Further work has been done since then to further refine these financial regulations to reflect best practice and the requirements of the new IJBs.

- 2.2 The Financial Regulations are informed by both the:

Inverclyde Integration Joint Board positively promotes the principles of sound corporate governance within all areas of the Integration Joint Board's affairs. These Financial Regulations are an essential component of the corporate governance of the Inverclyde Integration Joint Board.

## 1. What the Regulations Cover

- 1.1 The Public Bodies (Joint Working) (Scotland) Act 2014 established the framework for the integration of health and social care in Scotland. Inverclyde Health and Social Care Partnership is governed by the Inverclyde **Integration Joint Board** which was established by Parliamentary Order on 27 June 2015 following approval of the Inverclyde Integration Scheme by the Scottish Ministers. Inverclyde Council and (the Health Board) have delegated functions and resources to the Integration Joint Board. The Integration Joint Board will direct the Council and the Health Board on how resources will be spent in line with the approved Strategic plan, and allocate resources back to the Council and Health Board in accordance with this direction. The Integration Joint Board retains responsibility for oversight and management of expenditure within the allocated budgets.
- 1.2 Both the Health Board and the Council operate under Financial Regulations/Standing Financial Instructions in the operational delivery of services. As this service delivery will continue to be carried out within the Health Board and the Council, these Financial Regulations relate specifically to the affairs of the Integration Joint Board itself and therefore are more limited and focussed in scope. All operational and transactional finance matters for delivery of Inverclyde Health and Social Care Partnership will comply with Inverclyde Council Financial Regulations and Health Board Standing Financial Instructions.
- 1.3 The Integration Joint Board is a legal entity in its own right created by Parliamentary Order, following ministerial approval of the Integration Scheme. It is accountable for the stewardship of public funds and is expected to operate under public sector best practice governance arrangements, proportionate to its transactions and responsibilities. Stewardship is a major function of management and, therefore, a responsibility placed upon the appointed members and officers of the Integration Joint Board.
- 1.4 These Financial Regulations should be read in conjunction with the Standing Financial Instructions of the Health Board and the Financial Regulations of Inverclyde Council.
- 1.5 The Chief Officer, supported by the Chief Finance Officer must ensure that there are adequate systems and controls in place for the proper management of the Integration Joint Board's financial affairs. These Financial Regulations of the Inverclyde Integration Joint Board are for its own financial affairs.
- 1.6 These Regulations set out the respective responsibilities of the Integration Joint Board, the Chief Officer and the Chief Finance Officer of the Integration Joint Board.

- 1.7 It will be the duty of the Chief Officer assisted by the Chief Finance Officer to ensure that these Regulations are made known to the appropriate persons within the Integration Joint Board and to ensure that they are adhered to. All actions which affect the Integration Joint Board's finances should only be carried out by properly authorised employees. The Chief Officer and other authorised persons will ensure that all expenditure within the Integration budget meets proper accounting standards.
- 1.8 The Integration Joint Board will give directions to Inverclyde Council and the Health Board that are designed to ensure resources are spent in accordance with the Strategic Plan and Integration Scheme.
- 1.9 If it is believed that anyone has broken, or may break, these Regulations, this must be reported immediately to the Chief Finance Officer, who may then discuss the matter with the Chief Officer to determine what action is to be taken.
- 1.10 These Regulations will be the subject of regular review by the Integration Joint Board Chief Finance Officer in consultation with the Health Board Director of Finance and the Inverclyde Council Section 95 Officer, and where necessary, subsequent adjustments will be submitted to the Integration Joint Board Audit Committee for approval.

## 2. Corporate Governance

- 2.1 Corporate governance is about the structures and processes for decision-making, accountability, controls and behaviour throughout the Integration Joint Board. The basic principles of corporate governance are as follows.

**Openness** Anyone with an interest in the affairs of the Integration Joint Board should have confidence in the decision-making and management processes and the individuals involved in them. This confidence is gained through openness in its affairs and by providing full, accurate and clear information which leads to effective and timely action and scrutiny.

**Integrity** There should be honesty, selflessness, objectivity and high standards of conduct in how the Integration Joint Board's funds and affairs are managed. Integrity depends on the effectiveness of the control framework and on the personal standards and professionalism of members and officers involved in the running of its affairs.

**Accountability** There needs to be a clear understanding by everyone involved in the

Integration Joint Board's affairs of their roles and responsibilities. There should also be a process which provides appropriate independent examination of the decisions and actions of those involved in the Integration Joint Board's affairs, including how the Integration Joint Board's funds and performance are managed.

