which has responsibility for the implementation of the Repopulation Strategy and Action Plan, which was approved by the

Inverclyde Alliance Board on 18 March 2019.

- 5.8 In the 2011 Census the population for Inverclyde was 81,485, a decrease of 3.2% from 84,200 in the 2001 census. The most recent population estimates set out Inverclyde's population for 2019 at 77,800, a decrease of -0.4% from 78,150 in 2018. The population of Inverclyde accounts for 1.4% of the total population of Scotland.
- 5.9 The latest mid-year population estimates (2019) show that 16% of Inverclyde's population is aged between 0 – 15 years, which is slightly less than the percentage for Scotland, 17%. 63% of the population is aged 16 – 64 years, compared to 64% in Scotland. 21% of Inverclyde's population is aged 65 years and older compared to 19% in Scotland.
- 5.10 Since 1985, Inverclyde's total population has fallen overall whilst Scotland's population has risen over this period.
- 5.11 Official population projections continue to forecast a long term decline in Inverclyde's population. By 2043 the population of Inverclyde is projected to be 65,517, a decrease of -16.2% compared to the population in 2018. The population of Scotland is projected to increase by 2.5% per cent between 2018 and 2043.
- 5.12 Over the 25 year period the age group that is projected to increase the most in size in Inverclyde is the pensionable and over age group with a 9.9% increase. In Scotland, it is estimated that there will be a projected 23.2% increase in the pensionable age population by 2043.
- 5.13 The population aged under 16 in Inverclyde is projected to decline by 25.6% over the 25 year period, compared to a 10.5% decrease nationally.
- 5.14 Between 2016 and SIMD20, the number of Inverclyde data zones in the 5% most deprived in Scotland increased from 11 to 21. This equates to 18.4% of all 114 Inverclyde data zones in the 5% most deprived category, this is the second highest local share in Scotland. Inverclyde also has the second highest local share of data zones in the 20% most deprived in Scotland.
- 5.15 Demographic change will have significant impact on services as funding allocated from the Scottish Government is partly based on the population of an area. Even with additional allocations to take account of deprivation the budget is expected to reduce in real terms over the next five years.
- 5.16 In terms of indicators of deprivation the profile for Inverclyde differs from the national picture, these include:
- 6.1% of working age benefit claimants are claiming unemployment benefits. Of this, a higher proportion of 18 – 24 year olds (8.9%) are claiming than 25 – 49 year olds (7.4 %) or 50+year olds (3.9%). (As at April 2020).
  - Economic inactivity rates in Inverclyde are higher than the national rate 27.8 compared to 22.5% (January 2019 – December 2019)
  - The percentage of workless households in Inverclyde is 19.2% compared to 17.1% in Scotland (January – December 2018)
  - Approximately 85.4% of working age adults in Inverclyde have NVQ1 and above, or other formal qualifications. 83.5% of the Scottish population have NVQ1 and above or other formal qualifications (January 2019 – Dec 2019).
  - Median earnings for full time workers living in the area (Gross Weekly Pay) fell between 2018 and 2019 from £566.20 to £543.80. The Scottish average was £577.70. Earnings in 2019 were lower than the Scottish average for the first time in 3 years. . .
  - Working age people account for 63% of all people in Inverclyde (2019 mid-year population

estimates). This is 1% lower than for Scotland as a whole.

- 5.17 The projected population changes will have an impact on all service areas, particularly Education and Social Care, where there will be a need to actively manage the transition from current service delivery arrangements to new models that are built around the needs of the future population.
- 5.18 The deprivation profile will have major implications for services as research indicates that those most vulnerable to poverty are more likely to require greater interventions and experience greater levels of health inequalities and a targeted focus to move individuals out of poverty will come at a significant cost to public agencies.
- 5.19 The predicted demographic changes also have other implications. A decline in younger economically active people and a growth in the older, more vulnerable age group can mean there will be fewer informal carers which could result in a higher dependency on the services provided by the Health & Social Care Partnership.

#### *The public sector landscape in Inverclyde*

- 5.20 The public sector landscape has changed significantly over the last 10-15 years in Inverclyde. The development of this mixed economy of public service provision presents new challenges for the Council as it seeks to ensure that outcomes are achieved and that resources are being deployed effectively and efficiently. This is particularly relevant in the context of the LOIP where there will need to be a robust appraisal of whether existing service delivery arrangements across all partner agencies can effectively deliver on the agreed outcomes.
- 5.21 Whilst the Council has to tackle the problems associated with poverty, health inequalities and deprivation now, it also has to look to the future, and ensure that effective intervention is put into place now, to prevent further problems from developing, which will ultimately require expensive interventions. Investment in the lives of our children and young people early on in their lives will result in a better outcomes and quality of life for them as they grow up in the Inverclyde area.
- 5.22 The Community Empowerment (Scotland) Bill received royal assent on 24 July 2015. The Act places new duties on the Council and its partners to provide new rights for community bodies. The Act came into effect in July 2016 and is beginning to have a significant impact on the way the Council interacts with the Community.

#### 5.23 *Riverside Inverclyde*

Riverside Inverclyde remains a joint initiative between the Council and Scottish Enterprise to regenerate the Clyde Waterfront. It was originally scheduled to run from 2006/7 until 2017/18.

The Council's contribution towards Riverside Inverclyde was originally to be £24 million over the ten year period. In addition the Council has made contributions in kind by transferring specific assets to the Urban Regeneration Company which will count towards the £24 million contribution and a further £6.1 million financial support to specific major Regeneration projects led by Riverside Inverclyde.

Following the most recent governance review it was agreed by the Council and Scottish Enterprise to change the operational governance model due to the reduction in major regeneration projects being progressed by Riverside Inverclyde. The revised arrangements became operational in the summer of 2019.

#### 5.24 *River Clyde Homes*

River Clyde Homes is a not-for-profit housing organisation, which is run by a Board of Tenants, Council nominees and community members. It is regulated by the Government to ensure that it manages housing in the best interests of the tenants of Inverclyde, and the community as a whole.

The transfer to River Clyde Homes of all the Council housing stock was based on significantly more money being available to invest in homes and neighbourhoods and give tenants a real say in the decisions that are made about their housing, with tenants on the Board influencing policies and investment decisions.

#### 5.25 *Inverclyde Leisure*

Inverclyde Leisure is a 'company limited by guarantee', not having share capital and recognised by HMRC and OSCR as having charitable status. In October 2001, the Trust was asked to take responsibility for the management and delivery of Inverclyde Council's sport and recreational services.

