Report to:	Local Police and Fire Scrutiny Sub-Committee
Date of Report:	4 September 2016
Report by:	David Proctor, Local Senior Officer (LSO) Scottish Fire and Rescue Service

Subject:	Scottish Fire and Rescue Service (SFRS) Report
----------	---

PURPOSE OF THIS REPORT

1. PURPOSE OF THIS REPORT

1. The purpose of this report is to inform the Local Police and Fire Scrutiny Sub Committee of the Scottish Fire and Rescue Service's (SFRS) performance and activities during the 1st April to 31st August 2016 reporting period.

PERFORMANCE

2. The information provided in this report and attached appendix relates to the specific key performance indicators detailed in the Inverclyde Local Fire and Rescue Plan 2014-2017. The SFRS Local Senior Officer will be happy to meet with any Elected Members who wish to discuss specific Ward issues.

A summary of the key performance indicators is detailed below:

- a. The total number of Accidental Dwelling Fires increased from **46** in the same period in 2015 to **55** in the current reporting period.
- b. The total number of All Non-Fatal Fire Casualties increased from **12** in the same period in 2015 to **18** in the current reporting period.
- c. The total number of incidents involving Deliberate Fire Raising increased from **244** in the same period in 2015 to **385** in the current reporting period.
- d. The total number of Fires in Non-Domestic Buildings decreased from **14** in the same period in 2015 to **8** in the current reporting period.

- e. The total number of Unwanted Fire Alarm Signal incidents increased from **321** in the same period in 2015 to **394** in the current reporting period.
- f. The total number of Road Traffic Collisions incidents attended by SFRS which resulted resulting in non-fatal casualties, increased from **11** in the same period in 2015 to **18** in the current reporting period. The number of recorded casualties increased from **13** in the same period in 2015 to **22** in the current reporting period.

PRIORITIES & INTERVENTIONS

- 3. SFRS is committed to working in partnership with Community Planning partners in the public, private and voluntary sectors in order to work together for a safer Scotland. Strengthening our relationship with and working in partnership to add value to our communities is critical to the success of our strategy.

The following activities are illustrative of SFRS arrangements in terms of partnership working and targeted engagement:

- a. The Local Area Liaison Officer (LALO) attends weekly meeting within Inverclyde Council to ensure partners are aware of all fire related activity. This forum continues to deliver on achieving joint positive initiatives.
- b. Community Advocate Alan Teasdale continues to link in with all housing providers in the Inverclyde area providing Home Fire Safety Visits (HFSV) in conjunction with this service there will be an opportunity to deliver staff training.
- c. On the 20th of August the Festival of Fire was held in Cathcart Square Greenock. This annual event is hosted by Inverclyde Council, Scottish Fire and Rescue Service Heritage Trust and Scottish Fire and Rescue Service (SFRS). The East Renfrewshire, Renfrewshire and Inverclyde community action team were on hand to explain the importance of road safety and cooking safety and encouraged members of the public to receive a FREE Home Fire Safety Visit. Throughout the day the public this message was brought to life with crew from Greenock and Easterhouse Community Fire Stations staging a rescue from a road traffic collision and a dramatic chip pan fire demonstration.

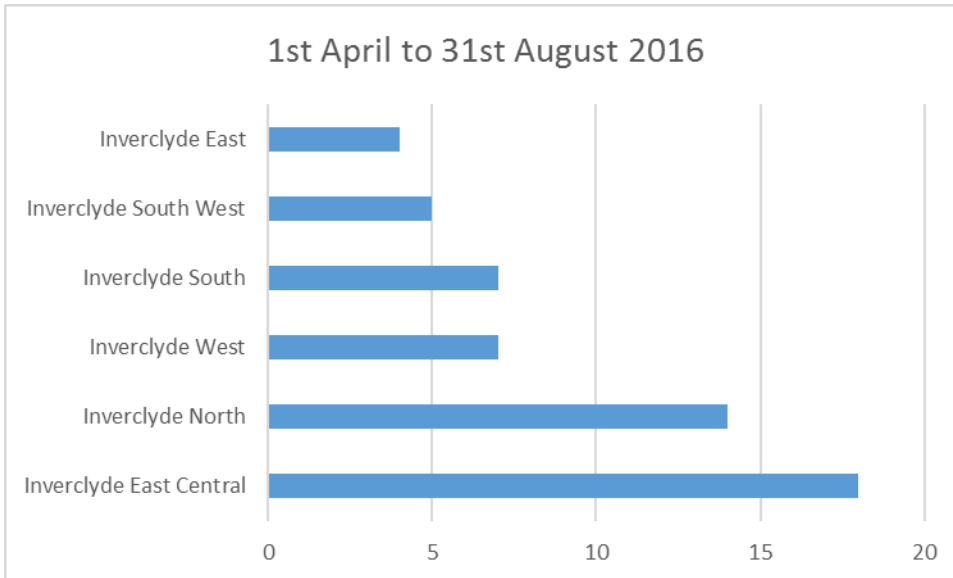

- d. A total of 813 Home Fire Safety Visits (HFSV) were carried out by in Inverclyde during the reporting period. These HFSVs are carried out by our operational personnel and Community Action Team (CAT) officers who will conduct these visits jointly with partner agencies where deemed appropriate. Of these HFSVs:
 - i. 170 were as a result of Post Domestic Incident Responses (PDIR). The SFRS conducts a PDIR at all domestic dwelling incidents (includes fire alarm actuations and special services). This involves positive engagement with the occupier(s) of the affected property and neighbouring properties by SFRS personnel. Fire safety advice and support are provided; where required SFRS provide and fit 10 year battery powered smoke detectors.

RECOMMENDATIONS

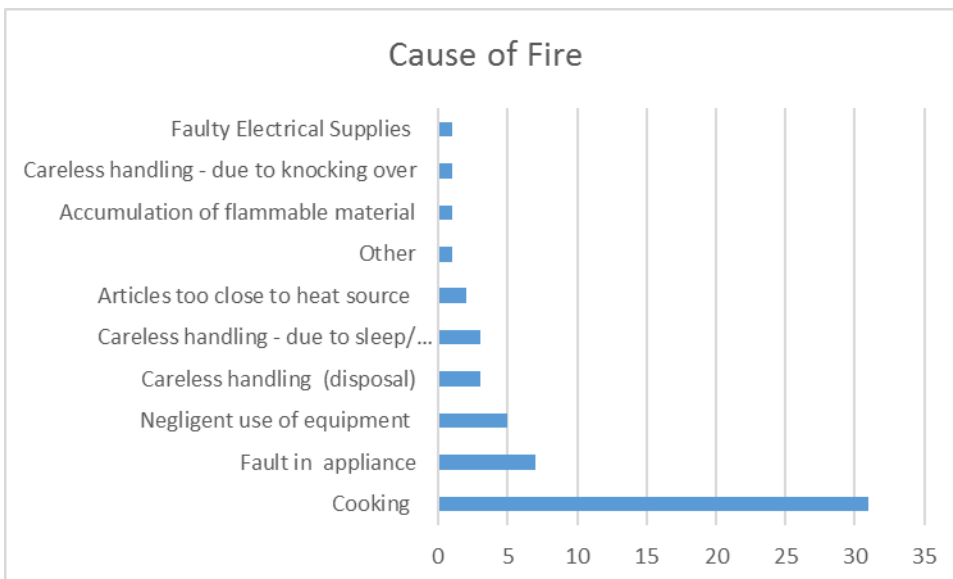

Local Police and Fire Scrutiny Sub Committee members are asked to note the contents of this report and the attached appendix A.

