

AGENDA ITEM NO: 4

Report To:	Audit Committee	Date:	7 May 2024
Report By:	Chief Financial Officer	Report No:	FIN/21/24/AP
Contact Officer:	Matt Thomson	Contact No:	01475 712256
Subject:	EXTERNAL AUDIT PLAN FOR THE YEAR ENDED 31 MARCH 2024		

1.0 PURPOSE AND SUMMARY

- 1.1 For Decision For Information/Noting
- 1.2 The purpose of this report is to present the External Audit Plan for the year ended 31 March 2024 to Committee for discussion and noting.
- 1.3 Representatives from KPMG will attend the meeting to present the Plan and answer any questions.

2.0 RECOMMENDATIONS

- 2.1 It is recommended that, having sought clarification on any relevant matters, the Committee note the contents of the External Audit Plan for the year ended 31 March 2024.

Alan Puckrin
Chief Financial Officer

3.0 BACKGROUND AND CONTEXT

- 3.1 Each year the Council’s appointed External Auditors produce an Audit Plan highlighting key items relevant to the audit of the Council’s annual accounts, wider scope and best value matters.
- 3.2 The Council’s External Auditors, KPMG, have prepared the Audit Plan for the year ended 31 March 2024 and this is attached as appendix 1.
- 3.3 Officers from KPMG will be present at Committee and answer any questions that Members may have on the contents.

4.0 PROPOSALS

- 4.1 It is proposed that Committee note the Plan and seek clarification from the Council’s External Auditors on any relevant matters.

5.0 IMPLICATIONS

- 5.1 The table below shows whether risks and implications apply if the recommendation(s) is(are) agreed:

SUBJECT	YES	NO
Financial		X
Legal/Risk	X	
Human Resources		X
Strategic (Partnership Plan/Council Plan)		X
Equalities, Fairer Scotland Duty & Children/Young People’s Rights & Wellbeing		X
Environmental & Sustainability		X
Data Protection		X

5.2 Finance

One off Costs

Cost Centre	Budget Heading	Budget Years	Proposed Spend this Report	Virement From	Other Comments
N/A					

Annually Recurring Costs/ (Savings)

Cost Centre	Budget Heading	With Effect from	Annual Net Impact	Virement From (If Applicable)	Other Comments
N/A					

5.3 Legal/Risk

The Plan highlights several assessed audit risks identified and the approach the External Auditors propose to take to address these risks.

5.4 Human Resources

There are no HR matters arising.

5.5 Strategic

The Plan sets out the proposed approach to assessing several areas including financial sustainability, financial management, vision, leadership and governance, use of resources to improve outcomes and best value and as such contributes towards strong corporate governance.

6.0 CONSULTATION

6.1 The Chief Executive, Monitoring Officer and Chief Internal Auditor have been consulted on the contents of the Plan.

7.0 BACKGROUND PAPERS

7.1 None.

External Audit Plan for the year ended 31 March 2024

About this report

This report has been prepared in accordance with the responsibilities set out within the Audit Scotland's Code of Audit Practice ("the Code").

This report is intended for the benefit of Inverclyde Council ("the Council") and is made available to Audit Scotland and the Controller of Audit (together "the Beneficiaries"). This report has not been designed to be of benefit to anyone except the Beneficiaries. In preparing this report we have not taken into account the interests, needs or circumstances of anyone apart from the Beneficiaries, even though we may have been aware that others might read this report and it will not be quoted or referred to, in whole or in part, without our prior written consent. We have prepared this report for the benefit of the Beneficiaries alone.

Nothing in this report constitutes an opinion on a valuation or legal advice.

We have not verified the reliability or accuracy of any information obtained in the course of our work, other than in the limited circumstances set out in the scoping and purpose section of this report.

This report is not suitable to be relied on by any party wishing to acquire rights against KPMG LLP (other than the Beneficiaries) for any purpose or in any context. Any party other than the Beneficiaries that obtains access to this report or a copy (under the Freedom of Information Act 2000, the Freedom of Information (Scotland) Act 2002, through a Beneficiary's Publication Scheme or otherwise) and chooses to rely on this report (or any part of it) does so at its own risk. To the fullest extent permitted by law, KPMG LLP does not assume any responsibility and will not accept any liability in respect of this report to any party other than the Beneficiaries.

Introduction

To the Audit Committee of Inverclyde Council

We are pleased to have the opportunity to meet with you on 7 May 2024 to discuss our anticipated approach to the audit of the financial statements of Inverclyde Council, as at and for the year ending 31 March 2024.

We provide this report to you in advance of the meeting to allow you sufficient time to consider the key matters and formulate your questions.

The engagement team

Michael Wilkie is the engagement leader on the audit. Michael will lead the engagement and is responsible for the audit opinion. Taimoor Alam will be the manager responsible for the audit and will be responsible for overseeing the delivery of our audit. Other key members of the engagement team include Richard Yang (Assistant Manager).

Yours sincerely,
Michael Wilkie
28 March 2024

How we deliver audit quality

Audit quality is at the core of everything we do at KPMG and we believe that it is not just about reaching the right opinion, but how we reach that opinion that is also important.

We define 'audit quality' as being the outcome when audits are:

- **Executed consistently**, in line with the requirements and intent of **applicable professional standards** within a strong **system of quality controls**; and
- All of our related activities are undertaken in an environment of the utmost level of **objectivity, independence, ethics and integrity**.

Restrictions on distribution

This report is intended solely for the information of those charged with governance of Inverclyde Council and the report is provided on the basis that it should not be distributed to other parties; that it will not be quoted or referred to, in whole or in part, without our prior written consent; and that we accept no responsibility to any third party in relation to it.

Materiality (Group and Council) and Group audit scope

Total group expenditure*
£432m (PY**: £376m)

Total council expenditure*
£427m (PY**: £374m)

Group materiality
£8.6m (PY: £7.5m)
2% (PY: 2%) of total expenditure

Council materiality
£8.5m (2021: £7.4m)
2% (2021: 2%) of total expenditure

*Based on 2022-23 financial statements.