The Leisure Trust works in close partnership with Inverclyde Council and other internal and external agencies in order to develop the optimum service for residents and visitors to Inverclyde and so to ensure the Trust's Mission Statement is implemented.

The Council's Community Facilities transferred to Inverclyde Leisure in April 2010 and the transfer of the management of Outdoor Leisure Facilities to Inverclyde Leisure took place in April 2015. Members agreed in November 2019 to the transfer of Whinhill Golf Course to Inverclyde Leisure from 2020/21 Season. Inverclyde Leisure has revised its Business Planning process and a new Business Plan is reviewed annually by the Council.

The Council's percentage contribution to the Leisure Trust has reduced considerably and is currently under 30% of the Leisure Trust turnover.

#### 5.26 *Inverclyde Health and Social Care Partnership (HSCP)*

The Council and Greater Glasgow and Clyde Health Board established an integrated Community Health and Care Partnership (CHCP) in October 2010. This resulted in greater partnership working and efficiencies in line with the Government's stated objective of integrating aspects of Health & Social Care.

The Public Bodies (Joint Working) Act 2014 resulted in the creation of a HSCP Integrated Joint Board (IJB) during 2015/16 and required a revised Governance and Financial framework. The IJB is a separate legal entity and will receive resources from and delegate resources to the Council and Health Board. The Council was well placed to meet this challenge given the 4 successful years of CHCP operation.

The financial integration became live in April 2016 at a time of continued increasing demands on Council Budgets as the Partnership focuses on building community resources to support the delivery of health and social care services, including the acute sector. The early years have proven successful with the finances of the IJB being well managed with reserves increased in order to meet the demographic demands.

## **6.0 Financial Management**

### *Corporate Governance*

6.1 The Council positively promotes the principles of sound corporate governance within all aspects of its activities.

6.2 Corporate governance is about the structures and processes for decision-making, accountability, controls and behaviour throughout the Council. It is based around key principles of openness, equality, integrity and accountability.

6.3 The fundamental principles of corporate governance should be reflected in the various dimensions of Council business, including;

- Ensuring a community focus underpins the Council's vision and priorities;
- Ensuring the effective delivery of local services on a sustainable basis;
- Establishing effective management structures and processes which include clearly defined roles and responsibilities for officers;
- Developing and maintaining effective risk management systems that form part of the Council's strategic decision making process;
- Ensuring high standards of propriety and probity in the stewardship of the Council's funds and the management of the Council's affairs;
- A commitment to openness in the Council's affairs and the provision of full, accurate and clear information to all stakeholders.

6.4 The Chief Financial Officer has been designated as "the proper officer" and is responsible for advising the Council on all financial matters.

6.5 The Financial Regulations were refreshed and approved in September 2016 and are an essential component of the corporate governance of the Council.

6.6 The Financial Regulations are designed to facilitate the smooth running of the Council, protect its interests and the interests of members and officers, and ensure the proper administration of all the Council's financial affairs, including, Partnerships, The Common Good and Sundry Accounts.

6.7 Head Teachers must also comply with the Financial Regulations, with the exception of virement which is defined in the Devolved Management of Resources Scheme.

### *Roles and Responsibilities*

6.8 It is important to set out clearly the roles and responsibilities of the key parties involved in the Financial Strategy and the management of overall financial resources of the Council.

### *Elected Members*

6.9 Elected Members, through Full Council and Committees are responsible for considering and approving budgets and the Financial Strategy for the Council. Approved budgets must be financially balanced and demonstrate value for money and sustainability.

- 6.10 Throughout the year Committees receive reports which allow progress against approved budgets to be scrutinised. All members receive appropriate training in the areas of Financial Strategy, Local Government Finance and key specialist areas such as Treasury and Risk Management.

*Corporate Management Team*

- 6.11 The Chief Executive, Corporate Directors, Chief Financial Officer, Head of Legal & Property and Head of Organisational Development, Communications & Policy form the CMT, chaired by the Chief Executive, who are responsible, individually and collectively, for ensuring effective financial management across the organisation.
- 6.12 As Budget Holders the Corporate Directors are responsible for the budgets delegated to deliver the services within their Directorate in line with the priorities of the Council. Whilst they may delegate this responsibility within their Directorate they remain accountable in exercising overall financial control.
- 6.13 The CMT set aside time each reporting cycle to consider corporate financial matters including employee costs, key budget lines, earmarked reserves and savings delivery progress.

*Chief Financial Officer*

- 6.14 The Chief Financial Officer has a statutory role to ensure appropriate arrangements are in place for the proper administration of the financial affairs of the Council. He has the authority to comment and advise CMT, Chief Executive and Elected Members on all financial matters.

*Heads of Service*

- 6.15 Heads of Service are individually responsible for ensuring that the services within their remit are delivered in line with the agreed policy, and support the strategic direction of the Council. As Budget Holders they are responsible for the budgets delegated to them to deliver their service in a manner which demonstrates value for money in line with the priorities in the Corporate Directorate Improvement Plans.

*Budget Managers*

- 6.16 Responsibility for budgetary control lies with the Corporate Directors and as delegated budget holders, their Heads of Service and Service Managers. In recognition of the need to ensure budget holders are appropriately supported and trained, Finance Services delivers training to all Heads of Service and Managers on Financial Governance and budgetary control issues.

*Financial Support to Services*

- 6.17 Each Directorate has a dedicated Finance Manager and Principal Accountant who prepare and monitor the Directorate budget as well as providing a full range of financial advice to the Directorate.

*Internal Audit*

- 6.18 Internal Audit provide assurance to Elected Members, the Chief Executive and management that the internal processes of the Council are being managed appropriately in line with the overarching policies and outcomes are being delivered in an efficient and effective manner.

### *External Audit*

- 6.19 The role of External Audit is to provide assurance to the Auditor General and the Accounts Commission that the Council has spent public money properly to deliver outcomes in an efficient and effective manner. They also provide assurance to the Elected Members, the CMT and general public that the Council's performance is reported in accordance with the financial standards and presents a fair account of the Council's activities.

### *Managing the Budget*

- 6.20 Committees receive five budget monitoring reports throughout the year. These are jointly prepared by the Chief Financial Officer and the relevant Corporate Director.
- 6.21 The Corporate Management Team receive and discuss a budget overview every budget monitoring cycle covering key budget lines, employee costs, earmarked reserves, progress on the approved savings and key projects with financial implications.
- 6.22 All Services receive detailed budget information five times per year and in addition are sent system generated budget reports in intervening months plus having access to real time information held on the Council's Finance Management System.
- 6.23 The Council operates a risk based approach to budget monitoring ensuring that focus is given to larger and more volatile budgets. The identification of key budgets is agreed annually between Directorates and Finance.