1. REDUCTION OF ACCIDENTAL DWELLING FIRES

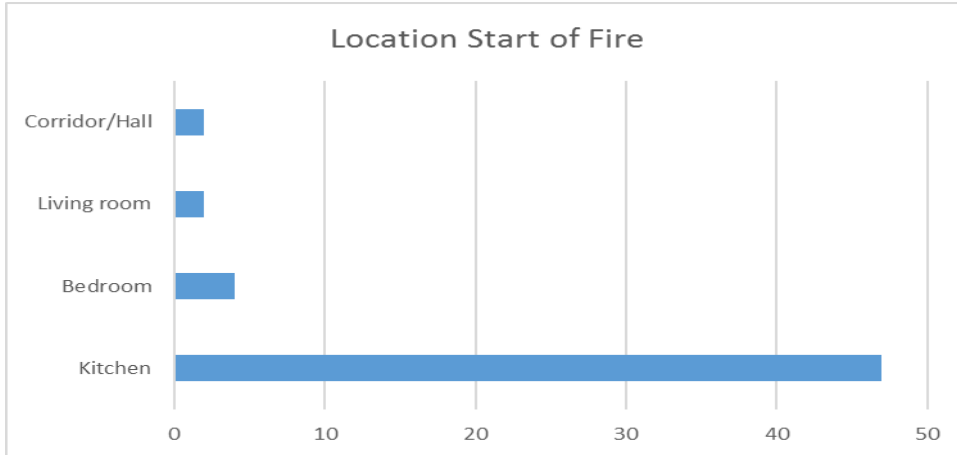

1.1. Incidents by Ward

1.2. Cause of Fire

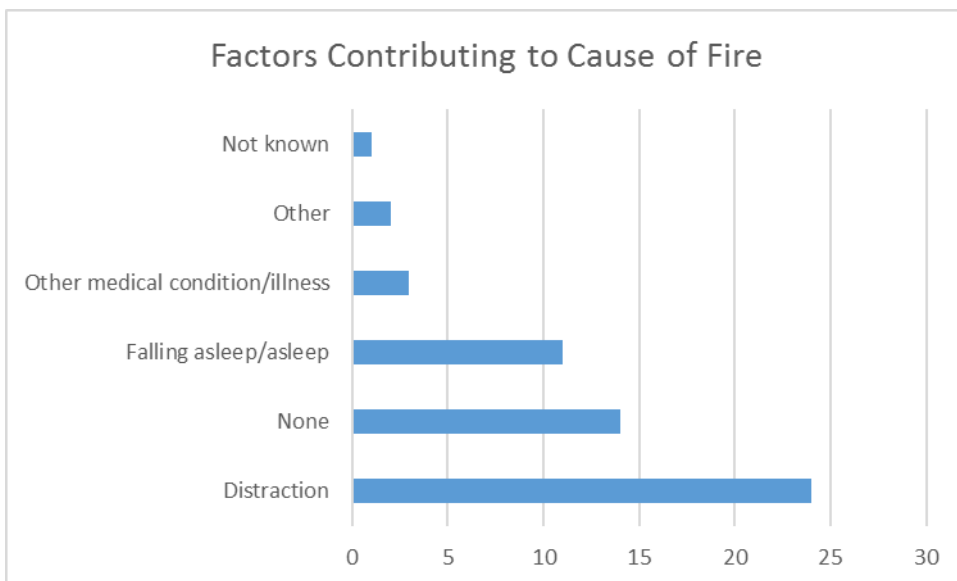

1.3. Location of Fire

As is evident from the tables (1.2 and 1.3) above cooking remains the most significant cause of accidental dwelling fires.

1.4. Human Factors

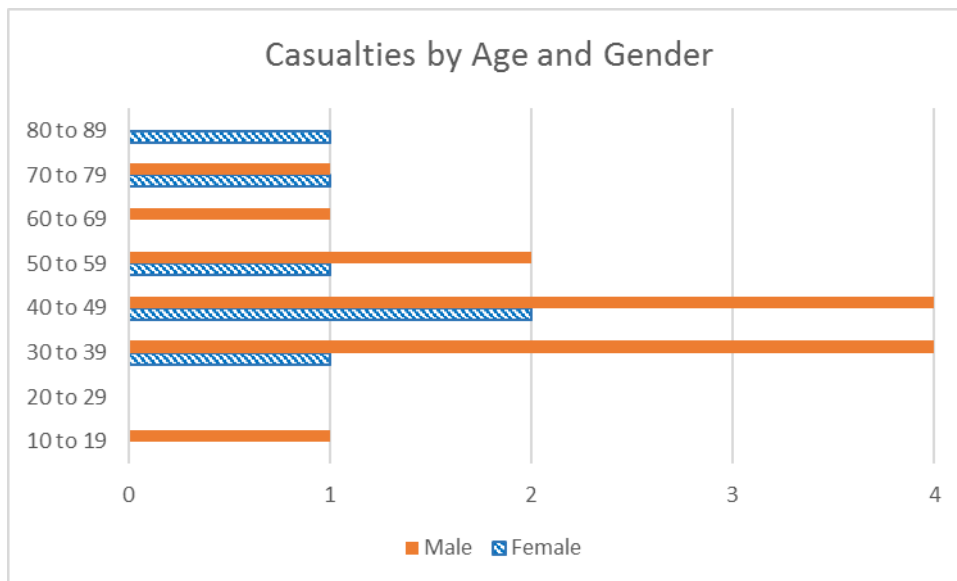

2. REDUCTION OF FIRE CASUALTIES

2.1. Casualties by Ward

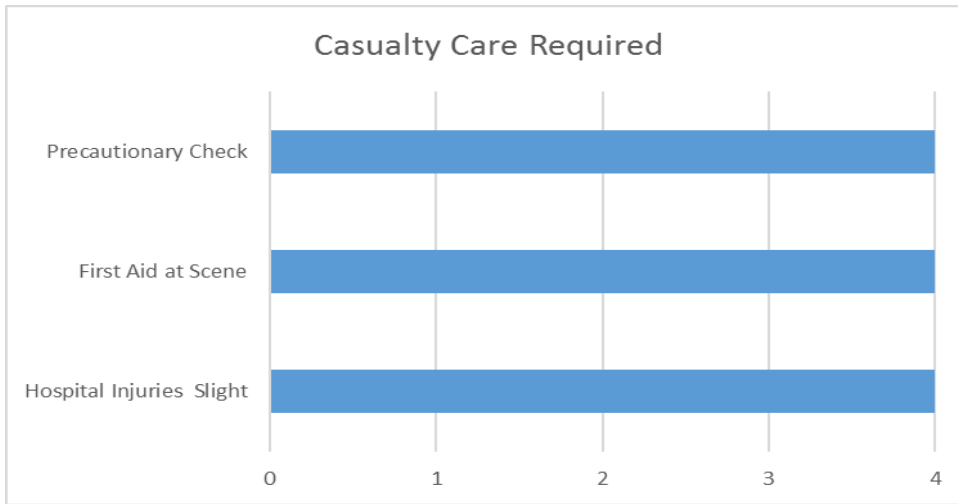

Included in the above table is 1 fire related fatality within the Inverclyde South Ward. (See 2.4. below)

