#### **INVERCLYDE INTEGRATION JOINT BOARD AUDIT COMMITTEE – 20 SEPTEMBER 2021**

Committee of 29 March 2021.

The Minute was presented by the Chair and examined for fact, omission, accuracy and clarity.

**Decided:** that the Minute be agreed.

#### 26 Minute of Meeting of IJB Audit Committee of 21 June 2021

There was submitted the Minute of the Inverclyde Integration Joint Board Audit Committee of 21 June 2021.

The Minute was presented by the Chair and examined for fact, omission, accuracy and clarity.

**Decided:** that the Minute be agreed.

#### 27 IJB Audit Committee Rolling Annual Workplan

There was submitted a list of rolling actions arising from previous meetings of the IJB Audit Committee.

The Chair enquired about the progress of the entry for 24 January 2022 'Update on IJB Risk Register (After Risk Appetite Work)'. Mr Given advised that he would be setting up a short-life working group (SLWG), and it was agreed that the Chair, Mr Given, Ms Speirs and Ms McCrone would participate, and that Mr Alan Cowan, Chair of the Inverclyde Integration Joint Board, would be approached to become a member. It was acknowledged that the project may not be completed by 24 January 2022, but that the IIJB Audit Committee would be informed of progress. Ms Priestman and Mr Stevenson offered assistance and support.

#### Decided:

(1) that the Rolling Annual Workplan be noted; and

(2) it be noted that (a) Mr Given will form a short-life working group, the membership of which will be the Chair, Mr Given, Ms Speirs, Ms McCrone, (b) Mr Cowan will be approached to join the group, and (c) a meeting will be arranged in due course.

#### 28 Internal Audit Progress Report – 1 March to 27 August 2021

There was submitted a report by the Interim Chief Officer, Inverclyde Integration Joint Board on the progress made by Internal Audit during the period from 1 March to 27 August 2021.

The report was presented by Ms Priestman, being the regular progress report, and advised as follows:

a) there was one internal audit report finalised since the last Audit Committee meeting in March;

b) that the plan for 2020/2021 is complete and the plan for 2021/22 is underway;

c) in relation to Internal Audit follow up, there were no actions due for completion by 31 August 2021. There are 3 actions being progressed by officers, all as detailed in Appendix 1 to the report;

d) there have been no Internal Audit Reports relevant to the IJB reported to Inverclyde Council since the last Audit Committee meeting in March 2021;

e) Internal Audit within Inverclyde Council and NHS GGC have undertaken to follow up actions in accordance with agreed processes and will report on progress to the respective Audit Committees;

f) in relation to External Audit action plans, there were 2 actions due for completion since the last Audit Committee meeting in March, both of which have been reported as completed. The status of External Audit actions will be reviewed by External Audit as 28

26

#### **INVERCLYDE INTEGRATION JOINT BOARD AUDIT COMMITTEE – 20 SEPTEMBER 2021**

part of their 2020-21 Annual Audit Plan and reported to Audit Committee in November 2021.

The Board requested clarification on the decision-making process involved in determining what is audited. Ms Priestman provided an overview of the audit services provided by Inverclyde Council, NHS GGC and external audit and how they linked together, advising that an audit service was provided which was strategic and proportionate. It was also noted decisions were based primarily on the IJB Risk Register, and reassurance was given that any new emerging risks could be captured.

The Board enquired if Ms Priestman had access to NHS GGC Audit Plans. Ms Priestman provided reassurance that regular progress reports from NHS GGC were provided and that nationally Internal Auditors had quarterly meetings during which matters relevant to IJBs were discussed.

There was discussion on the membership of the Audit Committee and if there was scope to include audit representation from NHS GGC. Ms Priestman advised that the internal audit function of NHS GGC is provided by external firms, who had declined an offer to participate in the wider IJB Chief Internal Auditor meetings when the IJBs were initially set up. Board Members suggested inviting NHS GGC auditors to the next meeting of the Audit Committee.

#### Decided:

(1) that the progress made by Internal Audit in the period 1 March to 27 August 2021 be noted; and

(2) that an invite be extended to Azets, the current NHS GGC internal auditors, to attend the next meeting of the Audit Committee.

