## **PURPOSE OF THIS REPORT**

The purpose of this report is to inform the scrutiny board of Fire and Rescue performance and activities during the 2<sup>nd</sup> and 3<sup>rd</sup> Quarters of the 2014/15 Reporting period.

## **PERFORMANCE**

2. A SFRS performance report is attached (Appendixes A and B) to provide Elected Members with a Ward analysis performance report which relates to a range of Fire & Rescue operational activities within Inverclyde during the 2<sup>nd</sup> and 3<sup>rd</sup> Quarters of the 2014/15 reporting period.

The information provided in this report and attachments (Appendix A and B) continues to show reductions across a range of fire related performance indicators, however it also identifies those areas where further interventions are required for the remainder of this financial year in order to tackle those areas where operational demand is highest.

Local Senior Officer Paul Tanzilli will be happy to meet with any Elected Members who wish to discuss specific ward issues.

A summary of the report is detailed below: Appendix A – Quarter 2 2014/15

- a. There were no fire fatalities within Inverclyde during the reporting period following the trend of recent years. Figures for All Fire Casualties which includes precautionary check-ups fell from 16 to 8 this Quarter, a 50% reduction.
- b. Deliberate Fire Raising has risen from 128 in 2013 to 145 in 2014, with a notable increase in deliberate vehicle fires over this reporting period. There has been no increase in Deliberate dwelling fires remaining constant at 6 for this period.
- c. There is a marked difference in the number of overall Accidental Fires with a drop this quarter from 43 last year to 28. This has been mainly due to a reduction in dwelling house fires, vehicle fires and a range of secondary fires such as rubbish.
- d. The number of all Accidental Secondary Fires has fallen significantly from 11 to 4 over the period from last year.
- e. SFRS attended 8 Road Traffic Collisions (RTCs) in the reporting period which is a reduction of 2 from last year. There were no RTC fatalities during this period.

- f. There is a noticeable reduction in the number of Flooding incidents over this quarter with the figure standing at 10 compared to last year's figure of 23.
- g. The total number of false alarms has risen from 191 to 205 with notable increases in malicious calls and equipment faults.

A summary of the report is detailed below: Appendix B – Quarter 3, 2014/15

- a. There were no fire fatalities within Inverclyde during the reporting period following the trend of recent years.
- b. Deliberate Fire Raising has risen in the reporting period to 100 from last year's figure of 70 This increase is mainly due to a significant increase in secondary fires the majority of which were rubbish fires. Deliberate dwelling fires remain constant at 7 during this period.
- c. Accidental Fires during this period show a reduction to 32 from the previous years 43, with notable reductions in dwelling house fires, vehicle fires and secondary fires.
- d. SFRS attended 9 Road Traffic Collisions (RTCs) in the reporting period but it is encouraging to note that these incidents did not result in any fatalities.
- e. The total number of false alarms has fallen from 190 to 178, with notable reductions in malicious and equipment fault incidents.

### **PRIORITIES & INTERVENTIONS (2014/15)**

- 3. SFRS is committed to working in partnership with Community Planning partners in the public, private, and voluntary sectors in order to work together for a safer Scotland. Strengthening our relationship with and working in partnership to add value to our communities is critical to the success of our strategy.

The following activities are illustrative of SFRS activities in terms of educational activities and interventions:

- a. Bonfire and fireworks talks to Secondary School pupils were the main focus of Community Safety staff throughout the month of October which also applied in the days in November leading up to events on the 5<sup>th</sup>. Staff conducted sessions at all Inverclyde Secondary Schools for S1 pupils in liaison with colleagues from Police Scotland and the Wardens Service.
- b. SFRS continues to work in partnership with Community Planning partners in order to further reduce the number of fire and other emergency incidents attended in Inverclyde. Our participation at the monthly multi-agency tasking and coordinating (MATAC) meetings is one of the key ways in which we work with partners including Police and Community Safety Services to tackle fire related ASB issues including deliberate fire raising and malicious calls. The SFRS LALO position is now fully established with the officer attending weekly Community Safety Partnership meetings at West Stewart Street in a multi-agency approach with Police, Community Wardens and Housing colleagues to deal with ASB and operational matters within Inverclyde.

- c. Home Fire Safety Visits (HFSV) are seen as a key way of preventing accidental house fires and reducing fire related injuries by fitting smoke alarms and providing fire safety advice to occupants. The SFRS continues to focus these visits on identified high risk groups.
- d. Schools and nursery education – dedicated fire safety staff provide a range of educational visits and talks within educational establishments in order to promote fire safety to young people. The aim is to promote safety and change the culture which may lead to fewer deaths and injuries from fire in future generations.