**Based on 2021-22 financial statements.

Our materiality levels

The materiality levels outlined above are set based on 2022/23 audited financial statements. If actual total group expenditure as per the draft financial statements varies materially from the prior period figure, we will revisit our materiality assessment. We determine materiality for the consolidated financial statements at a level which could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements. We expect to use a benchmark of total expenditure (excluding asset impairments and defined benefit pension charges) which we consider to be appropriate as it reflects the scale of the Authority’s services and we consider this most clearly reflects the interests of users of the Authority’s accounts. To respond to aggregation risk from individually immaterial misstatements, we design our procedures to detect misstatements at a lower level of performance materiality. We also adjust this level further downwards for items that may be of specific interest to users for qualitative reasons, such as directors’ salary information in the remuneration report.

Reporting to the audit committee

Under ISA 260, we are obliged to report uncorrected omissions or misstatements other than those which are ‘clearly trivial’ to those charged with governance. ISA 260 defines ‘clearly trivial’ as matters that are clearly inconsequential, whether taken individually or in aggregate and whether judged by any quantitative or qualitative criteria.

In the context of the Council and its Group, we propose that an individual difference could normally be considered to be clearly trivial if it is less than £0.425 and £0.43 million respectively.

If management has corrected material misstatements identified during the course of the audit, we will consider whether those corrections should be communicated to the Audit Committee to assist it in fulfilling its governance responsibilities

Group Audit Scope

We have assessed, from a group perspective, that Council is the only individually significant component and accordingly subject to a full scope audit.

Audit risks and our audit approach

This section of our report sets out the expected audit risks we anticipate to focus on and to take up significant audit time.

Our risk assessment draws upon our knowledge of the industry and the wider economic environment in which Inverclyde Council operates.

We also use our regular meetings with senior management to update our understanding and take input from component audit teams and internal audit reports.

We will update our risk assessment once we have completed our detailed planning procedures and provide a further update in our Audit Plan and Strategy.

Relevant factors affecting our risk assessment

Significant risks

- | | |
|---|---|
| 1 | Valuation of land and building
(revaluation required by the Code) |
| 2 | Retirement benefit obligations
(assumptions and methodology) |
| 3 | Fraud risk from income recognition and expenditure
(presumed risk per ISA 240) |
| 4 | Fraud risk from management override of controls
(presumed risk per ISA 240) |
-

Audit risks and our audit approach

Valuation of land and buildings

Significant audit risk

Risk: The carrying amount of land and buildings differs materially from the fair value

The value of the Council's Other Land and Buildings at 31 March 2023 was £386m, in addition to Schools PPP assets of £96m.

The Code requires that where land and buildings are subject to revaluation, their year end carrying value should reflect the fair value at that date. Any asset valuation carries with it risks of estimation uncertainty. The size of the land and buildings balance relative to our expected materiality means that the risk of a material difference between carrying value and fair value is increased.

The Council commissions a full revaluation of a portion of its land and buildings in addition to indexation being applied to the remaining assets not formally revalued.

Planned response

We will perform the following procedures designed to specifically address the significant risk associated with the valuation:

- We will critically assess the independence, objectivity and expertise of Avison Young, the valuers used in developing the valuation of the Council's properties at 31 March 2024;
- We will inspect the instructions issued to the valuers for the valuation of land and buildings to verify they are appropriate to produce a valuation consistent with the requirements of the Code;
- We will compare the accuracy of the data provided to the valuers for the development of the valuation to underlying information, such as floor plans, and to previous valuations, challenging management where variances are identified;
- We will evaluate the design and implementation of controls in place for management to review the valuation and the appropriateness of assumptions used;
- We will challenge the appropriateness of the valuation of land and buildings; including any material movements from the previous revaluations. We will challenge key assumptions within the valuation, including the use of relevant indices and assumptions around physical and functional obsolescence. Further, we will consider the reasonableness of management's assessment in respect of assets not subject to valuation;
- We will perform inquiries of the valuers in order to verify the methodology that was used in preparing the valuation and whether it was consistent with the requirements of the RICS Red Book and the Code;
- We will agree the calculations performed of the movements in value of land and buildings and verify that these have been accurately accounted for in line with the requirements of the Code; and
- Disclosures: We will consider the adequacy of the disclosures concerning the key judgements and degree of estimation involved in arriving at the valuation.

Audit risks and our audit approach

Risk of retirement benefit obligations

Significant audit risk

Risk: An inappropriate amount is estimated and recorded for the defined benefit obligation

The valuation of the Local Government Pension Scheme (Strathclyde Pension Fund) relies on a number of assumptions, most notably around the actuarial assumptions, and actuarial methodology which results in the Council's overall valuation.

There are financial assumptions and demographic assumptions used in the calculation of the Council's valuation, such as the discount rate, inflation rates, mortality rates etc. The assumptions should also reflect the profile of the Council's employees, and should be based on appropriate data. The basis of the assumptions should be derived on a consistent basis year to year, or updated to reflect any changes.

There is a risk that the assumptions and methodology used in the valuation of the Council's pension obligation are not reasonable. This could have a material impact to net pension liability accounted for in the financial statements.

Planned Response

Control design:

- Testing the design and operating effectiveness of controls over the provision of membership information to the actuary who uses it, together with management's review of assumptions, to calculate the pension obligation.

Benchmarking assumptions:

- Challenging, with the support of our own actuarial specialists, the key assumptions applied, being: the discount rate; inflation rate; and mortality/life expectancy against externally derived data.
- Challenging the rate of increase in pensionable salaries assumption, by comparing it to other evidence such as business and transformation plans and our understanding of Government and staff expectations.

Assessing transparency:

- Considering the adequacy of the disclosures in respect of the sensitivity of the deficit to these assumptions.
- Assessing if the disclosures within the financial statements are in accordance with the Code's requirements.

Audit risks and our audit approach

Risk from income recognition and expenditure

Significant audit risk

Under ISA 240 there is a presumed risk that income may be misstated due to improper recognition of income. This requirement is modified by Practice Note 10, issued by the FRC, which states that auditors should also consider the risk that material misstatements may occur by the manipulation of expenditure recognition.

Income

We consider that the Council's significant income streams, which include taxation and non-specific grant income are likely to be free of management judgement or estimation. At the planning stage, we do not consider recognition of the remaining income sources to represent a significant risk for the Council as there are limited incentives and opportunities to manipulate the way income is recognised, and these are not likely to be materially inappropriate. We did not identify any such errors or manipulation in the prior year. **We therefore plan to rebut this risk and do not incorporate specific work into our audit plan in this area beyond our standard fraud procedures.**

We will continue to assess this as we complete our planning and risk assessment and report any changes to Audit Committee in May.