- 2.2 These Financial Regulations are an essential part of the corporate governance of the Integration Joint Board.
- 2.3 Members of the Integration Joint Board are required to follow any formally agreed national codes of conduct.

### **3. Responsibilities under these Financial Regulations**

- 3.1 The Integration Joint Board will continuously work to secure best value for money, and economy, efficiency and effectiveness in how the organisation directs its resources.
- 3.2 The Chief Finance Officer (in consultation with the Chief Officer) will advise the Integration Joint Board on the financial implications of the Integration Joint Board's activities. The Chief Finance Officer will ensure that budget holders receive impartial advice, guidance and support and appropriate information to enable them to effect control over expenditure and income.

#### **Strategic Plan and Integrated Budget**

- 3.3 The Integration Joint Board's Strategic Plan sets out arrangements for planning and directing the functions delegated to it by Inverclyde Council and the Health Board. The Strategic Plan covers a rolling three-year period and will determine the budgets allocated to each operational partner for operational service delivery in line with the Strategic Plan, recognising that these may need to be indicative for years two and three.
- 3.4 The Chief Officer and the Chief Finance Officer will develop an integrated budget based on the Strategic Plan and agreed funding from Inverclyde Council and the Health Board for consideration and agreement as part of the annual budget setting process.
- 3.5 The Integration Scheme sets out the detail of the integration arrangement agreed between the Health Board and Inverclyde Council. In relation to financial management it specifies:
  - The financial management arrangements including treatment of budget variances;

- Reporting arrangements between the Integration Joint Board, the Health Board and Inverclyde Council;
- The method for determining the resources to be made available by the Health Board and Inverclyde Council;
- The functions which are delegated to the Integration Joint Board by the Health Board and Inverclyde Council.

### 3.6 **Budget Management**

Budget holders within the Council and the Health Board will be accountable for all budgets within their control as directed by the Integration Joint Board in line with its Strategic Plan. The Integration Joint Board will ensure appropriate arrangements are in place to support good financial management and planning.

3.7 Inverclyde Council's Section 95 Officer and the Health Board's Director of Finance will provide the Chief Finance Officer with management accounts and forecasts to allow the Integration Joint Board to monitor the overall financial performance of the Integration Joint Board's functions in relation to the approved Revenue Budgets.

3.8 The Chief Finance Officer will provide regular budget monitoring reports to the Integration Joint Board along with explanations for any significant variations from budget and the action planned to deal with them.

## 4. **The Framework for Financial Administration**

4.1 The Financial Regulations set out the responsibilities of Board Members, the Chief Officer and the Chief Finance Officer within the context of the Integration Joint Board's financial management framework.

## 5. **Financial Planning and Reporting**

### **Preparing Procedures, Records and Accounts**

5.1 The Chief Finance Officer will prepare the Annual Accounts in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom (The CODE), reporting the Integration Joint Board's financial performance for the year to 31 March to the Integration Joint Board. The approved Accounts must also be forwarded to the Controller of Audit no later than the 30<sup>th</sup> June of the same year, or such date as decided by the Controller of Audit.

5.2 The accounts of the Integration Joint Board will be hosted by Inverclyde Council.

5.3 The Chief Finance Officer must provide any information necessary for the closure of the

Accounts and within prescribed timescales. Details of the information required and procedures to be followed will be issued annually by the Chief Finance Officer. The format of the Accounts and the relevant notes to the Accounts of the Health Board and the Council will be in line with national CIPFA and / or LASSAAC guidance.

#### **Presenting External Audit Reports**

- 5.4 The Chief Finance Officer will ensure the presentation of all External Audit reports including reports on the audited Annual Accounts to the Integration Joint Board and make such reports available to the Health Board and Inverclyde Council.
- 5.5 In consultation with Inverclyde Council, which hosts the annual accounts, the Chief Finance Officer will make appropriate arrangements for the public inspection of the Integration Joint Board's Accounts.

#### **Capital Planning**

- 5.6 The Chief Officer annually, in consultation with Inverclyde Council and the Health Board, will prepare a Capital Plan to make best use of existing resources and identify the asset requirements to support the Strategic Plan.
- 5.7 The Capital Plan will be submitted to the Integration Joint Board for approval.
- 5.8 Business Cases will be prepared by the Chief Officer and Chief Finance Officer and submitted to Inverclyde Council's Capital Planning Group or the Health Board's Capital Planning Group for approval.
- 5.9 The Chief Officer will be a member of both partners' Capital Planning Groups.
- 5.10 Where new capital investment is required to deliver the Strategic Plan both partners should consider the Business Plan.