2.2. Casualties by Age and Gender

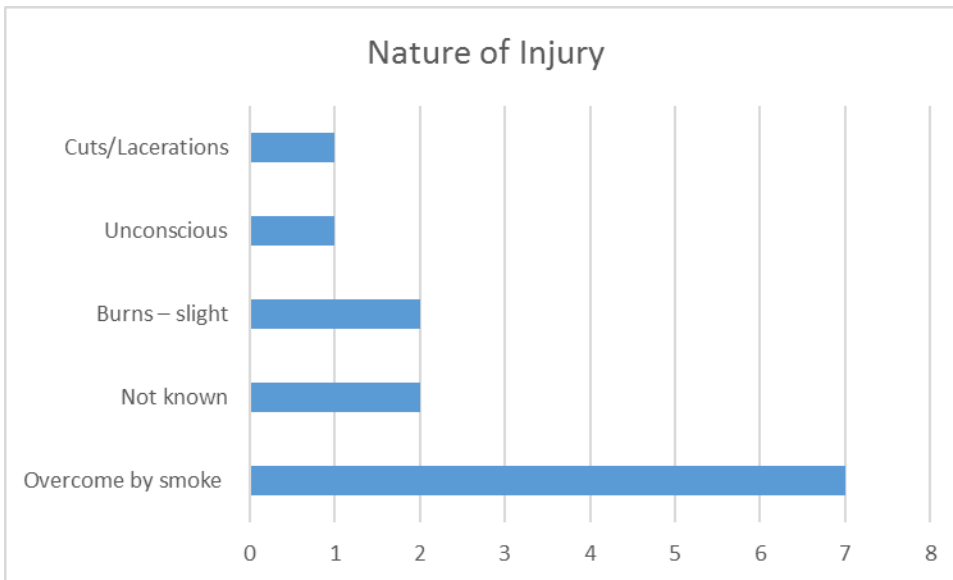

Inverclyde's fire casualty profile with a predominant number of males recorded is outwith the Scottish profile. Over the past two years there has been a growing trend of older females being the most at risk of harm from fire.

2.3. Extent of Harm

The positive impact of early warning of fire provided by either standalone or linked smoke alarms is evident in terms of the reduction in the number of severe dwelling fires and the associated level of fire related injuries compared to 10 years ago.

2.4. Nature of Injury

In the first 5 months of the reporting period 2016/17 there has been 1 fire fatality within Inverclyde. At this time the circumstances surrounding this case are still under investigation and cannot be reported on at this time.

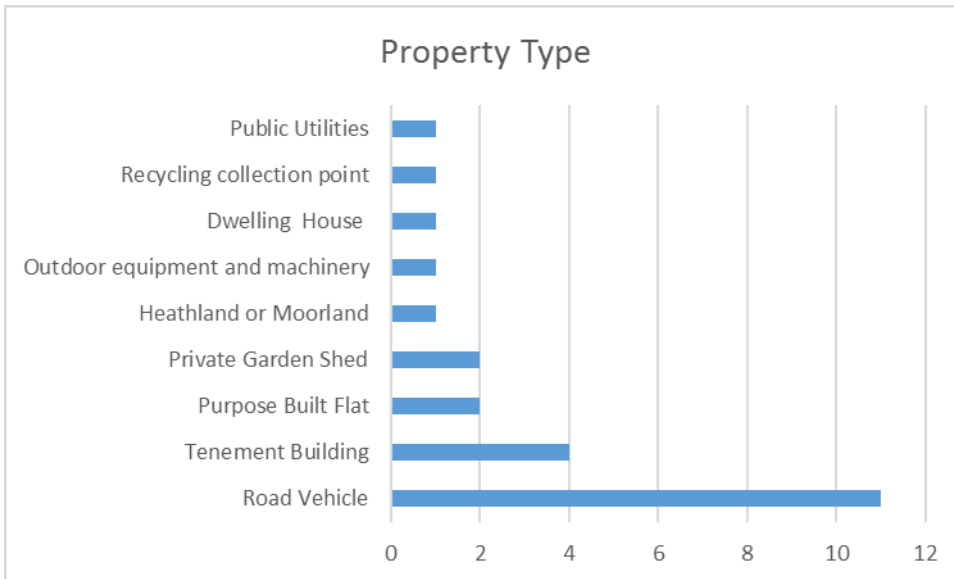

3. REDUCTION OF DELIBERATE FIRE SETTING

3.1. Primary Fires

3.1.1. Incidents by Ward

3.1.2. Property Types

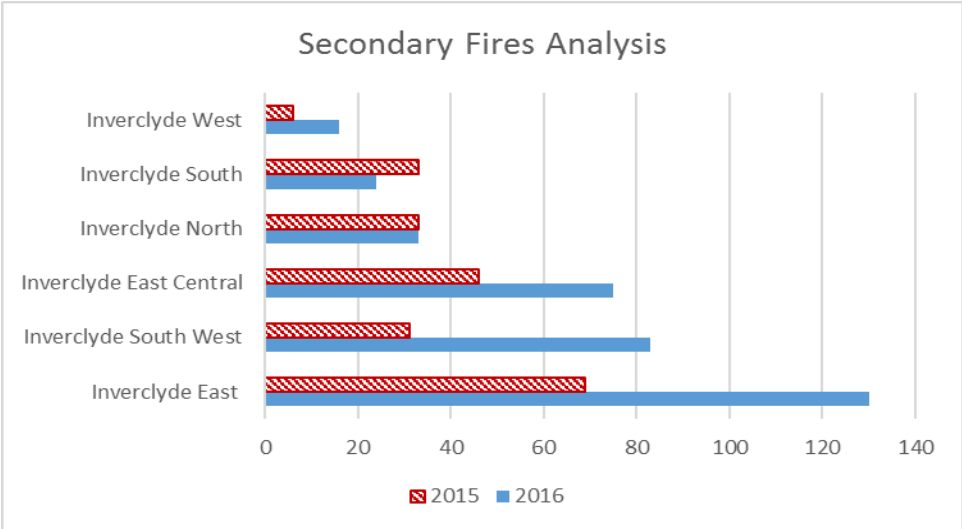

Deliberate fire setting is a criminal offence and SFRS will request Police Scotland to attend suspected deliberate primary fires when deemed appropriate. The SFRS Local Area Liaison Officer attends a weekly meeting within Inverclyde council to provide fire activity overviews for action as appropriate.

SFRS officers will also complete Community Intelligent Reports at incidents where deliberate fire setting occurs; these are passed to Police Scotland where relevant information is gathered and used to support further investigation.

