**Date of Meeting: 9<sup>th</sup> April 2015**

**Report by Chief Superintendent Jim Downie, Police Scotland, 'K' Div**

**SUBJECT:** Police and Fire Reform: Local Scrutiny and Engagement  
Inverclyde Local Policing Area  
Performance Results 1<sup>st</sup> April 2014 – 28<sup>th</sup> February 2015

## **1. Background**

The Police and Fire Reform (Scotland) Act 2012 sets out that the main purpose of policing is to improve the safety and well-being of persons, localities and communities in Scotland. It ensures an enhanced focus on local delivery of policing with a designated local commander for each local authority area accountable for local service provision. Each local commander is required to prepare a local policing plan that meets the needs of the local area and is approved by the local authority. In response to this the local authority has a statutory power to monitor the delivery of police services and to provide feedback to the local commander.

## **2. Inverclyde Local Police Plan**

The Inverclyde Local Police Plan was published on 1<sup>st</sup> April 2014. This plan sets out the local policing priorities and objectives for Inverclyde for 2014 – 2017. It will be reviewed annually through ongoing consultation and is supported by 6 ward community policing plans.

## **3. Performance reporting to Inverclyde Council**

The local commander is required to provide reports at an agreed timescale for scrutiny by elected members. Formal scrutiny of the Inverclyde Police Plan falls under the governance of the Inverclyde Police and Fire Scrutiny Sub Committee under the auspices of the Education and Communities Committee which meets a minimum of two times per year.

## **4. Recommendation**

The following data is extracted from Police Scotland internal systems and is correct as of 2nd January 2015. The data is a year to date comparison with the previous year. It includes both recorded and detected crime data and covers all priority areas as set out in the local police plan. Members are asked to scrutinise policing performance for the period outlined and provide feedback where appropriate.

Report to:	<b>Inverclyde Council, Local Police and Fire Scrutiny Sub-Committee</b>
Date of Report:	<b>16 March 2015</b>
Report by:	<b>Paul Tanzilli, Local Senior Officer ( LSO)</b> <b>Scottish Fire and Rescue Service</b>

Subject:	<b>Scottish Fire and Rescue (SFRS) Report</b>
----------	---

## **PURPOSE OF THIS REPORT**

The purpose of this report is to inform the Scrutiny Sub-Committee members of Fire and Rescue performance and activities during the January 2015 reporting period.

## **PERFORMANCE**

2. An SFRS performance report is attached (Appendix A) to provide Elected Members with a Ward analysis performance report which relates to a range of Fire & Rescue operational activities within Inverclyde during the month of January of the 2014/15 reporting period.

The information provided in this report and Appendix continues to show reductions across a range of fire related performance indicators; however it also identifies those areas where further interventions are required for the remainder of this financial year in order to tackle those areas where operational demand is highest.

A summary of the report is detailed below:

- a. There were no fire fatalities or fire related injuries within Inverclyde during the reporting period.
- b. Deliberate fire raising has fallen from 13 in January 2014 to 9 in 2015.
- c. There is a rise in the number of all accidental primary fires from 10 to 12 during the reporting period which includes accidental dwelling fires.
- d. The number of non-domestic fires for this reporting period has fallen from 4 to 1.
- e. Special service activity levels rose from 11 to 19 during this reporting period which includes a rise in flooding from 2 to 5.
- f. The total number of false alarms has fallen from 54 to 50 during the reporting period with a reduction in good intent calls from 13 to 6.

## **PRIORITIES & INTERVENTIONS**

3. SFRS is committed to working in partnership with Community Planning partners in the public, private, and voluntary sectors in order to work together for a safer Scotland. Strengthening our relationship with and working in partnership to add value to our communities is critical to the success of our strategy.

There following activities are illustrative of SFRS activities in terms of educational activities and interventions:

- a. On the 14<sup>th</sup> January LSO Paul Tanzilli launched the SFRS Early Years initiative at Greenock Community Fire Station which was attended by primary school teachers from across Inverclyde and Councillor Clocherty on behalf of Inverclyde Council.  
Each nursery school was issued with a children's play pack which can be used by teachers to encourage children to think about fire safety related issues.
- b. SFRS continues to work in partnership with Community Planning partners in order to further reduce the number of fire and other emergency incidents attended in Inverclyde. Our participation at the multi-agency tasking and coordinating (MATAC) meetings is one of the key ways in which we work with partners including Police and Community Safety Services to tackle fire related ASB issues including deliberate fire raising and malicious calls. The SFRS LALO position is now fully established with the officer attending weekly Community Safety Partnership meetings at West Stewart Street in a multi-agency approach with Police, Community Wardens and Housing colleagues to deal with ASB and operational matters within Inverclyde.
- c. Home Fire Safety Visits (HFSV) are seen as a key way of preventing accidental house fires and reducing fire related injuries by fitting smoke alarms and providing fire safety advice to occupants.
- d. Schools education – dedicated fire safety staff provide a range of educational visits and talks within educational establishments in order to promote fire safety to young people. The aim is to promote safety and change the culture which may lead to fewer deaths and injuries from fire in future generations.