## **7.0 Financial Outlook**

- 7.1 Key financial issues are known or anticipated events and activities that have to be addressed within overall financial resources in the short-term (within 2 years), medium-term (within 4 years) or long-term (over 4 years).
- 7.2 Events and activities include efficiencies, planned savings, changes to service priorities and delivery, and known potential pressures. The financial impact of an event or activity may be one-off, recurring or time-limited.
- 7.3 The Council is due to receive Revenue Grant/Non-Domestic Rates Income of 166.076m in 2020/21.
- 7.4 When the Council's own projection of Council Tax Income based on 97.0% collection rate is added (£32.622m) then the income for the Council in 2020/21 is projected to be £198.698m.
- 7.5 The level of resources available to the authority to fund its revenue expenditure is also dependent on Council Tax and the approved budget included a 3.0% increase in Band D Council Tax in 2020/21.
- 7.6 The Financial Strategy covers the period 2020/30 in terms of identifying potential issues, but the revenue forecasts are limited to the period which can be reasonably forecast. A new requirement from 2019/20 was the production and approval of a Capital Strategy which covers a period beyond 2030. This examines a number of long term issues including the sustainability and affordability of borrowing and investment decisions.
- 7.7 The Council has agreed a Reserve Strategy which requires a minimum unallocated General Fund Reserve of 2% of turnover. Based on the 2020/21 Budget this equates to £3.8 million. The overall position of the Reserves shown in Appendix 5 and has been updated to reflect the latest projections. The Reserve Strategy was reviewed and approved by the Policy & Resources Committee in September 2019. Earmarked Reserves and the level of unallocated reserves are reviewed annual as part of the budget process.
- 7.8 The projected budget position in the short to medium term, is set out in the following tables and notes for both revenue and capital. Details of the short, medium and long-term issues identified in consultation with Services are contained at Appendices 1, 2 and 3.

	<u>2020/21</u>	<u>2021/22</u>	<u>2022/23</u>

## Finance Strategy Notes – June 2020

### Note 1 Inflation

- a) Pay – The allowance for pay inflation is an allowance available over the 3 year period to fund all pay related pressures including the annual pay award, impacts of living wage, increases in employers national insurance/pension costs, and movement in service bottom up employee budgets. Figures for 2020/21 reflect budget decisions taken September 2019 and November 2019.
- b) Other Inflation – Inflation had been at a low rate in recent times and as such the allowances have been reduced. However, over the last 12 months inflation had gradually increased but the impact of Covid on the cost of Services and goods remains uncertain therefore figures for 2020/22 reflect proposals identified in Finance Strategy approved December 2019.
- c) Income – Reflects an annual increase of 3% on fees & charges income as part of the budget decisions approved November 2019.

### Note 2 Budget Increases

- a) General Pressures – Reflects pressures approved for 2020/21 in March 2019 and budget decisions approved September 2019.

### Note 3 Adjustments

- a) Other Adjustments – Reflects School Transport pressure approved November 2019 and other minor adjustments.
- b) New Funding – Reflects new funding received as part of the Settlement February 2020. The majority of the funding relates to Teachers Pay and Teachers Superannuation costs and new funding for Health & Social Care Partnership.
- c) Policy Pressures – Reflects School Transport pressures approved as part of the 2019/20 budget process.
- d) Contribution from Reserves – As part of the 2019/20 budget process, the Council approved use of reserves to fund the 2019/20 budget for 1 year.
- e) Reinvestment Fund – Funding approved as part of the 2020/21 budget process to help reduce poverty and deprivation within Inverclyde.

### Note 4 Funded By

- a) Reflects 2020/21 Finance Settlement included in Scottish Government Circular 4/2020. The 2021/23 figures are estimated based on continuing grant loss due to Depopulation. Figures reflect budget decisions taken March 2020.
- b) Council Tax Income is shown net of Council Tax Reduction (CTR) Scheme. Grant is included within Council General Revenue Grant for CTR. Figures reflect decision to increase Council Tax by 3% on 20 February 2020. No increase is reflected for 2021/23.

## *Other Short Term Revenue Issues*

The main remaining risks associated with the 2020/21 budget position will be around non-pay inflation allowances, the funding of significant Covid related costs and increasing demand for certain services. Regular reporting to Committee will ensure officers report any significant variances at the earliest opportunity.

### *7.9 Medium to Long Term Revenue Issues*

Looking beyond 2021 becomes increasingly difficult with uncertainty around the level of funding likely to be available, the impact of the Scotland Act, Brexit and the use the Scottish Government will make of its new powers and now the ongoing funding pressures due to Covid. The Scottish Government has intimated its plan to issue a 2021/23 settlement in December 2020.

The incremental impact of current major initiatives have been fully incorporated the overall Budget.

Post 2020/21 the main issues impacting on the revenue budget will be:

- **Funding will be impacted by future population change/demographic shifts and any changes to the way local government in Scotland is funded.**
- **Decisions of the new Scottish Government regarding any protection afforded to Local Government or other parts of the Budget plus the use that is made available tax raising powers.**
- **Welfare Reform changes and associated budget cuts will continue to impact on Council Services from both a demand and funding perspective.**
- **Health and Social Care integration continues to become embedded but the fundamental fact is that there is not enough money in current budgets to meet increasing demand.**
- **Pension costs influenced by the impact of auto-enrolment, the changes to LGPS and Teachers Pensions, plus costs associated with the Council resizing its workforce in order to balance its budgets and potential changes to Pension Tax Relief.**
- **Costs associated with sustainability including waste disposal and recycling, energy and fuel costs and general procurement inflation due to increased global demand for raw materials.**
- **Overall global economic situation arising from Covid and the Brexit vote resulting in uncertainty interest rates, investment returns, inflation levels and further reductions in public sector funding.**

The fundamental issue for the Council is that at some point if the squeeze on public sector finances and the decline in population continues then the area could become unviable as a unit of administration and this will have an associated impact on other local services such as health, police and fire.

- 7.11 Table 4 shows the high level estimate of the 2021/24 budget gap based on the above. In line with good practice tables 4b and 4c provide two further scenarios based on different assumptions. Table 4b represents an “optimistic” scenario and Table 4c representing a “pessimistic” scenario. These figures are heavily caveated due to the major uncertainty caused by Covid and the lack of clear data around the short/medium term impact on inflation, the economy and funding for the Public Sector.

