<b>Report To:</b>	<b>Inverclyde Integration Joint Board</b>	<b>Date:</b>	<b>13 May 2024</b>
<b>Report By:</b>	<b>Kate Rocks Chief Officer Inverclyde Health &amp; Social Care Partnership</b>	<b>Report No:</b>	<b>IJB/17/2024/CG</b>
<b>Contact Officer:</b>	<b>Scott Bryan, Service Manager, Strategic Services</b>	<b>Contact No:</b>	<b>Internal</b>
<b>Subject:</b>	<b>Inverclyde HSCP Housing Contribution Statement (HCS)</b>		

---

## **1.0 PURPOSE AND SUMMARY**

1.1  For Decision  For Information/Noting

1.2 The purpose of this paper is to update IJB members on the Housing Contribution Statement (HCS). This Inverclyde Housing Contribution Statement (HCS) has been developed in partnership with Inverclyde Housing Services and Inverclyde Health and Social Care Partnership. The statement acknowledges.

- the shared governance procedures and strategic alignment between the HSCP and Housing Services
- people's right to live at home or within a homely setting.
- the impact suitable, quality housing has on reducing health inequalities; and
- that housing successfully contributes towards the area's repopulation, regeneration and economic growth objectives.

## **2.0 RECOMMENDATIONS**

2.1 That the IJB:

1. Notes the Housing Contribution Statement (HCS)

**Kate Rocks**  
**Chief Officer**  
**Inverclyde Health and Social Care Partnership**

### **3.0 BACKGROUND AND CONTEXT**

- 3.1 The development of Inverclyde's Housing Contribution Statement was one of the commitments of the HSCP Strategic Plan. As part of our duty to produce a Strategic Commissioning Plan, all Integration Joint Boards must demonstrate how they have considered local housing needs for their service users. Suitable and appropriate housing is a key element in supporting individuals and families to maintain their health, wellbeing, and independence.
- 3.2 Successful integration of health and social care services should provide for more people to be cared for and supported at home or in a homely setting. The availability of appropriate good quality housing and housing services is identified as making an important contribution to improving health and wellbeing outcomes. Being able to live safely and comfortably at home is important to many older people and those with disabilities who want to live independently in their own home for as long as possible.
- 3.3 The Housing Contribution Statement provides a 'bridge' between the Health and Social Care Partnership Strategic Plan and the Council's Local Housing Strategy, with the expectation that a seamless strategic process develops focus on shared outcomes, priorities and investment decisions that positively contribute to health and well-being. It has been prepared in line with the guidance provided by the Scottish Government.

### **4.0 REPORT**

- 4.1 The HCS sets out the established role of the local housing sector and governance arrangement for joint working with Health and Social Care Partnership. These include.
  - Inverclyde Local Housing Strategy Steering Group
  - Housing Partnership Group
  - Local Housing Strategy outcome groups - includes representatives from Registered Social Landlord (RSL) partners, Council Services such as Planning and representatives from the HSCP.
  - Strategic Planning Group
  - Locality Planning Groups
- 4.2 The HCS sets out the shared outcomes and service priorities linking the Strategic Commissioning Plan and Local Housing Strategy. Aligning with the national outcomes and addressing local concerns and values, the HSCP's new Strategic Commissioning Plan (2024-27) identifies four strategic priorities which it aims to achieve. Inverclyde HSCPs Strategic priorities are:
  - Provide Early Help and Intervention.
  - Improve support for Mental Health, Wellbeing and Recovery.
  - Support Inclusive, Safe and Resilient Communities.
  - Strengthen Support to Families and Carers.
- 4.3 The HCS provides an overview of the shared evidence base and key issues identified in relation to both housing and health and social care needs.
- 4.4 The HCS provides an overview of the housing related challenges going forward and improvements required. For the Inverclyde area, there are a unique set of challenges when compared to the rest of Scotland including depopulation, a rapidly declining working age population, high levels of empty properties and areas of low housing demand. These are interlinked with the need for physical regeneration aligned to economic growth strategies and improvements in health and wellbeing. It is therefore vital that the vision and priorities contribute towards delivering some of the major strategic objectives of Inverclyde.

- 4.5 The HCS sets out the current and future Housing Resources and Investment Summary required to meet the shared outcomes.
- 4.6 The HCS provides a robust action plan that has been agreed to progress the Local Housing Strategy. Actions are aligned to each of the four Outcomes in the LHS. It has been agreed at the wider Housing Partnership Group that relevant actions to be included within the Housing Contribution Statement could be adopted directly from the LHS Action plan. This approach will remove any duplication in activity and reporting.

## 5.0 IMPLICATIONS

- 5.1 The Housing Contribution Statement is a statutory requirement as part of our Strategic Commissioning Plan. It has been completed in accordance with the detailed guidance and requirements of Scottish Government's Housing Advice Note, 'Statutory Guidance to Integration Authorities, Health Boards and Local Authorities on their responsibilities to involve housing services in the Integration of Health and Social Care, to support the achievement of the National Health and Wellbeing Outcomes.'

