Subject: 2022/23 Revenue Budget as at 31 October 2022

#### 1.0 PURPOSE AND SUMMARY

1.1 □For Decision □For Information/Noting

- 1.2 The purpose of this report is to advise the Committee of the 2022/23 Revenue Budget projected position as at 31 October 2022.
- 1.3 The revised 2022/23 Revenue Budget for the Environment and Regeneration Committee is £21,457,270, which excludes Earmarked Reserves. The latest projection is an underspend of £132,000 (0.62%) which is a reduction of £169,000 since the Period 5 report and is largely due to an increase in projected turnover savings, offset by a reduction in income. More details are provided in section 3 and the appendices.

#### 2.0 RECOMMENDATIONS

2.1 It is recommended that the Committee notes that the Committee's Revenue Budget is currently projected to underspend in 2022/23 by £132,000 based on figures as at 31 October 2022.

#### 3.0 BACKGROUND AND CONTEXT

- 3.1 The revised 2022/23 budget for Environment and Regeneration, excluding earmarked reserves, is £21,457,270. This is an increase of £299,000 from the approved budget, prior to transfers to earmarked reserves. Appendix 1 gives details of this budget movement.
- 3.2 At Period 5 the Committee was projecting a £37,000 overspend and the Interim Director Environment and Regeneration was to consider action to bring projections back within budget.

### 3.3 2022/23 PROJECTED OUT-TURN (£132,000 Underspend - 0.62%)

The main variances contributing to the projected net overspend are listed below.

- a) £197,000 shortfall in Planning Income. This is a combination of historical trends and current staffing shortages. £110,000 was allocated as part of the 2022/23 Budget to reduce the income target but the shortfall in income remains in line with 2021/22. Budget pressure of £125k has been approved from 2023/24.
- b) £168,000 shortfall in Burials and Cremation Income. This is after the allocation of £50,000 to reduce the income target as part of the 2022/23 Budget. A further budget pressure of £125k has been approved from 2023/24.
- c) £60,000 shortfall in Trade Waste Income which is in line with previous years. Trade Waste is being reviewed as part of the Delivering Differently Programme with a report due from officers later in 2022/23.
- d) A projected underspend in the Workforce Development Fund of £58,000 due to the availability of external grants. Saving has been approved from 2023/24.
- e) £93,000 shortfall in Parking income and £34,000 shortfall PCN income due to less activity following reintroduction of charging.
- f) Projected over recoveries in waste across scrap metal and tipping charges £137,000.
- g) A projected underspend in Waste disposal of £145,000 due to a reduction in tonnages, partly offset by an over spend in waste recycling of £46,000.
- h) Projected overspend in Refuse Collection agency costs £135,000 partly offset by a reduction overtime.
- i) A projected over-recovery of £528,000 against the turn-over target due to delays in recruiting certain posts.

The above figures exclude the significant increase in utility costs which are being managed and reported in 2022/23 via the Policy & Resources Committee.

#### 3.4 EARMARKED RESERVES

Appendix 4 gives an update on the operational Earmarked Reserves, ie excluding strategic funding models. Spend to date on these operational Earmarked Reserves is £1,250,000 (35.1% of projected spend). A comprehensive review of all earmarked reserves has been undertaken as part of the 2023/25 Budget, with a number of write backs approved in December 2022.

#### 4.0 PROPOSALS

4.1 The above figures for 2022/23 exclude any financial implications which may arise from the Council's waste contract.