**Table 4a****2021/24 Budget Gap - Mid Range Estimate**

	2021/22	2022/23	2023/24	2021/24
	£m	£m	£m	£m
1/ Estimated Block Grant Reduction	0.0	0.0	0.0	0.0
2/ Continuing cash cut due to Depopulation	1.0	1.0	1.0	3.0
3/ Inflation - Pay	3.0	3.0	3.0	9.0
- Non-Pay	1.5	1.5	1.5	4.5
4/ Pressures				
-COVID Allowance	2.0	(1.0)	0.0	1.0
- General Pressures	0.6	0.6	0.6	1.8
5/ Savings Approved (March 2020)	(0.4)	-		(0.4)
Approved Loans Charges Adjustment	(0.3)	(0.3)	0.0	(0.6)
Budget Smoothing Reserve	(1.5)	0.0	1.5	0.0
	<u>5.9</u>	<u>4.8</u>	<u>7.6</u>	<u>18.3</u>

a/ Assumes use of £3.0million Smoothing Reserve over 2021/23.

b/ Assumes £2million increase in budget in 2021/22 due to COVID reducing to £1million recurring thereafter

c/ Assumes no new Prudential Borrowing above that already contained in the Loans Charges model.

d/ Assumes no Council Tax increase. (3% annual increase would raise £0.95 million per year)

e/ The GRG/NDRI assumption excludes any hypothecated grant increases eg: Early Years as this is ring fenced to deliver new policies rather than fund existing service provision.

	2021/22	2022/23	2023/24
f/ Key Assumptions	%	%	%
GRG/NDRI	0	0	0
Pay Inflation	2.5	2.5	2.5

**Table 4b****2021/24 Budget Gap - Optimistic Scenario**

	2021/22	2022/23	2023/24	2021/24
	£m	£m	£m	£m
Block Grant Increase	(2.4)	(2.4)	(2.4)	(7.2)
Continuing Impact of Depopulation	1.0	1.0	1.0	3.0
Inflation - Pay	1.8	1.8	1.8	5.4
- Non-Pay	1.0	1.0	1.0	3.0

Budget Smoothing Reserve	(1.5)	0	1.5	0
Funding Gap	9.9	8.7	11.5	30.1

a/ Assumes use of £3.0million Budget Smoothing Reserve over 2021/23

b/ Assumes £2.5million increase in budget in 2021/22 reducing to £1.5million thereafter

c/ Assumes no new Prudential Borrowing above that already outlined in the Loans Charges Model.

d/ Assumes no Council Tax increase. (3% increase would raise £0.95 million per year)

e/ The GRG/NDRI assumption excludes any hypothecated grant increases eg: Early Years as this is ring fenced to deliver new policies rather than fund existing service provision.

	2021/22	2022/23	2023/24
f/ Key Assumptions	%	%	%
GRG/NDRI	-1.5	-1.5	-1.5
Pay Inflation	3.0	3.0	3.0

## 7.12 Short to Medium Term Capital Projections

The Council agreed a 3 year Capital Programme covering 2020/23 in March 2020. A 5% overprovision was built in to allow for increased resources/project cost reductions.

## 7.13 Long-Term Capital Projections

There is greater certainty around capital spend for the post 2022/23 period due to the fact that asset management plans will continue to utilise nearly all available funding i.e. Schools, Operational Properties, Roads, Lighting, Vehicles, Open Spaces and ICT.

Given the difficult position the Council faces on revenue expenditure, it is essential that future capital expenditure proposals are largely self-financing through the release of other capital assets, use of Reserves as well as delivering efficiencies which will secure ongoing revenue savings.

It is hoped that Local Government Capital Grants may increase in the medium term. Given the major revenue financial pressures the Council needs to seriously consider using any increase in grant to reduce prudential borrowing/use of reserves rather than identifying new projects.

**Table 5 - Capital Programme 2017/2021 (Medium Term Capital Projections)**

Table 5

<u>Expenditure/Projects by Committee</u>	<u>2020/21</u> <u>£m</u>	<u>2021/22</u> <u>£m</u>	<u>2022/23</u> <u>£m</u>	<u>future</u> <u>£m</u>	<u>Totals</u> <u>£m</u>

### Notes

- 1 As per May 2020 P&R Committee

## 8.0 Treasury Management

- 8.1 Inverclyde Council has adopted the CIPFA “Treasury Management in the Public Services – Code of Practice” which sets out good practice for treasury management governance. The Council complies with legal and regulatory requirements in relation to its Treasury Management activities and has appointed consultants to provide advice on Treasury Management issues, including technical issues and the formulation of views on interest rates.
- 8.2 In complying with the Code of Practice, the Council produces a Treasury Management Practices document which sets out how the Council will manage and control its Treasury Management activities. This document is submitted to Committee for approval every three years with approval also being sought for any amendments in the intervening period.
- 8.3 The requirements for Treasury Management reporting following the implementation of the revised CIPFA Treasury Management Code of Practice has resulted in the following:
- An annual Treasury Management Strategy submitted at the start of the financial year and which includes the Council’s Prudential Indicators and covers issues such as the economic situation, the prospects for interest rates, and the Council’s borrowing and investment strategy for the coming year.
  - A mid-year review of the Strategy which include details of the Council’s debt and investment position, activity undertaken during the quarter, and performance to date against the Council’s Prudential Indicators and agreed policy limits.
  - An Annual Report for Treasury Management which is submitted to Members before the end of September each year and which advises Members of the Treasury Management activities during the previous financial year.
  - From 2018/19 there is the requirement to produce a Capital Strategy which is also reviewed annually.

It should be noted that whilst all the above reports will go to the Policy & Resources Committee for initial scrutiny, all now require to go before the Full Council for approval.

- 8.4 Table 6 below shows the Council’s debt and investments position as at 31/5/20.

**Table 6 – Council’s Debt and Investment Position – 31/5/20**

The Council’s treasury portfolio position at 31/5/20 comprised:

		Principal		Average Rate
		£000	£000	
Fixed rate funding	PWLB	114,117		3.55%
	Market	55,000	169,117	
Variable rate funding	PWLB	0		4.86%
	Market	44,558	44,558	
<b>TOTAL DEBT</b>			<b>213,675</b>	<b>3.82%</b>
<b>TOTAL INVESTMENTS</b>			<b>28,374</b>	<b>0.08%</b>

## 9.0 Reserves

9.1 A key aspect of the consideration of the Financial Strategy is the position of the General Fund Reserves. The Reserves Strategy was last reviewed and approved by Council in September 2019.

