Subject: FINANCIAL MONITORING REPORT 2016/17 – PERIOD TO 31

**DECEMBER 2016, PERIOD 9** 

### 1.0 PURPOSE

1.1 The purpose of this report is to advise the Inverclyde Integration Joint Board (IJB) of the Revenue and Capital Budgets, other Income Streams and Earmarked Reserves position for the current year as at Period 9 to 31 December 2016.

### 2.0 SUMMARY

- 2.1 This report outlines the financial position at Period 9 to end December 2016. The current year end projection for the Partnership is an underspend of £0.125m (previous report to Period 7 showed a £0.176m projected overspend) against the revised expenditure budget of £127.495m. This is made up of a forecast £0.125m underspend on Social Work and a forecast breakeven on Health Services, assuming £0.667m of non-recurring funding from the Health Board linked to the delayed delivery of in year savings
- 2.2 The Social Work revised budget is £53.228m with £0.737m of unallocated funds linked to the Social Care Fund and a projected underspend of £0.125m, which is a decrease in projected spend of £0.301m since the last report. The main elements of the underspend are detailed within this report and attached appendices:
- 2.3 While Health services are currently projected to be in line with the overall Health budget there are some issues to note:
  - Savings Delivery
    - The part year effect of the 2016/17 savings means that £0.667m of the proposed savings to deliver the targeted full year savings will be funded on a non-recurring basis by the Health Board.
  - Mental Health Inpatients
    - As per previous reports, there is still an ongoing, inherited budget pressure related to mental health inpatient services due to the high levels of special observations required in that area. Work is ongoing to address this budget pressure for the current and future years and one off reductions have been made in other areas to offset the overall budget pressure and ensure the budget is in balance overall.
- 2.4 The Corporate Director (Chief Officer) and Heads of Service will continue to work to mitigate the projected budget pressure within MH Inpatients and keep the overall IJB budget in balance for the remainder of the year. It is proposed that any overspend in

- 2016/17 would be funded by the IJB through the Social Care Fund monies and any overall underspend would be carried forward through Reserves.
- 2.5 The report outlines the current projected spend for the Social Care Fund, Integrated Care Fund and Delayed Discharges money.
- 2.6 The IJB has no capital budget. The assets used by the IJB and related capital budgets are held by the Council and Health Board. Planned capital spend in relation to Partnership activity is budgeted as £1.414m for 2016/17 with an actual spend to end December of £0.508m.
- 2.7 The Council previously held earmarked reserves which related to IJB activity. In September 2016 the Council agreed to transfer these reserves to the IJB to be managed in line with the IJB Reserves Policy. The total projected spend for 2016/17 is £2.437m, actual spend at Period 9 is £1.278m.

### 3.0 RECOMMENDATIONS

- 3.1 It is recommended that the Integration Joint Board:
  - 1. Notes the Period 9 position for 2016/17 (Appendices 1-3);
  - 2. Approves the proposed budget realignments and virement (Appendix 4) and authorises officers to issue revised directions to the Council and/or Health Board as required on the basis of the revised figures enclosed (Appendix 5);
  - 3. Notes the previously agreed use of the Social Care Fund in 2016/17 and 2017/18 (Appendix 6);
  - 4. Notes the current position for the Integrated Care Fund and Delayed Discharge monies (Appendix 7);
  - 5. Notes the current capital position (Appendix 8),
  - 6. Notes the current Earmarked Reserves position (Appendix 9).

### 4.0 BACKGROUND

- 4.1 From 1 April 2016 the Health Board and Council delegated functions and are making payments to the IJB in respect of those functions as set out in the integration scheme. The Health Board have also "set aside" an amount in respect of large hospital functions covered by the integration scheme.
- 4.2 The IJB budget for 2016/17 was formally agreed on 16 September 2016. The table below summarises the agreed budget and funding together with the projected outturn at 31 December, £0.125m underspend to be transferred to Reserves:

	Revised	Projected	Projected

### 5.0 SOCIAL WORK SERVICES

- 5.1 The Social Work services revised budget is £53.228m, of which £0.737m of the Social Care Fund remains unallocated. The projected outturn at 31 December 2016 is a £0.125m underspend (0.23%).
- 5.2 The Social Work budget includes an in year savings target of £1.043m, of which the majority has already been delivered. It is anticipated that this will be delivered in full during the year.