Expenditure

We consider that there is not a risk of improper recognition of expenditure in respect of payroll costs (including pension adjustments), financing and investment expenditure, or depreciation. These costs are routine in nature and are at less risk of manipulation. This relates to a significant proportion of council expenditure.

We have concluded that there is a significant risk around fraudulent expenditure recognition, specifically relating to the cut-off of expenditure. This arises from a combination of incentives, including the incentive to deliver the overall budget outturn for the year, as well as incentives within services locally to use but not exceed allocated budgets by year-end.

In response to the significant risk relating to cut-off of non-pay expenditure, we will include procedures to:

- compare the outturn with the in year budget monitoring, considering variances;
- compare the year-end accruals and payables balances with those recognised at 31 March 2023 to identify any new accruals as well as any recorded in the prior period which have not been recognised at 31 March 2024;
- test expenditure cut-off including a search for unrecorded liabilities; and
- test transactions focusing on the areas of greatest risk in terms of subjectivity, which provide the most opportunity to manipulate the year-end outturn, including creditors, accruals, prepayments and provisions to challenge completeness and existence of these balances.

Audit risks and our audit approach

Management override of controls

Significant audit risk

The risk

Professional standards require us to communicate the fraud risk from management override of controls as significant.

Management is in a unique position to perpetrate fraud because of their ability to manipulate accounting records and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively.