3.2. Secondary Fires

3.2.1. Incidents by Ward

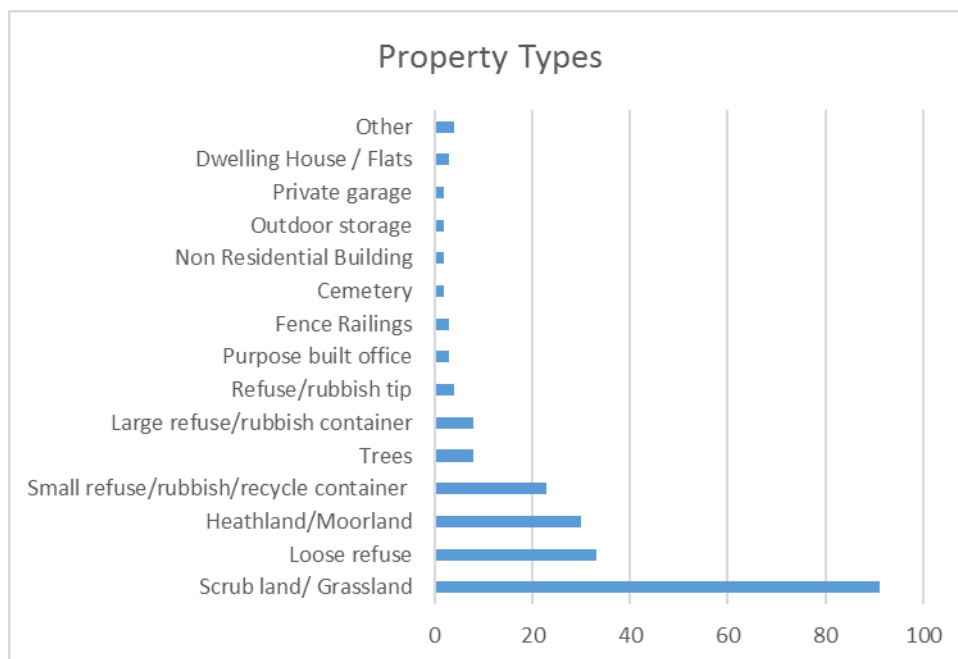

There has been a sharp increase in deliberate secondary fire activity within the first 5 months of the 2016/17 reporting period. Activity spikes correspond with periods of warm weather and in particular the Easter school holiday period in April which had 97 secondary fire incidents attended by SFRS. In addition, from the table below it is evident the vast majority of fires occurred between 15:00hrs to 22:00hrs; this pattern leads us to believe the majority of these fires have been started by school age young people who outwith these times will either be in bed or at school.

3.2.2. Time of Day

SFRS works closely with our partners to provide appropriate engagement, education and intervention approaches. Schools in areas identified as having higher fire incidents are targeted and the CAT officers actively engage with the pupils to educate them on the dangers and consequences of wilful fire setting.

3.2.3. Property Type

SFRS attended a significant number of grassland and refuse fires in the first 5 months of the 2016/17 reporting period.

Grassland/ Scrubland/ Moorland fires accounted for over 121 of the deliberate secondary fires. Locations with 4 or more secondary fires during the reporting period include:

- Auchenbothie Road, Port Glasgow (5)
- Earnhill Road, Greenock (4)
- Dubbs Road, Port Glasgow (4)
- Maple Road, Greenock (4)

4. REDUCTION OF FIRES IN NON-DOMESTIC PREMISES

4.1. Incident by Ward

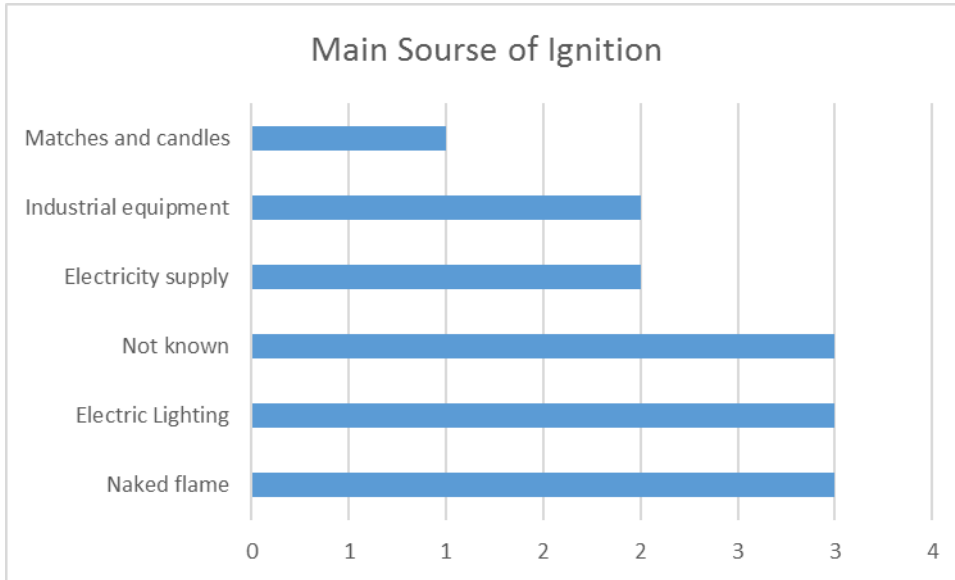

4.2. Property Types

All fires in non-domestic premises which are classed as relevant premises in The Fire (Scotland) Act 2005 are subject to a post fire audit. These are conducted by specialist Fire Safety Enforcement Officers (FSEO) who will carry out a full inspection of the premises and all paperwork required under the Act; where deficiencies in fire safety management arrangements are identified the 'duty holder' will be issued with a notice as appropriate.