The table below shows whether risks and implications apply if the recommendation(s) is(are) agreed:

SUBJECT	YES	NO
Financial		X
Legal/Risk		X
Human Resources		X
Strategic Commissioning Plan Priorities	X	
Equalities, Fairer Scotland Duty & Children and Young People		X
Clinical or Care Governance		X
National Wellbeing Outcomes	X	
Environmental & Sustainability		X
Data Protection		X

## 5.2 Finance

Cost Centre	Budget Heading	Budget Years	Proposed Spend this Report	Virement From	Other Comments

Annually Recurring Costs/ (Savings)

Cost Centre	Budget Heading	With Effect from	Annual Net Impact	Virement From (If Applicable)	Other Comments

## 5.3 Legal/Risk

The publication of the Housing Contribution Statement keeps the IJB compliant with national obligations.

5.4 **Human Resources**

None.

5.5 **Strategic Plan Priorities**

This HCS sets out the plan to complement our 3-year Strategic Commissioning Plan from 2024.

5.6 **Equalities**

(a) Equalities

This report has been considered under the Corporate Equalities Impact Assessment (EqIA) process with the following outcome:

	YES – Assessed as relevant and an EqIA is required.
X	NO – This report does not introduce a new policy, function or strategy or recommend a substantive change to an existing policy, function or strategy. Therefore, assessed as not relevant and no EqIA is required. Provide any other relevant reasons why an EqIA is not necessary/screening statement.

(b) Equality Outcomes

How does this report address our Equality Outcomes?

<b>Equalities Outcome</b>	<b>Implications</b>
People, including individuals from the above protected characteristic groups, can access HSCP services.	Supported by strategic priorities.
Discrimination faced by people covered by the protected characteristics across HSCP services is reduced if not eliminated.	Supported by strategic priorities.
People with protected characteristics feel safe within their communities.	Supported by strategic priorities.
People with protected characteristics feel included in the planning and developing of services.	Supported by strategic priorities.
HSCP staff understand the needs of people with different protected characteristic and promote diversity in the work that they do.	Supported by strategic priorities.
Opportunities to support Learning Disability service users experiencing gender-based violence are maximised.	Supported by strategic priorities.
Positive attitudes towards the resettled refugee community in Inverclyde are promoted.	Supported by strategic priorities.

(c) Fairer Scotland Duty

If this report affects or proposes any major strategic decision: -

Has there been active consideration of how this report’s recommendations reduce inequalities of outcome?

	YES – A written statement showing how this report’s recommendations reduce inequalities of outcome caused by socio-economic disadvantage has been completed.
X	NO – Assessed as not relevant under the Fairer Scotland Duty for the following reasons: Provide reasons why the report has been assessed as not relevant.

**(d) Children and Young People**

Has a Children’s Rights and Wellbeing Impact Assessment been carried out?

	YES – Assessed as relevant and a CRWIA is required.
X	NO – Assessed as not relevant as this report does not involve a new policy, function or strategy or recommends a substantive change to an existing policy, function or strategy which will have an impact on children’s rights.

**5.7 Clinical or Care Governance**

There are no clinical or care governance implications arising from this report.

**5.8 National Wellbeing Outcomes**

How does this report support delivery of the National Wellbeing Outcomes?

<b>National Wellbeing Outcome</b>	<b>Implications</b>
People are able to look after and improve their own health and wellbeing and live in good health for longer.	Supported by strategic priorities.
People, including those with disabilities or long-term conditions or who are frail are able to live, as far as reasonably practicable, independently and at home or in a homely setting in their community	Supported by strategic priorities.
People who use health and social care services have positive experiences of those services, and have their dignity respected.	Supported by strategic priorities.
Health and social care services are centred on helping to maintain or improve the quality of life of people who use those services.	Supported by strategic priorities.
Health and social care services contribute to reducing health inequalities.	Supported by strategic priorities.
People who provide unpaid care are supported to look after their own health and wellbeing, including reducing any negative impact of their caring role on their own health and wellbeing.	Supported by strategic priorities.
People using health and social care services are safe from harm.	Supported by strategic priorities.

People who work in health and social care services feel engaged with the work they do and are supported to continuously improve the information, support, care and treatment they provide.	Supported by strategic priorities.
Resources are used effectively in the provision of health and social care services.	Supported by strategic priorities.

## 5.9 Environmental/Sustainability

Summarise any environmental / climate change impacts which relate to this report.

Has a Strategic Environmental Assessment been carried out?

	YES – assessed as relevant and a Strategic Environmental Assessment is required.
X	NO – This report does not propose or seek approval for a plan, policy, programme, strategy or document which is like to have significant environmental effects, if implemented.

## 5.10 Data Protection

Has a Data Protection Impact Assessment been carried out?

	YES – This report involves data processing which may result in a high risk to the rights and freedoms of individuals.
X	NO – Assessed as not relevant as this report does not involve data processing which may result in a high risk to the rights and freedoms of individuals.

## 6.0 DIRECTIONS

6.1 <b>Direction Required to Council, Health Board or Both</b>	Direction to:	
	1. No Direction Required	X
	2. Inverclyde Council	
	3. NHS Greater Glasgow & Clyde (GG&C)	
	4. Inverclyde Council and NHS GG&C	

## 7.0 CONSULTATION

7.1 The report has been prepared by the Chief Officer of Inverclyde Health and Social Care Partnership (HSCP) after consideration with relevant senior officers in the HSCP.