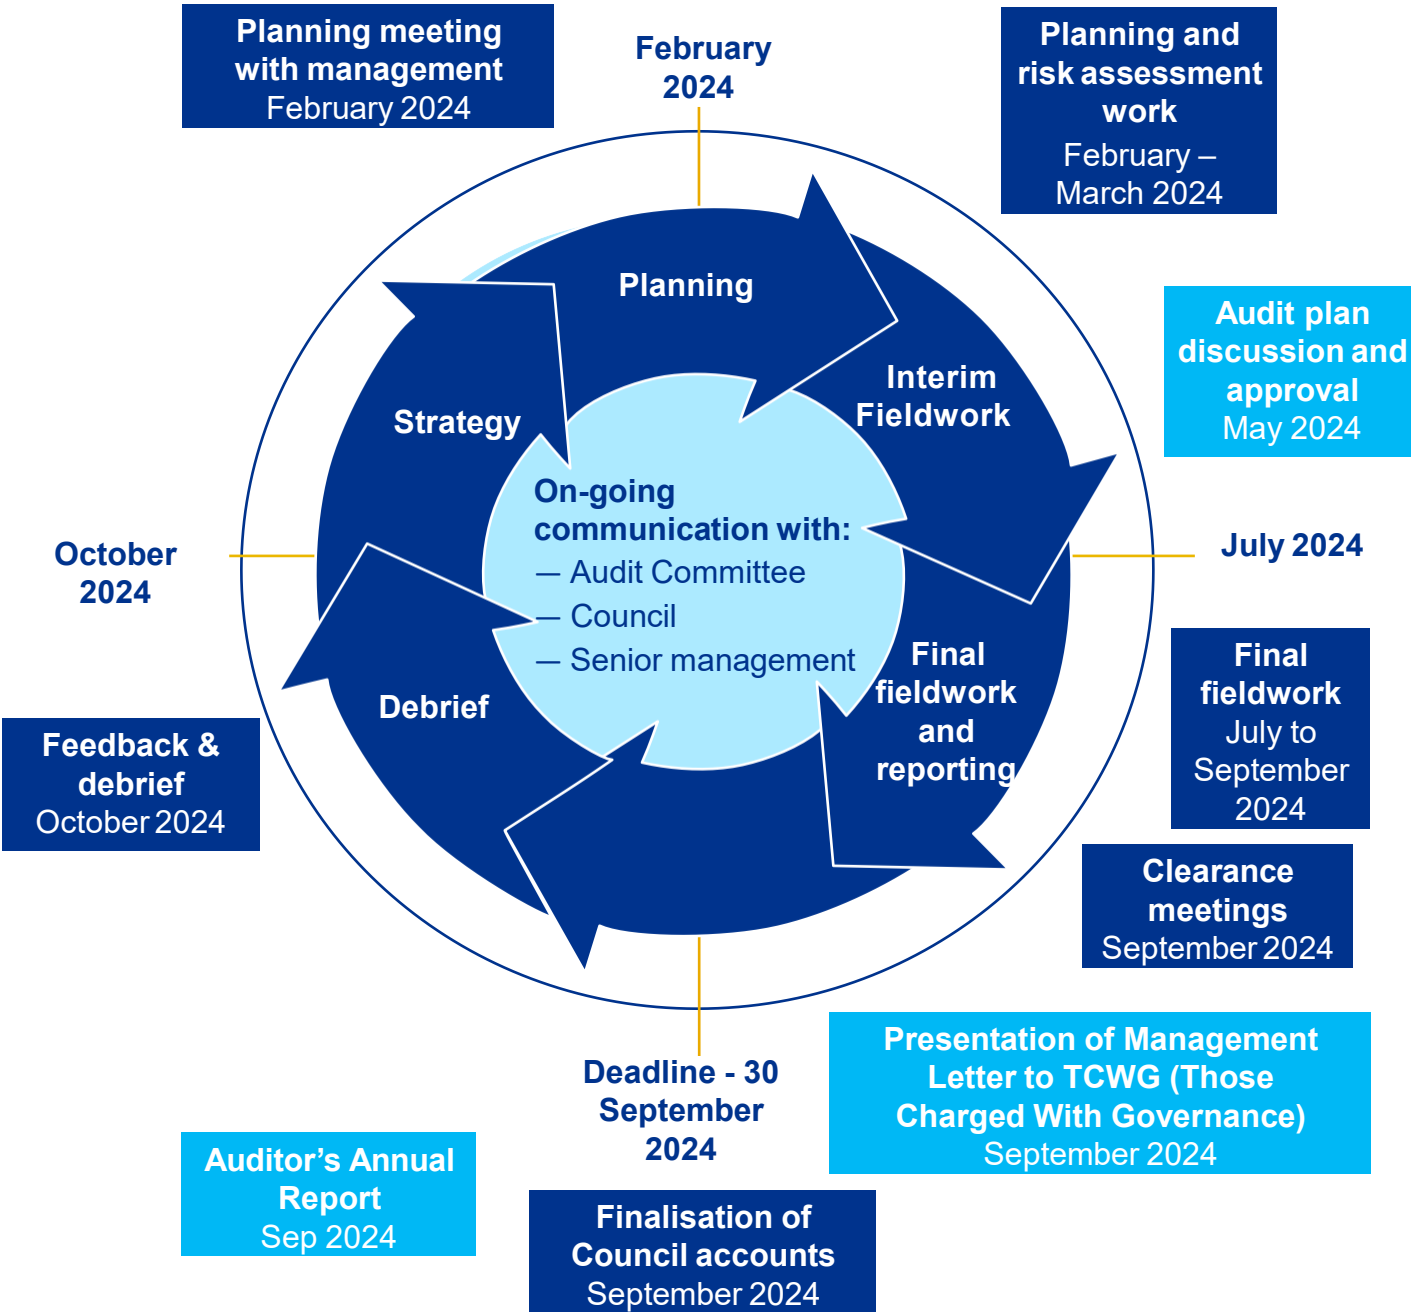

We have not identified any specific additional risks of management override relating to this audit.

Planned response

- Our audit methodology incorporates the risk of management override as a default significant risk. In line with our methodology, we will evaluate the design and implementation of the controls in place for the approval of manual journals posted to the general ledger to ensure that they are appropriate.
- We will analyse all journals through the year using data and analytics and focus our testing on those with a higher risk, such as journals impacting revenue or expenditure recognition around year-end, or journals linked to our other recognised significant risks.
- We will assess the appropriateness of changes compared to the prior year to the methods and underlying assumptions used to prepare accounting estimates.
- We will review the appropriateness of the accounting for significant transactions that are outside the Council’s normal course of business, or are otherwise unusual.
- We will assess the controls in place for the identification of related party relationships and test the completeness of the related parties identified. We will verify that these have been appropriately disclosed within the financial statements.

Audit cycle and expected timetable

Our 2023/24 schedule

- Key Events
- A(RA)C communications

Wider scope and best value approach

Inverclyde Council

Wider Scope and Best Value

Wider Scope Approach

The Code of Audit Practice sets out four areas that constitute the wider scope of public audit in Scotland: financial sustainability; financial management; vision, leadership and governance; and use of resources to improve outcomes.

We set out below an overview of our approach to wider scope requirements of our annual audit.

Local Risk assessment

We are required to consider the arrangements in place for the wider-scope areas when undertaking annual risk assessment with a view to preparing the Annual Audit Plan.

As part of our risk assessment, we have considered the arrangements in place for the wider-scope areas and have summarised the results of our assessment and our planned response on the following pages.

National Risk assessment

Guidance may supplement auditors' own local risk assessments where there are particular areas of national or sectoral risk that the Auditor General and Accounts Commission wish auditors to consider. However, there are no such risks specified for 2023/24.

Wider Scope and Best Value

Wider Scope Approach (continued)

Financial Management

Financial management is concerned with financial capacity, sound budgetary processes and whether the control environment and internal controls are operating effectively.

Risk Assessment

As part of our previous year audit we noted that:

A budget monitoring system is in place.

Overall financial systems of internal control are operating effectively.

There are established procedures for preventing and detecting fraud.

An established Internal Audit system is in place.

We further noted that policies and procedures need to be reviewed and refreshed on a timely basis.

As part of our planning work we noted that a report was presented to the Council in their meeting dated 29 February 2024 to consider the Revenue Budget for 2024/26.

Based on above we have not identified any significant risks in relation to financial management.

Planned Audit Response

We will continue to review the financial management arrangements in place.

We will follow-up on the progress made in relation to our prior year recommendations.

Wider scope and best value

Wider Scope Approach (continued)

Financial Sustainability

Financial Sustainability looks forward to the medium and longer term to consider whether the Council is planning effectively to continue to deliver its services or the way in which they should be delivered.

Risk Assessment

As part of our previous year audit we noted that the Council has a number of arrangements in place, in relation to financial sustainability, including a medium term financial strategy, capital programme and reserves strategy.

We have not identified any significant risk in relation to financial sustainability.

Audit Approach

- We will continue to consider the Council's long term financial plans, as well as underlying specific plans, and its ability to adapt to the changing landscape in local government funding. This will involve consideration of the 2024-25 budget and longer term financial plans.
- We will inquire with officers regarding reporting to members surrounding the assumptions and judgements made in forecasting future funding and expenditure pressures.
- We will consider how major capital projects are planned to be funded and implemented, including the revenue and capital consequences of the same.

Wider scope and best value

Wider Scope Approach (continued)

Vision, Leadership and Governance

Vision, Leadership and Governance is concerned with the effectiveness of scrutiny and governance arrangements, leadership and decision making, and transparent reporting of financial and performance information.

Risk Assessment

As part of our previous year audit we noted that:

- Council has strategic planning arrangements in place
- Governance arrangements are appropriate and operated effectively.
- Arrangements are in place in relation to security, challenge and transparency

We further noted that process is underway in relation to development of service plans to support the overarching council plan.

Based on above we have not identified any significant risk in relation to the Council's arrangements around vision, leadership and governance dimension of the wider scope audit.

Audit Approach

We will continue to review the arrangements in place in relation to vision, leadership and governance.

We will follow-up on the progress made in relation to our prior year recommendations including recommendations identified as part of the best value report, in the previous year, relating to Leadership in the Development of the Council's Strategic Priorities.

Wider Scope and Best Value

Wider Scope Approach (continued)

Use of Resources to Improve Outcomes

Use of Resources to Improve Outcomes is concerned with demonstrating economy, efficiency, and effectiveness through the use of financial and other resources and reporting performance against outcomes

Risk Assessment

As part of our prior year audit we noted that Performance management arrangements provide a sound basis for improvement.

We further noted that From April 2023, the Council moved to a new planning model, known as Committee Delivery and Improvement Plans which lay out the targets for 2023/24 at committee level. Service delivery plans along with the targets for the future years were in the process of development

Based on above we have not identified any significant risk in relation to the Council's arrangements around use of resources to improve outcomes.