4.3. Main Source of Ignition

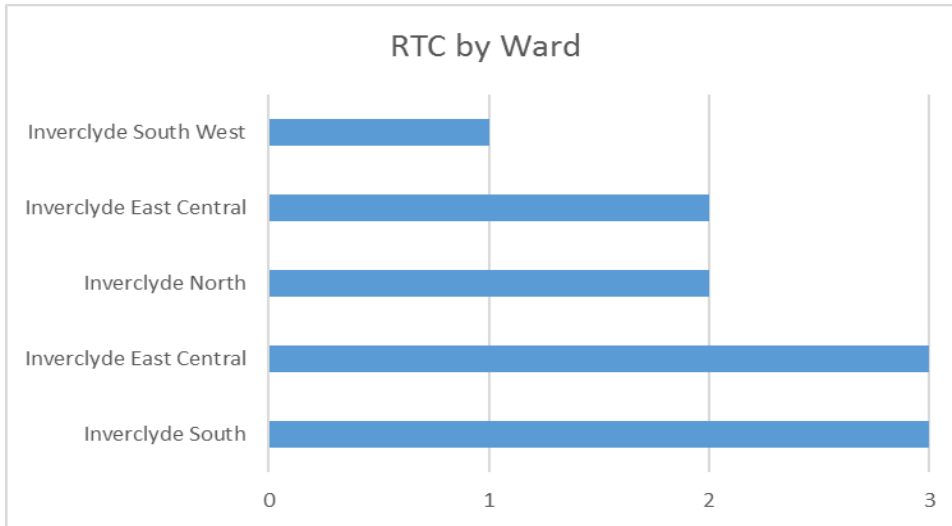

4.4. Fire Damage

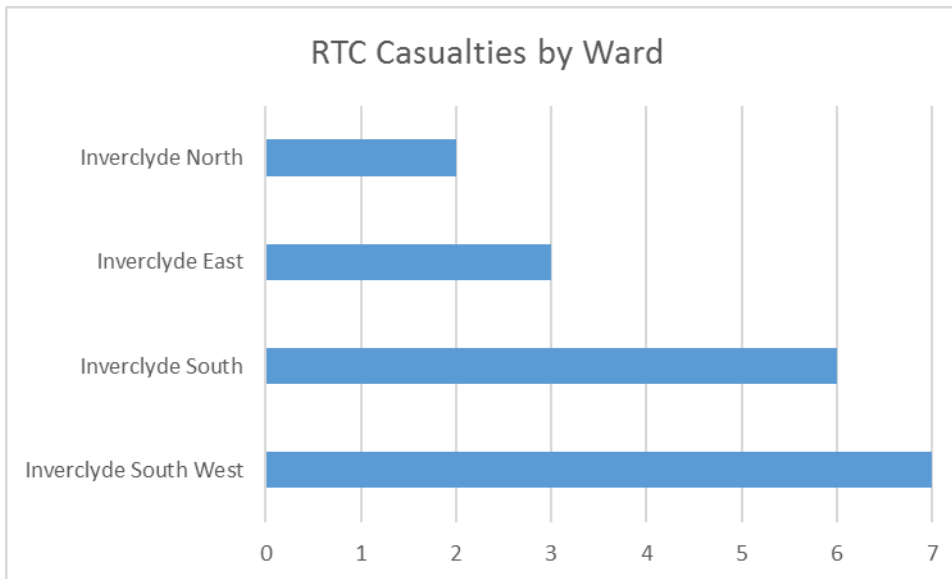

5. REDUCTION OF CASUALTIES IN NON FIRE EMERGENCIES

5.1. Road Traffic Collision Incidents by Ward

5.2. Road Traffic Casualties by Ward

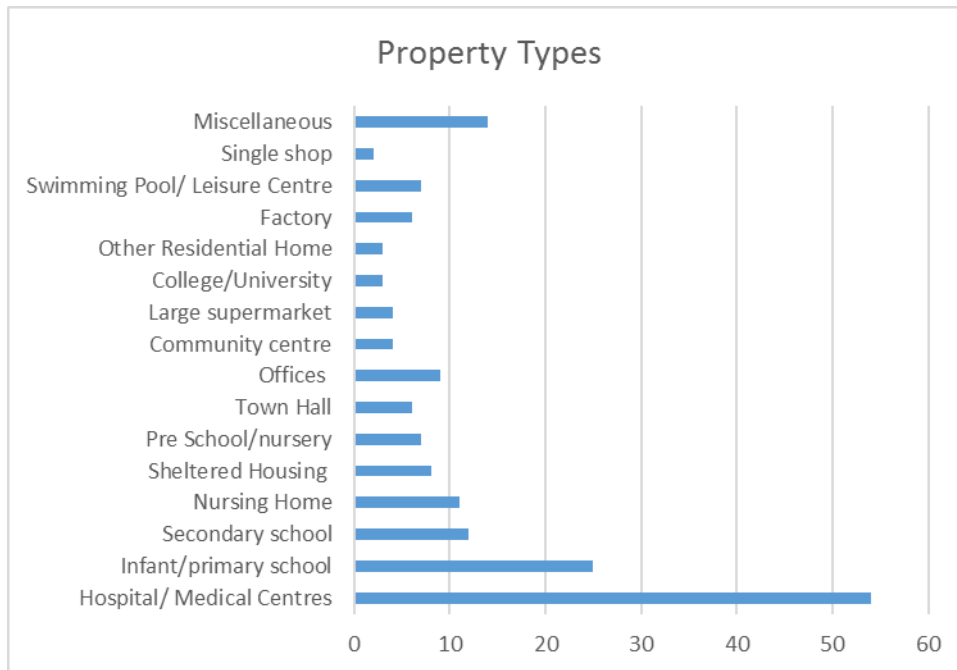

From analysis of the Road Traffic Collision (RTC) incidents there are no specific accident hotspots.

6. REDUCTION OF UNWANTED FIRE ALARM SIGNALS

6.1. Incidents by Ward

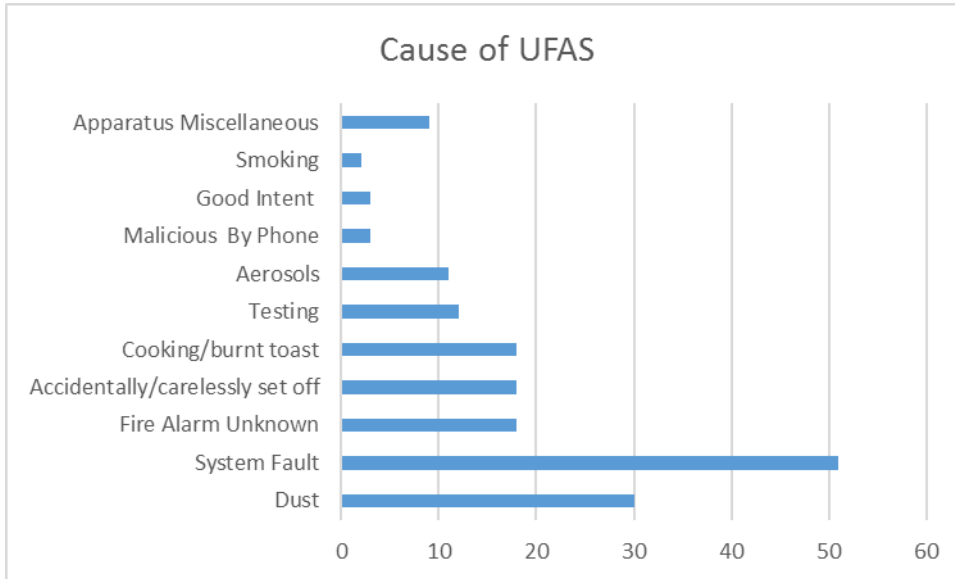

6.2. Property Types

Hospital and Medical centres account for the highest amount of UFAS incidents within Inverclyde. SFRS are working closely with NHS colleagues to investigate any trends. In addition schools are resulting in a high level of activity with the main causes linked to human error (testing) or malicious activation.

6.3. Cause of Actuation

The SFRS works closely with all relevant premises where UFAS occur. Where the number of actuations are above acceptable standards the FSEO team will carry out a fire safety audit to identify deficiencies in the management of alarm system and actuations; where deemed necessary notice of fire safety deficiency will be issued.

Inverclyde Local Policing Area
Performance Report 1st April 2016 – 31st July 2016

September 2016

Date of Meeting: 29th September 2016

Report by Chief Superintendent Jim Downie, Police Scotland, 'K' Division

SUBJECT: Police and Fire Reform: Local Scrutiny and Engagement
Inverclyde Local Policing Area
Performance Results 1st April 2016 – 31st July 2016

1. Background

The Police and Fire Reform (Scotland) Act 2012 sets out that the main purpose of policing is to improve the safety and well-being of persons, localities and communities in Scotland. It ensures an enhanced focus on local delivery of policing with a designated local commander for each local authority area accountable for local service provision. Each local commander is required to prepare a local policing plan that meets the needs of the local area and is approved by the local authority. In response to this the local authority has a statutory power to monitor the delivery of police services and to provide feedback to the local commander.

2. Inverclyde Local Police Plan

The Inverclyde Local Police Plan was published on 1st April 2014. This plan sets out the local policing priorities and objectives for Inverclyde for 2014 – 2017. It will be reviewed annually through ongoing consultation and is supported by 6 ward community policing plans.