# 1. Introduction

As part of their duties to produce Strategic Commissioning Plans, all Integration Joint Boards must demonstrate how they have considered local housing needs for their service users. Suitable and appropriate housing is a key element in supporting individuals and families to maintain their health, wellbeing, and independence.

To demonstrate this, all IJBs are obligated to produce a Housing Contribution Statement (HCS) as part of their overall Strategic Commissioning Plans. These statements set out the working arrangements, shared resources, and aligned strategic priorities with local housing services and identify how they will work together to ensure adequate housing is available for all users of health and social care.

This Housing Contribution Statement will be a key part of the Integration Joint Board's (IJB) Strategic Plan.

This Inverclyde Housing Contribution Statement (HCS) has been developed in partnership with Inverclyde Housing Services and Inverclyde Health and Social Care Partnership. The statement acknowledges.

- people's right to live at home or within a homely setting.
- that suitable, quality housing contributes to reducing health inequalities; and
- that housing successfully contributes towards the area's repopulation, regeneration and economic growth objectives.

The Statement aims to ensure that people live in quality homes which are well connected to jobs and to thriving local communities which support positive health and wellbeing.

Housing has an important influence on health inequalities in Scotland through affordability, housing quality, fuel poverty, and the role of housing in community life. This Statement articulates the strategic links between Housing and Health and Social Care and highlights the shared outcomes and service priorities identified in the HSCP Strategic Commissioning Plan and the Local Housing Strategy (LHS) *(add links to both plans when published)*.

## Background to Housing Contribution Statements

Housing Contribution Statements were introduced in 2013 and provided a link between the strategic planning process in housing at a local level and that of health and social care. It is a statutory requirement, set out in the Statutory Guidance and Advice note to support the Public Bodies (Joint Working) (Scotland) Act 2014. The guidance advises Integration Authorities, Health Boards and Local Authorities on their responsibility to involve Housing Providers to support the achievement of outcomes for Health and Social Care.

## 2. Partnership Working and Governance

### Partnership Working

Inverclyde HSCP has a strong working relationship with Inverclyde Housing Services. There is a positive track record of collaboration between both organisations and strong representation on various local governance and strategic planning groups. This section identifies some of the key groups where the HSCP and Housing Services work together.

### Housing Groups

#### Inverclyde Local Housing Strategy Steering Group

On the 2<sup>nd</sup> November 2023, Inverclyde Council's Environment & Regeneration Committee approved the Inverclyde Local Housing Strategy (LHS) 2023-2028. Approval was also granted for an LHS implementation strategy which determined that the steering group used to oversee LHS development is retained to oversee implementation. The objectives of this group is to:

- Track progress and measure impact via LHS monitoring and evaluation – LHS update reports.
- Ensure that LHS outcomes are linked effectively into other strategic plans across Inverclyde partnerships,
- Consider investment priorities and maximise shared resources,
- Exchange information and outcome data,
- Review outputs from monitoring updates and make recommendations to drive LHS action points which are off track.

This group has a wide membership including representation from the HSCP.

#### Housing Partnership Group

Inverclyde has successfully established a multi-agency Housing Partnership Group (HPG) with responsibility for delivering on the actions contained within the HCS. The HPG has been instrumental in delivering on several actions of the HCS and have developed Local Housing Strategy (LHS) delivery groups with a focus on each of the four identified outcomes for the people of Inverclyde.

#### LHS Delivery Groups

Representatives from Inverclyde HSCP and Homelessness Services participate in all LHS Delivery Groups, however there is wider HSCP representation on the delivery groups for LHS Outcome 2 and LHS Outcome 3.

Each delivery group reports into the overall LHS Steering Group. The Inverclyde Registered Social Landlord (RSLs) are actively involved in all LHS Delivery Groups.

## HSCP Groups

### Strategic Planning Group (SPG)

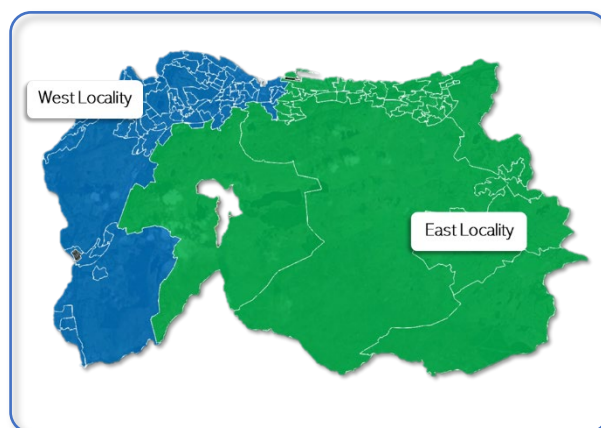

The Public Bodies (Joint Working) (Scotland) Act 2014 requires that a Strategic Planning Group (SPG) be formed to oversee the production and implementation of the Strategic Commissioning Plan. The SPG is accountable to the Integration Joint Board (IJB).

To promote the Housing sector's role in Health and Social Care integration, a representative from both the council's Housing Strategy team and Inverclyde Housing Association Forum are included on the Health and Social Care Partnership's SPG. In addition, there is a representative from the Inverclyde Housing Association Forum on the Integration Joint Board.