Appendix 2 contains details of the Social Work outturn position. The main variances are detailed below with further detail provided in Appendix 2A. Underspends due to:

- Vacancies in internal homecare £0.147m
- Vacancies and slippage in other services £0.074m
- Additional one off income received within Residential and Nursing £0.152m
- Projected underspends within Children & Families on respite, kinship and the Children & Young People Act £0.135m

### Offset in part by:

- Residential and Nursing overspend of £0.152m due to increased numbers of beds in use. This was offset by the additional one off income noted above
- Homecare overspend £0.117m on external homecare due to increased hours of care required, offset by internal vacancies notes above
- Projected overspend on Learning Disabilities Client Packages £0.129m, partially linked to the move to Redholm.
- 5.3 The Criminal Justice Service is currently funded via a ring fenced grant from the Scottish Government, received via the Criminal Justice Authority. From 1 April 2017 this grant will be allocated directly to the Council as part of the settlement,

but remain ringfenced. The methodology used to allocate the grant has also been changed and the indicative allocation shows a potential grant reduction of 25% for Inverclyde over the next five years. Work is being carried out to identify how this will be addressed for 2017/18 and to draw up a five year plan to address the overall reduction. Updates on this work and details of the final budget allocations will be reported to the IJB.

- 5.4 The living wage rate will increase to £8.45 from 1 April 2017. It is estimated that this would require an uplift to providers of 1.39%, potentially costing £0.180m. These costs have been provided for within the 2017/18 SCF allocation proposals previously agreed.
- 5.5 Previous reports have reflected the net spend on Social Care services, excluding the Resource Transfer sums. This report now nets off Resource Transfer between Health and Social Care and shows the total budgeted spend within each Service area instead of the net position previously reported.

### 6.0 HEALTH SERVICES

- 6.1 The Health services budget is £74.267m and the projected outturn as at Period 9 is in line with that budget.
- 6.2 The total savings target for Health services for 2016/17 was £0.890m. The 2016/17 savings were approved by the IJB on 24 January 2017 and are in the process of being implemented. The Health Board on a non recurring basis will fund £0.667m of Inverclyde savings which will not be cash delivered in 2016/17.

### 6.3 Mental Health Inpatients

As per previous reports, there is still an ongoing £1.2m budget pressure related to mental health inpatient services due to the high levels of special observations required.

- 6.4 In 2015/16 planned reductions were made in other budgets to offset the inpatient overspend. This is continuing on a non recurring basis for 2016/17 to offset any balance of cost pressures not resolved in year. Temporary virement has been proposed in this report in order to ensure the service outturns in line with budget for the year. These proposals are detailed in Appendix 4. The proposed virement and projected underspends which will fund the underlying Inpatients budget pressure are summarised below:
  - Children & Families £0.160m
  - Health & Community Care £0.300m
  - Management & Admin £0.283m
  - Planning & Health Improvement £0.040m
  - In Year Virement of £0.398m from MH Community Services

Most of the above underspends which are being used to offset the Inpatients budget pressure relate to non recurring in year savings.

- 6.5 At Period 9 the in year overspend on MH Inpatients is £0.935m.
- 6.6 The service has developed and is implementing an action plan to address elements of the historic overspend. This budget will be closely monitored throughout the year and the residual budget pressure is being reflected in the 2017/18 budget proposals to ensure that the underlying budget is sufficient for core service delivery going forward.

### 6.7 Prescribing

The is a risk sharing arrangement in place in respect of Prescribing budgets across all six Health & Social Care Partnerships. This arrangement means that any overspends are covered in year by the Health Board. However, it is anticipated that this arrangement will be subject to change in the future. This would mean that any overspend would have to be contained locally within each

partnership. At Period 9 the Inverclyde overspend for 2016/17 is currently circa £0.150m. Further work is being done to agree the methodology for setting this budget for partnerships for future years. This is likely to be an area of financial risk and pressure for the IJB if the risk sharing agreement is removed.