On 14<sup>th</sup> January 2015 LSO Paul Tanzilli launched the SFRS Early Years initiative at Greenock Community Fire Station which was attended by primary school teachers from across Inverclyde and Councillor Clocherty on behalf of Inverclyde Council.

Each nursery school was issued with a children's play pack which can be used by teachers to encourage children to think about fire safety related issues. Teachers were also provided with information on accessing an online based educational programme developed by the SFRS for their use.

- e. SFRS held Open days as part of the overall Inverclyde Doors Open weekend of 13<sup>th</sup> and 14<sup>th</sup> September. Both Greenock and Port Glasgow were actively available to the public over the weekend which led to a great deal of public interest and many Home Fire Safety Visits were generated.
- f. 3 Cook Safe courses have been arranged to take place in early 2015 within Inverclyde. Partnership involvement will promote healthy eating in addition to safe cooking practices and these began at Branchton Community Centre with events soon to take place in February.
- g. New initiatives and participation includes provision of staff talks at Insight Travel, Port Glasgow on a range of safety issues; attendance at Community Safety days for the public at Port Glasgow Tesco's and a presence at the launch event of the Family Nurse Partnership which took place at the Beacon Arts Centre, Greenock.
- h. SFRS are included within the structure of the newly formed Inverclyde Alliance Single Outcome Agreement, Successful Communities Action Plan and also the forthcoming Community Learning and Development Three Year Action Plan events.

**RECOMMENDATIONS** Sub Committee members are asked to note the contents of this report and its appendices.

**TARGETS - Set by Scottish Government displayed within Annex B of the Fire and Rescue Framework for Scotland 2013.**

Fire Casualties - Displayed above as "CASUALTY".

Reduce the rate of fire fatalities and casualties (excl. precautionary checkups) by 5% based on the previous 3 year rolling average.

Accidental Dwelling Fires - Displayed above as "DWELLING".

Reduce the rate of accidental dwelling fires by 10% based on the previous 3 year average.

Non Domestic - Displayed above as "NON DOM".

Reduce the rate of non-domestic fires from the previous year

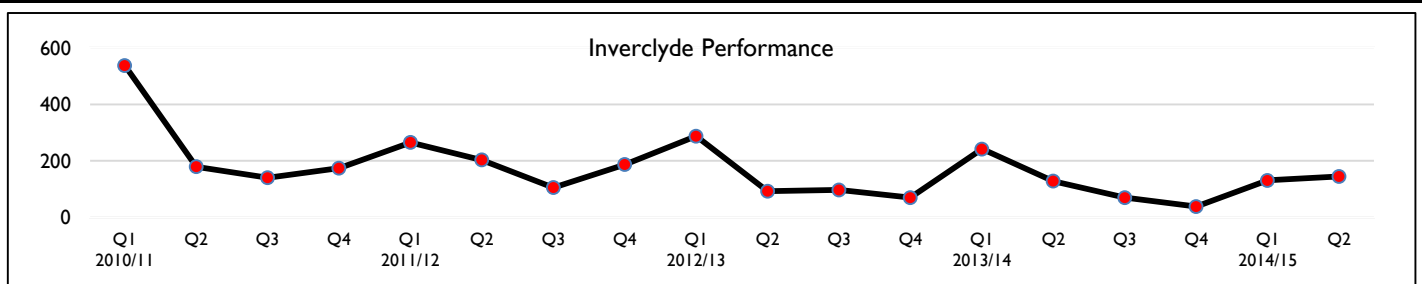

Previous 3 year average - Displayed above as "AVE."

Measures performance of analysis period against previous 3 year average (for same period)

**Date of Meeting: 19<sup>th</sup> February 2015**

**Report by Chief Superintendent Jim Downie, Police Scotland, 'K' Div**

**SUBJECT:** Police and Fire Reform: Local Scrutiny and Engagement  
Inverclyde Local Policing Area  
Performance Results 1<sup>st</sup> April 2014 - 31<sup>st</sup> December 2014

## **1. Background**

The Police and Fire Reform (Scotland) Act 2012 sets out that the main purpose of policing is to improve the safety and well-being of persons, localities and communities in Scotland. It ensures an enhanced focus on local delivery of policing with a designated local commander for each local authority area accountable for local service provision. Each local commander is required to prepare a local policing plan that meets the needs of the local area and is approved by the local authority. In response to this the local authority has a statutory power to monitor the delivery of police services and to provide feedback to the local commander.