### Locality Planning Groups (LPGs)

Inverclyde HSCP has established two locality planning groups. These LPGs will provide a bridge between strategic planning, assessment of needs, and the coordination and development of services across their respective area. The localities have been defined by the SPG working in collaboration with partners and communities. It is anticipated the LPGs will complement the wider Community Planning Partnership (CPP) locality structures. We want to ensure a range of voices are heard; it is anticipated that representatives from the Housing Sector will be members of the LPGs as they develop along with our carers, HSCP professionals and out third, voluntary and independent sector.

We believe people are one of the most important assets in Inverclyde, we will collaborate closely with the people of Inverclyde and learn from their experience, we can more effectively support their health and improve how we deliver our services. We will continue to deliver and develop our two locality planning groups, having focused conversations in our communities about what matters most to our people.

Our East locality covers the communities of Kilmacolm, Port Glasgow and East Greenock.

Our West locality covers Greenock Central, Greenock West, Gourock, Inverkip and Wemyss Bay.

### 3. Shared Outcomes and Local Service Priorities

#### HSCP Strategic Commissioning Plan

The Nine National Health and Wellbeing Outcomes [Supporting documents - National health and wellbeing outcomes framework - gov.scot](https://www.gov.scot/resources/documents/2022/06/Supporting_documents_-_National_health_and_wellbeing_outcomes_framework_-_gov.scot) ([www.gov.scot](https://www.gov.scot)) are relevant for all housing stakeholders working together to deliver on better Health and Social Care outcomes. The Inverclyde Health and Social Care Strategic Commissioning Plan details how we can best meet the national outcomes and continue our commitment to improving outcomes for the people of Inverclyde. The vision within the Strategic Commissioning Plan was created by the people of Inverclyde through our stakeholder engagement.

Inverclyde HSCP's vision is that:

***“Inverclyde is a compassionate community, working together to ensure people live active, healthy, and fulfilling lives.”***

Aligning with the national outcomes and addressing local concerns and values, the HSCP's new Strategic Commissioning Plan (2024-27) identified four strategic priorities which it aims to achieve. Inverclyde HSCP's Strategic priorities are:

- Provide Early Help and Intervention.
- Improve support for Wellbeing and Recovery.
- Support Inclusive, Safe and Resilient Communities.
- Strengthen Support to Families and Carers.

Our strategic priorities compliment the LHS vision and places housing at the centre of strategic ambitions for Inverclyde including the objectives of the Inverclyde Alliance to grow the economy and population, regenerate communities and reduce inequalities.

#### Local Housing Strategy Vision

Co-produced with LHS delivery partners, stakeholders, residents and communities, the 2023-2028 Local Housing Strategy vision for Inverclyde is that:

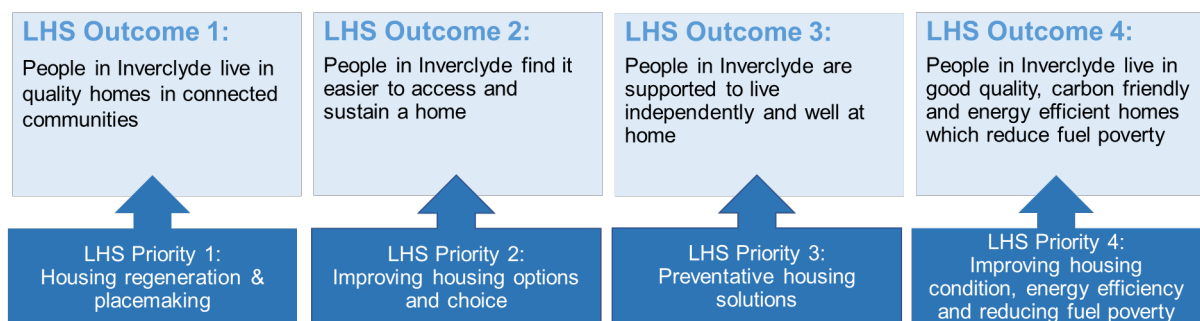

**“Housing makes a strong contribution to ensuring Inverclyde is a place of choice, by delivering quality and affordable homes, a strong sense of community and a culture of wellbeing”**

The LHS vision includes:

- a focus on housing led regeneration and place making to assist with repopulation and to ensure a holistic and collaborative approach to placemaking.

- a commitment to enhance the quality of housing choices by improving low demand housing stock.
- improving the range of housing options, making it easier for households to access affordable housing that meets their needs, particularly working age households.
- pursuing a collaborative approach to implementing preventative housing solutions that contribute positively to health and well-being.
- addressing housing disrepair and fuel poverty in Inverclyde to improve affordability and housing quality.
- To achieve this vision and realise the strategic ambitions of the Inverclyde Alliance Local Outcomes Improvement Plan (LOIP) <https://www.inverclyde.gov.uk/assets/attach/16435/6008-Inverclyde-Alliance-Partnership-Plan.pdf> and Inverclyde Economic Regeneration Strategy, the four LHS priorities have been defined:

- Each LHS outcome will be delivered by focusing on the priority activities identified.
- The evidence, key issues and actions for each LHS outcome are set out in the new LHS. Guiding the delivery of the LHS are the principles set out by the Christie Commission on the Delivery of Public Services in Scotland. These include commitments to collaboration, efficiency, innovation, prevention, and tackling inequality.
- The LHS Steering Group will build on the strong partnerships already in place in Inverclyde, recognising that achieving LHS outcomes will require a collective effort from delivery partners, stakeholders, communities, and the people of Inverclyde.