Audit Approach

We will continue to review the relevant arrangements in place including arrangements in place in relation to compliance with the effective of performance reporting requirement as part of the best value audit.

We will follow-up on the progress made in relation to development of the service delivery plans and associated targets.

Wider Scope and Best Value

Best Value Approach

Local government bodies have a duty under the Local Government in Scotland Act 2003 to make arrangements which secure Best Value. Best Value is continuous improvement in the performance of the body's functions.

The wider scope of core annual audit activity in local government includes the statutory duty of auditors under section 99(1)(c) of the Local Government (Scotland) Act 1973 (the 1973 Act) to be satisfied that bodies have made proper arrangements to secure Best Value.

Paragraph 60 of the Code of Audit Practice (2021) extends this responsibility to other sectors and requires auditors to consider the arrangements put in place by Accountable Officers to meet their Best Value obligations.

The audit of Best Value in councils is fully integrated within the annual audit work. We are required to evaluate and report on the performance of councils in meeting their Best Value duties.

There are the following five aspects to auditors' work:

- Following up previous improvement actions.
- Risk based consideration of themes.
- Assessing the effectiveness of performance reporting.
- Thematic reviews.
- Contributing to Controller of Audit reports.

Follow up

This involves follow up on Accounts Commission findings, Controller of Audit recommendations and any outstanding improvement actions reported in Best Value Assurance Reports, Best Value thematic reports and Annual Audit Reports.

We will establish the progress made against the actions, make judgements on the pace and depth of improvements and report judgements in the Annual Audit Report where relevant.

Risk based consideration of themes

The statutory guidance which councils are required to follow sets out seven Best Value themes. The guidance details for each of the themes what a council should be able to demonstrate to achieve Best Value

We will consider the Council's arrangements in respect of the themes to identify any risks and will report findings, judgements and improvement actions in the Annual Audit Report.

Wider scope and Best Value

Best Value Approach (continued)

Assessing the effectiveness of performance reporting.

Theme 3 in the Best Value statutory guidance is the effective use of resources, an element of which is performance reporting.

We are required to carry out work on performance reporting annually.

We will:

- determine and report on the effectiveness of the Council's processes for reporting and scrutiny of performance against its priorities;
- report in the annual audit report on whether the Council can demonstrate a trend of improvement over time in delivering its priorities
- assess whether the Council has made proper arrangements for preparing and publishing the statutory performance information in accordance with the Statutory Performance Information Direction.

Thematic review – workforce innovation

We are required to report on Best Value or related themes prescribed by the Accounts Commission. The thematic work for 2023/24 is on the subject of workforce innovation.

We will consider how the Council is responding to the current workforce challenge through building capacity, increasing productivity and innovation.

We are required to report our conclusions on the thematic review in a separate management report.

Controller of Audit reports

The Controller of Audit also reports to the Accounts Commission on each council's performance in meeting its Best Value duties at least once over the five-year audit appointment.

The Council is not in-scope for this reporting in the current cycle.

Wider Scope and Best Value

Linkages with other audit work

There is a degree of overlap between the work we do as part of the wider scope and Best Value audit and our financial statements audit. For example, our financial statements audit includes an assessment and testing of the Council's organisational control environment, many aspects of which are relevant to our wider scope and Best Value audit responsibilities.

We seek to avoid duplication of audit effort by integrating our financial statements and wider scope and Best Value work.

Reporting and concluding on wider scope and Best Value

At the conclusion of the wider scope and Best Value work we include relevant observations and recommendations in the Annual Audit Report.

We will update our assessment throughout the year and should any issues present themselves we will report them in our Annual Audit Report.

We will report on the results of the wider scope and Best Value audit through our Annual Audit Report and the best value thematic report.

Other core annual audit activities

Other Audit Outputs

Paragraph 81 of the Code of Audit Practice (2021) advises that the following other outputs may be required from appointed auditors as core annual audit activity in accordance with guidance from Audit Scotland:

- Certificates on grant claims and similar returns prepared by audited bodies.
- Assurance statements for Whole of Government Accounts returns or other consolidation schedules.
- Reports on summary financial information.

Information Returns

Paragraph 104 of the Code of Audit Practice requires appointed auditors to complete information returns as a core annual audit activity. The information returns required for 2023/24 are as follows:

Contributions to performance audit work

Current Issues Returns

Fraud Returns

National Fraud Initiative

Contributing to Technical Guidance Notes (TGNs).

Further core annual audit activity undertaken by appointed auditors and their teams also includes the responsibilities and activities set out in chapter 7 of the Guidance on planning the annual audit 2023/24 annual audits of public bodies.

Appendices

Mandatory communications

Type	Statement
Management's responsibilities (and, where appropriate, those charged with governance)	<p>Prepare financial statements in accordance with the applicable financial reporting framework that are free from material misstatement, whether due to fraud or error.</p> <p>Provide the auditor with access to all information relevant to the preparation of the financial statements, additional information requested and unrestricted access to persons within the entity.</p>
Auditor's responsibilities	Our engagement letter with Audit Scotland communicates our responsibilities to form and express an opinion on the financial statements that have been prepared by management with the oversight of those charged with governance. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities.
Auditor's responsibilities - Fraud	This report communicates how we plan to identify, assess and obtain sufficient appropriate evidence regarding the risks of material misstatement of the financial statements due to fraud and to implement appropriate responses to fraud or suspected fraud identified during the audit.
Auditor's responsibilities – Other information	Our engagement letter with Audit Scotland communicates our responsibilities with respect to other information in documents containing audited financial statements. We will report to you on material inconsistencies and misstatements in other information.
Auditor's responsibilities – wider scope and best value	Our wider-scope and best value methodology slide on pages 12 -20 set out our responsibilities for reporting on wider scope and best value. We have set out on these pages the methodology we will adopt in discharging our responsibilities in these areas.
Independence	Our independence confirmation on page 23 discloses matters relating to our independence and objectivity including any relationships that may bear on the firm's independence and the integrity and objectivity of the audit engagement partner and audit staff.