3. Performance reporting to Inverclyde Council

The local commander is required to provide reports at an agreed timescale for scrutiny by elected members. Formal scrutiny of the Inverclyde Police Plan falls under the governance of the Inverclyde Police and Fire Scrutiny Sub Committee under the auspices of the Education and Communities Committee which meets a minimum of two times per year.

4. Recommendation

The following data is extracted from Police Scotland internal systems and is correct as of 2nd August 2016. The data is a year to date comparison with the previous year. It includes both recorded and detected crime data and covers all priority areas as set out in the local police plan. Members are asked to scrutinise policing performance for the period outlined and provide feedback where appropriate.

5. Analytical report – as before with context supplied in each box

6. Appendices

LOCAL AUTHORITY SCRUTINY BOARD - Inverclyde

July 2016

Violence, Disorder & Antisocial Behaviour					
		Apr 2016 – Jul 2016	Apr 2015 – Jul 2015	Victims	% Change
1	Total No Group1: Crimes of Violence	32	61	29 fewer	-47.5 %
<p>Group 1 crime has decreased by over 47 % from the same period as last year. We continue to apply a holistic response to these incidents covering a range of tactics to detect and deter violent offences. We work with a number of agencies including Housing, Social Work and Inverclyde Council Social Protection Team to ensure co-ordinated, intelligence led proactivity to identify offenders and safeguard victims. This has led to a number of violent offenders being reported and subsequently imprisoned over the last year. Investigation and scrutiny of group 1 offences is carried out by CID officers.</p>					
2	Murder	0	1	1 fewer	-100.0%
There have been no murders over the reporting period.					
3	Attempted Murder	1	6	5 fewer	-83.3 %
There has been 1 attempted murder during the reporting period which is 5 fewer than the equivalent time last year. This is a detected offence with no wider community impact concerns.					
4	Culpable Homicide (common law)	0	0	None	-
5	Culpable Homicide (other)	0	0	None	-
6	Serious Assault detection rate	70.8%	78.4%		-7.6 %
The detection rate for serious assault is 70.8%. All serious assaults are subject to ongoing review by senior detective officers. Within Inverclyde a high number of victims of serious assault do not wish to engage with the police which makes the investigation and detection of the offence more challenging.					
7	Serious Assault	24	37	13 fewer	-35.1%
<p>The number of serious assaults committed has decreased by over 35% from the same period last year. Investigation and scrutiny of serious assaults is carried out by CID officers. A number of these offences have been committed within private spaces making prevention and intervention difficult. We work closely with Inverclyde Council and housing providers to challenge anti-social behaviour within private premises through the use of anti-social behaviour legislation. We tackle public space violence by ensuring that officers are deployed in the right place at the right times in order to prevent crime where possible.</p>					
8	Robbery detection rate	100.0%	61.5%		38.5%
The detection rate for robbery is 100.0%. All robberies are scrutinised and investigated by CID officers.					
9	Robbery	3	13	10 fewer	-76.9 %
There have been 10 less victims of robbery compared to the equivalent time last year. We continue to work on preventing these crimes by carrying out interventions with known offenders, pro-active visits to vulnerable premises offering them safety/crime prevention advice and raising awareness through our neighbourhood teams to reassure and educate our residents.					
10	Common assault detection rate	75.1%	78.6%		-3.5%
The detection rate for common assault offences is 75.1%. Divisional officers are supported by our Alcohol and Violence Reduction Unit (AVRU) who assist with the investigation of these offences and pursue every opportunity to detect offenders.					
11	Common assault	225	173	52 more	30.1%

There were 52 more common assaults than the same reporting period last year. Almost half of these were assaults on police and other emergency workers. We have also observed a rise in reported assaults from the prison. We work with partners in a range of agencies to focus on areas of disorder and use a variety of interventions to reduce the likelihood of violence occurring.

12	Number of complaints regarding disorder	1,428	1, 391	37 more	2.7 %
----	---	-------	--------	------------	-------

There are 37 more incidents of disorder than the comparable period last year. A number of these are incidents of perceived youth disorder in certain locations throughout the Local Authority area over the summer months. To address this, we organised a series of co-ordinated Multi Agency initiatives over these months aimed at educating, deterring and signposting young people away from the tendency to gather in large groups in addition to disrupting and detecting low level anti-social behaviour.

The neighbourhood policing team and the wider community partnership continue to work alongside colleagues within Inverclyde Council, housing agencies and licensed premises which ensures the correct people and places are targeted and all joint powers are utilised. We have a regular practitioner's meeting with housing and the social protection team to ensure information is shared effectively with joint visits regularly taking place to intervene at the earliest opportunity in a bid to prevent the escalation of problematic premises such as party houses and neighbour disputes.

LOCAL AUTHORITY SCRUTINY BOARD - Inverclyde

July 2016

Violence, Disorder & Antisocial Behaviour (continued)					
		Apr 2016 - Jul 2016	Apr 2015 - Jul 2015	Victims	% Change
13	Number of Domestic Abuse Incidents Reported to the Police	299	272		9.9%
<p>The number of domestic abuse incident reported to the police has risen by 9.9 % compared with last year. National campaigns help to encourage victims to report incidents and number of these relate to reports of historical domestic abuse.</p> <p>All domestic incidents are investigated robustly ensuring the victim is supported and updated during the enquiry. We have a dedicated Domestic Abuse Unit who carrying out protracted and complex domestic enquiries. We work closely with other agencies such as ASIST to ensure victims are given appropriate and professional advice.</p>					
14	Total Crimes and offences in domestic abuse incidents	168	165		1.8 %
<p>The number of crimes committed within domestic abuse incidents has increased by 3 compared to the same period last year.</p> <p>Domestic abuse has been a high priority for Police Scotland for a number of years and in Inverclyde we have conducted a number of high profile campaigns ensuring that victims know they have the full support of the police and have the confidence to report incidents early to prevent escalation.</p>					
15	Percentage of Domestic Incidents that result in a crime being recorded	42.8%	49.6%		-6.8%
<p>The percentage of domestic incidents that result in a crime being recorded has reduced by 6.8 %. Some domestic incidents are arguments between both parties or disputes over property which are resolved with advice.</p>					
16	Total crimes and offences in domestic abuse incidents detection rate	76.8%	87.9%		-11.1%
<p>The detection rate for domestic abuse cases is 76.8%. Divisional officers who attend the scene of these incidents are supported by specialist departments who offer advice and support during the investigation. We work closely with other agencies to ensure all information which may assist in detecting these offences is shared.</p>					
17	Total Detections for Domestic Bail Offences	11	14		-21.4 %
<p>Bail conditions are given out to domestic offenders by the court. We then ensure that these are being adhered to by carrying out offender warnings and intervention visits.</p>					
18	Ensure 95% of domestic abuse initial bail checks are conducted within a prescribed timeframe (24hrs)	98.3%	-		-
<p>98.3% of domestic abuse bail checks were carried out with 24 hours.</p>					
19	Hate Crime and offences detection rate	66.7%	92.0%		-25.3%
<p>Detection rates for hate crime offences is down. This can be attributed to a rise in recorded vandalisms of a sectarian nature which are challenging to detect.</p> <p>In the last few months we have continued to work closely with Inverclyde Council and other partners to welcome more refugee families from Afghanistan and Syria. Our neighbourhood teams are well known to the families and have assisted in supporting them during their integration into Inverclyde living.</p> <p>We continue to offer third party reporting and hate crime inputs to staff in other agencies and to local residents to raise awareness and reassure the public.</p>					
Violence, Disorder & Antisocial Behaviour - Stop and Searches					
		April 2016 - Jul 2016	April 2016 - Jul 2016 (Positive)	Victims	% Change
20	Number of stop and searches conducted (total)	340	91		
21	Number of statutory stop and searches conducted	330	91		