9.2 Reserves can be held for three main purposes:-

- A working balance to help cushion the impact of uneven cash flows - this forms part of General Reserves.
- A contingency to cushion the impact of unexpected events or emergencies which also forms part of General Reserves.
- A means of building up funds, often referred to as earmarked reserves, to meet known or predicted liabilities.

9.3 The Reserves Strategy is based on the core General Fund Reserve being maintained at a level of 2% of turnover. A turnover of approximately £190 million results in a core General Fund Reserve of £3.8 million. In the event that the Reserves are projected to fall below this level then Members must have a clear route for bringing Reserves back up to the level over the subsequent three financial years.

9.4 The Reserves Strategy also assumes the continued use of earmarked reserves. In this way, earmarked reserves can be separated from the core General Fund Reserve which should allow Members to more transparently track the underlying reserves position. Earmarked Reserves are reviewed annually as part of the budget process.

9.5 Within Inverclyde Council the main Reserves/Funds comprise; General Fund Reserve, Insurance Fund, Capital Fund and Repairs & Renewals Fund. The latest projected position is shown below.

9.6 (a) General Fund "Free" Reserves – This Reserve represents the Council's contingency for unforeseen/unquantifiable events. The level of the Reserve is determined by the Reserve Strategy whilst the projected balance is reported to each Policy and Resources Committee. See Appendix 5.

Balance 31/3/20 = £5.305 million

(b) Insurance Fund – The Insurance Fund balance is required to meet Insurance Liabilities not covered by external Insurance Policies. The balance on the Fund is reviewed every 3 years by an independent actuary who comments upon not only the balance of the Fund but also the on-going internal contributions to the Fund.

Balance 31/3/20 = £3.887 million

(c) Capital Fund – The Capital Fund is a Fund into which Capital Receipt income can be paid and used to fund either capital investment or repay the Principal element of debt repayments. The balance and planned usage of the Capital Fund is incorporated into the Financial Strategy. See Appendix 6.

Balance 31/3/20 = £0.346 million

(d) Repairs & Renewals Fund – The Repairs & Renewals Fund consists of sums received from external parties or allocated directly from Council resources which are thereafter released on a phased basis to maintain specific assets. Use of specific allocations to the Fund are agreed by Policy & Resources Committee and the overall position will be reported as part of the Financial Strategy. See Appendix 7.

Balance 31/3/20 = £3.338 million

## **10.0 Monitoring, Reporting and Review Processes**

- 10.1 The Financial Strategy should be a dynamic, relevant document and will be monitored on an ongoing basis by Finance - it will also be formally reviewed twice yearly, in May and then in November.
- 10.2 The formal review of the Financial Strategy will be reported to CMT and Full Council on a six monthly basis – there will also be capacity to review the Strategy as and when required, particularly when a new issue arises or the impact of major policy or initiative becomes clearer.
- 10.3 The Financial Strategy will only be revised if there are material changes to estimates, projections or policy which will have a financial impact however issues which may impact will be flagged up in the regular General Fund Budget reports to Policy & Resources Committee.
- 10.4 The deminimus level for a major impact requiring immediate review is 50% of the core General Fund reserves, £1.9 million, subject to the opinion of the Chief Financial Officer.
- 10.5 The financial management principles and expectations have been communicated and are understood by all Chief Officers and budget holders.
- 10.6 The Financial Strategy has been drawn up with the full involvement of the CMT and, will be communicated throughout the organisation.

## 11.0 Risk Management

- 11.1 The Council has developed a Corporate Risk Register, Directorate Risk Registers and individual service risk registers where appropriate.
- 11.2 Further work has also been undertaken to develop a Risk Register for the Financial Strategy and the required actions to mitigate risks – these are set out in the table below.
- 11.3 The risk assessment below considers the risks to our financial position arising out of matters considered in this Financial Strategy and utilises the same methodology used for the Corporate, Directorate and Service Risk Registers.

Risk	Management of Risk
<p>The Financial Strategy does not reflect in financial terms the objectives set out in other strategic plans of the Council.</p>	<p>The Financial Strategy provides a high level overview of the various strategic plans the Council has signed up to – it acknowledges that there will inevitably be financial implications arising from the Corporate Plan but it is not possible to quantify all of these at present.</p> <p>The Financial Strategy is updated as further information becomes available regarding these strategic plans.</p>
<p>The directorate planning process will identify a range of additional budget pressures over and above those currently considered in this Financial Strategy.</p>	<p>The Directorate Planning Guidance identifies that Corporate Directorate Improvement Plans (CDIP) should reflect the resources allocated – the need for additional resources to achieve a particular priority should be specifically identified via the Financial Strategy prior to the preparation of the CDIP.</p>
<p>Forecasts within the Financial Strategy are not accurately determined or reviewed on a regular basis.</p>	<p>The Budget and Financial Strategy set out the expected levels of expenditure and income for the future. The forecasts are arrived at through careful consideration of historic trends and actual expenditure levels and any factors which may have an impact in the future.</p> <p>Three scenarios are included in the Strategy based on Pessimistic, Mid-Range and Optimistic. This provided a broad range of potential outcomes.</p> <p>Throughout the financial year, the Council regularly monitors its financial performance against its budgets and will revise them where necessary, subject to remaining within the agreed overall budget for the Council.</p>
<p>There is a continuing need to deliver significant cuts and efficiencies over the medium to long term. Robust and detailed plans will be required on an operational level to ensure that this risk is mitigated and savings are duly delivered.</p>	<p>The risks relating to the delivery of savings will be mitigated by robust monitoring and financial control through the budget monitoring process, with action plans being required to find compensating savings for any overspends identified.</p> <p>Individual savings are reviewed by Change Boards and lead officers on a regular basis with material issues reported to the CMT and if required, Committee.</p>