### Community Justice Outcome Plan

The draft Inverclyde Community Justice Outcome Improvement Plan (CJOIP) is predominately built around the four national aims for Community Justice identified by the Scottish Government. However, locally the Inverclyde Community Justice Partnership identified a further local outcome:

#### Improve Housing and Homelessness outcomes for individuals in the Justice System

This local outcome will help ensure the effective implementation of the Sustainable Housing on Release for Everyone (SHORE) standards, as well as implementing other local actions to support those in the justice system to access and sustain an appropriate home.

## 4. Shared Evidence of Housing Needs

The Housing (Scotland) Act 2014 [Housing \(Scotland\) Act 2014 \(asp 14\) \(legislation.gov.uk\)](#) places a responsibility on local authorities to prepare a LHS that is supported by an assessment of housing need and demand.

The new draft Housing Need and Demand Assessment (HNDA3) helped us to inform the new LHS and set our Housing Supply Targets. This draft HNDA3 is in the process of being formally approved by the Centre for Housing Market Analysis. The following was taken from [the local Housing Supply Target paper](#).

### Housing Supply Targets

The Housing Need and Demand Assessment (HNDA3) provides a statistical estimate of how much additional housing will be required to meet all future housing need and demand in the area. The housing estimates produced by the HNDA provide the starting point for setting a Housing Supply Targets (HST) within the Local Housing Strategy. The HST sets out the estimated level of additional housing that can be delivered on the ground and informs the definition of the Housing Land Requirement within the Local Development Plan (LDP).

Principle Scenario Projection of New Households	
Owner Occupation	0
Private Rent	0
Below Market Rent	0
Social Rent	180
Total	180

Table 5.1: Glasgow City Region Housing Market Partnership – Housing Need and Demand Assessment 3

Local Housing Strategy Guidance (2019) requires the HST to take a policy view informed by the HNDA estimate, of the number and type of dwellings that can realistically be delivered over the period of the LHS. The HNDA3 total estimate figure of 180 new homes over the next 19 years, is not considered to be a realistic starting point for setting HST. In setting Housing Supply Targets, the need for housing investment to realise the Inverclyde’s wider ambitions for social and economic regeneration is essential. A bold ‘policy on’ approach to setting Housing Supply Targets which moves beyond demographic projections and reflects wider economic and placemaking strategies for Inverclyde is central to driving regeneration and has been the basis for setting the HST.

Therefore, taking the HNDA estimates, the Minimum All Tenure Housing Land Requirement and other economic and regeneration factors into account; an annual HST for Inverclyde has been set at **187 units per annum** with a target of **75 affordable** dwellings per annum and **112 market** dwellings per annum between 2023-2028.

## Wheelchair Accessible Housing Policy

In 2019, the Scottish Government issued guidance to all local authorities requiring them to set LHS targets to support the delivery of more wheelchair accommodation across all housing tenures. Following a 'Specialist Housing Review' in Inverclyde a new Wheelchair Accessible Housing Policy was approved for inclusion in the Inverclyde Local Development Plan where the Council will seek the provision of 5% wheelchair accessible housing on new build development sites of 20 units or more. Furthermore, the Inverclyde Supported Housing in Partnership (SHIP) (2023- 2028) outlines the requirement that all new affordable housing developments are now required to provide wheelchair accessible housing regardless of tenure.

Inverclyde is distinct in comparison to the other seven authorities due to its declining population and this presents problems for predicting future housing requirements. Inverclyde's Strategic Needs Assessment (SNA) was approved in 2022. It provides the HSCP Strategic Commissioning Plan with an evidence base for the underlying demographics and health and care needs of the Inverclyde population. The information is used to help shape the Strategic priorities and actions within the Strategic Commissioning Plan.

The table below sets out a housing profile summary for Inverclyde, outlining some of the headline factors that feature as part of the needs assessment. The data and information were taken from multiple sources including national datasets such as:

- Population and Households - National Registers of Scotland,
- Tenure profile - Scottish Government Housing Statistics (2019)
- Stock profile - Scottish House Condition Survey
- Income - CACI AND Register of Scotland data (2018)
- House Price –Scottish Government Housing Statistics (House sale price) and
- UK House Price Index