#### 29 Internal Audit Annual Report and Assurance Statement 2020/2021

There was submitted a report by the Interim Chief Officer, Inverclyde Integration Joint Board appending the Internal Audit Annual Report and Assurance Statement for 2020/2021, which forms part of the IJB's Annual Governance Statement.

The report was presented by Ms Priestman who advised the Committee that the report concluded that the majority of the IJB's established internal control procedures operated as intended to meet management's control requirements for each area reviewed by Internal Audit and that the overall audit opinion was 'satisfactory'.

**Decided:** that the Internal Audit Annual Report and Assurance Statement 2020/2021 be approved.

#### 30 Inverclyde Integration Joint Board – Directions Update September 2021

There was submitted a report by the Corporate Director (Chief Officer), Inverclyde Health & Social Care Partnership providing a summary of the Directions issued by Inverclyde Integration Joint Board to Inverclyde Council and NHS GGC for the period March to August 2021.

The report was presented by Ms Pollock and advised that a revised IJB Directions Policy and Procedure was approved by the IJB in September 2020 and as part of the agreed procedure the IJB Audit Committee had assumed responsibility for maintaining an overview of progress with the implementation of Directions, requesting a mid-year progress report and escalating key delivery issues to the IJB. This report is the second such report and covers the period March 2021 to August 2021.

The report provided an update on the Directions issued between March and August 2021, noting that 7 Directions were issued; 6 of which were to both Inverclyde Council and the Health Board, and one of which was to the Health Board only.

The Board enquired about the governance processes in place to ensure that Directions

30

were implemented and Ms Pollock provided an overview of the procedures in place and reassurance that the log is monitored by Mr Stevenson and his Senior Management Team and that the IJB would be advised of any necessary matters. Mr Stevenson added that the reporting template could be adjusted to include 'Review date' and 'Status' columns if members thought this would be of assistance.

**Decided:** that the contents of the report be noted.

No apologies for absence or declarations of interest were intimated.

Prior to discussion of the following item the Chair welcomed the representatives from Audit Scotland to the meeting.

#### **INVERCLYDE INTEGRATION JOINT BOARD AUDIT COMMITTEE – 29 NOVEMBER 2021**

#### 32 Annual Report to the IJB and the Controller of Audit for the Financial Year Ended 32 31 March 2021

There was submitted a report by the Interim Corporate Director (Chief Officer) Inverclyde Health & Social Care Partnership appending the Annual Report and Auditors' Letter to the Board for the financial year ended 31 March 2021 which has been prepared by the IIJB's external auditors, Audit Scotland.

The Chair invited Mr Jamieson to present the Audit Scotland Report (the Report), which had the following key findings:

(1) the audit opinions on the annual accounts of the IIJB are unmodified;

(2) the Covid-19 pandemic had an impact on the timing of assurances provided by partner bodies;

(3) an error in the Set Aside amount of £4 million has been corrected in the audited accounts. There is no net effect on the outturn as this is fully funded by NHS GG&C;

(4) the IIJB budget is generally delayed by NHS GG&C though indicative budgets are agreed;

(5) additional funding and an underspend on core activities resulted in a surplus of £6.5 million in 2020/21, with the majority of savings delivered;

(6) a £0.5 million overspend is currently forecast for 2021/22 with additional Covid-19 costs fully funded;

(7) the IIJB has a medium-term financial plan;

(8) there was a rapid response to the pandemic and Strategic Plan priorities have been revised;

(9) management changes in the IIJB have been significant; and

(10) review of the integration scheme has been delayed.

Mr Jamieson advised the Committee that it was a positive report and that there were no recommendations regarding the 2020/21 accounts, which he noted was unusual. Mr Jamieson further advised that of the five recommendations brought forward from the previous year, two had been implemented and a revised timescale applied to the remaining three.

Mr Jamieson noted a typographical error at page 16 of the Report within the section title 'Locality Planning Groups aim to develop further in 2020/21' (page 20 of the agenda), which should read 'Locality Planning Groups aim to develop further in 2021/22', and advised that this would be corrected.