Confirmation of independence

Assessment of our objectivity and independence as auditor of the Inverclyde Council (“the Council”)

Professional ethical standards require us to provide to you at the conclusion of the audit a written disclosure of relationships (including the provision of non-audit services) that bear on KPMG LLP’s objectivity and independence, the threats to KPMG LLP’s independence that these create, any safeguards that have been put in place and why they address such threats, together with any other information necessary to enable KPMG LLP’s objectivity and independence to be assessed. This letter is intended to comply with this requirement and facilitate a subsequent discussion with you on audit independence and addresses:

- General procedures to safeguard independence and objectivity;
- Independence and objectivity considerations relating to the provision of non-audit services; and
- Independence and objectivity considerations relating to other matters.

General procedures to safeguard independence and objectivity

KPMG LLP is committed to being and being seen to be independent. As part of our ethics and independence policies, all KPMG LLP partners and staff annually confirm their compliance with our ethics and independence policies and procedures including in particular that they have no prohibited shareholdings.

Our ethics and independence policies and procedures are fully consistent with the requirements of the APB Ethical Standards. As a result we have underlying safeguards in place to maintain independence through:

- Instilling professional values
- Communications
- Internal accountability
- Risk management
- Independent reviews

We are satisfied that our general procedures support our independence and objectivity.

Independence and objectivity considerations relating to the provision of non-audit services

We have considered the fees charged by us to the council and its affiliates for professional services provided by us during the reporting period. No non-audit services are expected to be provided during 2023/24.

Independence and objectivity considerations relating to other matters

There are no other matters that, in our professional judgment, bear on our independence which need to be disclosed to the Audit Committee.

Confirmation of audit independence

We confirm that as of the date of this letter, in our professional judgment, KPMG LLP is independent within the meaning of regulatory and professional requirements and the objectivity of the partner and audit staff is not impaired.

This report is intended solely for the information of the Audit Committee and should not be used for any other purposes.

We would be very happy to discuss the matters identified above (or any other matters relating to our objectivity and independence) should you wish to do so.

Yours faithfully

KPMG LLP

Audit team and rotation

Your audit team has been drawn from our specialist public sector audit department and is led by key members of staff who will be supported by auditors and specialists as necessary to complete our work. We also ensure that we consider rotation of your audit director and firm.

	<p>Michael Wilkie is the director responsible for our audit. He will lead our audit work, attend the Audit Committee and be responsible for the opinions that we issue.</p>
	<p>Taimoor Alam is the manager responsible for our audit. He will co-ordinate our audit work, attend the Audit Committee and ensure we are co-ordinated across our accounts, wider scope and best value work.</p>
	<p>Richard Yang is the in-charge responsible for our audit. He will be responsible for our on-site fieldwork. He will complete work on more complex section of the audit.</p>

To comply with professional standard we need to ensure that you appropriately rotate your external audit director. There are no other members of your team which we will need to consider this requirement for:

This will be Michael’s second year as your engagement lead. He can therefore complete a further 8 years before rotation.

Fees

Audit Scotland has completed a review of funding and fee setting arrangements for 2023-24. An expected fee is calculated by Audit Scotland to each entity within its remit. This expected fee is made up of four elements:

- Auditor remuneration (** average of Tender values)
- Audit Scotland Pooled costs
- Audit Scotland Audit Support Costs
- Audit Scotland sectoral cap adjustment

The expected fee for each body assumes that it has sound governance arrangements in place and operating effectively throughout the year, prepares comprehensive and accurate draft accounts and meets the agreed timetable for the audit.

Entity	2023/24	2022/23
Auditor Remuneration **	£247,720	£233,700
Pooled Costs	£9,030	£0
PABV Contribution	£62,010	£55,820
Audit Support Costs	£0	£8,860
Sectoral Cap Adjustment	(£2,240)	£240
TOTAL AUDIT FEES (Incl VAT)	£316,520	£298,620

Source: Audit Scotland

Billing arrangements

Fees will be billed by Audit Scotland in accordance with a billing schedule as outlined in correspondence with management.

Basis of fee information

In line with our standard terms and conditions the fee is based on the following assumptions:

- The Board's audit evidence files are completed to an appropriate standard (we will liaise with management separately on this);
- Draft statutory accounts are presented to us for audit subject to audit and tax adjustments;
- Supporting schedules to figures in the accounts are supplied; A trial balance together with reconciled control accounts are presented to us;
- All deadlines agreed with us are met;
- We find no weaknesses in controls that cause us to significantly extend procedures beyond those planned;
- Management will be available to us as necessary throughout the audit process; and
- There will be no changes in deadlines or reporting requirements.

We will provide a list of schedules to be prepared by management stating the due dates together with pro-forms as necessary. Our ability to deliver the services outlined to the agreed timetable and fee will depend on these schedules being available on the due dates in the agreed form and content.

If there are any variations to the above plan, we will discuss them with you and agree any additional fees before costs are incurred wherever possible.

Responsibility in relation to fraud

We are required to consider fraud and the impact that this has on our audit approach. We will update our risk assessment throughout the audit process and adapt our approach accordingly.

Management responsibilities

Adopt sound accounting policies.
 With oversight from those charged with governance, establish and maintain internal control, including controls to prevent, deter and detect fraud.
 Establish proper tone/culture/ethics.
 Require periodic confirmation by employees of their responsibilities.
 Take appropriate action in response to actual, suspected or alleged fraud.
 Disclose to Audit Committee and auditors:

- Any significant deficiencies in internal controls; and
- Any fraud involving those with a significant role in internal controls

KPMG’s identification of fraud risk factors

Review of accounting policies.
 Results of analytical procedures.
 Procedures to identify fraud risk factors.
 Discussion amongst engagement personnel.
 Enquiries of management, Audit Committee, and others.
 Evaluate broad programmes and controls that prevent, deter, and detect fraud.

KPMG’s response to identified fraud risk factors

Accounting policy assessment.
 Evaluate design of mitigating controls.
 Test effectiveness of controls.
 Address management override of controls.
 Perform substantive audit procedures.
 Evaluate all audit evidence.
 Communicate to Audit Committee and management.

KPMG’s identified fraud risk factors

—Whilst we consider the risk of fraud at the financial statement level to be low for the Council, we will monitor the following areas throughout the year and adapt our audit approach accordingly:

- Income recognition;
- Cash;
- Procurement;
- Management control override; and
- Assessment of the impact of identified fraud.