*Figures are for the most recent year published and available.*

**Table 1: Summary Housing Profile**

Factor	Inverclyde	Analysis	National
<b>Population</b>	Between 2022 and 2032, the population of Inverclyde is projected to continue to decline by 6% from 76,313 to 71,413 people	Although the population of Inverclyde is expected to decline over the next ten years, this is against the backdrop of an ageing population. Between 2022 to 2032 the older population is expected to grow as people live longer, whilst younger and working age populations are expected to decline. The working age population is projected to decrease by 15% between 2022 - 2032 whilst the 65+ age cohorts will increase by 18% overall. The declining working age population will have a major impact on the sustainability of local communities in Inverclyde. Undoubtedly, the reversal of economic decline and depopulation will depend on Inverclyde's ability to attract and retain a working population.	There has been an increase in Scotland's population of 1% over the same period.
<b>Households</b>	In 2021, there were an estimated 37,958 households living in Inverclyde, an increase of 3% since 2001.	This growth is significantly lower than the national rate	Households increased by 15% across Scotland over the same period.
<b>Tenure Profile</b>	Owner Occupation – 57% Social Housing – 25% Private Rented Sector – 13% Empty Dwellings - 4%	There has been a 2% increase in private rented sector properties since the publication of the last LHS.	Owner Occupation – 59% Social Housing – 23% Private Rented Sector – 14% Empty Dwellings - 4%
<b>Stock Profile</b>	Age profile of the current housing stock is new with 70% of dwellings in Inverclyde built after 1945.  54% of all dwellings in Inverclyde are flats with just 46% houses.  57% of dwellings in Inverclyde have up to two bedrooms	There is a major mismatch between the needs and aspirations of local households and the profile of homes available in Inverclyde. There is evidence of an oversupply of 2 and 3-bedroom homes, with low demand housing concentrated in tenemental stock. Low demand homes are also concentrated in the most disadvantaged communities in Inverclyde, with limited quality options for households in employment or who require larger family homes	69% of housing in Scotland was built after 1945.  Inverclyde has a significantly higher proportion of flats than is the case in Scotland where 36% of dwellings are flatted.  The number of dwellings in Inverclyde which have up to two bedrooms is higher than Scotland (50%).
<b>House Price</b>	In 2020, the average house price in Inverclyde was £135,302.	Analysis of housing market affordability in Inverclyde reveals that homeownership is firmly out of reach to low-income	40% lower than the Scottish average house price at £188,902.

	<p>House prices have grown steadily in Inverclyde over the last decade (by 28% overall) with growth slowing over the last 5 years at 17%.</p>	<p>households primarily driven by the income poverty experienced in the area. For households on lower incomes, housing affordability is particularly challenging with analysis revealing they must spend almost 6.5 times their income to purchase a home at the lower quartile price.</p>	
<p><b>Income and Housing Cost</b></p>	<p>The average income in Inverclyde is £31,165 per annum.</p> <p>More than half of the Inverclyde population (53%) earn less than £25,000 per annum with lower quartile incomes of £12,827.</p>	<p>As part of the insight to inform the LHS, the Council conducted housing affordability analysis to test the value of local incomes to meet housing costs across a range of housing tenures. The analysis demonstrates the affordability pressures faced by local households when devoting 30% of household income to housing costs.</p> <p>Analysis found that 39% of households cannot afford social rented housing. There is also clear evidence of affordability pressures in the Inverclyde PRS, with households on low to moderate incomes unable to afford market rents. A household requires to earn up to £23,450 to be able to afford the average PRS rent if they devote 30% of their income to housing costs. This is significantly beyond lower quartile incomes in Inverclyde (£13k).</p>	<p>Average incomes in Inverclyde are 21% below the Scottish average of £37,767.</p>

## 5. Key Issues and Challenges Summary

It is acknowledged that the extent and nature of housing challenges faced by Inverclyde are in many ways unique. As a result, some national policy and funding mechanisms will not work in the Inverclyde context. To address this, the LHS sets out a range of ambitious and tailored solutions within an outcome delivery framework that enables ongoing collaboration across local and national government, public bodies and third sector agencies.

For the Inverclyde area, there are a unique set of challenges when compared to the rest of Scotland including depopulation, a rapidly declining working age population, high levels of empty properties and areas of low housing demand. These are interlinked with the need for physical regeneration aligned to economic growth strategies and improvements in health and wellbeing. It is therefore vital that the vision and priorities contribute towards delivering some of the major strategic objectives of Inverclyde.

Informed by resident feedback and housing system analysis, partners and stakeholders came together to define the major barriers that should be overcome in the Inverclyde LHS to enable housing-led regeneration and promote placemaking. Key local challenges which drive the need for future partnership, investment and delivery activity include the following:

<p><b>Key issue:</b></p> <p>The Scottish Government's policy focus which provides greater funding support for new build housing than investment in regenerating existing housing, is problematic for Inverclyde</p>	<p><b>Key issue:</b></p> <p>New build social housing activity places existing low demand housing stock at further risk</p>	<p><b>Key issue:</b></p> <p>Future affordable housing delivery programmes should focus on wheelchair, accessible and adapted housing to meet the needs of households with health and disability issues</p>
<p><b>Key issue:</b></p> <p>As well as housing investment in low demand stock; placemaking, environmental improvements and community development activity will be key components in building a set of regeneration masterplans in Inverclyde</p>	<p><b>Key issue:</b></p> <p>Engaging owners in mixed tenure investment projects has been problematic in trying to advance regeneration</p>	<p><b>Key issue:</b></p> <p>Creating opportunities to encourage commercial development is central to attracting and retaining working age households in Inverclyde as is addressing the lack of intermediate housing tenures for those not eligible for social housing</p>