The Committee requested further information on the Set Aside budget and the possible impact on the IIJB. Mr Jamieson provided an overview of the national, NHS GG&C and Inverclyde outcomes, and advised that this matter was being monitored. The Committee asked if there was a risk to the IIJB and Mr Jamieson advised that the Set Aside budget was funded by the Health Board, and therefore the £4 million adjustment had no impact on the IIJB, and commented on the transfer of resources from unscheduled care to community care. Mr Given highlighted that the error in the Set Aside budget was due to incorrect information being provided by NHS GG&C, which had now been corrected, and had no effect on the bottom line, and that he would raise the matter of the Set Aside at the Chief Financial Officer network meeting.

The Committee referred to the three remaining outstanding actions from the previous year, and Mr Jamieson noted that they were progressing, that Audit Scotland were content with the new timescales applied and that this would be monitored.

The Committee commented that the Key Message at page 9 and heading at page 11 of the Report (pages 13 and 15 of the agenda) 'Set Aside has not been working well and an Unscheduled Care Improvement Programme is being developed to address this' was not an accurate reflection of the position regarding the Set Aside budget, and requested that Audit Scotland revise this.

#### **INVERCLYDE INTEGRATION JOINT BOARD AUDIT COMMITTEE – 29 NOVEMBER 2021**

The Committee also commented that within paragraphs 35 to 37 of the Report (page 15 of the agenda) the identified problems with Unscheduled Care are not appropriately contextualised as being national in scale, not specific to Inverclyde, and referred to the Commissioning Plan and requested this be emphasised.

The Committee also noted that there were no references to Unscheduled Care within the tables at the 'Data Indicators' and 'Outcome Indicators' sections of the Audited Annual Accounts 2020/21 (Appendix 3) document (pages 43 and 44 of the agenda).

The Committee commented that the Reserves noted in the accounts perhaps gave an inaccurate representation of the financial position of the IIJB as most were Earmarked Reserves.

Following discussion, Mr Jamieson confirmed that he would reword the heading of the Report as requested and capture the comments made regarding the broader Commissioning Plan.

The Chair commented favourably on the Report, and thanked all involved in the process. **Decided:** 

(1) that the contents of the Annual Report to the IIJB and Controller of Audit for the financial year to 31 March 2021 be endorsed;

(2) that it be recommended to the IIJB that the Chair, HSCP Chief Officer and Chief Financial Officer be authorised to accept and sign the final 2020/21 Accounts on behalf of the IIJB; and

(3) that the Letter of Representation, as detailed at appendix 2 of the report, be endorsed and it be recommended to the IIJB that this be signed by the Chief Financial Officer.

| Subject: INTERNAL AUDIT PROGRESS REPORT – 30 AUGUST TO 17 DECEMBER 2021 |  |             |                 |  |

#### 1.0 PURPOSE

- 1.1 The purpose of this report is to enable IJB Audit Committee members to monitor the performance of Internal Audit and gain an overview of the IJB's overall control environment.
- 1.2 The report also presents an update on the Internal Audit work undertaken at Inverclyde Council and NHS Greater Glasgow and Clyde (NHSGGC) between 1 March and 27 August 2021 that may have an impact upon the IJB's control environment.

#### 2.0 SUMMARY

- 2.1 There was one internal audit report finalised since the last Audit Committee meeting in September:
  - IJB Performance Management and Reporting Arrangements
- 2.2 The audit plan for 2021/2022 is now complete.
- 2.3 In relation to Internal Audit follow up, there were no actions due for completion by 30 Appendix November 2021. There are 8 actions being progressed by officers. The current status 1 report is attached at Appendix 1.
- 2.4 In addition, since the last Audit Committee meeting in September 2021, Internal Audit Reports reported to Invercive Council and NHSGGC which are relevant to the IJB are set out at paragraphs 5.9 to 5.12 of the report.
- 2.5 Internal Audit within Inverclyde Council and NHSGGC undertake follow up of actions in accordance with agreed processes and report on progress to the respective Audit Committees.