22	Number of consensual stop and searches conducted	10	0		
23	Number of consensual stop and searches refused	0	-		
24	Number of seizures made		-		
<p>An enhanced version of the National Stop & Search Database commenced on 1 June 2015. The enhanced database brought significant changes in the process of data capture and the methodology for recording data items. No previous year to date figures are provided as it has been previously acknowledged this data is not 100% accurate, therefore comparisons will provide misleading results or invalid conclusions. Management Information and data in respect of stop and search can be found on the Police Scotland website via http://www.scotland.police.uk/about-us/police-scotland/stop-and-search-data-publication</p>					

LOCAL AUTHORITY SCRUTINY BOARD - Inverclyde
July 2016

Additional Identified Local Priorities					
		Apr 2016 - Jul 2016	Apr 2015 - Jul 2015	Victims	% Change
25	Number of detections for drugs supply, drugs productions, drugs cultivation	33	30		10.0%
<p>Community intelligence is vital in tackling drugs supply. Officers continue to work with communities and partners to offer reassurance in a bid to encourage information sharing. This in turn has assisted our Violence Reduction Unit and Proactive Crime Teams in successfully obtaining and executing warrants and detecting drugs offences.</p> <p>Following successful convictions, we work with colleagues in housing and the Social Protection Team to disrupt drug dealers by examining opportunities around ASBO's and tenancies.</p>					
26	Theft by housebreaking (including attempts) detection rate	14.7%	19.5%		-4.8%
<p>The detection rate for housebreaking (including attempts, garden sheds, garages) has decreased by 4.8%. A significant number of these are break-ins to sheds which are difficult to detect due to lack of forensic opportunities.</p> <p>Our dedicated housebreaking team continue to examine every opportunity to investigate this crime type making use of scenes of crime, CCTV, media and neighbourhood officers where appropriate.</p>					
27	Theft by housebreaking (including attempts)	68	149	81 fewer	-54.4%
<p>There have been 81 fewer victims of housebreaking. We use media and campaigns to raise awareness about protecting property and offer crime prevention advice where required. Pro-active patrols in key areas help deter offenders. The housebreaking team have recorded a number of successful prosecutions for known housebreakers over the last year.</p>					
28	Theft by shoplifting detection rate	88.2%	82.4%		5.8%
<p>The dedicated Town Centre Officers pro-actively patrol the busy retail areas and work alongside security staff to identify offenders. These officers work a shift pattern which ensures coverage in key areas at peak times.</p>					
29	Theft by shoplifting	110	125	15 fewer	-12.0%
<p>There were 15 fewer offences of theft by shoplifting compared to last year. A number of known shoplifters are currently working with the Persistent Offenders Partnership (POP), a joint initiative with police and Inverclyde Council drugs and alcohol teams. The aim of the initiative is to reduce offending by tackling addiction. The high visibility presence of the Town Centre Officers helps deter offenders.</p>					
30	Vandalism & Malicious Mischief detection rate	8.6%	8.9%		-0.3%
<p>We are working with schools to educate children about the effects of vandalism on the community. We use social and local media and carry out local enquiries at every opportunity in an effort to detect these offences. Where patterns of offences are observed, the enquiries are allocated to a single officer to progress.</p>					
31	Vandalism & Malicious Mischief	304	291	13 more	--4.5%
<p>There were 13 more incidents of vandalism compared to last year. A number of these offences have been in the central area where patterns of vandalism to vehicles has been identified. Neighbourhood officers are working with residents and other agencies in an effort to identify those responsible.</p>					
32	Number of detections for Consuming Alcohol in a designated place (where appropriate byelaws exist)	85	169		-49.7%
<p>There are less people consuming alcohol in public places with a drop of 49.7% compared to the same period last year. We continue to patrol in public places particularly in peak holiday and summer periods and work with local licenced traders to encourage responsible drinking and reduce anti-social behaviour associated with drinking in public.</p>					

Public Protection					
		Apr 2016 - Jul 2016	Apr 2015 - Jul 2015	Victims	% Change
33	Number of Sexual Crimes	23	36	13 fewer	-36.1%
<p>The number of reported sexual crimes has fallen by 36.1%. In the majority of offences the perpetrator is known to the victim – the number of offences carried out by strangers is very low. The Public Protection Unit are dedicated to these investigations and all sexual crimes are scrutinised daily to ensure investigations are progressed.</p>					
34	Sexual Crimes detection rate	69.6%	47.2%		22.4%
<p>The detection rate for sexual crime has increased by 22.8 % compared to last year. Enquiries into sexual crimes can often be protracted and complex, with detections often relying on forensic results.</p>					
35	Rape detection rate	62.5%	36.4%		26.1 %
<p>The detection rate for rape has increased by over 26%. We have a dedicated divisional rape investigation unit to ensure all lines of enquiry are thoroughly investigated and the victim is supported throughout.</p>					

LOCAL AUTHORITY SCRUTINY BOARD - Inverclyde
July 2016

Road Traffic Casualty Statistics *				
	Apr 2016 – Jul 2016	Apr 2015 - Jul 2015	Victims	% Change
People Killed	0	0	None	-
People Seriously injured	2	5	3 fewer	-60.0 %
People Slightly Injured	31	47	16 fewer	-34.4%
Children (aged<16) Killed	0	0	None	-
Children (aged<16) Seriously Injured	1	0	1 more	100.0%
<p>There have been fewer casualties on our roads compared to the equivalent time last year. We use analytical data to highlight roads which may present a risk and then produce a plan to prevent this risk. We work with colleagues in Inverclyde Council Roads Department and TRANSERV. Plans may include high visibility patrols, static speeding checks or media publication to enhance driver behaviour. Our Divisional Roads Policing Department has hosted a number of events in Inverclyde this year offering safety advice and checks on vehicles which have been well attended by the public and our schools liaison officer and neighbourhood teams have incorporated road safety into their inputs to schools children. Along with Inverclyde Council and other partners we have commenced a year long road safety campaign which will focus on all aspects of safety on our roads in order to encourage responsible and safe travel. This has included a joint letter to parents of children in all Primary Schools and S1/2 Secondary Schools informing them of the concerns around safe parking at school pick up times in addition to high profile joint agency patrols around schools at peak times.</p>				

Road Safety & Road Crime					
		Apr 2016 – Jul 2016	Apr 2015 - Jul 2015	Victims	% Change
36	Dangerous driving	8	10		-20.0%
37	Speeding	144	265		-45.7%
38	Disqualified driving	3	1		200.0%
39	Driving Licence	40	41		-2.4%
40	Insurance	85	68		25.0%
41	Seat Belts	33	21		57.1%
42	Mobile Phone	26	23		13.0%
<p>Our Road Policing Department has now been based back in Greenock Police Office for a number of months. This has resulted in greater visibility of Roads Policing Officers in Inverclyde and can account for an increase in detections for offences such as seat belts, insurance and mobile phones. Offences are dealt with appropriately, resulting in enforcement and/or education.</p>					