Audit Scotland code of audit practice – responsibility of auditors and management

Responsibilities of management

Financial Statements

Audited bodies must prepare an annual report and accounts containing financial statements and other related reports. They have responsibility for:

- preparing financial statements which give a true and fair view of their financial position and their expenditure and income, in accordance with the applicable financial reporting framework and relevant legislation;
- maintaining accounting records and working papers that have been prepared to an acceptable professional standard and that support their financial statements and related reports disclosures;
- ensuring the regularity of transactions, by putting in place systems of internal control to ensure that they are in accordance with the appropriate Council;
- maintaining proper accounting records; and
- preparing and publishing, along with their financial statements, an annual governance statement, management commentary (or equivalent) and a remuneration report that are consistent with the disclosures made in the financial statements. Management commentary should be fair, balanced and understandable and also clearly address the longer- term financial sustainability of the body.

Further, it is the responsibility of management of an audited body, with the oversight of those charged with governance, to communicate relevant information to users about the entity and its financial performance, including providing adequate disclosures in accordance with the applicable financial reporting framework. The relevant information should be communicated clearly and concisely.

Audited bodies are responsible for developing and implementing effective systems of internal control as well as financial, operational and compliance controls. These systems should support the achievement of their objectives and safeguard and secure value for money from the public funds at their disposal. They are also responsible for establishing effective and appropriate internal audit and risk-management functions.

Audited bodies are responsible for providing the auditor with access to all information relevant to the preparation of the financial statements, additional information requested and unrestricted access to persons within the entity.

Audit Scotland code of audit practice – responsibility of auditors and management

Responsibilities of management
<p>Prevention and detection of fraud and irregularities</p> <p>Audited bodies are responsible for establishing arrangements for the prevention and detection of fraud, error and irregularities, bribery and corruption and also to ensure that their affairs are managed in accordance with proper standards of conduct by putting proper arrangements in place.</p>
<p>Corporate governance arrangements</p> <p>Each body, through its chief executive or accountable officer, is responsible for establishing arrangements to ensure the proper conduct of its affairs including the legality of activities and transactions, and for monitoring the adequacy and effectiveness of these arrangements. Audited bodies should involve those charged with governance (including Audit Committees or equivalent) in monitoring these arrangements.</p>
<p>Financial position</p> <p>Audited bodies are responsible for putting in place proper arrangements to ensure that their financial position is soundly based having regard to:</p> <ul style="list-style-type: none"> — such financial monitoring and reporting arrangements as may be specified; — compliance with any statutory financial requirements and achievement of financial targets; — balances and reserves, including strategies about levels and their future use; — how they plan to deal with uncertainty in the medium and longer term; and — the impact of planned future policies and foreseeable developments on their financial position.
<p>Best Value, use of resources and performance</p> <p>The Scottish Public Finance Manual sets out that accountable officers appointed by the Principal Accountable Officer for the Scottish Administration have a specific responsibility to ensure that arrangements have been made to secure best value.</p>

Audit Scotland code of audit practice – responsibility of auditors and management

Responsibilities of auditors

Appointed auditor responsibilities

Auditor responsibilities are derived from statute, this Code, ISAs, professional requirements and best practice and cover their responsibilities when auditing financial statements and when discharging their wider scope responsibilities. These are to:

- undertake statutory duties, and comply with professional engagement and ethical standards;
- provide an opinion on audited bodies' financial statements and, where appropriate, the regularity of transactions;
- review and report on, as appropriate, other information such as annual governance statements, management commentaries, remuneration reports, grant claims and whole of government returns;
- notify the Auditor General when circumstances indicate that a statutory report may be required;
- participate in arrangements to cooperate and coordinate with other scrutiny bodies (local government sector only);
- demonstrate compliance with the wider public audit scope by reviewing and providing judgements and conclusions on the audited bodies:
 - effectiveness of performance management arrangements in driving economy, efficiency and effectiveness in the use of public money and assets;
 - suitability and effectiveness of corporate governance arrangements; and
 - financial position and arrangements for securing financial sustainability.

Weaknesses or risks identified by auditors are only those which have come to their attention during their normal audit work in accordance with the Code, and may not be all that exist. Communication by auditors of matters arising from the audit of the financial statements or of risks or weaknesses does not absolve management from its responsibility to address the issues raised and to maintain an adequate system of control.

This report communicates how we plan to identify, assess and obtain sufficient appropriate evidence regarding the risks of material misstatement of the financial statements due to fraud and to implement appropriate responses to fraud or suspected fraud identified during the audit.

Audit Scotland code of audit practice – responsibility of auditors and management

Responsibilities of auditors
<p>General principles</p> <p>This Code is designed such that adherence to it will result in an audit that exhibits these principles.</p>
<p>Independent</p> <p>When undertaking audit work all auditors should be, and should be seen to be, independent. This means auditors should be objective, impartial and comply fully with the FRC ethical standards and any relevant professional or statutory guidance. Auditors will report in public and make recommendations on what they find without being influenced by fear or favour.</p> <p>Our independence confirmation letter (Appendix two) discloses matters relating to our independence and objectivity including any relationships that may bear on the firm’s independence and the integrity and objectivity of the audit engagement partner and audit staff.</p> <p>We confirm that, in our professional judgement, KPMG LLP is independent within the meaning of regulatory and professional requirements and that the objectivity of the Director and audit staff is not impaired.</p>
<p>Proportionate and risk based</p> <p>Audit work should be proportionate and risk based. Auditors need to exercise professional scepticism and demonstrate that they understand the environment in which public policy and services operate. Work undertaken should be tailored to the circumstances of the audit and the audit risks identified. Audit findings and judgements made must be supported by appropriate levels of evidence and explanations. Auditors will draw on public bodies’ self-assessment and self-evaluation evidence when assessing and identifying audit risk.</p>
<p>Quality focused</p> <p>Auditors should ensure that audits are conducted in a manner that will demonstrate that the relevant ethical and professional standards are complied with and that there are appropriate quality-control arrangements in place as required by statute and professional standards.</p>

Audit Scotland code of audit practice – responsibility of auditors and management