## 3.0 RECOMMENDATIONS

3.1 It is recommended that IJB Audit Committee members agree to note the progress made by Internal Audit in the period from 30 August to 17 December 2021.

Allen Stevenson Interim Chief Officer Inverclyde Integration Joint Board

## 4.0 BACKGROUND

- 4.1 In March 2021, the Audit Committee approved the current Internal Audit Annual Plan which detailed the activity to be undertaken during 2021-22.
- 4.2 Internal Audit reports findings and action plans to relevant IJB Officers and the Audit Committee as part of the annual audit plan. A follow up process is in place to allow follow up of current internal audit actions to be co-ordinated and updated by Internal Audit on a monthly basis with regular reporting to the Audit Committee.
- 4.3 In each audit, one of 4 overall opinions is expressed:

| Strong                  | In our opinion there is a <b>sound</b> system of internal controls designed to ensure that the organisation is able to achieve its objectives.        |
|-------------------------|---|
| Satisfactory            | In our opinion <i>isolated</i> areas of control weakness were identified which, whilst not systemic, put some organisation objectives at risk.        |
| Requires<br>improvement | In our opinion <b>systemic and/or material</b> control weaknesses were identified such that some organisation objectives are put at significant risk. |
| Unsatisfactory          | In our opinion the control environment was considered <i>inadequate</i> to ensure that the organisation is able to achieve its objectives.            |

4.4 Individual audit findings are categorised as Red, Amber or Green:

| Red   | In our opinion the control environment is insufficient to<br>address the risk and could impact the organisation as a<br>whole. Corrective action must be taken and should start<br>immediately. |
|-------|---|
| Amber | In our opinion there are areas of control weakness which we consider to be individually significant but are unlikely to affect the organisation as a whole.                                     |
| Green | In our opinion our audit highlighted areas for minor control improvement and/or areas of minor control weakness.  |

4.5 A summary is also provided in relation to internal audit work undertaken at Inverclyde Council and NHS Greater Glasgow and Clyde that may have an impact upon the IJB's control environment.

## 5.0 CURRENT POSITION

- 5.1 There was one internal audit report finalised since the last Audit Committee meeting in September in relation to IJB Performance Management and Reporting Arrangements.
- 5.2 In order to comply with relevant legislation, along with local and national policies, the Invercive IJB oversees the delivery of defined health and social care services to local residents. Those services are delivered by the Invercive Health & Social Care Partnership (HSCP). It is within this organisational framework that the HSCP is currently implementing the IJB's five year strategic plan. Adequate and effective performance management and reporting arrangements must be in place to gauge the progress being made with implementing the IJB's strategic plan.

#### 5.0 CURRENT POSITION (CONTINUED)

- 5.3 The objective of this audit was to provide the IJB Audit Committee with an assessment of the adequacy and effectiveness of the governance, risk management and controls surrounding the key risks faced by Inverclyde IJB in relation to the IJB's strategic plan performance management and reporting arrangements.
- 5.4 The review focused on the high level processes and procedures in relation to the IJB's performance management and reporting arrangements and concentrated on identified areas of perceived higher risk, such as not completely and adequately monitoring implementation of the IJB's strategic plan and not providing key stakeholders with relevant and timely information regarding implementation of the IJB's strategic plan.
- 5.5 The overall control environment opinion for this audit review was **Satisfactory**. There was one AMBER issue identified as follows:

#### Reporting on progress with implementing the IJB's Strategic Plan (AMBER)

The Inverciyde Integration Joint Board (IJB) oversees the delivery of defined health and social care services on behalf of local residents. When implementing the IJB's Strategic Plan those services are either organised or commissioned by the Inverciyde Health & Social Care Partnership (HSCP). From our review of reporting and documentation arrangements we have identified some issues as follows:

- the content of the Strategic Plan progress report overlaps with the Annual Performance report. There is scope to effectively incorporate the progress report within Annual Performance report;
- two elements of the report format used in the first Strategic Plan progress report for 2019/20 could be re-introduced into the third progress report for 2021/22. Namely, reapplying "Red/Amber/Green" status reporting of actions and bringing back coverage of issues and related risks;
- there is scope to increase accountability as a mid-year progress report on delivery of the Strategic Plan is not submitted to the IJB;
- within Inverclyde Council's website there is no single page which consolidates key Strategic Plan documentation; and
- there is no "easy read" document which covers the progress being made with implementing the IJB's Strategic Plan.