#### **Control of Capital Expenditure**

- 5.11 The Integration Joint Board does not receive a capital funding allocation. Capital projects are funded by either Inverclyde Council or the Health Board and expenditure will be controlled in accordance with their financial regulations.
- 5.12 The Integration Joint Board will receive financial monitoring reports which include information on capital expenditure from both partners against approved schemes

relevant to the services delegated to the Integration Joint Board.

5.13 In matters relating to capital planning and expenditure, the Capital Planning Guidance developed for the partnerships in Greater Glasgow & Clyde should be followed.

#### 5.14 **Strategic Plan and Integrated Budget**

The Integration Joint Board is responsible for the production of a Strategic Plan which sets out the services for their population over the medium term (3 years). The resources within scope of the Strategic Plan are:

- The payment made to the Integration Joint Board by Inverclyde Council for delegated social care services;
- The payment from the Health Board to the Integration Joint Board for delegated primary and community healthcare services and for those delegated hospital services managed by the Chief Officer.
- The amount set aside by the Health Board for delegated services provided in large hospitals for the population of the Integration Joint Board.

the Health Board and Inverclyde Council will provide indicative three year rolling funding allocations to the Integration Joint Board to support the Strategic Plan and medium term planning process. Such indicative allocations will remain subject to annual approval by both organisations.

5.15 The Chief Officer and the Chief Finance Officer will develop an integrated budget based on the Strategic Plan and agreed funding from the Health Board and Inverclyde Council. The budget proposal paper should be evidence based with full transparency on its assumptions and take account of:

- **Activity Changes.** The impact on resources in respect of increased demand e.g. demographic pressures and increased prevalence of long term conditions, and for other planned activity changes;
- **Cost Inflation.** Pay and supplies cost increases;
- **Efficiencies.** All savings (including increased income opportunities and service rationalisations/cessations) should be agreed between the Integration Joint Board, Inverclyde Council and the Health Board as part of the annual rolling financial planning process to ensure transparency;
- **Performance on outcomes.** The potential impact of efficiencies on agreed outcomes must be clearly stated and open to challenge by Inverclyde Council and the Health Board;
- **Legal requirements.** Legislation may entail expenditure commitments that should

be taken into account in adjusting the payment;

- **Transfers to/from the notional budget for hospital services** set out in the Strategic Plan;
- **Additional Funding for National Priorities and Adjustments to address equity.** Inverclyde Council and the Health Board may choose to adjust contributions to reflect increased funding received for National priorities or to smooth the variation in weighted capita resource allocations across partnerships.

5.16 The Strategic Plan will determine the budgets allocated to each operational partner for operational service delivery in line with the Plan.

#### 5.17 **Limits on Expenditure**

No expenditure will be incurred by the Integration Joint Board unless it has been included within the approved Integration budget and Strategic Plan except:

- I. Where additional funding has been approved by the Health Board and/or Inverclyde Council and the integrated budget/strategic plan has been updated appropriately;
- II. Where a supplementary budget has been approved by the Integration Joint Board;
- III. In emergency situations in terms of any scheme of delegation;
- IV. As provided in paragraphs 5.18 and 5.19 below (Virement).

#### 5.18 **Virement**

Virement is defined by CIPFA as “the transfer of an underspend on one budget head to finance additional spending on another budget head in accordance with the Financial Regulations”. In effect virement is the transfer of budget from one main budget heading (employee costs, supplies and services etc.) to another, or a transfer of budget from one service to another. Where resources are transferred between the two operational arms of the Integrated Budget this will require in-year balancing adjustments to the allocations from the Integration Joint Board to Inverclyde Council and the Health Board i.e. a reduction in the allocation to the body with the underspend and a corresponding increase in the allocation to the body with the overspend.

5.19 Virements require approval and they will be permitted subject to any Scheme of Delegation of the Integration Joint Board as follows:

- I. Virement must not create additional overall budget liability. One off savings or additional income should not be used to support recurring expenditure or to create future commitments including full year effects of decisions made part way through a year.

- II. The Chief Officer will not be permitted to vire between the Integrated Budget and those budgets that are managed by the Chief Officer, but are outwith the scope of the Strategic Plan, unless agreed by Inverclyde Council and the Health Board.
- III. Any virement over £20,000 which changes the specific budget values delegated back to the Health Board or Council requires the approval of the Integration Joint Board.

#### 5.20 **Budgetary Control**

It is the responsibility of the Chief Officer and Chief Finance Officer to report regularly and timeously on all budgetary control measures, comparing projected outturn with the approved financial plan, to the Integration Joint Board and other bodies as designated by the Health Board and Inverclyde Council.