<p>Income budgets not achieved or become unsustainable.</p>	<p>Chief Officers are consulted on proposed increases in income budgets/fees and charges and have the opportunity determine the levels of individual charges to achieve the budgeted income target.</p> <p>Equally, income budgets are monitored throughout the financial year and where a shortfall in income is anticipated, this is highlighted in reports to Committee.</p> <p>Proposals to increase fees and charges are reviewed in line with the Council's Charging Policy prior to reporting to Committee.</p>
<p>The Council has insufficient capital resources to sustain capital commitments.</p>	<p>The Council has already identified through the Financial Strategy a reduced reliance on capital receipts and Government Grants in the medium term.</p> <p>The combination of reduced funding and the economic position mean that the Council has to focus on maintaining key infrastructure whilst utilising prudential borrowing for specific capital projects.</p> <p>The Council has Asset Management Plans for all its assets with all the above issues captured within the Financial Strategy.</p> <p>The Council produces a Capital Strategy which looks at the longer term need, funding &amp; sustainability of the capital programme.</p>
<p>Bankruptcy of a major supplier or customer which could result in the Council having to pay twice for the same service or see artificially inflated prices if a replacement service needs to be obtained at very short notice.</p>	<p>The Council has reviewed its procurement process and a procurement manual has been developed which includes supplier financial appraisal at PQQ stage. This will ensure that the financial position of new contractors is vetted prior to ITT stage and entering into any large contracts.</p> <p>The Council only pays in advance for Services by exception.</p> <p>Regular reviews of financial position are undertaken for key suppliers on an ongoing basis.</p>
<p>Legislative changes are not anticipated and the financial impact is not addressed through the budget process of Financial Strategy.</p>	<p>Chief Officers are required to highlight the impact of legislative changes through the strategic planning and budgeting process and the likely resource requirement.</p> <p>In addition COSLA has a key role in assessing the financial impact of changes in legislation and lobbying for Councils to be funded appropriately.</p>

<p>Interest rates on borrowing may be higher than forecast.</p>	<p>Regular review of treasury management decisions. Prudent assumptions on likely interest rates have been incorporated into Financial Strategy. Borrowing is spread to reduce impact of short-term changes.</p>
<p>Reserves are required to cashflow unanticipated budget shortfalls and fall below minimum recommended level.</p>	<p>Reserve Strategy is in place which clearly states that there must be a clear route to bring reserves back up to the minimum level over the subsequent 3 financial years.</p>
<p>Revenue implications of capital programme/projects are not fully anticipated.</p>	<p>All capital projects identify revenue implications and link into Council priorities. All capital projects are subject to a robust approval process which includes a review of revenue implications.</p>
<p>The decision to leave the European Union will provide impacts which are not fully reflected in the Financial Strategy.</p>	<p>The Council engages with partners in assessing potential risks and impacts. The Scottish Planning Assumptions are regularly reported to the Environment &amp; Regeneration Committee.</p>
<p>As the threats from the Covid-19 pandemic continue, the economic landscape is marked by volatility. The Council is facing significant financial challenges as a result of disrupted operations, higher revenue costs and lost income. The Council continues to incur significant additional costs in responding to the crisis. There is also a significant risk to the delivery of planned savings.</p>	<p>There is regular reporting to Members on the budget position and forecasts with the Policy &amp; Resources Committee scheduled to agree how the extra costs are funded in August. Cosla continues to lobby Scottish and UK Governments for funding. Directors of Finance share common information and assumptions.</p>

**Short-Term Issues (2020/22)**

The tables in Appendices 1, 2 and 3 have been developed through ongoing consultation with the CMT by the Chief Financial Officer to develop detailed knowledge of the issues to inform the Financial Strategy and future budget setting.

<u>Service</u>	<u>Issues Identified</u>	<u>Issues &amp; Potential Impacts</u>	<u>Action Taken</u>	<u>Responsible Officer</u>	<u>Timescale to report back</u>
Corporate	Covid-19	Increased costs/reduced income will impact on the approved 2020/21 Budget and the 2021/22 Budget Plans.	Members to decide how estimated 2020/21 costs are funded. MBWG/CMT to consider all on going impacts on 2021/22 Budget.	Alan Puckrin	August 2020
	Equal Pay	Provision for outstanding claims may not be sufficient.	Offers issued and payments made to address the vast majority of outstanding claims. Provision will continue to be monitored and reviewed taking account of relevant legal judgements and advice from the Council's legal advisors.	Alan Puckrin	March 2021
	Inflation	Uncertainty over non-pay inflation pressures are not fully clear over the period.	Offers issued and payments made to address the vast majority of outstanding claims. Provision will continue to be monitored and reviewed taking account of relevant legal judgements and advice from the Council's legal advisors.	Steven McNab	Ongoing
	Auto-enrolment	Amount set aside for auto-enrolment is an estimate and full cost may be greater than estimated.	Inflation allowances are regularly reviewed. Regular monitoring and reporting to CMT/Members.	Alan Puckrin	Ongoing
	Brexit	There could be an immediate impact of the UK leaving the EU and this may result in funding pressures from 2021.	Monitoring via the Bottom Up Budget.	Steven McNab	February 2021
			The CMT will monitor the situation and will present reports to Committee as required.	Scott Allan	Ongoing

Social Care	Relationship with Service Providers.  Children's Services	Managing provider expectations whilst in a period of uncertainty over the future of the National Care Home Contract along with expectations from those providers out with this contract to fund inflation/impact of pensions/living wage.  Significant demand in the system will lead to increased costs.	Monitor development and report as required.  Monitor and report as required and consider as part of 2021/23 Budget.	Louise Long  Louise Long	Ongoing  October 2020
Environment & Regeneration	Biodegradable Waste diversion from Landfill.	From January 2021 all biodegradable waste is to be diverted from landfill. The financial implications could be significant.	Monitor and develop options and report to Committee via CMT.	Scott Allan	??
	Inverclyde Leisure – Reduction in Income	A major source of income for IL comes from its fitness gyms. Competitors are due to move into the area and this plus Covid legacy could lead to an increase in Council funding.	Monitor via regular meetings with IL and identify financial implications at an early stage.	Ruth Binks/Alan Puckrin	November 2020