There is some unnecessary duplication of effort and reporting due to an overlap in the content of the Strategic Plan progress report and Annual Performance report.

It is more difficult for stakeholders to gauge the progress being made with implementing the IJB's Strategic Plan when "Red/Amber/Green" status reporting is not applied to the published progress report and only annual updates on progress are formally provided to IJB members.

Effective communication with stakeholders may be diluted when key documentation regarding the Strategic Plan cannot easily be located online. Likewise when documentation assumes knowledge of health and social care provision which not all stakeholders may possess.

- 5.6 The audit identified 2 issues, one of which we consider to be individually significant and an action plan is in place to address both issues by 30 November 2022.
- 5.7 The plan for 2021/2022 is now complete.

#### 5.0 CURRENT POSITION (CONTINUED)

5.8 In relation to Internal Audit follow up, there were no actions due for completion by 30 November 2021. The current status report is attached at Appendix 1.

#### 5.9 Inverciyde Council – Internal Audit Progress Report Summary

Since the last Audit Committee meeting in September 2021 there were no Internal Audit Reports reported to Inverclyde Council relevant to the IJB.

5.10 Internal Audit undertakes follow up work on a monthly basis to confirm the implementation of agreed actions. A specific audit follow up report is provided to each meeting of the Council's Audit Committee to allow appropriate scrutiny of action plan implementation.

#### 5.11 NHSGGC - Internal Audit Progress Report Summary

Since the last Audit Committee meeting in September 2021, there were 3 Internal Audit Reports reported to NHSGGC which are relevant to the IJB and are set out in the undernoted table. There were no Grade 4 recommendations raised (very high exposure) and no control objectives assessed as red.

- (1) Areas for improvement were identified including: ensuring compliance with processes for both competitive and non-competitive tendering activity; improving arrangements for ensuring the completeness and accuracy of the contracts register; and refining processes for ensuring that procurement activity is subject to appropriate approval in line with the NHSGGC Scheme of Delegation. A new Head of Procurement started in July 2021 and progress has already started in addressing issues identified.
- 5.12 Internal Audit undertakes follow up work on a quarterly basis to confirm the implementation of recommendations. The results of the follow up work are reported to the NHSGCC Audit Committee with any matters of concern being drawn to the attention of this Committee.

| Subject:         | IJB RISK APPETITE DEVELOPME  | ENT                           |

#### 1.0 PURPOSE

1.1 The purpose of this report is to provide an update to the Audit Committee on the status of the IJB Risk Appetite and its progress.

#### 2.0 SUMMARY

2.1 Following recommendations from the June 21 IJB Audit Committee a short life working group has been set up to update the IJB risk appetite. This group has commenced and work has begun on identifying the overarching risks for the IJB and initial development of the risk sub categories. Details of these risks can be seen in the report.

#### 3.0 **RECOMMENDATIONS**

- 3.1 It is recommended that the Committee:
  - 1. Notes the content of this report;

Allen Stevenson, Interim Chief Officer

#### 4.0 BACKGROUND

- 4.1 The Integration Joint Board (IJB) Strategic Risk Register covers the risks specific to the IJB and its operations. In addition the Health and Social Care Partnership (HSCP) has an operational register for Social Care and Health Service.
- 4.2 The IJB risk register is formally reviewed by the Inverclyde HSCP Senior Management Team at least twice a year. The IJB Risk Register and any changes then come to the IJB Audit Committee twice each year.
- 4.3 The IJB's approach to risk was last reviewed in August 2016 and at the June 2021 IJB Audit Committee there was a recommendation that a short life working group should be set up to review the IJB's approach to risk.