## 6. Housing Resources & Investment Summary

### Scheme of assistance/Private Sector Housing Grants

Year	Number of Adaptations	Spend	Care and Repair Costs	Small Repairs Costs	Total Costs
		£000s	£000s	£000s	£000s
20/21	133	493	89	40	622
21/22	162	603	89	40	732
22/23	128	560	90	40	690

Year	Budget
	£000s
23/24	840
24/25	853

Note - Although delegated to the HSCP, the spend and operational responsibility for Scheme of Assistance

### Homelessness budget

	2023/24
Objective heading	£000s
Employee Costs	1,087
Property Costs	352
Supplies & Services	43
Transport & Plant Costs	5
Administration Costs	72
Client Commitments	218
Payments to Other Bodies	218
Income	(764)
	<b>1,231</b>

There is currently a temporary Rapid Rehousing support team in place which has become an essential component of the housing options and homelessness service advice service. Located within the Inverclyde Centre, the team is accessible to those in need, fostering strong early-stage relationships for those hardest to reach, via collaboration with RSLs and being the consistent point of contact for any tenancy concerns. The team supports continuity after housing is secured helping to maintain tenancies. A review of the overall homelessness service is under way to ensure the service is future proofed and providing the best service for the residents of Inverclyde.

## Rapid Rehousing Transition Plan

RRTP funds and one-off earmarked funding being used towards delivering Housing First approach wrap around support.

	<b>£000s</b>
Carry forward from 22/23	180
Funding for 23/24	44
<b>Total planned spend over 23/24 and 24/25</b>	<b>224</b>

## Refugee Support

Housing support for refugees is provided via non-recurring funding from the Home Office for arrivals in Inverclyde. This includes supporting people into permanent accommodation in the area through work with RSL's, provision of furniture and white goods as required and support from staff within the New Scots team, to establish themselves in a tenancy, and with wider integration into the local community. The New Scots team support includes access to health, education, social security benefits, English language provision and social connections/activities.

## Housing support budgets within other services of the HSCP

	<b>2022/23 spend</b>	<b>2023/24 budget</b>
	<b>£000s</b>	<b>£000s</b>
Older People	4	0
Physical Disability	159	302
Learning Disability	3,841	3,717
Mental Health	708	1,007
Neil Street Project	412	428
Addiction Services	289	346
Homelessness	120	80
	<b>5,534</b>	<b>5,880</b>

\* The figure above is for supported living and housing support so may include some costs of care.

## 7. Action Plan

A robust action plan has been agreed to progress the Local Housing Strategy. Actions are aligned to each of the four Outcomes in the LHS. It has been agreed at the wider Housing Partnership Group that relevant actions to be included within the Housing Contribution Statement could be adopted directly from the LHS Action plan.

This approach will remove any duplication in activity and reporting.

Listed below are the key actions within the LHS action plan that relate to HSCP need and demand.

### LHS Outcome 2: People in Inverclyde find it easier to access and sustain a home.

Action No.	Action(s) and Commitments for Outcome Delivery	Baseline	Indicator or Measure	Milestone	Target/End Point	Action Lead/Co-ordinator
2.2.	Improve advice, assistance, and access to the Private Rented Sector (PRS) including the rent deposit guarantee scheme, financial advice and information on rights and responsibilities	Current no. of tenant targeted information campaigns.	No of engagement opportunities provided to private sector tenants via awareness raising.  Number rent deposit referrals which result in PRS tenancies	<ul style="list-style-type: none"> <li>Review of information, advice, and support materials to households in or seeking PRS housing</li> <li>Improve and market information, advice and support services to PRS tenants</li> </ul>	2024	Public Health & Housing HSCP Advice services incl. Financial Inclusion Housing options  LSA
2.4	Transform the temporary accommodation model in Inverclyde to provide more community-based tenancies with support and decommission the Inverclyde Centre.	Number of community based dispersed accommodation units. Number of hostel units	Inverclyde Centre decommissioned. Community based dispersed accommodation units in place	<ul style="list-style-type: none"> <li>Quantify demand and implement suitable temporary accommodation model to meet</li> </ul>	2026	Housing Options & Homelessness Advice Service Housing Strategy

				<p>demand for specific groups (victims of domestic abuse, care experienced young people, refugees, MAPPA and prison leavers)</p> <ul style="list-style-type: none"> <li>Develop decommissioning plan for Inverclyde Centre</li> <li>Improve dispersed accommodation acquisition Plan in conjunction with RSL Partners</li> </ul>	<p>2025</p> <p>2025</p>	<p>Inverclyde Women's Aid/ Children and Families/ SOLO/ Criminal Justice/ Housing Options and Homelessness Advice Service</p> <p>Housing Options and Homelessness Advice Service/ Housing Strategy</p>
2.5	<p>Deliver 'wraparound' housing support models for households experiencing multiple and severe disadvantage</p>	<p>Number of households experiencing severe and multiple disadvantages supported by commissioned Housing Support Services</p>	<p>Increase in number of households experiencing severe and multiple disadvantages</p>	<ul style="list-style-type: none"> <li>Develop rapid rehousing support team to meet the needs of households</li> </ul>	<p>2024</p>	<p>Housing Options and Homelessness Advice Service</p>