- The Health Board Director of Finance and the Section 95 officer of Inverclyde Council will, along with the Integration Joint Board Chief Finance Officer put in place a system of budgetary control which will provide the Chief Officer with management accounting information for both arms of the operational budget and for the Integration Joint Board in aggregate.

5.21 It is the responsibility of the Integration Joint Board Chief Finance Officer, in consultation with the Health Board and the Section 95 Officer of Inverclyde Council, to agree a consistent basis and timetable for the preparation and reporting of management accounting information.

5.22 The Integration Scheme specifies how in year over/under spends will be treated. Where it appears that any heading of income or expenditure may vary significantly from the Financial Plan, it will be the duty of the Chief Officer and the Chief Finance Officer, in conjunction with the Health Board Director of Finance and the Section 95 Officer of the Council, to report in accordance with the appropriate method established for that purpose by the Integration Joint Board, the Health Board and Inverclyde Council, the details of the variance and any remedial action required.

#### 5.23 **Reports to Integration Joint Board**

All reports to the Integration Joint Board and sub-committees thereof must specifically identify the extent of any financial implications. These must have been discussed and agreed with the Integration Joint Board Chief Finance Officer prior to lodging of reports.

## 6. **Legality of Expenditure**

6.1 It will be the duty of the Chief Officer to ensure that no expenditure is incurred, or

included within the Strategic Financial Plan unless it is within the power of the Integration Joint Board. In cases of doubt the Chief Officer should consult the respective legal advisers of the Health Board and Inverclyde Council before incurring expenditure. The legality of expenditure on new service developments, initial contributions to other organisations and responses to emergency situations which require expenditure must be clarified prior to being incurred.

## **7. Reviewing the Financial Regulations**

- 7.1 The Integration Joint Board Audit Committee will consider and approve any alterations to these Financial Regulations. The Integration Joint Board may also withdraw these Financial Regulations. If so, this will come into force from the first working day after the end of the Integration Joint Board Audit Committee meeting at which the change or withdrawal was approved. This policy will be formally reviewed through the Audit Committee at least every three years.

## **8. Reserves**

- 8.1 Section 106 of the Local Government (Scotland) Act 1973 as amended, empowers the Integration Joint Board to hold reserves which should be accounted for in the financial accounts and records of the Integration Joint Board. The Integration Joint Board Reserves Policy and Strategy outlines the level of reserves required and their purpose. This will be agreed as part of the annual budget setting process and will be reflected in the Strategic Plan agreed by the Integration Joint Board.

## **9. VAT**

- 9.1 HMRC has confirmed that there is no requirement to have a separate VAT registration for the Integration Joint Board as it will not be delivering any services within the scope of VAT. This situation should be kept under review by the Chief Finance Officer should the operational activities of the Integration Joint Board change and a need to register be established. HMRC guidance will apply to Scotland.

## **10. Financial Reporting**

## **10.1 Accounting Procedures and Records**

All accounting procedures and records of the Integration Joint Board will be as specified in applicable legislation and regulations. Financial Statements will be prepared following the Code of Practice on Local Authority Accounting in the UK. 10.2 The financial statements must be completed to meet the audit and publication timetable specified in regulations made under section 105 of the Local Government (Scotland) Act 1973. It is the primary responsibility of the Chief Finance Officer to meet these targets and of the Chief Officer to provide any relevant information to ensure that the Health Board and Inverclyde Council meet their respective statutory audit and publication requirements for their individual and group financial statements.

10.3 The Integration Joint Board Chief Finance Officer will agree the financial statements timetable with the external auditors of the Integration Joint Board.

## **11. Internal Audit**

### **11.1 Responsibility for Internal Audit**

It is the responsibility of the Integration Joint Board to establish adequate and proportionate internal audit arrangements for review of the adequacy of the arrangements for risk management, governance and control of the delegated resources. This will include determining who will provide the internal audit service for the Integration Joint Board and nominating a Chief Internal Auditor.

11.2 The operational delivery of internal audit services within the Health Board and Inverclyde Council will be covered by their respective internal audit arrangements as at present.

11.4 The Internal Audit Service will undertake their work in compliance with the Public Sector Internal Audit Standards.

11.5 On or before the start of each financial year the Integration Joint Board Chief Internal

The Integration Joint Board, while having legal personality in its own right, has neither replaced nor assumed the rights or responsibilities of either the Health Board of the Council as the employers of the staff delivering integrated services; or for the operation of buildings or services under the operational remit of those staff. The Council and the Health Board will continue to indemnify, insure and accept responsibility for the staff that they each employ; their particular capital assets that integrated services are delivered from or with; and the respective functions themselves that each has delegated to the Integration Joint Board.