**Medium-Term Issues (2022/24)**

<u>Service</u>	<u>Issues Identified</u>	<u>Issues &amp; Potential Impacts</u>	<u>Action to be Taken</u>	<u>Responsible Officer</u>	<u>Timescale to report back</u>
Corporate	Reductions in other public sector partner's funding streams	As Public Sector funding reductions continue, partners are reducing their contributions to key Council priorities.	Continue dialogue with partners.	Corporate Directors	Ongoing
	Reduction in Council Funding	Funding over 2022/24 likely to be further reduced in real terms in line with UK Fiscal Policy and increasing ring fencing by the Scottish Government.	Await next Scottish Government Spending Review figures and factor into revised Financial Strategy.	Alan Puckrin	December 2021
	Government needs to reduce Public Sector Borrowing	Prudential Borrowing Capping would require revision of capital plans. Borrowing interest rate increases will increase loans charges.	Rolling Capital Programme developed annually and longer term loan charges projections undertaken.	Alan Puckrin	Ongoing
	Welfare Reform	Impact of Welfare Reform and increase in demand for Services can only be estimated.	Update reports going to Committee each cycle.	Alan Puckrin	Ongoing
	Removal of key services from Council control.	Scottish Government could review Public Sector landscape which could result in loss of large parts of the Council remit and resultant impact on corporate viability.	Keep track of developments and report to Committee as required.	Aubrey Fawcett	Ongoing
	Increased cost for externally provided contracts and services due to the Living Wage.	There is a clear desire to ensure suppliers of Council Services pay the Living Wage. This could add significant costs to the Council if passed on by suppliers.	Monitor developments and report to Committee when required.	Corporate Management Team	Ongoing
	Potential changes to funding of Local Government	Scottish Government continues to cap Council Tax but may introduce local taxation flexibility.	Monitor National developments and report as required.	Alan Puckrin	Ongoing
	Further increase in Pension Costs	Potential changes to Pension Tax Relief would add costs to both to Council and employees.	Monitor development and report to Committee when required.	Steven McNab	Ongoing
	Brexit	In addition to the immediate impact of the UK leaving the EU and this may result in funding pressures in the medium term.	The CMT will monitor the situation and will present reports to Committee as required.	Scott Allan	Ongoing

<u>Service</u>	<u>Issues Identified</u>	<u>Issues &amp; Potential Impacts</u>	<u>Action to be Taken</u>	<u>Responsible Officer</u>	<u>Timescale to report back</u>
Social Care	Ongoing Demographic demand pressures across many Social Care areas and ongoing drive towards Self-Directed Support, Independent Living and Continuing Care.	Continuing increased demand will put considerable pressure on “flat cash” budgets.	Await detail of future settlements and model potential scenarios.	Louise Long/Alan Puckrin	December 2020
	Impact of inclusion of elements of the Acute Health Services within the IJB Budget.	Potential for the Council to have to meet a proportion of any overspend caused by increasing pressure on Health Budgets.	Regular monitoring of the IJB Strategic Plan and financial projections added to supporting robust financial scrutiny by the IJB.	Louise Long	On Going
Education & Communities	School Estate Management Plan	Reduced Capital resources and corporate cost pressures may make current planned investment in SEMP post 2021 unsustainable.	Six monthly review of all aspects of SEMP to continue. Recent review reflects approved acceleration programme is still affordable in line with plan for completion	Ruth Binks/ Alan Puckrin	On Going
	Early Years – Funding Review	Funding is not sufficient to meet all the requirements in the legislation.	Funding now known to 2022. Council Costs to be contained within this sum.  Review sustainability once 2022/23 figures are known.	Ruth Binks	March 2022

**Long-Term Issues (Post 2024)**

<u>Service</u>	<u>Issues Identified</u>	<u>Issues &amp; Potential Impacts</u>	<u>Action to be Taken</u>	<u>Responsible Officer</u>	<u>Timescale to report back</u>
Corporate	Depopulation and Change of Demographics	Continued loss of grant income, over provision of infrastructure. Viability of area under threat.	Population/Demographic trends to be monitored and reported to the Council and Alliance on a regular basis.	Steven McNab	Ongoing
Social Care	Increase in number of Elderly and Adults with Learning Difficulties and resource implications of policy direction of Independent Living and Self Directed Support.	Significant costs associated with reshaping, expanding delivery models.	Develop as part of HSCP Strategic Plan.	Louise Long	Ongoing
Environment & Regeneration	Regeneration of Greenock and Port Glasgow Town Centres.	Reports to Committee have identified significant investment needs within the Greenock and Port Glasgow Town Centre areas. Whilst contributions will be sought from Partners and the Private Sector the Council will require to provide a large amount of the funding.	Develop a funding model with clear outputs and funding sources.	Scott Allan	Ongoing
	Global Warming/Climate Change leading to rising sea levels	Significant impact on Council area with increased flooding and expenditure on sea defences.	6 year SEPA Flood Plan includes funding for a number of Council projects approved in Summer 2016.	Scott Allan	Ongoing
	Closure of major local employer	Could further increase rate of depopulation and would significantly impact of areas regeneration efforts.	Work with all partners to identify areas of risk and mitigating actions.	Scott Allan/Stuart Jamieson	As required

It should be noted that the model:

- a Includes Low Carbon Vehicles, 2016/17 funded from a combination of Government grant and reductions in Service Revenue budgets.  
In 2018/19 & 2019/20 a further 28 vehicles will be replaced with Low Carbon Vehicles, funded from Government grant and existing replacement budget.
- b Includes an allowance for a further £110k spend per annum following review of Loan Charges 2019/20
- c While the full impact of the Covid situation is not yet known an allowance for slippage in spend from 2020/21

Notes

- a 2019/23 funding approved March 2019.
- b Funds were set aside during February 2012 budget process prior to the formal approval of the RAMP model.
- c CFRP part funded from underspends due to reduced requirement for Loan Charges in early years.
- d Additional CFRP allocation to fund final phase of lighting programme.
- e Staffing requirements from 2019/20 onwards confirmed and built into core roads establishment as part of the budget process, Capital/RAMP Fees have been increased accordingly.

**Notes**

- 1/ The project spend profiles reflect the FBC figures for Greenock Ocean Terminal, OBC for Inverkip and initial project allowance for Inchgreen. Costs will be firmed up as part of the detailed Business Case preparation. Figures exclude partner contributions. Phasings per April FSG. Due to GOT contractor going into liquidation the project will be retendered. The impact of this on costs and phasings is not yet reflected
- 2/ The Council will require to finance the interest costs associated with the grant shortfall and has set aside up to £400,000 per year for this purpose of which £60,000 is currently set aside for the Programme Management Office. A saving approved by the Sept 2019 P&R Committee reduced the £400k budget by £80k from 2022/23 on the assumption that loans charges will be met from the earmarked reserve balance
- 3/ Assumes that the City Deal will pass the first 2 milestones (2019 & 2024) and as such the UK and Scottish Government will honour their grant commitments.
- 4/ Regional projects have first call on the grant and total £174.3million. Phasing of these for 2020/21 and beyond is indicative at this stage.
- 5/ The Interest Charge is based on the investment return foregone by the Council on the assumption the capital investment will be funded from cash balances and fully repaid by 2035. Interest rates used , 19/20(0.85%), 20/22(0.5%) and 22/23 onwards (1.0%)

Notes

Revised projections as at June 2020 and excludes Loan Charges relating to funded models (SEMP, AMP, VRP, City Deal, Birkmyre Trust).  
Includes the effect of decisions on SEMP acceleration taken in March 2016 including the £650k annual budget transferred to SEMP from 2021/22.  
From 2018/19 onwards, general capital grant is applied to core allocations only and not to individually funded models (e.g. VRP).