### 7.0 VIREMENT & OTHER BUDGET MOVEMENTS

7.1 Appendix 4 details the virements and other budget movements that the IJB is requested to note and approve. These changes have been reflected in this report. The Directions which are issued to the Health Board and Council require to be updated in line with these proposed budget changes. The updated Directions linked to these budget changes are shown in Appendix 5.

## 8.0 SOCIAL CARE FUND, INTEGRATED CARE FUND, DELAYED DISCHARGE FUNDING

### 8.1 Social Care Fund

Appendix 6 details the current proposals for use of the £4.449m Social Care Fund (SCF) in 2016/17 and £6.329m for 2017/18. The table has been updated since the budget was agreed in September to reflect the updates subsequently agreed by the IJB.

- 8.2 On 15 December 2016 draft settlement letters for 2017/18 were issued by Scottish Government. In these an additional £107m was top-sliced from the Health uplift and allocated to HSCPs as additional SCF. Of this £80m has been earmarked for Councils to enable them to reduce their funding to the IJBs by up to the value of the local share of the £80m, to partially offset the local authority funding reductions. For Inverclyde this equates to an increase in SCF of £1.880m and a maximum Council funding reduction of £1.410m. These values have been reflected in Appendix 6 for 2017/18.
- 8.3 There is £0.737m of funding available in 2016/17 and £1.410m in 2017/18, which will be required to offset the Council's proposed funding reduction. The in year underspend will be taken into IJB Reserves for use by the IJB in future years.
- 8.4 Integrated Care Fund (ICF) and Delayed Discharge Funding (DD)
  Appendix 7 details the current budget, projected outturn and actual spend to date for these funds. Both funds have some funds still to be allocated at this stage in the year, ICF has £0.187m funding to be carried forward into 2017/18 and DD has £0.098m still to be committed for the year.

### 9.0 CURRENT CAPITAL POSITION - £nil Variance

- 9.1 The Social Work capital budget is £3.898m over the life of the projects with £1.414m for 2016/17, comprising:
  - £1.132m for the replacement of Neil Street Children's Home,
  - £0.057m for the replacement of Crosshill Children's Home,
  - £0.225m for the conversion costs associated with John Street, Gourock.

The costs of £0.225m associated with John St, Gourock are being met by funding from the IJB through the SCF and the additional costs for Neil Street Children's Home replacement of £0.133m are being met from the Children's Residential Care, Adoption & Fostering EMR.

- 9.2 There is projected slippage in the 2016/17 budget of £0.332m (23.5%) against the Neil Street Children's Home Replacement. Expenditure on all capital projects to 31 December is £0.508m. Appendix 8 details capital budgets.
- 9.3 Progress on the Neil Street Children's Home replacement is as follows:

- Building external fabric nearing completion
- Road infrastructure in progress
- External works in progress but encountering poor ground conditions with saturated ground and soft spots
- Contractor has intimated five week slippage to programme
- Programme completion date 31 March 2017. Anticipated completion May 2017
- Late completion does not affect the agreed occupation date of June 2017
- 9.4 Progress on the Crosshill Centre Children's Home replacement is as follows:
  - Design in progress
  - Decant to Neil Street anticipated August 2017
  - Crosshill demolition on vacant possession
  - Construction of new Crosshill October 2017 to June 2018
- 9.5 Progress on the John Street project is as follows:
  - Works to fire alarm system, door locks, lift, fire-fighting equipment and sundry minor works now complete
  - Sprinkler system installation in progress with completion January 2017
  - Internal alterations (kitchen, dining room, office and shower room) in progress
  - Anticipated completion end of March 2017

#### 10.0 EARMARKED RESERVES

- 10.1 The IJB inherited £2.584m of Earmarked Reserves which were transferred from the Council. Of this total, £2.437m is projected to be spent in the current financial year. To date £1.278m spend has been incurred which is 52.4% of the projected 2016/17 spend. This is £0.141m (9.9%) behind the phased budget. Appendix 9 details the individual Earmarked Reserves.
- 10.2 Within the Earmarked Reserves for 2016/17 is £1.308m relating to the Integrated Care Fund. This is the Council's share of a total allocation to Inverclyde of £1.700m, with the balance funding a number of NHS projects. The funding has been allocated as follows:

Project	£000
Reablement	700
Carers	150
Telecare	100
Community connectors	95
Additional posts to support various projects	93
Third sector integration & commissioning	65
Children & Families transitions	40
Independent sector integration partner	29
Housing	25
Strategic needs analysis admin support	11
Total funding	1,308

It should be noted that the reserves reported exclude those earmarked reserves that relate to budget smoothing, namely:

- Children's Residential Care, Adoption & Fostering
- Deferred Income.

These were retained by Inverclyde Council.

### Children & Families: Projected £120,000 (1.12%) underspend

The projected underspend is £167,000 more than reported previously and comprises:

- A projected overspend on employee costs of £114,000 (a reduction of £15,000) mainly relating to residential accommodation where there is a requirement for certain staffing levels. This is a continuing pressure area which was offset in 2015/16 by a number of vacancies within Children & Families.
- A projected underspend of £45,000 (an increase of £15,000) on Children and Young People Act funding due to delays in projects starting this year,
- A projected underspend in kinship of £40,000 due to additional funding received for parity with foster carers
- A projected underspend of £48,000 on respite which is an increase of £25,000 since period 7,
- A projected underspend of £59,000 on a number of areas which have only been identified at period 9.

Any over/ underspends on adoption, fostering and children's external residential accommodation are transferred from/ to the Earmarked Reserve at the end of the year. These costs are not included in the above overspend. The reserve had a balance of £682,000 carried forward from 2015/16 and £133,000 of that was set aside to contribute to the additional costs for the replacement of the Neil Street Children's Home. Overall at period 9 there was a projected net underspend on fostering, adoption and children's external residential accommodation of £394,000 which would be added to the Earmarked Reserve at the end of the year if it continues.

### Older People: Projected £11,000 (0.04%) overspend

The projected overspend is £39,000 less than previously reported and comprises:

- A projected underspend on employee costs of £100,000, an increase in spend of £12,000. £147,000 relates to vacancies in Homecare and this is offsetting a projected overspend on external homecare costs.
- A projected overspend of £117,000 on external homecare costs and domiciliary respite, a minor reduction in costs of £9,000 since last reported to Committee.
- A projected overspend in Residential & Nursing on care home beds of £152,000 which is fully offset by one off income below. The projection assumes 626 beds from February 2017.
- Residential & Nursing also has additional one off income received for charges of £152,000, an increase of £26,000.

### Learning Disabilities: Projected £82,000 (1.22%) overspend

This is an decrease of £55,000 in the projected position mainly due to one client now being funded by North Ayrshire savings £39,000 and additional turnover savings of £28,000 being achieved.

### Assessment & Care Management: Projected £23,000 (1.46%) underspend

This relates to a projected underspend on employee costs.

### Mental Health: Projected £52,000 (3.99%) underspend

This relates to a projected underspend of £36,000 on employee costs due to additional turnover savings being achieved, projected underspend within client package costs of £37,000 offset by a projected overspend of £25,000 on agency staff. There is additional spend relating to the Neil Street project which is fully funded by Health.

### Addictions: Projected £26,000 2.4%) underspend

The projected underspend consists of a projected underspend on employee costs due to vacancies, a projected overspend on property costs and a projected underspend on client package costs due to changes in packages.

### Homelessness: Projected £18,000 (2.22%) overspend

The projected overspend consists of a projected underspend on employee costs due to vacancies offset by a projected overspend on bad debt provision. The bad debt provision is currently under review in light of changes in the number of properties and the impact of Universal Credit.

### Planning, HI & Commissioning: Projected £30,000 (1.75%) underspend

The projected underspend consists of a £13,000 projected underspend on employee costs due to vacancies and a £24,000 projected underspend in core funding within Welfare Reform due to anticipated slippage.