			<p>receiving support by Commissioned Housing Support Services</p> <p>Number of households experiencing severe and multiple who access and sustain settled housing</p>	<p>experiencing severe and multiple disadvantages.</p> <ul style="list-style-type: none"> <li>Quantify demand and enhance the provision of supported accommodation for households experiencing severe and multiple disadvantages.</li> <li>Develop personal housing plan process in partnership with HSCP Resource Group</li> </ul>	<p>2026</p> <p>2024</p>	<p>Housing Options and Homelessness Advice Service/ Housing Strategy</p> <p>Housing Options and Homelessness Advice Service</p>
2.6	Continue to provide housing and support to asylum seekers and refugees as part of the Inverclyde Alliance repopulation strategy	Number of refugees and asylum seekers provided with accommodation and support in	Review housing and support model for asylum seekers and refugees.	<ul style="list-style-type: none"> <li>Review LHS objectives and Inverclyde Population Strategy to improve alignment.</li> </ul>	2024	Housing Strategy

			<p>Inverclyde in conjunction with COSLA and the Home Office has an agreed number of 32 dispersed bed spaces for asylum seekers awaiting a HO decision.</p> <p>The number of refugees will be decided as per HO and Scottish Government schemes on an ongoing basis.</p>	<ul style="list-style-type: none"> <li>Integrate LHS Delivery Group with Refugee Integration Team</li> <li>Ongoing engagement across RSL partners to identify opportunities to support resettlement.</li> <li>Review capacity and effectiveness of housing and support model aligned to resettlement proposals</li> </ul>	<p>2024</p> <p>2023 onwards</p> <p>2025</p>	<p>Housing Strategy/ HSCP Service Manager Strategy and Support Services</p> <p>HSCP Service Manager Strategy and Support Services</p> <p>HSCP Service Manager Strategy and Support Services</p>
2.7.	<p>Develop a collaborative housing options model in Inverclyde based on consistent advice, needs assessment, referrals and case management tools for all frontline staff and services engaging with people at risk of homelessness</p>	<p>Number of PREVENT 1 cases who avoid housing crisis. Number of person led housing option interviews and interventions</p>	<p>Review Increase in PREVENT 1 cases which avoid housing crisis. Number of person led housing option interviews and interventions.</p>	<ul style="list-style-type: none"> <li>Provide universal housing options advice and assistance model and optimise support assessment tools.</li> </ul>	2024	<p>Housing Options and Homelessness Advice Service</p> <p>Housing Options and</p>

			<p>Housing Options Training Toolkit Roll-out complete</p> <p>Ask and Act model developed as part of new prevention duty</p>	<ul style="list-style-type: none"> <li>Develop multi-agency referral and consent to share framework.</li> <li>Develop case management model to enable coordinated partner interventions.</li> <li>Promote housing options advice and information across public sector bodies aligned to delivery of new 'Ask and Act' duty.</li> <li>Multi-agency roll-out of Housing Options Training Toolkit</li> </ul>	2025	<p>Homelessness Advice Service</p> <p>Housing Options and Homelessness Advice Service</p> <p>Housing Options and Homelessness Advice Service</p> <p>Housing Options and Homelessness Advice Service</p>
2.8	<p>Develop capacity to deliver the right intensity of person-led housing support which prevents homelessness and enables tenancy sustainment</p>	<p>Number of households receiving commissioned housing support services</p> <p>Number of housing support plan with positive outcome</p>	<p>Increase in number of households whose homelessness is prevented.</p> <p>Increase in households receiving support in temporary accommodation.</p> <p>Increase in homeless households who</p>	<ul style="list-style-type: none"> <li>Improve awareness and access to housing support services for households at risk of homelessness.</li> </ul>	<p>2024</p> <p>2024</p> <p>2025</p>	<p>Housing Options &amp; Homelessness Advice Service</p> <p>Housing Options &amp; Homelessness Advice Service.</p>

			sustain settled housing after 12 months	<ul style="list-style-type: none"> <li>• Develop housing support planning tools and reporting frameworks.</li> <li>• Develop multi-agency case management model which enables resettlement and housing sustainment</li> </ul>		Housing Options & Homelessness Advice Service.
2.9.	<p>Ensure that the housing needs of individuals in prison are addressed consistently and at an early stage by fully implementing and embedding the Sustainable Housing on Release for Everyone (SHORE) standards across Inverclyde (National Strategy for Community Justice- Scottish Government:2022)</p>	<p>Number of people moving directly to a sustainable tenancy on release from prison custody</p> <p>Number of people who have become homeless where the previous address was prison on liberation.</p> <p>People leaving prison who have been housed by and have maintained tenancy for more than one year</p>	<p>This will be updated as progress towards SHORE continues due to refreshed national standards</p>	<ul style="list-style-type: none"> <li>• Improve housing and homelessness outcomes for individuals in the justice system.</li> <li>• Improve the reliability of data between Inverclyde Council and Registered Social Landlords with respect to the admissions of Inverclyde residents into SPS custody and liberations from SPS custody.</li> </ul>	2024  2024	<p>Justice Social Work/Homeless</p> <p>Justice Social Work/Homeless</p>