Responsibilities of auditors
<p>Coordinated and integrated</p> <p>It is important that auditors coordinate their work with internal audit, Audit Scotland, other external auditors and relevant scrutiny bodies to recognise the increasing integration of service delivery and partnership working within the public sector. This would help secure value for money by removing unnecessary duplication and also provide a clear programme of scrutiny activity for audited bodies.</p>
<p>Public focussed</p> <p>The work undertaken by external audit is carried out for the public, including their elected representatives, and in its interest. The use of public money means that public audit must be planned and undertaken from a wider perspective than in the private sector and include aspects of public stewardship and best value. It will also recognise that public bodies may operate and deliver services through partnerships, arm’s-length external organisations (ALEOs) or other forms of joint working with other public, private or third sector bodies.</p>
<p>Transparent</p> <p>Auditors, when planning and reporting their work, should be clear about what, why and how they audit. To support transparency the main audit outputs should be of relevance to the public and focus on the significant issues arising from the audit.</p>
<p>Adds value</p> <p>It is important that auditors recognise the implications of their audit work, including their wider scope responsibilities, and that they clearly demonstrate that they add value or have an impact in the work that they do. This means that public audit should provide clear judgements and conclusions on how well the audited body has discharged its responsibilities and how well they have demonstrated the effectiveness of their arrangements. Auditors should make appropriate and proportionate recommendations for improvement where significant risks are identified.</p>

KPMG's Audit Quality

Audit quality is at the core of everything we do at KPMG and we believe that it is not just about reaching the right opinion, but how we reach that opinion. To ensure that every partner and employee concentrates on the fundamental skills and behaviours required to deliver an appropriate and independent opinion, we have developed our global Audit Quality Framework.

- Comprehensive effective monitoring processes
- Significant investment in technology to achieve consistency and enhance audits
- Obtain feedback from key stakeholders
- Evaluate and appropriately respond to feedback and findings
- Professional judgement and scepticism
- Direction, supervision and review
- Ongoing mentoring and on the job coaching, including the second line of defence model
- Critical assessment of audit evidence
- Appropriately supported and documented conclusions
- Insightful, open and honest two way communications
- Technical training and support
- Accreditation and licensing
- Access to specialist networks
- Consultation processes
- Business understanding and industry knowledge
- Capacity to deliver valued insights

ISA (UK) 315 Revised: Overview

Summary

In the prior period, ISA (UK) 315 Revised “Identifying and assessing the risks of material misstatement” was introduced and incorporated significant changes from the previous version of the ISA.

These were introduced to achieve a more rigorous risk identification and assessment process and thereby promote more specificity in the response to the identified risks. The revised ISA was effective for periods commencing on or after 15 December 2021.

The revised standard expanded on concepts in the existing standards but also introduced new risk assessment process requirements – the changes had a significant impact on our audit methodology and therefore audit approach.

What impact did the revision have on audited entities?

With the changes in the environment, including financial reporting frameworks becoming more complex, technology being used to a greater extent and entities (and their governance structures) becoming more complicated, standard setters recognised that audits need to have a more robust and comprehensive risk identification and assessment mechanism.

The changes result in additional audit awareness and therefore clear and impactful communication to those charged with governance in relation to

- (i) promoting consistency in effective risk identification and assessment,
- (ii) modernising the standard by increasing the focus on IT,
- (iii) enhancing the standard’s scalability through a principle based approach, and
- (iv) focusing auditor attention on exercising professional scepticism throughout risk assessment procedures.

Implementing year 1 findings into the subsequent audit plan

Entering the second year of the standard, the auditors will have demonstrated, and communicated their enhanced insight into their understanding of your wider control environment, notably within the area of IT.

In year 2 the audit team will apply their enhanced learning and insight into providing a targeted audit approach reflective of the specific scenarios of each entity’s audit.

A key area of focus for the auditor will be understanding how the entity responded to the observations communicated to those charged with governance in the prior period. Where an entity has responded to those observations a re-evaluation of the control environment will establish if the responses by entity management have been proportionate and successful in their implementation.

Where no response to the observations has been applied by entity, or the auditor deems the remediation has not been effective, the audit team will understand the context and respond with proportionate application of professional scepticism in planning and performance of the subsequent audit procedures.

Source: KPMG

ISA (UK) 315 Revised: Overview (continued)

What will this mean for our on-going audits?

To meet the on-going requirements of the standard, auditors will each year continue to focus on risk assessment process, including the detailed consideration of the IT environment.

Subsequent year auditor observations on whether entity actions to address any control observations are proportionate and have been successfully implemented will represent an on-going audit deliverable.

Each year the impact of the on-going standard on your audit will be dependent on a combination of prior period observations, changes in the entity control environment and developments during the period. This on-going focus is likely to result in the continuation of enhanced risk assessment procedures and appropriate involvement of technical specialists (particularly IT Audit professionals) in our audits which will, in turn, influence auditor remuneration.

ISA (UK) 240 Revised: changes embedded in our practices

Summary and background

ISA (UK) 240 (revised May 2021, effective for periods commencing on or after 15 December 2021) The auditor’s responsibilities relating to fraud in an audit of financial statements included revisions introduced to clarify the auditor’s obligations with respect to fraud and enhance the quality of audit work performed in this area. These changes are embedded into our practices and we will continue to maintain an increased focus on applying professional scepticism in our audit approach and to plan and perform the audit in a manner that is not biased towards obtaining evidence that may be corroborative, or towards excluding evidence that may be contradictory.

We will communicate, unless prohibited by law or regulation, with those charged with governance any matters related to fraud that are, in our judgment, relevant to their responsibilities. In doing so, we will consider the matters, if any, to communicate regarding management’s process for identifying and responding to the risks of fraud in the entity and our assessment of the risks of material misstatement due to fraud.

Area	Our approach following the revision
<p>Risk assessment procedures and related activities</p>	<p>1 Increased focus on applying professional scepticism – the key areas affected are:</p> <ul style="list-style-type: none"> • the need for auditors not to bias their approach towards obtaining evidence that is corroborative in nature or excluding contradictory evidence, • remaining alert for indications of inauthenticity in documents and records, and • investigating inconsistent or implausible responses to inquiries performed. <p>2 Requirements to perform inquiries with individuals at the entity are expanded to include, amongst others, those who deal with allegations of fraud.</p> <p>3 We will determine whether to involve technical specialists (including forensics) to aid in identifying and responding to risks of material misstatement due to fraud.</p>
<p>Internal discussions and challenge</p>	<p>We will have internal discussions among the audit team to identify and assess the risk of fraud in the audit, including determining the need for additional meetings to consider the findings from earlier stages of the audit and their impact on our assessment of the risk of fraud.</p>
