1.0 PURPOSE

- 1.1 The purpose of this report is to enable members to monitor the performance of Internal Audit, to discharge their scrutiny and performance monitoring roles and gain an overview of the overall control environment throughout the Council.
- 1.2 The Monitoring Report from 27 September to 26 November 2021 is attached as an Appendix 1 Appendix to this report since its content is essential to the understanding of the Council's control environment.

2.0 SUMMARY

- 2.1 There was one internal audit report finalised since the last Audit Committee meeting in October 2021:
- Insurance (Limited Scope Finance Review)

- 2.2 This report contained 3 issues categorised as follows:

Total	13

- 2.4 A number of quarterly reviews have not yet started. It is anticipated that these will be commenced in early 2022. In addition, due to delays in finalising some audits from the 2020/2021 annual audit plan it is now expected that the audit of Residential Care – Childrens' Services will be carried forward to the 2022/23 annual audit plan.

2.5 In relation to internal audit action plans there was one action due for completion by 30 November 2021 which has missed the deadline and a revised date has been set. In addition there were 2 actions with an interim update due for completion by 30 November 2021 which has been provided by management as section 4 of the report. The current status report is attached at Appendix 2. Appendix 2

2.6 The CMT has reviewed and agreed the current status of actions.

Reports issued since last update

1.1 In each audit, one of 4 overall opinions is expressed:

Strong	In our opinion there is a sound system of internal controls designed to ensure that the organisation is able to achieve its objectives.
Satisfactory	In our opinion isolated areas of control weakness were identified which, whilst not systemic, put some organisation objectives at risk.
Requires improvement	In our opinion systemic and/or material control weaknesses were identified such that some organisation objectives are put at significant risk.
Unsatisfactory	In our opinion the control environment was considered inadequate to ensure that the organisation is able to achieve its objectives.

1.2 Detailed findings and recommendations reported to management are currently graded using the following criteria:

Red	<ul style="list-style-type: none"> In our opinion the control environment is insufficient to address the risk and this could impact the Council as a whole. Corrective action must be taken and should start immediately. Overseen to completion by Corporate Management Team.
Amber	<ul style="list-style-type: none"> In our opinion there are areas of control weakness which we consider to be individually significant but which are unlikely to affect the Council as a whole. Corrective action must be taken (some exceptions may be agreed with IA) within reasonable timeframe. Overseen to completion by Head of Service.
Green	<ul style="list-style-type: none"> In our opinion the risk area is well controlled or our audit highlighted areas for minor control improvement and/or areas of minor control weakness. Process improvements/efficiencies may be actioned at management discretion in consultation with Internal Audit (IA). Managed by service owner.

1.3 There was one audit review finalised since the October Audit Committee, which is identified below, together with a summary of the gradings of the issues identified. In Section 2 we have provided a summary of the main findings from the review.

Other activities

Risk Management

- 1.4 Risk Management is the subject of separate reporting to Audit Committee and a full report is submitted separately on an annual basis.

Internal Audit Action Plan Follow Up

- 1.5 The current status of Internal Audit Action plans is set out as an attachment at Appendix 2 to this report.

2 Summary of main findings from reports issued since previous Audit Committee

- 2.1 We have provided below a summary of the key findings from the final reports issued after 24 September 2021.

Insurance – Limited Scope Finance Review

- 2.2 Delivering Council services to Inverclyde residents involves a variety of activities, interactions with service users and the use of public buildings and vehicles. Whenever incidents or losses occur it is important that appropriate insurance and claims handling arrangements are in place. During 2020/21 a total of 108 insurance claims were received by the Finance Service, 52 of which related to public liability claims.
- 2.3 The Council's Insurance section operates an Insurance Fund which underpins the Council's self-insurance arrangements. By 31st March 2021 the Insurance Fund balance was £4.237m. In addition, the Insurance section organises with relevant insurers the provision of various types of insurance cover, which cost £463,954 in the year to 30th September 2020. These insurance policies include coverage of Council properties, motor vehicles and injury claims received from service users and staff.
- 2.4 The objective of this audit was to provide management and the Audit Committee with an assessment of the adequacy and effectiveness of the governance, risk management and controls over the key risks faced by Inverclyde Council in relation to its insurance arrangements.
- 2.5 The review focused on the high level processes and procedures in relation to the Council's insurance arrangements and concentrated on identified areas of perceived higher risk, such as not completely and accurately processing all valid insurance claims made against the Council in a timely manner and not ensuring that officers are kept up to date with all changes to insurance related legislation. We excluded the role of Service based staff within the claims handling process and obtaining insurance cover and specialist insurance services was also excluded as this would be subject to separate review as part of procurement audits.
- 2.6 The overall control environment opinion for this audit review was **Satisfactory**. There was one AMBER issue identified as follows:

Applying the Council's Data Retention Policy to the Figtree Insurance System

When processing insurance claims officers gather necessary information from claimants. Details of these claims are held within the Figtree insurance system. The Council's records management policy and procedures requires that records of settled claims are disposed of within prescribed timescales. However, we understand that it is not currently possible for officers to selectively delete claimants' information from the Figtree insurance system.

Prescribed retention periods will be breached when information supplied by insurance claimants is retained for longer than necessary.

**2 Summary of main findings from reports issued since previous Audit Committee
(Continued)**

- 2.7 The review identified 3 issues, one of which we consider to be individually significant and an action plan is in place to address all issues by 31 January 2021.

A revised schedule will be discussed and implemented with ICT which is dependent on Education and ICT having capacity to carry out individual audits of needs in each establishment. This requires full access to the buildings and the current Covid situation is making this more difficult to carry out.</p> <p>As part of the new Education Services digital strategy which was approved by Education Committee in November 2021, alongside the changes that ICT propose in the wider council digital strategy, Education Services will investigate moving away from the current networks to an alternate cloud based approach. Storage of sensitive or more confidential information would hopefully be able to be moved to a secure cloud based approach. A solution using the M365 platform has been identified which will be in place by May 2022. Deployment of the platform will then start with an anticipated completion date of August 2022.</p>