LOCAL AUTHORITY SCRUTINY BOARD – Inverclyde
July 2016

Public Confidence					
		Apr 2016 - Jul 2016			
		Number of Complaints about the Police		Number of Complaints per 10,000 Police Incidents	
43	Complaints received about the Police	22		26.7

44	Total Allegations Recorded	19	0	11	30

Scottish Crime Recording Standard				
Quarter 3 Audit 2015/16				
<i>(not available at Local Authority level but detailed at Divisional and Force level for information purposes)</i>				
45	Audit 2 - Divisional Crime Audit 2015/16 - Quarter 3 (October to December)	Crimes Audited	No. of Recording Errors	SCRS Compliance
	K Division	227	19	91.63%
	Force	3,446	246	92.86%
<p><i>Audit 1 (Crime Related Incidents and Associated Recorded Crime Audit) and Audit 3 ("No Crime" Audit) are conducted on a bi-annual basis and therefore were not audited during Q3.</i></p> <p><i>Details of the methodology for Audit 2 can be found in Appendix A</i></p>				

APPENDIX "A" - AUDIT METHODOLOGY

Audit 1 - Crime Related Incidents and Associated Recorded Crime

The audit sample was selected from Command and Control incidents over a specific four day period with initial call types CR-60 to CR-79 within the Crime category, and incidents with initial call types AB-57 Communications, AB-58 Hate Crime, PW-40 Domestic Incident and PW-76 Child Protection. The incident sample selected for audit ensured, working to a 95% confidence level with a confidence interval of +/-3%, that the sample audited was statistically representative of all incidents of this type recorded during the four day audit period. A formula was applied to the total number of incidents per Command Area and apportioned out between Divisions in that Command Area in order to obtain sample sizes. These were subject to a minimum of 150 and a maximum of 300 per Division.

Compliance in each of the two Tests is achieved with a result of **95%** or above.

The audit tested:

Test 1 – Crime Related Incidents

- That incidents initially inferring a crime or apparent criminal activity and closed as a non-crime contained a satisfactory narrative to eliminate any inference of criminality and fully justify a non-crime disposal.
- That each incident clearly indicated a crime or non-crime as a disposal on the incident text.
- Where an incident was closed as a crime, the corresponding crime record was traced.

Test 2 – Recorded Crime

- The correct application of SCRS on recorded crimes in respect of the Scottish Government Counting Rules and the correct classification of crimes. In terms of compliance with SCRS each individual crime over or under-recorded, or incorrectly classified was counted as having failed the audit.

Audit 2 - Recording of Specific Crime Types (Divisional Crime Audit)

To ensure that a number of different areas of crime recording are represented by Audit 2, samples were obtained from the following categories:

- Assault (Common Assault only)
- Group 1 Crime (Crimes of violence)
- Group 2 Crime (Sexual offences)
- Group 3 Crime (Crimes of dishonesty)
- Group 4 Crime (Damage to property)
- Other Crimes from Groups 5, 6 and 7

While not as statistically representative of all records within the audit period as Audit 1, the sample sizes in Audit 2 were weighted to take into account higher volumes of crime being recorded in some Divisions subject to a minimum of 100 records and a maximum of 300 records.

The audit tested the correct application of SCRS on recorded crimes in respect of the Scottish Government Counting Rules and the correct classification of crimes. In terms of compliance with SCRS each individual crime over or under-recorded, or incorrectly classified was counted as having failed the audit.

Compliance in this audit is achieved with a result of **95%** or above.

Audit 3 - Crime Records Reclassified to "No Crime"

The third principle of SCRS states "once recorded, a crime will remain recorded unless there is credible evidence to disprove that a crime had occurred".

The audit tested the correct application of this principle in respect of recorded crime which was reclassified to "No Crime" following Police enquiry into the reported circumstances. In terms of compliance with SCRS each individual crime reclassified incorrectly was counted as having failed the audit.

The sample sizes in Audit 3 were weighted to take into account the higher number of records reclassified to "No Crime" in some Divisions subject to a minimum of 50 and a maximum of 100.

Compliance in this audit is achieved with a result of **95%** or above.

In order to allow Divisions a reasonable period of time to ensure that records are complete and compliant with SCRS, audits are generally undertaken once a period of three months from the date of the incident/crime has elapsed. Any record incomplete at the time of audit will be audited based on the information available at the time.

APPENDIX B

We strongly support other agencies in educating and diverting young people away from engaging in risky behaviours and offering reassurance to the wider community. Some of the activities we have been involved with over the last few months or plan in the weeks ahead include:

- **INVERCLYDE YOUTH ASB AND SAFEGUARDING INITIATIVE** - a series of operations run over the summer holidays involving partners in HM Coastguard, BTP, Inverclyde Council Youth Workers, Inverclyde Council Wardens, Anti-Social Investigators, SFRS, and SAS. The purpose being a MA approach in diverting young people from congregating in large numbers and associated ASB whilst keeping them safe from harm. A media article was released in the days leading up to the first operation on 1/2nd July which received positive feedback from residents and community groups with more media keeping a focus on it throughout the summer. The use of high visibility Mounted Officers in key areas was also praised by local residents. Parents were contacted by police or partners during the course of the operation in relation to their children being intoxicated or otherwise putting themselves in harms way and were asked to attend and the locus to pick up their children. All were appreciative and supportive of our actions.
- **INVERCLYDE ROAD SAFETY CAMPAIGN** – we continue to work alongside our colleagues in Inverclyde Road Safety and Schools to carry out a series of joint activities throughout the year to raise awareness about road safety in Inverclyde. The intention is to better educate all road users in safe and considerate road use. A joint letter has been prepared by Wilma Bain and Chief Inspector Brown highlighting the concerns around safe and considerate parking at schools and this has been sent to parents of all primary and S1/2 aged children in Inverclyde. In addition, joint patrols from Roads Policing, Neighbourhood and Community Enforcement Officers around all schools has been well received. Media was arranged and a positive article highlighting the initiative was published in the local press. Officers have also attended the Junior Road Safety Officers induction day and will support them throughout the year at their respective schools.
- **SAFETY ONLINE** – Schools liaison officer supported by the neighbourhood officers are providing inputs to schools about safe internet use and appropriate practice on social media.
- **FOOTBALL COACHING** – following on from the success of last year the neighbourhood officers will continue their coaching of one of the primary school teams alongside coaching the Syrian and Afghan families now living within our communities.
- **20 SCHOOLS IN 20 MILES CHALLENGE** – our Schools Liaison Officer has set herself a challenge to run between 20 schools throughout a day in 20 miles, the aim being positive engagement whilst raising money for local charities. Other local officers will support her by running at key points alongside her.
- **OPEN DAY 2016** – following on from a very successful open day last October, we are in the later stages of planning another event which will be a family day at Greenock Police Office offering fun and an opportunity to see the office and our colleagues in various agencies and departments.

**INVERCLYDE COUNCIL
LOCAL POLICE AND FIRE
SCRUTINY SUB-COMMITTEE**