## **2. Inverclyde Local Police Plan**

The Inverclyde Local Police Plan was published on 1<sup>st</sup> April 2014. This plan sets out the local policing priorities and objectives for Inverclyde for 2014 – 2017. It will be reviewed annually through ongoing consultation and is supported by 6 ward community policing plans.

## **3. Performance reporting to Inverclyde Council**

The local commander is required to provide reports at an agreed timescale for scrutiny by elected members. Formal scrutiny of the Inverclyde Police Plan falls under the governance of the Inverclyde Police and Fire Scrutiny Sub Committee under the auspices of the Education and Communities Committee which meets a minimum of two times per year.

## **4. Recommendation**

The following data is extracted from Police Scotland internal systems and is correct as of 2nd January 2015. The data is a year to date comparison with the previous year. It includes both recorded and detected crime data and covers all priority areas as set out in the local police plan. Members are asked to scrutinise policing performance for the period outlined and provide feedback where appropriate.

NOT PROTECTIVELY MARKED

By working together with our partners we continue to significantly reduce the number of disorder complaints being received. Through consultation with members of the public we are able to quickly identify hotspot areas and deploy officer appropriately to deal with concerns. The recent introduction of a campus officer working with local schools and diversionary activities has assisted in this reduction.

## BRIEFING PAPER

### STRENGTHENING LOCAL POLICING PROPOSED MERGE OF WEST DUNBARTONSHIRE AND ARGYLL AND BUTE WITH RENFREWSHIRE AND INVERCLYDE DIVISIONS (L AND K DIVISIONS)

#### 1. Purpose

- 1.1 To provide elected members with an overview of the above proposals, the associated benefits and risks, and an update of ongoing consultation and engagement with local communities and key stakeholders.

#### 2. Background

- 2.1 Divisional Commanders for both K and L divisions have identified a compelling opportunity to merge into one single division. The aim is to improve the delivery of policing services by strengthening local policing divisions, bringing together management and administrative functions where appropriate and ensuring the service continues to be efficient and sustainable in the longer term.

#### 2.2 Perceived benefits

- Streamlining senior management posts removing duplication and becoming more efficient.
- Increased autonomy to Local Area Commanders for their areas, empowering them to have more accountability for local performance, Local Policing/Multi-member ward plans, and greater control of their resources and staff.
- Break down geographical boundaries, ensuring consistency and sharing of best practices across all areas.
- Co-location of staff with other key partners, enhancing relationships and creating opportunities for more effective partnership working.
- Improve access to a greater number of resources, enhance resilience and flexibility to respond to local issues and increased access to specialist services.
- Greater flexibility to share and support joint initiatives and strategies between local authority areas.
- Increased development opportunities for officers to work within a wider area and specialist departments within a single division, improving skills and experience levels.

#### 2.3 Perceived risks

Failure to consider this proposal could be a missed opportunity to strengthen local policing, ensuring consistency and easier access to a greater number of resources and to specialist staff. This is also an

NOT PROTECTIVELY MARKED

opportunity to seek financial savings, realising efficiencies which are sustainable in the current economic climate.

### **3. Misconceptions about the proposal**

- 3.1 The proposals are not about the centralisation of policing resources, or stripping officers away from communities. Well informed and targeted local policing, responding to the issues and concerns of local residents is at the core of the service we provide. Communities will not see any change to the service already provided, and in fact will have increased access to a greater number of resources and specialist teams should there be an ongoing issue or serious incident.

### **4. Consultation and engagement**

- 4.1 These are proposals only at this stage, as we are currently consulting with our communities, partners, key stakeholder and our own staff, ensuring that they are fully informed of the associated benefits and risks. Consultation has so far taken the form of meetings with Local authority representatives, Policy leads in all Council areas, email correspondence to all elected members, MP's, MSP's and chairs for all Community Council groups within both K and L Divisions. In addition, Divisional Commanders have given personal interviews to local media for circulation to the wider public domain. Project teams have also held focus groups with staff ensuring they too are fully informed of the proposals. Consultation is ongoing and includes personal inputs to interested Community Council groups, explaining the background behind the proposals, providing information and reassurance for any concerns raised.

### **5. Conclusion**

- 5.1 Thank you for taking the time to consider the rationale behind the proposal, and allowing me the opportunity to restate Police Scotland's commitment to strengthening the service we provide to our local communities, ensuring that we continue to keep our communities and people safe.