- a Includes loan charges for new LD Centre based on spend between 2021/22 and 2022/23.  
£100k annual cost increase from 2023/24 to reflect increased prudential borrowing of £1,400k.
- b Adjustments to Available Budget:  
For 2019/20  
 £30k removed for ICT saving agreed February 2015 (additional sum removed each year until last year 2020/21).  
 Budget from 2018/19 onwards reduced by £300k annually to 2022/23 to reflect reduction in Scottish Government grant support resulting from repayment of historic debt.  
 £30k removed from ongoing budget for saving due to debt restructuring undertaken in February 2019.  
 Budget from 2019/20 onwards reduced by £70k due to use of reserves for premiums write-off in 2018/19.  
 £30k removed from ongoing budget for loan charges saving by using reserves to balance 2019/23 Capital Programme (agreed March 2019).  
 £400k removed from ongoing budget from 2019/20 following the Loan Charges review in 2019.  
For 2021/22  
 £650k removed from ongoing budget and transferred to SEMP relating to SEMP acceleration, as agreed in March 2016.  
For 2023/24  
 Budget from 2023/24 onwards increased by £100k annually for annual Prudential Borrowing.

## **Summary of 2019/20 Accounts**

### **Preparation of Accounts**

The accounts have been prepared in the midst of the Covid pandemic with the usual busy year end period in late March/early April coinciding with the initial Council response. Despite concerns over the ability of Services to process debtors, creditors etc there has been no noticeable impact on the accounts. Similarly Finance staff working remotely and in the Municipal Buildings have ensured all year end deadlines have been met and Officers are able to submit a complete set of accounts in the normal timeframe. The assistance of all Services in such difficult circumstances should be recognised.

### **Impact of Covid pandemic**

While Members will be well aware of the significant impact Covid is having on both the operation and Finances of the Council it should be noted that the financial impact in 2019/20 is not material. The full financial impact will be felt in 2020/21 and beyond and is subject to separate reports to Committee.

### **Management Commentary**

The Management Commentary has been reviewed and amended significantly from previous years, the aim being to produce a useful summary of objectives and strategy of the Council as well as a review of the performance of the Council over the period while striking a balance between ease of reference and the level of detail included. Members will also note a significant section on the Council response to Covid.

### **Outturn and Reserves**

The Council returned a surplus of £3.227m for the year as a result of unused Inflation/Contingencies (£1.114m), increase Council Tax Income and Internal Resources Interest (£0.759m) and Service underspends, Turnover etc (£1.354m). This increases total General Fund Reserves to £37.983m, with a net increase £3.009m in Earmarked Reserves to £32.678m the unallocated portion of General Fund Reserves now sits at £5.305m, this represents 2.76% of the Council's running costs, £1.5m higher than the 2% or £3.8m recommended level.

In addition to the Earmarked and General Fund Reserves the Council has other Useable Reserves totalling £8.688m:

- Capital Fund £0.345m
- Repairs & Renewals Fund £3.338m
- Insurance Fund £3.887m
- Unapplied Capital Receipts £1.118m

The Unapplied Capital Receipts is new this year and relates to the 1140 hours/Early Years Capital Grant, offsetting this increase are disbursements from the Insurance Fund and Capital Fund agreed as part of the 2020/21 budget giving a net reduction in other Useable Reserves of £1.389m.

### **Capital Performance**

Capital spend in 2019/20 has been £25.8m, broadly in line with previous years spend of £26.9m, funded from Capital Grants and Receipts of £16.52 and borrowing of £9.28m. The

capital programme slipped by £3.389m, 13.27% compared to a small advancement in 2018/19 (0.17m, 0.5%). While the Covid pandemic undoubtedly affected the Capital Programme with construction sites closing down in late March a significant level of slippage was being reported prior to this.

More detailed reports on both the Revenue and Capital outturn will be presented to Policy & Resources Committee in August.

### **Balance Sheet**

The Balance Sheet shows Net Assets have increased by £54.533m to £159.425m. The majority of this is as a result of a decrease in the Pension Liability of £42.996m as a result of a decrease in the assumed salary increase rate and pension rate used by the actuaries to calculate future pension payments. In addition to this Property, Plant and Equipment has increased by £4.818m as a result of the investment in assets and there is a net increase in Bank and investment balances of £11.423m offset by an increase in short term borrowing of £16.718m. An increase in Debtors and decrease in Creditors and Finance Lease Liabilities and other minor movements makes up the remaining £12.014m movement.

### **Common Good**

The Common Good returned a deficit of £19k for the year bringing useable reserves down to £7k. The expected disposal of land in 20/21 for £35k together with budget decisions reducing Common Good expenditure are expected to bring the Common Good back to the recommended reserves balance of £100k in the coming years.

### **Group Accounts**

The Group includes the Common Good and Trust Funds as Subsidiaries consolidated on a line by line basis along with the Council's Associates (SPT, RVJB, Inverclyde Leisure and Riverside Inverclyde) and Joint Venture (Integrated Joint Board) as consolidated single lines. The IJB reported an underspend of £1.168m in 19/20 bringing total reserves to £8.450m.

### **Timetable for Public Inspection and Audit**

The notice for the Public inspection of accounts was published on 17<sup>th</sup> June with the public inspection period 30<sup>th</sup> June to 22<sup>nd</sup> July. This is in line with previous years. The audit is then carried out over July/August with the final accounts scheduled to be presented to Full Council on 28<sup>th</sup> September. Audit Scotland have indicated that due to changes to working practices as a result of the Covid pandemic they cannot at this time guarantee that the audit will be completed in the normal timescales. Members should therefore be aware that at this time the signing of the Audited Accounts by the end of September is not guaranteed. The relaxation of deadlines as a result of Covid allows for the signing of accounts by the end of November.

The Council has a very good working relationship with Audit Scotland and Officers will work closely with them over the coming months to minimise any delays with a view to meeting the September deadline if possible. If the September deadline is not met however a special Full Council meeting will require to be called prior to the end of November.