#### 5.0 IJB RISK APPETITE

- 5.1 As part of the review into the IJB's approach to risk a training session was conducted by our insurance partners Gallagher Bassett in September 2021. This session was worthwhile and gave the IJB a good background into risk and built upon the IJB's existing knowledge. At the end of this session the recommendation was to set up a short life working group to develop the themes of risk directly applicable for the IJB.
- 5.2 The short life working group met in December 2021 to review the current overarching risk categories for the IJB. The group agreed on 3 overarching categories. These are:
  - Strategic
  - Financial
  - Reputational

Each of these categories will have sub categories including the following:

**Strategic** – Inability to deliver the strategic plan, strategic priorities, business interruption / Continuity risk, legal and regulatory risk, service user risk, staffing risks, **Financial** – Statutory responsibilities, Financial Governance, Level of Reserves, Financial responsibility

**Reputational** – engagement with stakeholders, Confidence in Commissioned Services, delivery of poor quality services.

Each of these areas will be developed at our next session and progress will be reported back to a future IJB Audit Committee.

#### 6.0 Next Steps

6.1 The next meeting of the short life working group will take place in January 2022. The session will look at developing the sub risks in more detail, the risk appetite of the IJB and the risk appetite statements. Once this is completed this will then be applied to our overall risk register.

| Report By:       | Allen Stevenson<br>Interim Corporate Director<br>(Chief Officer)<br>Inverclyde Health & Social Care<br>Partnership | Report No:<br>IJBA/04/2022/CG |
| Contact Officer: | Craig Given<br>Chief Financial Officer   | Contact No: 01475 715381      |
| Subject:         | IJB RISK REGISTER  |                               |

### 1.0 PURPOSE

1.1 The purpose of this report is to provide an update to the Audit Committee on the status of the IJB Strategic Risk Register,

### 2.0 SUMMARY

- 2.1 The process for reporting risks across the HSCP and IJB has been summarised to highlight what is reported to the IJB and when.
- 2.2 The IJB Risk Register is fully reviewed at least twice a year by the Inverclyde HSCP Senior Management Team with any recommended changes taken to this Committee for approval.

### 3.0 **RECOMMENDATIONS**

- 3.1 It is recommended that the Committee:
  - 1. Notes the content of this report;

Allen Stevenson, Interim Chief Officer

## 4.0 BACKGROUND

- 4.1 The Integration Joint Board (IJB) Strategic Risk Register covers the risks specific to the IJB and its operations. In addition the Health and Social Care Partnership (HSCP) has an operational register for Social Care and Health Service operations and a Project Risk Register for the new Greenock Health Centre Capital Project.
- 4.2 The IJB risk register is formally reviewed by the Inverclyde HSCP Senior Management Team at least twice a year, the last review took place on 21 June 2021. The IJB Risk Register and any changes then come to the IJB Audit Committee twice each year.

## 5.0 IJB STRATEGIC RISK REGISTER

- 5.1 The updated IJB Strategic Risk Register is enclosed at Appendix A. Changes since the last report are:
  - Risk 7 Contingency Plans This is a new risk add to the register to reflect the requirement to maintain crucial services during the emergence of the new Omincrom variant.
  - Risk 8 Performance Management Information
    - o updated narrative in the Additional Controls column
    - The risk score has been decrease as Annual performance management info has been updated and the Annual performance report has been delivered and 6 monthly reports will now be delivered.
  - Risk 9 Locality Planning
    - updated narrative in the Additional Controls column and risk has reduced as these planning events are now starting to take place again.

# Requires active management.

High impact/high likelihood: risk requires active management to manage down and maintain exposure at an acceptable level.

**Contingency plans.** A robust contingency plan may suffice together with early warning mechanisms to detect any deviation from plan.

**Good Housekeeping.** May require some risk mitigation to reduce likelihood if this can be done cost effectively, but good housekeeping to ensure the impact remains low should be adequate. Reassess frequently to ensure conditions remain the same.

Review periodically. Risks are unlikely to require mitigating actions but status should be reviewed frequently to ensure conditions have not changed.
